TENDERS FOR THE SERVICE, 1954-55.

CARTAGE OF HEAVY GOODS AND COAL (METROPOLITAN).

TENDERS will be received until Eleven o'clock a.m. on Friday, 4th June, 1954, for the cartage and delivery of heavy goods and coal within the metropolitan area, as may be required by the Government of Victoria, from 1st July, 1954, to 30th June, 1955, as per Schedule Nos. 2 and 3.

A preliminary deposit of £5, preferably by non-negotiable cheque payable to the order of the Secretary to the Tender Board, must accompany each tender, such deposit to be forfeited in the event of the tenderer withdrawing or attempting to withdraw his tender before notification of acceptance of tender or in the event of the successful tenderer failing to sign and complete his contract within the period specified. Deposits will be returned to unsuccessful tenderers within thirty days of acceptance of tenders, on their application.

Security of £10 for each Schedule will be required either in Commonwealth Treasury Bonds, or approved bank guarantee, fixed deposit receipt, Savings Bank deposit book, or non-negotiable cheque in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and the contract signed within five days of acceptance of the tender, failing which the service may be again advertised, or another tender accepted.

Tenders may be accepted for each schedule separately.

Tenderers failing to take up their accepted tenders may be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

Full particulars, forms of tender, conditions of contract, &c., may be obtained at the office of the Secretary to the Tender Board, Gisborne-street, Melbourne, C.2.

The lowest, or any tender will not necessarily be accepted.

Tenders, enclosed in an envelope, and having the words "Tender for Cartage" written thereon, must be deposited in the Tender-box at the Tender Board Offices, Gisborne-street, Melbourne or, if sent by post, postage must be prepaid, and tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. The rates tendered cover all charges, including labour, bags, hire of cranes or other appliances, and weighbridge charges required in the performance of the service. Bags must be removed by the contractor when empty, and if not removed within a reasonable time or within the time named by the officer requiring the service, no claim will be entertained for cost of same.

2. No subletting shall be allowed; all work must be carried out by the contractor, and every person engaged in the cartage tendered for in this schedule shall be paid such wages and employed subject to such labour conditions as are or may be determined by any Federal Arbitration Court award or any State Wages Board determination, and a copy of such labour conditions shall be kept conspicuously and continually posted; in legible

Roman characters, on the premises of the contractor. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

3. Accounts in all cases shall be rendered *monthly* to the Department requiring the service, and must be supported by weighbridge tickets or railway consignment notes, and in the case of coal, the mine consignment notes. In the event of a weighbridge ticket or consignment notes not being available or obtainable, the weight vouched for by the Department requiring the delivery shall be accepted by the contractor as the weight of the particular consignment. Accounts shall be subject to any deductions for goods lost or damaged whilst in the custody of the contractor.

4. In the event of material forwarded by rail or steamer not being unloaded within reasonable time, and in accordance with the Railway Department or Harbor Trust Regulations relating to same, the contractor shall be held liable for such charges, including cost of demurrage, as may accrue, the amount thereof to be deducted as provided in clause 2.

5. The contractor shall take and make delivery within ordinary working hours. No claims for detention shall be entertained, but should the contractor be subjected to unreasonable delay, the cause of delay, if reported, shall be investigated.

6. The contractor must have an office connected by telephone and within a radius of 6 miles of the Melbourne (Elizabeth-street) Post Office.

7. Four hours will be deemed sufficient notice, and in the event of the contractor failing to perform the service when ordered, and to the satisfaction of the officer requiring same, such service will be performed at his risk and expense, and any extra expense incurred shall be deducted as provided in clause 2. No services performed under this contract shall be deemed to be of a special nature, provided that the contractor be given four hours' notice that his services shall be required, and no increase in the contract rates shall be allowed.

8. The vehicles in which the material is carried must be in thorough working order, and, if required, provided with good waterproof covers.

9. The contract shall not be considered broken, infringed, or vitiated by the Government performing the service or arranging for the carrying out of the same otherwise than by the contractor in the event of urgency or emergency.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor may be held liable for any loss which the Government may sustain in consequence of such failure.

