(4) For each week an officer is absent on sick leave with half pay the amount of leave on half pay standing to his credit shall be reduced by five days, notwithstanding that his pay is reduced to half pay for seven days.

(5) Where the absence exceeds one or more weeks but does not extend to a further week the number of weeks shall be recorded as hereinbefore provided and the remaining days shall be debited as a period of less than one week.

(6) When the period of leave granted to an officer with pay (whether full pay or half pay) does not extend to a week his appropriate credit shall, subject to the provisions of Section 35, be reduced by the number of days he would have been required to be on duty if he had not been absent on sick leave.

(7) For the purpose of this By-law, so far as it relates to sick leave, a week shall be deemed to be any period of seven consecutive days inclusive of Sunday, and "Service" means continuous service inclusive of any period of absence on leave, or on loan from the Board to other employers provided that, in determining at any time the amount of leave standing to the credit of an officer who has been absent on leave without pay (other than for the purpose of serving with the Commonwealth Defence Forces) continuously for a period extending beyond six months, such period as is in excess of six months, shall not be counted as service.

33. If an officer is granted sick leave for a period of illness which includes the period during which he would normally be rostered off duty in lieu of duty performed by him on a Saturday morning, he shall, after resuming duty from sick leave, be granted time off in lieu of the duty performed by him on the Saturday morning before he commenced sick leave.

34. An officer who is rostered to perform duty on a Saturday morning and finds it necessary to absent himself through illness must immediately advise the Chairman or such officer as he shall authorize to deal with such matters, by telephone, and shall subsequently apply for sick leave. The sick leave credit of the officer concerned shall be debited with the appropriate number of hours to have been worked by him on that day, and the Chairman may require the production of a medical certificate in respect of such absence.

35. (1) A public holiday observed between the first and last days of a period of sick leave of an officer shall be regarded as part of the leave.

(2) After an absence on sick leave an officer shall be deemed to have resumed duty on the day he actually returns to duty; provided that a public holiday observed at the expiration of a period of sick leave shall not be regarded as part of the leave, when the officer resumes duty immediately after such public holiday.

36. (1) For any period exceeding two days' continuous absence, a satisfactory certificate by a duly qualified medical practitioner shall be furnished setting out the cause of such absence. Provided that the Chairman may require a medical certificate to be furnished with respect to any absence, and provided further that continuous leave with pay shall not be granted to any officer for any period exceeding thirteen weeks, unless the Medical Officer certifies that the leave is necessary.

(2) No leave shall be granted with pay on account of illness, caused by the misconduct of an officer, or in any case of absence from duty without sufficient cause.

(3) If the number of days during which an officer is absent in any year without a medical certificate exceeds five days in the aggregate, the number of days absence in excess of five shall not be granted as sick leave, but shall be deducted from his annual recreation leave or be granted without pay.

37. Where the Chairman is satisfied that the illness of an officer with at least six months' service is directly attributable to or is aggravated by his service in the war which commenced in the year 1914 or in the year 1939, such officer may, apart from any sick leave which may be standing to his credit, be granted special leave with

full pay up to but not exceeding eight days (or, within a period of three years from and inclusive of the date of resumption of duty after service in the war which commenced in the year 1939, twelve days) in the aggregate during any year of service. Such special leave shall be cumulative, provided that the total of the accumulated leave standing to the credit of an officer shall not at any time exceed sixty days.

38. Any payment on account of leave of absence in respect of accident, sickness or injury coming within the provisions of the Workers' Compensation Act shall be such as may be determined by the Board from time to time.

39. (1) If any officer is certified by the Medical Officer to be suffering from pulmonary tuberculosis and to be probably curable, leave of absence may be granted on the following terms, viz., six months on full pay and three months on half pay provided that such pay may be made conditional on the officer undergoing treatment in an approved sanatorium when so recommended by the Medical Officer. Any leave so granted in excess of the amount standing to his credit shall not be regarded as a debit against the officer. On his resumption of duty, such officer shall be entitled to a total initial credit of not less than sixteen days on full pay and sixteen days on half pay. Leave of absence under this sub-section shall not be granted to any officer who is certified by the Medical Officer as having suffered from pulmonary tuberculosis prior to being accepted for employment by the Board.

