3A. (a) Notwithstanding anything elsewhere contained in this Determination, the following provisions shall apply in the case of an employer who is subject to restriction or rationing in the use of electric energy and/or coal gas and/or the emergency disconnection thereof in accordance with orders or regulations approved by the appropriate lawful authority.

- (i) If by reason of such restriction or rationing or emergency disconnection he is unable usefully to employ an employee for the whole or part of any day or shift, he may deduct from the wages of that employee payment for any part of the day or shift such employee cannot be usefully employed provided that—

- (1) if an employer requires the employee to attend for work but is not able to employ him usefully the employee shall be entitled to be paid for two hours' work;
- (2) where an employee commences work he shall be entitled to be paid for four hours' work;
- (3) this sub-clause shall not apply to apprentices.

- (ii) He may require any day worker to perform his ordinary hours of work (or any such ordinary hours of work) at any time on any day other than on a Sunday on the basis of 40 hours per week. The following rates of pay shall apply for such work—

- (1) for work performed on Mondays to Friday from 7 a.m. to 5.30 p.m. and on Saturdays from 7 a.m. to noon—ordinary time;
  - (2) for work performed between noon and midnight on Saturdays—ordinary rates plus 25 per cent.;

- Provided that when a worker is required to commence work between the hours of 9.30 p.m. and 6 a.m., the amount he shall receive shall not be less than an amount of 5s. more than the amount he would receive if paid at ordinary day rates.

- (iii) He may require any shift worker to perform his hours of work at any time other than on a Sunday on the basis of 40 hours per week. The following rates of pay shall apply for such work:—

- (1) for day work or day shift work—ordinary time;
- (2) for work performed between noon and midnight on Saturdays—ordinary rates plus 25 per cent.;
- (3) for afternoon and night shifts—ordinary rates plus 10 per cent.

Provided that when a shift worker is required to commence work between the hours of 9.30 p.m. and 6 a.m., the amount he shall receive shall not be less than an amount of 5s. more than the amount he would receive if paid at ordinary rates.

- (4) Nothing contained in this sub-clause shall operate so as to reduce the shift premiums payable to employees who were shift workers working on afternoon and night shifts only at the date of such interference as aforesaid and who continue to work on such shifts.

- (vi) He may alter the time at which meal breaks are usually taken and/or the duration of them, in order to avoid or mitigate the effects of such interference, without being liable to pay penalty rates for work done during the normal meal breaks; provided that the commencing time of any meal break is not made more than one hour earlier or later than usual and that a meal break of at least twenty minutes is allowed; and provided also that the employer shall, whenever it is practicable, consult with the representative of the Union or Unions before acting under this paragraph.

(b) Notwithstanding anything elsewhere contained in this Determination, the provisions of this clause shall also apply (*mutatis mutandis*) in the case of an employer who uses auxiliary power plant for the purpose of providing employment for his employees whilst such restriction or rationing or emergency disconnection is in force and who—

- (i) is unable usefully to employ an employee for the whole of any day or shift by reason of a breakdown in plant through no fault of his own; or
- (ii) because of the inability of the auxiliary power plant to meet the normal demands for power—
  - (1) finds it necessary to require any employee to perform his ordinary hours of work (or any of such ordinary hours of work) outside the hours normally worked by such employee; or
  - (2) finds it necessary to alter the time at which meal breaks are usually taken and/or the duration of them.

**OVERTIME.**

4. (a) All work done outside the hours fixed as the times of beginning and ending work, or within such hours in excess of 40 in any week, shall be paid for at the rate of time and a half.

(b) An employer may require any employee to work reasonable overtime at overtime rates and such employee shall work overtime in accordance with such requirement.

**SPECIAL RATES FOR SUNDAYS AND PUBLIC HOLIDAYS.**

5. All work done on Sunday, Good Friday, Christmas Day, or Labour Day, shall be paid for at the rate of double time, and on New Year's Day, Australia Day, Easter Saturday, Easter Monday, Queen's Birthday, or Boxing Day, at the rate of time and a half; but if any other day be by Act of Parliament or Proclamation substituted for any of the above-named holidays, the special rate shall only be payable for work done on the day so substituted.

