Such permit shall not relieve any person from the obligation to obtain a certificate of exemption under section 2 of this By-law.

## PART III.—WEIGHING AND DELIVERY OF WHEAT TO AN ELEVATOR.

(4) The driver of any vehicle containing wheat to be weighed for delivery to an elevator shall place the wheels of the vehicle carrying the wheat in such positions on the weighbridge platform as shall be directed by the Weighbridge Keeper.

(6) The driver of any vehicle shall alight from such vehicle during the period the Weighbridge Keeper is effecting a weighing.

(7) Immediately the wheat has been weighed the Weighbridge Keeper shall record clearly on a weighbridge ticket the full Christian and surnames of the owner of the wheat and the gross weight or weights and shall hand a ticket showing the recorded gross weight to the driver of the vehicle.

(8) The driver of such vehicle shall proceed direct from the weighbridge to the elevator and hand such gross weight ticket to the Officer-in-Charge of the elevator.

(9) The driver shall take such action as is directed by the Officer-in-Charge to enable the Officer-in-Charge to effectively sample the wheat being tendered for delivery to the elevator.

(10) The Officer-in-Charge may:

- (a) refuse to accept any wheat;
- (b) during the discharge of any load, direct that such discharge cease immediately and order the driver of such vehicle to remove from the receiving hopper any wheat discharged thereto from such vehicle.

(11) After completion of the discharge into an elevator of any load of wheat the driver shall obtain from the Officer-in-Charge the gross weight ticket relating to such load and shall return the vehicle direct from the elevator to the weighbridge and hand the gross weight ticket to the Weighbridge Keeper before the tare weight has been determined by the Weighbridge Keeper.

The Chairman or any officer appointed by him for the purpose shall if the wheat can be accepted by the Board determine the dockage applicable and convey advice of the dockage determination or other directions as to the receipt and subsequent handling of such wheat to the Officer-in-Charge of the appropriate elevator, who shall then convey details of such advice to the grower or his agent.

(18) If the owner of wheat, or his agent, disputes the assessment, he shall forthwith and prior to the wheat being received into the elevator deliver notice to the Officer-in-Charge in or to the effect of Form No. 4 that he requires that the amount, if any, of the dockage shall be determined by an officer of the Department of Agriculture nominated by the Minister.

(19) The grower of the wheat in respect of which notice shall have been given as aforesaid, or his agent, may within 48 hours of the delivery of such notice pay to the Officer-in-Charge the prescribed fee. The Officer-in-Charge shall thereupon forward to the Board by post the original of the said notice.

(20) Unless notice be given as aforesaid and the prescribed fee be paid within the prescribed time, the dockage assessed by the Chairman or officer appointed by him for the purpose shall be final and conclusive.

(21) Application for a warrant in respect of wheat received into an elevator shall be made in or to the effect of Form No. 1 of this By-law.

(22) A warrant for wheat received into an elevator shall be in or to the effect of Form No. 2. The quantity of wheat to which it refers shall be shown in bushels and pounds.

(23) Warrants shall within twenty-eight working days after delivery of the application therefor in proper order at the office of the Board, be despatched by registered post to the person whose name appears in the Application for Wheat Warrant as being the person entitled to such warrant.

(24) If before the issue of a warrant for wheat which has been received at an elevator, the Board is notified in writing that a dispute exists as to the ownership of the wheat, the Board may at its discretion suspend the issue of a warrant until the ownership of the wheat in question shall have been determined or the rights of the claimants shall have been adjusted.

(25) Upon application being made by the holder or holders of a warrant or warrants, the Board may issue one warrant in place of two or more warrants, or two or more warrants in place of one warrant, upon payment of the fee hereinafter prescribed.

(26) Application for the issue of a duplicate warrant in lieu of a warrant which is alleged to have been defaced, destroyed, or lost, shall be in writing and shall be accompanied by a statutory declaration stating the reason for the application. Upon payment of the prescribed fee and upon provision of security to the satisfaction of the Board, the Board shall advertise in a Melbourne daily newspaper, and in a newspaper circulating in the district in which the wheat referred to in the warrant was received for storage, its intention to issue a duplicate warrant. After the expiration of fourteen days from the date on which the advertisements appeared, or if they appeared on different dates from the latter of such dates, if no sufficient reason is shown to the contrary the Board may issue a duplicate warrant, which shall be in or to the effect of Form No. 2 with the following words endorsed thereon:—

"Issued in lieu of Warrant No. .... alleged to have been defaced, destroyed, or lost (as the case may be)."