39. (2) If any officer is certified by the Medical Officer to be suffering from Poliomyelitis, or the after effects thereof, and to be unfit for duty, leave of absence may be granted on the following terms, viz., six months on full pay and three months on half pay. Any leave so granted in excess of the amount standing to his credit shall not be regarded as a debit against such officer, and on his resumption of duty he shall be entitled to a total initial credit of not less than sixteen days on full pay and sixteen days on half pay. Leave of absence under this sub-section shall not be granted to any officer who is certified by the Medical Officer as having suffered from Poliomyelitis prior to being accepted for employment by the Board.

(3) The provisions of Sections 32 to 36 hereof, so far as they are applicable, shall be deemed to apply to leave under the provisions of this Section.

40. Where an officer is continuously absent from duty on account of illness beyond a period of thirteen weeks, he shall not be permitted to return to duty until the Medical Officer shall have certified that he is fit to resume work.

41. If the Chairman has reason to believe that an officer is in such a state of health as to render him a danger to his fellow officers, the Chairman may require such officer to obtain and furnish a report as to his condition from a duly qualified medical practitioner, or may require him to submit himself for examination by the Medical Officer. Upon receipt of the Medical Report the Chairman may direct the officer to absent himself from his duties for a specified period, or if already on leave of absence, direct him to continue on leave for a specified period, and the absence of such officer shall be regarded as absence on leave owing to illness.

42. Upon report by a Medical Officer of health that, by reason of contact with a person suffering from a contagious or infectious disease and through the operation of restrictions imposed by law in respect of such disease, an officer is unable to attend for duty, the Chairman may grant the officer special leave of absence. Such leave of absence shall not be granted for any period beyond the earliest date at which it would be practicable for the officer to resume duty, having regard to the restrictions imposed by law.

43. The Chairman may grant any officer leave of absence with full pay for the purpose of attending examinations in subjects a knowledge of which would, in the opinion of the Chairman, increase the efficiency of such officer in the performance of his duties. Leave to attend examinations.

44. Where an officer who has been granted leave of absence without pay for a specified number of days, resumes duty on a Monday or the first working day of a week, pay shall be restored from and inclusive of the day following the last normal working day within the

period of leave, except where the leave granted commences on a Monday and the last normal working day within the leave period is a Friday, in which case pay shall be restored from and inclusive of the Monday.

Defence leave. 45. Leave for officers serving in the defence forces shall be determined by the Board from time to time.

Recreation leave. 46. On completion of each year of service by an officer, the Chairman may, at such times as may be convenient, grant to the officer leave of absence for recreation for any period or periods not exceeding in the whole three weeks. Provided that the Chairman may grant recreation leave before the due date if, in his opinion, it would suit the Board's convenience so to do.

Recreation leave following sick leave. 47. Where an officer has been absent on Sick Leave, he shall not take Recreation Leave (whether already approved or not) immediately after such Sick Leave without the special written approval of the Chairman previously being obtained.

Pro rata recreation leave. 48. Subject to the provisions of Section 46:
 (1) Annual Recreation Leave shall accrue at the rate of one and a quarter days per calendar month of service and officers who have not completed twelve months' service may be granted such pro rata leave as the Chairman may approve.

(2) Recreation leave shall be taken, at such time or times as the Chairman approves or directs, within twelve months from the date on which it falls due. Leave not taken within that period will lapse; provided that if the Chairman certifies that the work of the Board renders it impracticable for him to grant the whole or any portion of the leave due to any officer in respect of any year of service, the leave not granted shall be carried forward and added to leave due in respect of subsequent years of service. Provided further that the total leave standing to the credit of any officer at any date shall not exceed six weeks including leave due in respect of his next previous year of service, unless some greater accumulation of leave is expressly approved by the Chairman, having regard to the circumstances which have resulted in that officer not having taken his leave when it became due.

(3) An officer whose service has terminated or is about to terminate for any reason whatsoever, other than dismissal for misconduct, may be granted the balance of his recreation leave on the basis contained in Section 48 (1) hereof.

(4) If the Board is unable to grant such leave before the date fixed for the termination of his service he (or, in the event of his death his legal personal representative), may be paid the amount of salary equivalent to the value of such leave. Provided that any debts owing to the Board by the officer will be offset against such leave or payment in lieu of leave.

