Piecework.

7. A schedule of such piecework rates shall be posted in the mill or factory.

(b) Piecework rates now paid may be re-adjusted by employers to meet new circumstances created by this Determination before the expiry of six months from the date on which this Determination comes into force, but thereafter such rates shall not be altered except by mutual agreement between the employer and pieceworkers concerned.

(c) Effect shall be given in piecework earnings to alterations of the male basic wage and the female basic wage made in accordance with the provisions of clauses 29 and 30 of this Determination. For that purpose, an employer may alter his piecework rates in accordance with paragraph (b) hereof or he may observe the following provisions:—

At the end of each working week the aggregate earnings of each pieceworker for such week shall be ascertained, and, where such pieceworker has worked on each and every day ordinarily worked in such week, such aggregate earnings shall be increased or decreased—

(i) in the case of males, by the sum by which the male basic wage has been increased or decreased in accordance with the provisions of clause 30 of this Determination; and

(ii) in the case of females, by the sum by which the female basic wage has been increased or decreased in accordance with the provisions of clause 29 of this Determination;

but, where the pieceworker has not worked on each and every day ordinarily worked in such week, then the aggregate earnings shall be increased or decreased by a part of such sum proportionate to the number of days worked, calculated to the nearest penny.

(d) Where an employee has worked part of the week on piecework, he or she shall be entitled to his or her earnings in full for the actual time worked in piecework if the earnings are higher than the minimum rate for such time.

(e) Adults and juniors doing the same operations shall be paid the same piecework rates.

(f) As far as practicable, different grades of work shall be equitably divided between pieceworkers.

(g) A pieceworker who also instructs learners shall receive 10s. per week in addition to piecework earnings for the first week, 7s. 6d. for the second week, and 5s. for the third week, but, at the end of the third week, shall not be called upon to continue instructing a learner unless paid 5s. per week in addition to his piecework earnings.

(h) A pieceworker (adult or junior) called upon to perform work before the usual starting time or after the usual finishing time on any day Monday to Saturday (inclusive) shall be paid in addition to his or her normal piecework rate—

(i) for the first three hours on any one of such days—at a rate per hour equivalent to $\frac{1}{80}$ th of the weekly rate prescribed for an adult employee of the same sex employed on the same work; and

(ii) for any overtime extending beyond such three hours—at a rate per hour equivalent to $\frac{1}{40}$ th of the weekly rate prescribed for an adult employee of the same sex employed on the same work.

Youths under eighteen years of age and females who work overtime extending over ten hours in any week shall, for any overtime beyond such ten hours, be paid the rate prescribed by paragraph (ii) hereof.

(i) Pieceworkers on the employer's premises at the employer's request ready and willing to work shall, for each pay period, receive at least the time rate prescribed for their occupations.

(k) Adjustments and/or alterations of the bases of bonus rates shall be subject to mutual agreement between the employer and the bonus workers concerned.

MIXED FUNCTIONS.

8. An employee engaged for more than half of one day or shift on duties carrying a higher rate than his or her classification shall be paid the higher rate for such day or shift. If for less than one half of one day or shift, he or she shall be paid the higher rate for the time so worked.

HOURS.

9. Forty hours shall constitute a week's work. Such hours are to be worked by day workers in five days, Monday to Friday inclusive (but this shall not apply to oilers and/or cleaners or men engaged on maintenance work) and by shift workers in accordance with clause 11 hereof.

10. (a) Overtime shall be paid for work performed before the usual starting time or after the usual finishing time of each shift at time and a half for the first three hours on any one day Monday to Saturday (inclusive) and double time thereafter.

(d) Juniors under eighteen years of age for each period of overtime worked shall be paid 6d. up to two hours and 3d. for each additional hour or part of an hour in addition to their overtime earnings, and any tea money to which they might be entitled. Provided that the said sums of 6d. and 3d. shall not be payable to pieceworkers working overtime.

(b) By mutual arrangement between employer and his employees, the hours of duty prescribed herein for night-shift workers may be worked in four shifts without payment of overtime.

(c) Subject to the provisions hereafter appearing, females shall be prohibited from working between the hours of 9 p.m. and 7 a.m.

Male juniors under eighteen years of age are prohibited from working after 9 p.m.

Provided that employees engaged on a permanent night shift shall be paid at the rate of £1 per week in addition to the ordinary rates payable to day workers.