#### PART VI.—HANDLING AND STORAGE OF WHEAT.

(27) The Board may remove wheat from any elevator into which it has been received and store it at any other elevator under the Board's control.

(28) All reasonable care will be taken of the wheat while it is stored, but no responsibility will be accepted for any natural variation of the wheat while it is so stored, and any wheat delivered which has so varied shall be deemed to be a delivery of wheat in accordance with this Part.

(29) All wheat received shall be held by the Board subject to a lien for all moneys due for elevator, storage and other charges and railway freight.

(30) Unless arrangements shall have been made with the Board for the storage of any wheat for a period beyond 15th September next following its receipt the wheat may be sold by the Board, and the purchaser shall have a good title thereto; but before selling twenty-one days' written notice of intention to sell shall be posted by the Board to the original holder of the warrant, or if notice of transfer has been received to the last known transferee.

(31) Surpluses of wheat in elevators shall be disposed of by sale or by carrying forward to the following season, as the Board may decide.

#### PART VII.—DELIVERY OF WHEAT BY THE BOARD.

(32) (a) Upon application in the manner provided in this By-law, the Board shall deliver wheat.

(b) An application for delivery shall be made in conformity with Form 3 of these Regulations.

(c) If a warrant specified in any such delivery application covers wheat below Standard Quality the Board may deliver Standard Quality wheat in lieu of wheat of the quality received by the Board and covered by such warrant.

(d) In the event of the Board determining to deliver wheat of Standard Quality in lieu of the quality of the wheat received by the Board, the person applying for such delivery shall be advised in writing by the Board of its intention to deliver Standard Quality wheat and such person shall, as provided for in section 23 of the principal Act, pay to the Board an amount equal to the dockage shown on the warrant or warrants applicable to such delivery.

(e) The Board may under the provisions of section 26 of the Act, deliver a lesser quantity than the quantity shown on the warrants specified in any application in Form 3 of these Regulations.

(f) Delivery of wheat from any elevator shall be subject to the Board agreeing to effect delivery from such elevator to the quantity of wheat, being available for delivery at the elevator and to the handling capacity of the elevators.

#### PROVISION FOR INSPECTION OF WHEAT PRIOR TO DELIVERY AND SETTLEMENT OF DISPUTES AS TO QUALITY OF THE WHEAT TO BE DELIVERED.

(33) When any person lodges with the Board instructions for delivery of wheat in conformity with Form 3 the Board shall on receipt of 96 hours' notice in writing of the desire of such person to inspect the wheat to be delivered determine the elevator or elevators from which the wheat will be delivered and issue a statement setting out particulars of the wheat to be delivered and permit such person or his agent to inspect the wheat in the storage facility or facilities from which such delivery shall be effected.

Unless notice of objection as to quality has been lodged 72 hours prior to the time the loading of wheat from the terminal, sub-terminal or other elevator the quality and condition of the wheat shall as between the Board and such person, be taken to be correct and to be final and conclusive as to the matter stated.

(34) (a) If such person or his agent is of the opinion that such wheat does not conform to the quality which the Board is obliged to deliver and such person or his agent desires arbitration on the quality, such person or his agent shall notify the Board of his desire for arbitration on the quality of such wheat. Such notice shall be in writing and signed by the person or his agent and shall be delivered to the Board at its Head Office, at least three clear days prior to the delivery date set out in Form 3, relating to such delivery.

(b) Where an objection has been lodged by any person in respect of the quality of wheat to be delivered from a country elevator, and wheat has also to be delivered from any other country elevator for the same person during the same week, the average quality of all the wheat to be delivered for him for that week shall be ascertained, and the wheat in respect of which the objection has been lodged shall be taken to be of that average quality and arbitration, if any, shall be on such average sample.

(c) The parties to the arbitration shall be the Board and the person to whom the wheat is to be delivered.

(d) The matter shall be referred to a single arbitrator, but if the parties cannot concur in the appointment of a single arbitrator, it shall be referred to two arbitrators, of whom one shall be appointed by each party. The provisions of the *Arbitration Act 1928* shall apply to the arbitration.

(35) Delivery of wheat from a country elevator or sub-terminal shall be made in such reasonable times as the Board shall arrange, provided that delivery shall not be made in any week unless the provisions of section twenty-three of the principal Act have been complied with not later than the Thursday of the next preceding week.

