*Part V.—Repair.*

13. Any person using any private service shall at all times keep same in proper repair.

14. If any person refuses, neglects, or delays to have any private service, or any part thereof, used by him properly repaired after having been required, in writing, by an officer of the Trust so to do, the Trust, by its officers, servants, or agents may enter into or upon any premises supplied by such private service, or any part thereof, and may, where necessary, repair or renew such private service, or any part thereof, so as to prevent the waste of water, and may charge such person with the cost and expense of such repair or renewal, and such cost and expense shall be a debt due by such person to the Trust.

*Part VI.—Licensed Plumbers.*

15. No person other than the holder of a plumber's licence from the Trust shall affix any service pipe to any pipe of the Trust or alter, repair, or in any manner interfere with any pipe of the Trust, or any service pipe, tap, meter, or fitting connected with the pipes of the Trust (and any person who is not the holder of a plumber's licence from the Trust and who affixes, alters, repairs, or in any manner interferes with any such pipe, service pipe, tap, meter, or fitting as aforesaid shall be guilty of an offence, and shall be liable to a penalty not exceeding Five pounds).

16. Before any such licence shall be granted by the Trust, the person applying for the same shall satisfy the Trust that he is a competent plumber, and that he is thoroughly conversant with the provisions of the By-laws of the Trust relating to water supply and with the Water Act so far as they apply to town supplies.

17. The Trust shall have power at any time to cancel a licence in the event of the holder thereof performing his work in an unsatisfactory manner, or committing any breach of the Water Act or of this By-law, and in such matters the Trust shall be the sole judge.

*Part VII.—Meters.*

18. No person shall use any private service save for the supply of water for domestic purposes solely, unless the whole of the water supplied to such private service passes through a meter.

19. No meter shall be affixed to or used in connexion with any private service or service pipe, unless—

- (b) in the case of a meter attached to a  $\frac{1}{2}$ -in.,  $\frac{3}{4}$ -in., or 1-in. private service, it is capable of registering any flow of not less than 10, 15, and 30 gallons per hour, respectively;
- (c) it is properly and securely affixed to such private service or service pipe by means of lead connexions or quarter bends of wrought iron or copper alloy;
- (d) it is fixed truly level on a foundation level with the surface of the ground;
- (e) it is fixed in an easily accessible position;

20. No person shall construct, place, stack, or store or permit, or suffer to be constructed, placed, stacked, or stored, any building, erection, material, or thing over or upon any meter connected or affixed to any private service, or shall do or permit or suffer to be done any act, matter, or thing whereby inspection of such meter shall be prevented, obstructed, or in any way rendered difficult or interfered with.

21. No person shall connect any service pipe to any steam boiler for the purpose of feeding or supplying the same with water without first affixing on such service pipe, between such boiler and any meter which records the quantity of water passing through such service pipe, a self-acting valve in such manner and position as will prevent the pressure of the steam reversing or otherwise affecting the mechanism or dial of such meter.

*Part VIII.—Waste and Misuse.*

22. No person shall use or permit or suffer the use of any private service for the supply of water to more than one tenement.

23. No person shall use or permit or suffer the use of any private service, or any part thereof, for the supply of water to any cistern, tank, or water trough, unless such cistern, tank, or water trough is watertight and is provided with an equilibrium ball valve or other mechanism efficiently regulating the flow of water therein in such manner that such water shall not overflow such cistern or tank. No person shall affix any overflow pipe to any cistern or tank in such manner or position that it is not open to inspection. In this clause water trough means a water trough used for the supply of water to animals.

24. No person shall construct, lay, or use any service pipe which communicates directly or indirectly with or supplies water to any urinal or water closet, or any part thereof, save through a cistern or tank.

29. No person other than a servant or agent of the Council of the municipality of Walpeup or the Murrayville Fire Brigade in execution of his duty as such servant or agent shall, without the written permission of the Trust, open, close, or otherwise interfere with any hydrant attached to any main.

30. No person other than a servant or agent of the corporation or body having the care and management of a public park or garden shall, without the previous consent of the Trust, open, close, or otherwise interfere with any tap, valve, or other like regulator in, on, or connected with any service pipe used for the supply of water to such public park or garden.

*Part IX.—Inspection.*

31. Any person authorized by the Trust in that behalf, either generally or for any class of cases or in any particular case, may at all reasonable times—

- (a) enter into or upon any premises for the purpose of inspecting, and may inspect any private service, or any part thereof, or any works in course of execution therein or thereon, and/or
- (b) enter into or upon any premises for the purpose of superintending the execution of any works in course of execution therein or thereon, and may give to the owner or occupier of such premises, or any person engaged in executing such works, any directions or instructions necessary for the purpose of ensuring that all relevant provisions of this By-law shall be duly complied with and observed during and in connexion with the execution of such works;
- (c) for any such purpose as aforesaid may dig or excavate in or upon any such premises.

32. Any person who obstructs, hinders, impedes, resists, or opposes or refuses admission to any premises or fails or neglects to carry out and observe all lawful directions and instructions given to him by any person duly authorized in that behalf shall be guilty of an offence against this By-law.

33. Any person who is guilty of any breach of any of the provisions of this By-law shall be liable to a penalty of not more than £5, and in the case of a continuing offence to a further penalty not exceeding £5 for every day after notice of the offence from the Trust.