12. A refusal to execute orders, irregularity or delay in delivering the material when required, or failure to produce weighbridge tickets or consignment notes on delivery in accordance with clause 3, or any breach of Railway or Harbor Trust Regulations, will subject the contractor, upon report from the Tender Board, to such mulct as the Treasurer may direct, and the amount may be deducted as provided in clause 2. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay, to terminate the contract forthwith and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

13. In the event of any dispute arising as to matters or things contained in the contract or schedule the same shall be settled by the Tender Board, and the Board's decision shall be binding, final, and conclusive.

Treasurer.

Printed forms of tender and the conditions of contract may, in all cases, be obtained from the Secretary to the Tender Board, Gisborne-street, Melbourne, by whom also any information or explanation will be afforded to persons tendering.

Tenders must be accompanied by the preliminary deposit, as shown above, *preferably by non-negotiable cheque payable to the order of the Secretary to the Tender Board*. The amount and designation of the preliminary deposit enclosed must be clearly stated in the tender. *Savings Bank deposit books, fixed deposit receipts, Commonwealth Treasury bonds, or reference to securities on existing contracts will in no case be received or entertained as preliminary deposits.* Preliminary deposits will be returned within 30 days to unsuccessful tenderers on their application.

Security will be required either in Commonwealth Treasury bonds, or approved bank guarantee, fixed deposit receipt, Savings Bank deposit book, or non-negotiable cheque in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and the contract signed within ten days of acceptance of the tender, failing which the service may be again advertised, or another tender accepted.

Preference will be given by the Tender Board to tenders for articles manufactured within the Commonwealth, provided the quality of such articles is satisfactory and the prices tendered are considered reasonable.

The lowest or any tender will not necessarily be accepted.

In the event of tenderers withdrawing or attempting to withdraw their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that, if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual and that, for a breach of this condition, the preliminary deposit will be forfeited and the tender declared informal.

Tenders, enclosed in a separate envelope, and *having the words "Tender for at" (as the case may be) written thereon*, must be deposited in the Tender-box at the Tender Board Offices, Gisborne-street, Melbourne, or if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best conditions, and in conformity with the Health Acts, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. As the exact quantity of any article which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the Schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

The Government reserves the right to purchase otherwise than from the contractor any of the articles specified in the Schedule in the event of emergency due to the war.

3. Supplies for country districts for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

4. The Melbourne District will include places within a radius of 10 miles from the Elizabeth-street Post Office, with the exception of places for which separate contracts are provided; the Mont Park District will include the Mental Hospitals, Janefeld Colony, the Sanatorium, Gresswell, and Pleasant View, Preston; the Ararat, Ballarat, Beechworth, and Sunbury Districts will include the Mental Hospitals, Gaols, and Police Gaols at those places; and the Bendigo District will include the Reformatory Prison. Delivery must be made at the places, institutions, &c., named in the Schedules, or as directed by the officer ordering the supply.

5. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the rate tendered, except butter boxes and soap boxes (not including fancy soaps), jam jars, flour, meal, and potato bags, which will remain the property of

the contractor, and only the actual net weight or quantity received will be paid for; the empties to be removed from the place of delivery at the contractor's expense.

6. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board to such mulct, not exceeding Fifty pounds, as the treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

7. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of the Department concerned or any officer authorized by him, and shall be delivered as may be directed by the officer ordering the supply.

8. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, who shall render his account as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. The rates or quantities quoted in the orders cannot be exceeded.

9. Where railway facilities are available, the contractor shall use the Railways for the transport of the goods. When a contractor is required to make delivery of goods at a railway station for transmission by rail, except for Commonwealth Departments, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in the triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be forwarded to the consignees and the quintuplicate retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which services the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 18 of these conditions.

10. Orders must receive prompt execution; in the event of the goods not being delivered at the time mentioned in the order or within such other time as the officer ordering the supply may specify for delivery, it will be competent for such officer, or the head of the Department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions.

12. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

13. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the Treasurer of the State for the time being; and the decision of the Board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

14. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations or stores are due or by the contractor in waiting for a Board to survey, the head of the Department or officer authorized to take delivery will have power to reject such article or articles as are, obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it, or any like supply suitable for the Service, will be obtained by the officer requiring it as in clause 10. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

15. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which it, or any like supply suitable for the Service, will be procured by the officer requiring it, and the expense charged as in clause 10.