(36) The freight on wheat trucked from a country elevator or sub-terminal to destinations other than the terminal elevator shall be paid directly by the consignee to the Railway Department.

(37) If on the determination of the Board delivery is to be effected at a sub-terminal or country elevator other than that which received the wheat and an adjustment of the freight set out on any warrant relative to the delivery is necessary, a freight adjustment shall be effected between the person to whom delivery is to be made and the Board.

(38) Delivery from the terminal elevator to ship shall be given upon delivery of an application in conformity with Form 3 hereof to the Board at its Head Office at least fourteen days before such delivery is required, the Board shall give delivery of such wheat at the expiration of the period named in the delivery notice, unless it is prevented from so doing by strikes or other industrial disturbances or delays or failure on the part of the Railways Commissioners for which it is not responsible, subject always to the quantity and quality of the wheat covered by the warrant or warrants being available for delivery at the terminal elevator and to the handling capacity thereof.

(39) When application is made for the delivery of wheat from a terminal elevator, the person making the application may notify the Board in writing of the name of his agent who shall attend at the elevator to witness the weighing of the wheat and inspect and sample the wheat to be delivered, and the Board shall facilitate such inspection and sampling by such agent. Such inspection and sampling shall be carried out by arrangement between the agent with the Superintendent of the Terminal and shall be at the track shed (ex trucks), the working house, the storage bins, and/or the working house shipping bins, and the acceptance of any wheat by such representative at such places shall be deemed to be an acceptance by the applicant of the wheat delivered to him.

(40) Freight and charges for handling and storage, and dockage if the Board is delivering standard wheat in lieu of dockable wheat, and all other charges, shall be payable when application is made for the delivery of wheat, notwithstanding that the wheat may have been removed to the terminal or sub-terminal elevator by the Board.

(41) (a) When application is made to the Board for the delivery of wheat from the terminal elevator for the purposes of export, the Board shall accept payment of the rail freight payable in respect of exported wheat as indicated on the warrants tendered by the applicant upon such applicant signing the undertaking included in Form No. 3 to furnish to the Board satisfactory proof of shipment within 48 hours of the delivery of such wheat from the terminal elevator. Failure to furnish satisfactory proof of shipment within the prescribed time shall render the person tendering warrants liable to the Board for the difference between the freight so paid and the freight incurred by the Board in respect of a similar quantity of wheat not exported.

(b) If application is made to the Board for the delivery of wheat from the terminal elevator for purposes other than export, the applicant shall pay to the Board the rail freight payable in respect of exported wheat as indicated on the warrants tendered by the applicant, and, in addition, the difference between the freight so paid and the freight incurred by the Board in respect of a similar quantity of wheat not exported.

**PART VIII.—FEES AND CHARGES.**

(42) (a) The prescribed fee payable for determination of dockage by an officer of the Department of Agriculture shall be £1.

(b) The prescribed fee payable to the Board for the issue of a warrant or warrants varying the original warrant or warrants shall be £1 per warrant so issued.

(c) The prescribed fee payable to the Board for the issue of a warrant or warrants in lieu of a defaced, destroyed or lost warrant shall be £1 1s. per warrant so issued.

(43) All fees, freight, and other charges outstanding on the 31st day of May and the 31st day of August in any year by owners of 10,000 bushels or more of wheat shall be paid on or after the 15th day of June and the 15th day of September following respectively, if demand be made by the Board.

**PART IX.—PROVISIONS AS TO LOADING OF VESSELS.**

(44) A vessel berthed at the terminal elevator pier shall immediately use and continue to use the machinery available from time to time to its full capacity, and in default the Board may use the whole or any portion of the machinery for another vessel, or may discontinue the use thereof.

(45) Wheat shall be delivered into a vessel from the terminal elevator only if the vessel takes up the berth directed by the Board.

(46) If the master of a vessel refuses or neglects to obey the directions of the Board the delivery of wheat to the vessel may be discontinued.

(47) When overtime is worked at the terminal elevator by the elevator employees in loading a vessel at the request of the owner, master, or agent of the vessel, the entire cost of the overtime shall be payable on demand by such owner, master, or agent.

**PART X.—FORMS.**

(48) The Forms Nos. 1, 2, 3 and 4 referred to in this By-law and annexed hereto shall be deemed to form part of this By-law.
