NOTICE is hereby given, pursuant to section 61 of the *Superannuation Act 1928*, that elections will be held to elect two Members of the State Superannuation Board, one of whom shall be such officer within the meaning of the said Act other than an officer in the Railway Service, and one of whom shall be such officer in the Railway Service, as is elected by officers other than officers in the Railway Service and by officers in the Railway Service respectively, in the manner specified as follows:—

Appointment of Election Officials.

1. For the purpose of these elections, William Henry Breen of the State Treasury shall be the Returning Officer.

2. The Returning Officer may, by writing under his hand, appoint some person to be his substitute, and may in a like manner appoint persons to assist him as Poll Clerks in the conduct of the elections.

3. The Returning Officer, the Substitute Returning Officer, and every Poll Clerk shall, before entering upon any of their duties in connexion with the elections, make a statutory declaration in the form of the First Schedule hereto.

Voters.

4. Ballot-papers shall be forwarded to all officers within the meaning of the *Superannuation Act 1928*, provided that no election shall be invalidated by reason merely that ballot-papers have been irregularly forwarded to those who are not officers or have been omitted to be sent to officers unless in the opinion of the Minister such irregularity or omission has affected the result of the election.

Nominations.

5. No person shall be capable of being elected a Member of the Board unless duly nominated.

6. A nomination shall be in the form of the Second Schedule hereto, or to the like effect; shall be signed by not less than twenty persons entitled to vote at the election for which the candidate is nominated; shall be lodged with or delivered to the Returning Officer, at the State Treasury, Melbourne, C.2, not later than Twelve o'clock noon on the sixth day of October, 1955, hereinafter referred to as "nomination day"; and shall contain the consent of the candidate to act if elected.

Withdrawal of Nominations.

7. Any candidate may, by written notice addressed to the Returning Officer, withdraw his consent to his nomination at any time not later than Twelve o'clock noon on nomination day, and such candidate shall be considered as not having been nominated. The Returning Officer shall thereupon omit the name of such candidate from the ballot-papers.

Nominations Advertised.

8. After Twelve o'clock noon on nomination day, the Returning Officer shall at every contested election announce the full name, Department, and Branch of each officer nominated, and shall cause notice thereof to be published in the *Government Gazette*.

Uncontested Elections.

9. If at either election one candidate only is nominated, that candidate shall be duly elected, and notice thereof shall forthwith be published by the Minister in the *Government Gazette*.

Polling.

10. If at either election more candidates than one have been nominated, a vote shall be taken to decide the election, and the Returning Officer shall forthwith cause ballot-papers to be printed in the form of the Third Schedule hereto, or to the like effect, and shall, by himself or his substitute or a Poll Clerk, sign or initial each of such ballot-papers, and shall enclose it with an unfastened envelope having his own name and address printed thereon, and shall send by post, or cause to be delivered, to every voter, one of such ballot-papers and envelopes pertaining to the appropriate election.

11. After having recorded his vote, the voter shall enclose such ballot-paper in the envelope furnished to him with the printed address of the Returning Officer thereon; shall sign his name in the space provided for the purpose on the face of the envelope; shall state his Department and Branch; and shall stamp and post, or deliver (or cause to be delivered) the same so that it will be received by the Returning Officer not later than Four o'clock in the afternoon of the twenty-eighth day of November, 1955, hereinafter referred to as "the day of the election." Any ballot-paper which is not enclosed in an envelope bearing

the voter's signature and the other particulars required to be endorsed thereon, or in respect of which the directions in the Third Schedule hereto have not been complied with, and any ballot-paper forwarded through the post the postage thereon not being fully prepaid, shall not be counted at the election. The decision of the Returning Officer as to the validity or invalidity of a ballot-paper shall be final.

12. Upon an officer making and transmitting to the Returning Officer a statement in writing (setting out his full name, Department, and Branch) that he has not received a ballot-paper, or that the ballot-paper received by him has been lost or destroyed and that he has not already voted, the Returning Officer may issue a new ballot-paper to such officer.

Scrutineers.

14. Each candidate at any election shall be entitled to appoint, in writing, one scrutineer to be present when the envelopes containing ballot-papers relating to such election are being opened at the commencement of the scrutiny, and to remain during the scrutiny. Every scrutineer shall, before he acts as such, make and sign before the Returning Officer a like declaration to that which the Returning Officer and other officers employed in the conduct of the election are required to make and sign.

The Scrutiny.

15. The scrutiny shall not commence until after Four o'clock in the afternoon of the day of the election.

Adjournment of Scrutiny.

17. The Returning Officer may from time to time adjourn the scrutiny to a day and hour fixed by him and notified to the scrutineers.

18. Subject to the provisions contained herein, each election shall be conducted in accordance with the provisions of the law for the time being regulating elections for the Legislative Assembly, so far as they can be made applicable, *mutatis mutandis*.

Recounts.

19. At any time before the gazettal of the result of any election, as hereinafter provided, the Returning Officer may, if he thinks fit, on the written request of any candidate setting forth the reasons for the request, or of his own motion, make a recount of the ballot-papers.

If the Returning Officer refuses on the request of a candidate to make a recount of the ballot-papers, the candidate may, in writing, appeal to the Minister to direct a recount, and the Minister may, as he thinks fit, either direct a recount or refuse to direct a recount.

Cases of Equal Voting.

20. If on any count two or more candidates have an equal number of votes, the Returning Officer shall decide by lot which candidates shall be declared defeated or (in the case of a final count) which candidate shall be declared elected.