16. In the case of supplies for Mental Hospitals, it will be competent for a Board of Survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being, such appeal to be made in writing within 24 hours of the rejection; but, pending such appeal, he must at once supply others of approved quality; failing which, the supplies required, or any like supplies suitable for the Service, may be obtained by the officer concerned, and the expense charged as in clause 10.

17. In the case of supplies for Mental Hospitals, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a Board of Survey will not be deemed to be necessary.

18. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. *If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.*

20. It will be competent for the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

21. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

22. Notwithstanding anything contained to the contrary in section 152 of the Customs Act 1901-36, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice in writing from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last known place of business or abode.

23. Under no circumstances other than those mentioned in clause 22 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

24. For the purposes of these contracts the word "Government" shall mean the Government of the State of Victoria; and the word "Treasurer" shall mean the Treasurer of the said State.

Tenders must be accompanied by a preliminary deposit of £3 for each sub-schedule tendered for, preferably by non-negotiable cheque payable to the order of the Secretary to the Tender Board. The amount and designation of the preliminary deposit enclosed must be clearly stated in the tender. Savings Bank deposit book, fixed deposit receipts, Commonwealth Treasury bonds, or reference to securities on existing contracts will in no case be received or entertained as preliminary deposits. Preliminary deposits will be returned within 30 days to unsuccessful tenderers on their application.

Security will be required in the sum of £20 for each sub-schedule accepted, either in Commonwealth Treasury Bonds, or approved bank guarantee, fixed deposit receipt, Savings Bank deposit book, or non-negotiable cheque, in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and the contract signed within five days of acceptance of the tender, failing which the service may be again advertised, or another tender accepted.

The lowest or any tender will not necessarily be accepted.

In the event of tenderers withdrawing or attempting to withdraw their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of two years, such disqualification to date from the notification of

acceptance of tender. It is also stipulated that, if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual and that, for a breach of this condition, the preliminary deposit will be forfeited and the tender declared informal.

Tenders enclosed in a separate envelope, and having the words "*Tender for Removals only*" written thereon, must be deposited in the Tender-box at the Tender Board Offices, Gisborne-street, Melbourne, or, if sent by post, postage must be prepaid and the tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. The services are to be performed upon an order issued by a member of the Police Force.
2. The vehicles and such other plant employed in carrying out the contract must be suitable and ample to the necessities of a prompt and efficient service, and such vehicles and other plant must be maintained throughout the period of the contract in satisfactory condition of repair. Should complaint be made that the vehicles or plant employed in the service are unsuitable, inefficient, or otherwise unsatisfactory, the Tender Board upon investigation of the complaint may recommend that the contract be cancelled and the security forfeited.
3. The Contractor must be prepared to undertake any removals from the police sub-district or area contracted for at any hour and on any day when called upon by the police. In the event of the Contractor failing to attend punctually to any order, the work will be otherwise performed, and the extra expense incurred, if any, will be charged to the Contractor. Should any circumstances, however, make it necessary in any particular case that an immediate removal to the Morgue be effected, the hiring of another vehicle for the purpose will not be an infringement of the contract.
4. When it becomes necessary to remove a dead body to the Morgue, and the next of kin present or the legal personal representative of the deceased makes request in person to the police to be allowed to employ the family undertaker to conduct such removal, the police may at their discretion accede to such request, provided such removal is effected at no cost to the Government, and, also, under the supervision of the police, as in the case of a removal by the Government Contractor. The contract is not to be considered as having been broken, infringed, or violated by such removal having been effected by other than the Contractor.
5. Bodies to be removed to the Morgue shall be placed by the Contractor before removal in shell coffins, zinc lined and water-tight, securely closed, and shall be conveyed in suitable covered four-wheeled vehicles. The Contractor shall send two men for the purpose of removing the body to the vehicle, and from the vehicle to the Morgue.
6. Every practicable precaution must be taken in order to prevent offensiveness from decomposition, but in no case of removal must any disinfectant be used without the authority of the medical officer performing the post-mortem examination.
7. Under no circumstances will the Contractor be permitted to use any undue or improper influence with the friends or relatives of, or any other person connected or associated with, the deceased person for the purpose of obtaining any concession or privilege whatsoever in regard to the funeral of such person. Any infringement of this condition will, on report of the Tender Board, subject the Contractor to the immediate cancellation of his contract, the forfeiture of the security money, and such other penalties as the Treasurer may direct; the decision of the Board as to whether any breach of this condition has taken place to be final and conclusive.
8. The account is to be rendered monthly to the officer ordering the service for payment at the Treasury, Melbourne.
9. A refusal to execute orders, impropriety, neglect, or delay in conducting the removals will subject the Contractor, upon report from the Tender Board, to such mulct, not exceeding £50, as the said Treasurer may direct, and the amount may be deducted from the Contractor's account or from the security money. It will also be in the power of the said Treasurer, upon such refusal, impropriety, neglect, or delay to terminate the contract forthwith, and forfeit the whole or any part of the security money.
10. Under no circumstances will a Contractor be permitted to abandon his contract. In the event of the Contractor failing to carry on the contract, the security