Where an employee is absent from his employment on the working day before or the working day after a public holiday without reasonable excuse or without the consent of the employer, the employee shall not be entitled to payment for such a holiday.

In this clause the expressions "double time" and "time and a half" shall mean respectively, when the employee has worked on any of the days named, double the money or half as much again of the money he would have earned had the day in question been an ordinary working day.

**ANNUAL LEAVE.***Period of Leave.*

6. (a) A period of twenty-one consecutive days' leave shall be allowed annually to an employee after twelve months' continuous service (less the period of annual leave) as an employee on weekly hiring in any one or more of the occupations to which this Determination applies.

*Annual Leave Exclusive of Public Holidays.*

(b) Subject to this sub-clause the annual leave prescribed by this clause shall be exclusive of any of the holidays prescribed by clause 5 of this Determination and if any such holiday falls within an employee's period of annual leave and is observed on a day which in the case of that employee would have been an ordinary working day there shall be added to the period of annual leave time equivalent to the ordinary time which the employee would have worked if such day had not been a holiday.

Where a holiday falls as aforesaid and the employee fails without reasonable cause proof whereof shall be upon him to attend for work at his ordinary starting time on the working day immediately following the last day of the period of his annual leave he shall not be entitled to be paid for any such holiday.

*Broken Leave.*

(c) The annual leave shall be given and taken in a continuous period or, if the employee and the employer so agree in two separate periods and not otherwise.

*Calculation of Continuous Service.*

(d) For the purposes of this clause service shall be deemed to be continuous notwithstanding—

(i) any interruption or termination of the employment by the employer if such interruption or termination has been made merely with the intention of avoiding obligations hereunder in respect of leave of absence;

(ii) any absence from work on account of personal sickness or accident or on account of leave lawfully granted by the employer; or

(iii) any absence with reasonable cause proof whereof shall be upon the employee.

In cases of personal sickness or accident or absence with reasonable cause the employee to become entitled to the benefit of this sub-clause shall inform the employer in writing if practicable within 24 hours of the commencement of such absence of his inability to attend for duty and as far as practicable the nature of the illness, injury or cause and the estimated duration of his absence. A notification given by an employee pursuant to clause 10 shall be accepted as a notification under this sub-clause.

Any absence from work by reason of any cause not being a cause specified in this sub-clause shall not be deemed to break the continuity of service for the purposes of this clause unless the employer during the absence or within fourteen days of the termination of the absence notifies the employee in writing that such absence will be regarded as having broken the continuity of service.

In cases of individual absenteeism such notice shall be given in writing to the employee concerned, but in cases of concerted or collective absenteeism notice may be given to employees by the posting up of a notification in the plant, in the manner in which general notifications to employees are usually made in that plant and by posting to the union whose members have participated in such concerted or collective absenteeism a copy of same not later than the day it is posted up in the plant.

A notice to an individual employee may be given by delivering same to him personally or by posting it to his last recorded address, in which case it shall be deemed to have reached him in due course of post.

In calculating the period of twelve months' continuous service any such absence as aforesaid shall not, except to the extent of not more than fourteen days in a twelve-monthly period in the case of sickness or accident, be taken into account in calculating the period of twelve months' continuous service.

*Calculation of Service.*

(e) Service before the date of operation of this Determination shall be taken into consideration for the purpose of calculating annual leave but an employee shall not be entitled to leave or payment in lieu thereof for any period in respect of which leave or a payment in lieu thereof has been allowed or made under the clause hereby revoked.

Where the employer is a successor or assignee or transferee of a business if an employee was in the employment of the employer's predecessor at the time when he became such successor or assignee or transferee the employee in respect of the period during which he was in the service of the predecessor shall for the purpose of this clause be deemed to be in the service of the employer.