BY-LAW No. 37.

A By-law of the Shire of Cranbourne made under the provisions of the Local Government Acts for the purpose of prohibiting, regulating and controlling excavating operations.

IN pursuance of the powers conferred by the Local Government Acts, the President, Councillors, and Ratepayers of the Shire of Cranbourne, order as follows:—

1. No person shall, on any land situate within the municipal district of the Shire of Cranbourne, commence or carry on any excavating operations (other than quarrying or blasting operations, or excavating operations connected with works commenced before the 10th day of November 1938) for the removal of rock, stone, clay, gravel, soil, or sand from such land unless such person is the holder of, and except within the limits of, a current permit so to do issued to him by the Council of the Shire of Cranbourne prescribing:—

- the area to which the permit relates;
- the duration of the permit; and
- the depth above sea level to which excavating operations may be carried on upon the area described in the permit (such depth to be ascertained by reference to and on the basis of the levels shown on contour survey plans).

2. Every person to whom any permit may be issued by the Council to commence or carry on excavating operations shall, within three months after the expiration of such permit (unless in the meantime a new permit shall have been issued to him in respect of the same area) fill in the area excavated under such permit with such material and to such level as the Council, by its Shire Secretary or Engineer, may prescribe by notice, in writing, be given to the holder of such permit within one calendar month after the expiration thereof.

3. The Council may, before issuing any permit to commence and carry on excavating operations, other than quarrying or blasting operations, require the person applying for the permit to enter into such bond, or deposit or give such security as it may think sufficient to secure compliance with the requirements of paragraph 2 hereof.

4. No excavating operations (whether connected with works commenced before the 10th day of November, 1938, or not), shall be carried on within a distance of 50 feet from any street or road, or any land set out or reserved as a street or road, on any plan of subdivision lodged in the Office of Titles, or any land which is in fact used as a street, road, lane, or passage, or within a distance of 30 feet from any land the ownership or occupation whereof is in some person other than the owner of the land on which such excavating operations are being carried on.

5. Every person carrying on excavating operations (hereinafter called the excavator) (whether such operations are connected with works commenced before the 10th day of November, 1938, or not), shall observe the following rules as to such operations:—

(a) If such excavating operations are carried on by manual power, the excavator shall carry on the same, using either one of the following methods:—

(i) the wall or face of such excavation may be terraced, but the vertical wall or face of each step in such terrace shall not be more than 6 feet in height, and the horizontal face of every terrace other than the step at the floor of such excavation shall be of not less width than one half of the height of the vertical wall or face immediately above it; or

(ii) the banks or sides of all such excavations shall be sloped down so that the batter of such banks or sides shall be maintained at a slope ratio of one horizontal to one vertical.

(b) If such excavations shall be carried on by means of a hydraulic nozzle or power shovel or similar method, then the excavator may work with a vertical wall or face, subject to the following conditions:—

(i) the excavator shall not permit any person, whether employee or otherwise, to be within a distance of 10 feet from such wall or face; and

(ii) the excavator shall not allow any overhang to exist in such wall or face;

(iii) every excavator working upon a vertical wall or face of a greater depth than 6 feet shall erect a fence of not less than 4 feet in height either upon the boundary line of the land occupied by the excavator or in such position in relation to the brink of such wall or face as will protect persons on ground level from falling into the pit worked by the excavator. Such fence shall be of substantial construction, and may be of posts and rails or of posts not less than 22 feet apart, with two droppers equally spaced between posts, and of not less than three strands of wire (two of barb and one of eight-gauge plain). The top wire shall be barbed and shall not be more than 6 inches from the top of each post. The bottom wire shall be not more than 15 inches above ground level, and the intermediate wire shall be equidistant from the top and the bottom wires. The bottom wire may be barbed or plain according to the option of the excavator.

(iv) a wall or fence which is not sloped down so that the batter of the banks or sides of the excavations shall be maintained at a slope ratio of one horizontal to one vertical shall be deemed "a vertical wall or face."

6. Every person carrying on excavating operations (whether connected with works commenced before the 10th day of November, 1938, or not), and using any mechanical or hydraulic power for such operations shall, within fourteen days from the publication of this By-law in the *Government Gazette*, notify the Council of the place where such power is used or intended to be used, and in such notice shall furnish the Council with full information of the type and nature of such power.

7. Every person carrying on excavating operations, and whether using manual power or mechanical or hydraulic power, and whether working upon a vertical or a sloped or a terraced face, shall work or carry on all such excavations in such a manner that when any part of any excavation made by him is, at ground surface level, 50 feet from a street or road, or 30 feet from land not in the ownership or occupation of such person (which are the limits provided in clause 4 hereof), the banks or sides of such excavations, and of all parts of such excavations, shall be sloped down so that a slope or batter of one horizontal to one vertical is maintained.

8. Any person guilty of any wilful breach of any of the provisions of this By-law shall be liable for every such breach to a penalty of not less than Five pounds, nor more than Twenty pounds, and if such offence be a continuing offence to a further penalty of not more than Five pounds per day for each day of which such offence is continued after a conviction or order by any court.

Carrying on excavating operations without a permit or otherwise than in accordance with the limits of a permit (where a permit is required) shall be deemed a continuing offence.

9. This By-law shall apply to and have operation throughout the whole of the municipal district of the Shire of Cranbourne.

10. This By-law shall come into operation and have effect immediately on its publication in the *Victoria Government Gazette*.