Leave on account of pressing necessity. 49. The Chairman may grant an officer up to three consecutive days' leave of absence at any time, under extenuating circumstances, which leave shall not be deducted from his recreation leave.

Jury service. 50. An officer called upon for jury service may be granted leave on full pay without deduction from recreation leave, but he will be required to pay to the Board the amount received as juror's fee. Alternatively, at his option, the officer may be granted recreation leave for the period involved, and he may then retain the juror's fee.

Officers to retire. 51. (1) Every officer who has attained the age of 60 years shall be entitled, if he desires so to do, to retire from the service of the Board; but any such officer may (unless called upon to retire as hereinafter provided) continue in the service of the Board until he attains the age of 65 years. If any such officer continues in the service of the Board after he has attained the age of 60 years he may at any time before he attains the age of 65 years be called upon by the Board to retire; and every officer so called upon to retire shall retire accordingly.

(2) Every officer who attains the age of 65 years shall retire immediately upon attaining that age unless he is required, notwithstanding his age, to continue to perform his duties in the service of the Board as hereinafter provided and is willing so to do.

(3) The Board may, notwithstanding that any officer has attained the age of 65 years (if the Board considers that in the interests of its service it is desirable that such officer should continue in the

performance of the duties of his office or any office in the service of the Board to which he is appointed and if such officer is able and willing to do so) from time to time direct such officer to continue in its service for such fixed time not exceeding twelve months as the Board in each case directs.

52. (1) Subject to this section every officer in the Board's service who has been employed by the Board for a period or an aggregate period of twenty years shall be entitled to be granted by the Board six months' long service leave with pay in respect of that period of twenty years' service and three months' long service leave with pay in respect of each additional period or aggregate period of ten years' completed service. ^{Long service leave.}

(2) For the purpose of sub-section (1) of this section an officer on leave of absence without pay or on loan shall be deemed to be in the Board's service during the period of such leave or loan.

(3) An officer otherwise entitled to long service leave shall not be entitled thereto if he has resigned or has been dismissed for causes within his control.

(4) In computing the aggregate duration of the service of an officer—

- (a) there shall be included as a period of service any period or periods during which such officer has been absent from duty on recreational leave or on sick leave or on special leave for service with the Defence Forces in connexion with the war against Germany which commenced in the year 1939 or the war against Japan which commenced in the year 1941, or such other leave as the Board may determine in any particular case;
- (b) subject to sub-section 4 (a) of this section there shall be excluded any period of leave of absence without pay or loan or retirement on account of ill-health.
- (c) there shall be included as a period of service any period of employment prior to an approved period of leave of absence without pay or loan or retirement on account of ill-health; but
- (d) there shall not be included as a period of service any period or periods of service served by an officer;
 - (i) prior to his having voluntarily left, or having been dismissed for causes within his control from the service of the Board; or
 - (ii) prior to his absence from such service for any continuous period of five years or more (otherwise than that referred to in sub-sections (4) (a) and/or (4) (c) of this section).

(5) The Board shall have discretion to grant long service leave so that the operations of the Board will not be unduly affected by the granting of such leave to numbers of officers at or about the same time.

(6) Where on account of age or ill-health an officer retires or his services are terminated that officer may, by notice in writing to the Board, elect to take pay in lieu of the whole or any part of the long service leave to which he is then entitled and the Board shall grant him pay in lieu thereof accordingly.

(7) Where an officer entitled to long service leave dies before or while taking such leave the Board shall to the extent that pay in lieu thereof has not already been granted to that officer grant pay in lieu of the whole or part of the leave not taken to the legal personal representative of the deceased officer.

(8) Notwithstanding anything in the foregoing provisions of this section no such leave shall, except in such special cases as the Board approves, be granted before 1st July, 1951.

Provided that if, on account of age or ill-health, an officer retires or his services are terminated prior to 1st July, 1951, the Board may grant such leave or pay in lieu thereof.