money will in that case be absolutely forfeited, and, in addition, the Contractor will be held liable for any loss which the Government may sustain in consequence of such failure, and may be disqualified from tendering or holding any future contract or contracts for a period of two years from the date of such disqualification.

11. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

12. The contract shall not be considered broken, infringed or vitiated by the Government performing the service or arranging for the carrying out of the same otherwise than by the Contractor in the event of urgency or emergency.

Tenderers are required to state on the tender form—(a) the number and description of the vehicles that they have available to carry out the service; (b) their business branches and the telephone numbers thereof, as these factors will be taken into consideration when dealing with tenders.

Tenders must be accompanied by a preliminary deposit, of £3 for each sub-schedule tendered for, preferably by non-negotiable cheque payable to the order of the Secretary to the Tender Board. The amount and designation of the preliminary deposit enclosed must be clearly stated in the tender. Savings Bank deposit book, fixed deposit receipts, Commonwealth Treasury bonds, or reference to securities on existing contracts will in no case be received or entertained as preliminary deposits. Preliminary deposits will be returned within 30 days to unsuccessful tenderers on their application.

Security will be required in the sum of £20 for each sub-schedule accepted, either in Commonwealth Treasury Bonds, or approved bank guarantee, fixed deposit receipt, Savings Bank deposit book, or non-negotiable cheque in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and the contract signed within five days of acceptance of the tender, failing which the service may be again advertised, or another tender accepted.

The lowest or any tender will not necessarily be accepted.

In the event of tenderers withdrawing or attempting to withdraw their tenders before notification of acceptance of same, or failing to take up their accepted tenders

within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of two years, such disqualification to date from the notification of acceptance of tender. It is also stipulated that, if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual and that, for a breach of this condition, the preliminary deposit will be forfeited and the tender declared informal.

Tenders enclosed in a separate envelope, and having the words "Tender for Funerals" written thereon, must be deposited in the Tender-box at the Tender Board Offices, Gisborne-street, Melbourne, or, if sent by post, postage must be prepaid and the tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. The services are to be performed upon an order signed by a member of the Police Force. Under the *Cemeteries Act 1928* (No. 3652), cemetery fees are not payable in the cases of poor persons buried upon an order signed by a Justice, and in such cases the contractor's account for the burial will be correspondingly reduced.

2. No claim will be allowed under this contract for any burial respecting which the Contractor receives or arranges for any payment whatever from the relatives or friends of the deceased; but in the event of friends or relatives desiring to have the deceased buried in private ground, while availing themselves of the Government funeral, they must, in such case, pay all the cemetery charges.

3. The funerals are to be of the most economical description consistent with propriety. A plain hearse for an adult, and a covered, plain, suitable four-wheeled vehicle for a child under five years of age, to be provided.

4. The body shall be taken direct to the Necropolis, or to the New Melbourne Cemetery, as the case may be, by rail, unless directed otherwise by the police. Bodies to be buried at Williamstown or Footscray to be conveyed by road. Not more than one body shall be carried in the hearse or vehicle at a time. No body shall be retained on the premises of the Contractor. Any infringement of this condition will subject the Contractor, upon report from the Tender Board, to such mulct, not exceeding £10, as the Treasurer may direct, and the amount shall be deducted as in clause 15.

5. Coffins for funerals must be waterproof and sufficiently long, deep, wide, and substantial to bear the corpse and permit it to lie extended at full length, and must be made of 1-in. white pine timber covered with black cloth, and fastened down with screws, and pitched in the seams to prevent leakage. The Contractor shall provide 2 inches of sawdust for the bottom of the coffin; a small block of wood to keep the head of the deceased in position, and sufficient white calico to cover the body. Coffins to be properly lowered into the graves, and the graves filled up again.