(e) Short shifts of male employees over eighteen years of age may be worked at the discretion of the employer. For work done on such shifts (other than work done between noon on Saturday and midnight on Sunday) payment shall be made at the rate of 15s. per week of 40 hours, in addition to the rates payable to day-shift workers.

(f) As far as practicable, employees shall work shifts in rotation.

16. (a) A period of fourteen consecutive days' leave shall be allowed annually to an employee after twelve months' continuous service (less the period of annual leave) as an employee in any one or more of the occupations to which this Determination applies.

Seven-day Shift Workers.

(b) In addition to the leave hereinbefore prescribed, seven-day shift workers, that is, shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed seven consecutive days' leave, including non-working days.

Where an employee with twelve months' continuous service is engaged for part of the twelve-monthly period as a seven-day shift worker, he shall be entitled to have the period of fourteen consecutive days' annual leave prescribed in sub-clause (a) hereof increased by half a day for each month he is continuously engaged as aforesaid.

Annual Leave Exclusive of Public Holidays.

(c) Subject to this sub-clause the annual leave prescribed by this clause shall be exclusive of any of the holidays prescribed by clause 14 of this Determination, and, if any such holiday falls within an employee's period of annual leave, and is observed on a day which, in the case of that employee, would have been an ordinary working day, there shall be added to the period of annual leave time equivalent to the ordinary time which the employee would have worked if such day had not been a holiday.

Where a holiday falls as aforesaid and the employee fails without reasonable cause, proof whereof shall be upon him, to attend for work at his ordinary starting time on the working day immediately following the last day of the period of his annual leave, he shall not be entitled to be paid for any such holiday.

Broken Leave.

(d) The annual leave shall be given and taken in a continuous period or, if the employee and the employer so agree, in two separate periods and not otherwise.

Calculation of Continuous Service.

(e) For the purpose of this clause, service shall be deemed to be continuous notwithstanding—

- (i) any interruption or termination of the employment by the employer if such interruption or termination has been made merely with the intention of avoiding obligations hereunder in respect of leave of absence;
- (ii) any absence from work on account of personal sickness or accident or on account of leave lawfully granted by the employer; or
- (iii) any absence with reasonable cause, proof whereof shall be upon the employee.

In cases of personal sickness or accident or absence with reasonable cause, the employee to become entitled to the benefit of this sub-clause shall inform the employer, in writing if practicable, within 24 hours of the commencement of such absence of his inability to attend for duty and, as far as practicable, the nature of the illness, injury, or cause, and the estimated duration of his absence. A notification given by an employee pursuant to clause 15 of this Determination shall be accepted as a notification under this sub-clause.

Any absence from work by reason of any cause not being a cause specified in this sub-clause shall not be deemed to break the continuity of service for the purposes of this clause unless the employer, during the absence or within fourteen days of the termination of the absence, notifies the employee in writing that such absence will be regarded as having broken the continuity of service.

In cases of individual absenteeism, such notice shall be given in writing to the employee concerned, but, in cases of concerted or collective absenteeism, notice may be given to employees by the posting of a notification in the plant in the manner in which general notifications to employees are usually made in that plant, and by posting to each Union whose members have participated in such concerted or collective absenteeism a copy thereof not later than the day it is posted up in the plant.

A notice to an individual employee may be given by delivering it to him personally or by posting it to his last-recorded address, in which case it will be deemed to have reached him in due course of post.

In calculating the period of twelve months' continuous service, any such absence as aforesaid shall not, except to the extent of not more than fourteen days in a twelve-monthly period in the case of sickness or accident, be taken into account in calculating the period of twelve months' continuous service.

Calculation of Service.

(f) Service before the date of operation of this Determination shall be taken into consideration for the purpose of calculating annual leave, but an employee shall not be entitled to leave or payment in lieu thereof for any period in respect of which leave or a payment in lieu thereof has been allowed or made under the Determination hereby revoked. The annual leave shall be allowed at the rate of 6½ hours for each completed one month of continuous service. The period of annual leave to be allowed under this sub-clause shall be calculated to the nearest day, any broken part of a day in the result not exceeding half a day to be disregarded.

Where the employer is a successor or assignee or transferee of a business, if an employee was in the employment of the employer's predecessor at the time when he became such successor or assignee or transferee, the employee in respect of the period during which he was in the service of the predecessor shall, for the purpose of this clause, be deemed to be in the service of the employer.