(9) The pay to which an officer shall be entitled in respect of any period of long service leave shall be computed in accordance with the method prescribed in Section 54 (3) on the basis of the annual rate of pay which was payable periodically and regularly to such officer immediately prior to the date of commencement of his long service leave, in respect of or incidental to his employment by the Board and which he would have continued to receive in the normal course had he remained on duty during the period of his long service leave, but such pay shall not include any payments which the officer was

receiving for overtime, or for travelling allowances or for incidental expenses or any payment of a temporary character. Provided that, where any officer whilst absent on long service leave becomes eligible for and is granted an increment the salary payable to him shall be increased by the amount of such increment as from and inclusive of the date from which it was granted.

(10) Where any officer, or the legal personal representative of a deceased officer is granted pay in lieu of the whole or part of any long service leave to which such officer is or was entitled, the amount of such pay shall be determined in accordance with the preceding subsection as if the period of long service leave in respect of which pay is granted commenced on the date of the retirement, the termination of the services or the death (as the case may be) of such officer but no increase in such amount shall be payable in respect of any increment to which such officer would have been entitled during such period had he continued to be employed by the Board.

Part 5.—Salaries, Allowances and Expenses.

Salaries. 53. Salaries of Permanent officers employed at Head Office and Staff officers shall be such as may be determined from time to time by the Board.

Payment of salaries. 54. (1) Salaries shall be fixed at an annual rate.
(2) Salaries shall be payable fortnightly. The day of payment shall be the second Thursday in the fortnight, and the period for which payment is to be made shall be inclusive of the following Saturday.

(3) Fortnightly rates of payment shall be determined by multiplying the annual rates of salary by 14 and dividing the results by 365½, and in broken periods each day's pay shall be one-fourteenth of a fortnight's pay.

(4) Should a public holiday fall on a fixed pay day payment shall be made upon the last preceding day on which the Board's Offices are open for business.

(5) Payment of salary &c., which will ordinarily be made during the period of his absence may, however, be made to an officer who has been granted leave of absence on the last day of his attendance on duty prior to commencing his leave.

Overtime. 55. As circumstances require, an officer may be directed to remain on duty beyond the normal hours prescribed. Officers working overtime must record in the usual manner the time of ceasing duty.

Tea money. 56. (1) An allowance of such amount as is determined by the Board from time to time to procure a meal shall be paid to officers who are required to work after office hours. Provided that no payment shall be made unless an officer works on Monday, Tuesday, Wednesday, Thursday or Friday after his usual finishing time for at least two hours in addition to the interval of one hour taken for tea.

(2) Where officers are required to perform work on Saturdays, Sundays or gazetted public holidays, they shall be paid such meal allowance as the Chairman shall determine.

Overtime (continued). 57. (1) Overtime shall be paid to officers for any time authorized by the Chairman to be worked in excess of thirty minutes after the usual week day finishing time of such officer (including any special finishing time for an individual officer which may be fixed by the Chairman) and such minimum period of thirty minutes shall be included when computing the overtime worked.

(2) Overtime shall be payable where authorized by the Chairman for work performed on Saturdays, Sundays and public holidays.

(3) Overtime shall be paid for the hours worked as computed on the conditions above at hourly rates determined in accordance with the following formula for work performed;

(a) On days other than Sundays and Public Holidays:

$$\frac{\text{Fortnightly Salary}}{\text{Fortnightly ordinary hours of duty}} \times \frac{3}{2}$$

(b) After the expiration of twelve hours' actual work on duty, excluding meal intervals, and for authorized Sunday work

$$\frac{\text{Fortnightly Salary}}{\text{Fortnightly ordinary hours of duty}} \times \frac{2}{1}$$

(c) For authorized holiday work, rates shall be determined by the Board.

(4) Overtime shall not be payable to any officer whose salary excluding cost of living adjustment, exceeds £735 per annum unless specially authorized by the Board.

(5) Notwithstanding anything in this Section the total amount payable to any officer in respect of salary and overtime shall not exceed £42 3s. 3d. for work performed in any fortnightly pay period.

(6) The Chairman may, on the application of an officer, grant such officer leave of absence in respect of overtime work performed by the officer. No leave of absence shall be granted in respect of any overtime for which payment is made.

