Where there is no male margin prescribed for their work they shall be paid a margin of 4s. per week.

PART III.—SAVING.

No employee shall have his or her rate reduced merely as a result of this Determination.

SPECIAL RATES.

3. (a) *Leading hands.*—In addition to the margins prescribed in clause 2 herein leading hands shall be paid the following allowances:—

- (1) Fifteen shillings per week if in charge of not less than three and not more than ten employees including apprentices;
- (2) Thirty shillings per week if in charge of not less than ten and not more than twenty employees including apprentices;
- (3) Forty-five shillings per week if in charge of more than twenty employees including apprentices.

(b) In addition to the rates set out in clause 2 herein the following additional rates shall be paid:—

- (i) Sixpence per hour to employees working in confined spaces;

Confined space means a compartment, space or place the dimensions of which necessitate an employee working in a stooped or otherwise cramped position or without proper ventilation.

- (ii) Fourpence per hour to employees working in any place where clothing or boots become saturated, whether by water, oil or otherwise. Provided that this extra rate shall not be payable to an employee who is provided by the employer with suitable and effective protective clothing and/or footwear. And provided further that any employee who becomes entitled to this extra rate shall be paid such extra rate for such part of the day or shift as he is required to work in wet clothing or boots.

- (iii) Sixpence per hour to employees handling loose slag wool, loose insul wool or other loose material of a like nature used for providing insulation against heat, cold or noise;
- (iv) Fourpence per hour where a foreman and workman shall agree that the work is of an unusually dirty or offensive nature.

In case of disagreement between the foreman and workman, the workman or a shop steward on his behalf shall be entitled within 24 hours, to ask for a decision on the workman's claim by the employer's Industrial Officer if there be one, or otherwise by the employer or the executive officer responsible for the management of superintendence of the plant concerned. In such case a decision shall be given on the workman's claim within 48 hours of its being asked for (unless that time expires on a non-working day, in which case it shall be given during the next working day) or else the said allowance shall be paid.

Special Rates Not Cumulative.

(c) Where more than one of the disabilities entitling a workman to extra rates exist on the same job the employer shall be bound to pay only one rate, namely, the highest rate for the disabilities so prevailing.

Rates Not Subject To Penalty Additions.

(d) The special rates herein prescribed shall be paid irrespective of the times at which the work is performed, and shall not be subject to any premium or penalty additions.

MIXED FUNCTIONS.

4. Where an employee is engaged in any one week for more than half of such week at work in a higher class than he or she is employed to perform, he or she shall be paid for the full week at the highest rate payable for any such work under this Determination; but if he or she is engaged for more than half of any one day he or she shall be so paid for the whole day.