Calculation of Month.

(g) For the purpose of this clause, a month shall be reckoned as commencing with the beginning of the first day of the employment or period of employment in question and as ending at the beginning of the day which, in the latest month in question, has the same date number as that which the commencing day had in its month, and, if there be no such day in such subsequent month, shall be reckoned as ending at the end of such subsequent month.

Leave to be Taken.

(h) The annual leave provided for by this clause shall be allowed and shall be taken and, except as provided by sub-clauses (l) and (m) hereof, payment shall not be made or accepted in lieu of annual leave.

Time of Taking Leave.

(i) Annual leave shall be given at a time fixed by the employer within a period not exceeding six months from the date when the right to annual leave accrued and after not less than two weeks' notice to the employee.

Leave Allowed Before Due Date.

(j) An employer may allow annual leave to an employee before the right thereto has accrued due, but, where leave is taken in such a case, a further period of annual leave shall not commence to accrue until after the expiration of the twelve months in respect of which annual leave had been taken before it accrued.

Where leave has been granted to an employee pursuant to this sub-clause before the right thereto has accrued due and the employee subsequently leaves or is discharged from the service of the employer before completing the twelve months' continuous service in respect of which the leave was granted, the employer may, for each one complete month of the qualifying period of twelve months not served by the employee, deduct from whatever remuneration is payable upon the termination of the employment, one-twelfth of the amount of wage paid on account of the annual leave, which amount shall not include any sums paid for any of the holidays prescribed by clause 14 of this Determination.

Payment for Period of Leave.

(k) Each employee before going on leave shall be paid two weeks' wages, except a seven-day shift worker who shall be paid the amount of wages he would have received in respect of the ordinary time which he would have worked had he not been on leave during the relevant periods. For the purposes of this sub-clause (l) hereof, wages shall be at the rate prescribed by clauses 2 and 3 of this Determination for the occupation in which the employee was ordinarily employed immediately prior to the commencement of his leave or the termination of his employment, as the case may be.

Payment in the case of employees employed on piece or bonus work or any other system of payment by results shall be at time rates.

Part-time employees shall, in respect of annual leave, be paid only at the rate actually being received by them at such time.

Proportionate Leave on Dismissal.

(l) If, after one month's continuous service in any qualifying twelve-monthly period, an employee lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, the employee shall be paid at his ordinary rate of wage for 6½ hours at the same rate in respect of each completed month of continuous service after that date, the service in each case being service in respect of which leave has not been granted hereunder.

Annual Close Down.

- (m) Where an employer closes down his plant, or a section or sections thereof, for the purposes of allowing annual leave to all or the bulk of the employees in the plant or section or sections concerned, the following shall apply :—
- (i) He may, by giving not less than one month's notice of his intention so to do, stand off for the duration of the close-down all employees in the plant or section or sections concerned, and allow to those who are not then qualified for two full weeks' leave, paid leave on a proportionate basis of one-sixth of a week's leave for each completed month of continuous service.
 - (ii) An employee who has then qualified for two full weeks' leave and has also completed a further month or more of continuous service shall be allowed his leave and shall, subject to sub-clause (f) hereof, also be paid one-sixth of a week's wages in respect of each completed month of continuous service performed since the close of his last twelve-monthly qualifying period.
 - (iii) The next twelve-monthly qualifying period for each employee affected by such close-down shall commence from the day on which the plant or section or sections concerned is re-opened for work. Provided that all time during which an employee is stood off without pay for the purposes of this sub-clause shall be deemed to be time of service in the next twelve-monthly qualifying period.
 - (iv) If, in the first year of his service with an employer, an employee is allowed proportionate annual leave under paragraph (i) hereof, and subsequently within such year lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, he shall be entitled to the benefit of sub-clause (i) hereof subject to adjustment for any proportionate leave which he may have been allowed as aforesaid.

A notification given by an employee pursuant to clause 14 shall be accepted as a notification under this sub-clause.

Any absence from work by reason of any cause not being a cause specified in this sub-clause shall not be deemed to break the continuity of service for the purposes of this clause unless the employer during the absence or within fourteen days of the termination of the absence notifies the employee in writing that such absence will be regarded as having broken the continuity of service.