6. In cases of burials of bodies which are, in the opinion of the Department ordering the burial, of a distinctly offensive character, such as of persons drowned and long in the water or such as are in a state of putrefaction from any other cause, or persons who have died from an infectious disease, such bodies shall, on certification of the officer ordering the burial that such precaution is necessary, be placed for burial in zinc-lined coffins, of timber 1 inch in thickness, hermetically sealed by soldering the lids of same, such coffins to be provided by the Contractor.

7. Bodies of deceased persons, with the exception of those provided for under clause 2, must be conveyed to the Necropolis, Springvale, for burial should the death of such person take place in any sub-district south of the River Yarra, including burials of bodies from the Morgue, and to the New Melbourne Cemetery, Fawkner, should the death take place in any sub-district north of the River Yarra, excepting bodies buried from the Morgue. Burials in the Williamstown-Footscray sub-districts shall be made in the Williamstown or Footscray Cemeteries, as the police may direct, excepting bodies buried from the Morgue.

Provided, however, that the Tender Board may, on application by the Contractor and subject to such conditions as it may determine, authorize the burial of bodies in a cemetery other than those specified.

8. The graves to be dug of the proper depth, and in conformity with the Necropolis and respective Cemeteries Regulations.

9. In the event of the Contractor failing to attend punctually to any order, the work will be otherwise performed, and the extra expense incurred, if any, will be charged to the Contractor or deducted from the contract security money.

10. When burials are required to take place on Sunday, or, in the case of any Hospital for the Insane, burials on the same day as the inquest, no delay must take place in complying therewith, and any additional fees charged by the Necropolis or cemetery authorities will be repaid to the Contractor.

11. The attendance of a minister of the denomination named in the order for the burial must, if practicable, be provided. If for any burial such minister is not available the burial service is to be conducted by the resident chaplain deputed by the denomination, and in cases where no such deputy is appointed by the denomination, or where the religious denomination of the deceased is unknown, the services are to be performed by the resident chaplains alternatively, and the Contractor must inform the police of the hour when the funeral service will take place, so that the friends of the deceased may attend at the cemetery if they wish. The order for burial shall be produced at the cemetery when the Contractor gives instructions for interment. The Contractor must pay the Minister's fee for reading the burial service should it be claimed.

12. Should the religious belief, however, of the deceased preclude the burial being carried out in conformity with the above clause as regards the attendance of the officiating clergyman, the friends of the deceased shall, if practicable, be notified by the police with respect to the service. In the case of foreigners, the Consul of the country to which he is reputed to belong shall also be notified by the Police Department of his decease, in which case, when practicable, the Consul may provide for such service as he may consider necessary.

13. Under no circumstances will the Contractor be permitted to use any undue or improper influence with the friends of relatives of, or any other person connected or associated with, the deceased person for the purpose of obtaining any concession or privilege whatsoever in regard to the funeral of such person. Any infringement of this condition will, on report of the Tender Board, subject the Contractor to the immediate cancellation of his contract, the forfeiture of the security money, and such other penalties as the Treasurer may direct; the decision of the Board as to whether any breach of this condition has taken place to be final and conclusive.

14. The account is to be rendered monthly to the officer ordering the service for payment at the Treasury, Melbourne.

15. A refusal to execute orders, impropriety, neglect, or delay in conducting the funerals or any infringement of clause 11, will subject the Contractor, upon report from the Tender Board, to such mulct, not exceeding £50, as the said Treasurer may direct, and the amount may be deducted from the Contractor's account or from the security money. It will also be in the power of the said Treasurer, upon such refusal, impropriety, neglect, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money.

16. Under no circumstances will a Contractor be permitted to abandon his contract. In the event of the Contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the Contractor will be held liable for any loss which the Government may sustain in consequence of such failure, and may be disqualified from tendering or holding any future contract or contracts for a period of two years from the date of such disqualification.

17. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

18. The contract shall not be considered broken, infringed, or vitiated by the Government performing the service or arranging for the carrying out of the same otherwise than by the contractor in the event of urgency or emergency.
