Printed forms of tender, showing estimates of requirements and conditions of contract, may be obtained from the Secretary to the Tender Board, Gisborne-street, Melbourne, C.2, or from the officer in charge of police at each of the above-mentioned places, by whom also any information or explanation will be afforded to persons tendering.

Prices, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per ton of 40 cubic feet, including delivery and all charges.

Tenders, which must be upon the printed form, will be received for one or more of the above-mentioned places, and tenders for such places may be accepted separately; any of the lengths of wood stipulated may be tendered for and may be accepted separately.

Tenderers must specify the kind or kinds of firewood offered.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

No security will be required.

Tenderers failing to take up their accepted tenders, or failing to carry out their contracts satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at .. .. ." as the case may be, and deposited in the Tender Box, Tender Board Offices, Gisborne-street, Melbourne, C.2; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2.

The lowest or any tender will not necessarily be accepted.

Acceptance of tenders will be notified in the *Government Gazette* and by letter to successful tenderers.

## CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. All the firewood supplied under these contracts must be split out of large timber, must be perfectly sound, dry, and of the kind or kinds specified in the tender; neither burnt wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter, and the long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the authorized officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet. If the firewood be obtained from a State Forest Timber Reserve, or ordinary Crown lands, persons cutting or removing same must be provided with a licence or permit from the Forests Commission. Messmate wood will not be accepted.

3. Orders will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly).

4. The contractor will be bound to place the firewood in stacks for measurement in such places as may be directed by the officer receiving the supply. The stacks are to be 2 feet wide (or 5 feet for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack, and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being caused, either through delay in delivery or of stacking the wood, or failure to stack the wood in the places directed, the Department concerned will purchase elsewhere or re-stack that delivered, at the risk of the contractor, from whose account any expense incurred thereby will be deducted, provided that the contractor shall be given 48 hours' notice before purchases are made or the wood re-stacked at his risk.

5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.

6. The board of survey will be composed of persons appointed by the Tender Board, and the decision of the board of survey is to be considered as final.

7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which it will be procured elsewhere, and the extra expense incurred thereby, if any, will be deducted from the contractor's account.

8. Accounts for firewood shall be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the account. Payment will be made through the Treasury, Melbourne.

9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract.

Melbourne, 13th August, 1951.

## SHIRE OF CHILTERN.

## By-LAW No. 28.

A By-law of the Shire of Chiltern made under Part VII. of the *Local Government Act* 1946, and numbered 28 for prohibiting or regulating cattle being allowed to graze or wander upon any land not enclosed by a substantial fence and for the good rule and government of the Municipality.

IN pursuance of the powers conferred by the *Local Government Act* 1946, the President, Councillors, and Ratepayers of the Shire of Chiltern order as follows:—

1. No person being the owner, hirer, drover, shepherd, or having the possession, care, charge, custody, control, or supervision of any cattle shall allow such cattle to graze or wander upon any land not enclosed by a substantial fence.

2. If any cattle are found without any person having charge of them—

(a) in any street, or

(b) upon any land (not being a common) which is not enclosed or fenced with some sufficient fence within the meaning of the *Fences Act* 1928, or any amendment thereof, and the openings (if any) in which fence are not secured and barred with gates or other fastenings of equivalent closeness and strength with the fence—

any officer of the council authorized in that behalf may seize such cattle and impound them, or place them at some neighbouring place of safe custody, and any person rescuing or attempting to rescue or interfering with cattle placed at any such place of safe custody or seized for the purpose of being placed at any such place shall be liable to a penalty of not more than Fifty pounds or to imprisonment for a term of not more than six months.

3. The owner of such cattle shall forfeit a sum not exceeding Five pounds for every head of such cattle, or if such cattle are so found in any area declared by the council to be a populous or residential area (which declaration the council is hereby authorized to make) such owner shall forfeit a sum of not less than Ten shillings or more than Five pounds for every head of such cattle, provided that the aggregate sum which such owner shall forfeit shall not exceed Twenty pounds in any one case; and any justice, if such owner be not known, upon proof of the issue of a summons in the usual form addressed to such owner as "owner" only without otherwise naming or describing him, such cattle and the place of seizure being duly described therein, and of the publication of such summons in some newspaper commonly circulating in the neighbourhood, may after the expiration of twenty-four hours from such publication proceed with respect to such owner not appearing as if personal service of a summons stating his name had been effected, or if such owner appear then as in other cases, and the justice may order the cattle to be sold and the money arising from the sale, after deducting the said penalty and the costs awarded and the reasonable expenses, to be estimated and assessed by the justice, of seizing, keeping, and selling the said cattle, shall be paid if demanded within one month to the owner of the cattle, and if not so demanded then to the municipal fund; and if the said money is not sufficient for all the purposes aforesaid the amount whereby the same falls short, or if no such sale be ordered the whole of the said amount may be recovered from the said owner if and when known in like manner as other penalties and sums adjudged or ordered to be paid by justices are to be recovered.

4. If such cattle by reason of having been so found at large have been impounded by the council the amount of such penalty and costs if adjudged respectively before the release or sale of such cattle shall be added to the pound fees and charges payable in respect of such cattle, and the amount thereof or such lesser amount (if any) as after the sale of the cattle may remain in the hands of the pound-keeper shall be paid over by him accordingly; and if the proceeds of any sale of such cattle are not sufficient after paying the lawful fees and charges aforesaid to satisfy such penalty and costs, or if such penalty and costs have been adjudged after the release or sale of the cattle the same or so much thereof as remains unpaid shall and may be recovered from the owner of the cattle in like manner as other penalties and costs adjudged by justices are by law to be recovered, and if in the case of any information under this section the owner be not known then the provisions of the last preceding section so far as necessary to give the adjudicating justice jurisdiction shall apply.