58. (1) Where an officer is assigned the duties of a position higher than that in which he is classified, for a period longer than one month, such officer shall be paid an allowance to increase his remuneration to the minimum rate of salary of the higher position provided that no such allowance shall be paid until the officer has served in that position for an aggregate period of one month in the preceding twelve months. Provided that where the amount of higher duties allowance so payable would increase an officer's salary to a rate in excess of a salary of £735 per annum, excluding cost of living adjustment, the officer shall be paid such allowance as is determined by the Board.

Higher duties allowance.

(2) Where an officer temporarily occupies a higher position but does not perform the whole of the duties usually performed by the holder of that position, he may be paid such allowance as may be determined by the Board.

59. Allowances granted under Section 58 hereof shall be regarded as salary for the purpose of calculating payments for overtime work and for reimbursement of travelling expenses.

60. Allowances for personal expenses shall, except where otherwise stated, be additional to the cost of conveyance. No reimbursement shall be allowed unless an officer has incurred an expenditure which he would not have incurred in ordinary circumstances.

Allowances for expenses.

61. When the actual and necessary expenses incurred by officers when travelling exceed the rates of reimbursement determined by the Board, such increased reimbursement may be granted as the Chairman shall determine. Provided that the actual amount of the expenses incurred for sleeping berths when travelling by railway may be paid upon approval of the Chairman.

62. Where any fare paid by the Board includes maintenance, such smaller reimbursement shall be allowed as the Chairman deems reasonable, provided that such reimbursement shall not exceed one quarter of the rate to which the officer would otherwise be entitled.

63. The rates determined by the Board are fixed to cover the expenses of three meals a day and lodging when an officer is necessarily absent from his headquarters overnight. The allowance for each meal and for bed shall be one-fourth of the daily rate.

64. An allowance for breakfast, lunch or tea shall not be granted unless an officer commences travelling earlier than or is absent later than the time or times respectively prescribed hereunder:—

	Time of Leaving.	Time of Returning.
Breakfast	7 a.m.	8.30 a.m.
Lunch	12 noon	2 p.m.
Tea	6 p.m.	7 p.m.

Provided that the Chairman may, in any special case, authorize an allowance beyond the hours prescribed, where the circumstances warrant.

65. (1) No allowance shall be payable to an officer for being absent from his headquarters when he leaves and returns the same day. Provided however that the Chairman, on being satisfied that the amount claimed has actually and necessarily been incurred, may authorize the reimbursement of the amount so expended, but not exceeding such maximum amount as may be determined by the Board from time to time.

(2) An officer who makes a claim for reimbursement in respect of one or more meals under this Section shall, at the time of making such claim, certify as to the amount of expenditure incurred by him on account of such meal or meals.

66. The scale of personal expenses allowable shall be such as are determined by the Board from time to time.

Special allowance.

67. Any officer who is required to travel with a senior officer, and is engaged in connexion with the same duty as such senior officer may, with the approval of the Chairman, be granted expenses at the same rate as the senior officer.

68. In any instance in which any necessary expenses which have been actually incurred by an officer whilst engaged in the performance of any special duty are in excess of the amount payable to him under the provisions of the foregoing Sections, an additional allowance may, with the sanction of the Chairman, be granted according to the circumstances and the merits of the case, and in any instance in which the amount payable under the foregoing Sections is materially in excess of the actual expenses, the Board may fix a special rate.

Allowance for use of motor car, &c.

69. Officers who use their own motor cars, motor cycles or bicycles on the business of the Board may, with the approval of the Chairman, be paid a mileage allowance at such rate as is determined by the Board from time to time.

Provided that an officer shall not incur an expenditure in excess of £200 during any financial year, either for the use of his own car on official business or for motor car hire or both, unless the Chairman certifies that the expenditure is necessary, in the interests of the efficient working of the Board.

Mode of Travelling.

70. Officers shall travel by railway whenever practicable. Whenever travelling by railway is not practicable, officers entitled to charge for cost of travelling shall be repaid the actual cost of the necessary and most economical means of conveyance upon furnishing receipts for such payment.

Part 6.—Automatic Adjustment of Salaries in Accordance with Variations in the Cost of Living.

71. The salaries of officers shall be subject to automatic adjustment in accordance with the variations in the cost of living, upon such basis and method of adjustment as is determined by the Board from time to time.