*Calculation of Month.*

(f) For the purpose of this clause a month shall be reckoned as commencing with the beginning of the first day of the employment or period of employment in question and as ending at the beginning of the day which in the latest month in question has the same date number as that which the commencing day had in its month and if there be no such day in such subsequent month shall be reckoned as ending at the end of such subsequent month.

*Leave to be Taken.*

(g) The annual leave provided for by this clause shall be allowed and shall be taken and except as provided by sub-clauses (k) and (l) hereof payment shall not be made or accepted in lieu of annual leave.

*Time of Taking Leave.*

(h) Annual leave shall be given at a time fixed by the employer within a period not exceeding six months from the date when the right to annual leave accrued and after not less than two weeks' notice to the employee.

*Leave Allowed Before Due Date.*

(i) An employer may allow annual leave to an employee before the right thereto has accrued due but where leave is taken in such a case a further period of annual leave shall not commence to accrue until after the expiration of the twelve months in respect of which annual leave had been taken before it accrued.

Where leave has been granted to an employee pursuant to this sub-clause before the right thereto has accrued due and the employee subsequently leaves or is discharged from the service of the employer before completing the twelve months' continuous service in respect of which the leave was granted the employer may for each one complete month of the qualifying period of twelve months not served by the employee deduct from whatever remuneration is payable upon the termination of the employment one-twelfth of the amount of wage paid on account of the annual leave, which amount shall not include any sums paid for any of the holidays prescribed by clause 5 of this Determination.

*Payment for Period of Leave.*

(j) Each employee before going on leave shall be paid three weeks' wages, except a shift worker or an employee taking his leave pursuant to sub-clause (c) of this clause either of whom shall be paid the amount of wage he would have received in respect of the ordinary time which he would have worked had he not been on leave during the relevant periods. For the purposes of this sub-clause and sub-clause (k) hereof wages shall be at the rate prescribed by clause 2 of this Determination for the occupation in which the employee was ordinarily employed immediately prior to the commencement of his leave or the termination of his employment, as the case may be. Payment in the case of employees employed on piece or bonus work or any other system of payment by results shall be at time rates.

*Proportionate Leave on Dismissal.*

(k) If after one month's continuous service in any qualifying twelve-monthly period an employee lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, the employee shall be paid at his ordinary rate of wage for 10 hours in respect of each completed month of continuous service in respect of which leave has not been granted hereunder.

*Annual Close Down.*

(l) Where an employer closes down his plant, or a section or sections thereof, for the purposes of allowing annual leave to all or the bulk of the employees in the plant, or section or sections concerned, the following provisions shall apply:—

- (i) He may by giving not less than one month's notice of his intention so to do stand off for the duration of the close down all employees in the plant or section or sections concerned, and allow to those who are not then qualified for twenty-one consecutive days' leave, paid leave on a proportionate basis of one-quarter of a week's leave for each completed month of continuous service.
- (ii) An employee who has then qualified for twenty-one consecutive days' leave, and has also completed a further month or more of continuous service shall be allowed his leave, and shall subject to sub-clause (e) hereof also be paid one-quarter of a week's wages in respect of each completed month of continuous service performed since the close of his last twelve-monthly qualifying period.
- (iii) The next twelve-monthly qualifying period for each employee affected by such close down shall commence from the day on which the plant, or section or sections concerned is re-opened for work.

Provided that all time during which an employee is stood off without pay for the purposes of this sub-clause shall be deemed to be time of service in the next twelve-monthly qualifying period.

- (iv) If in the first year of his service with an employer an employee is allowed proportionate annual leave under paragraph (i) hereof, and subsequently within such year lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, he shall be entitled to the benefit of sub-clause (k) of this clause subject to adjustment for any proportionate leave which he may have been allowed as aforesaid.

*PIECWORKERS.*

(m) A pieceworker shall be entitled to the same annual leave and public holidays as a time-worker, and for such annual leave and public holidays he shall be paid at the same rate as a time-worker doing the same class of work.

*PROMOTIONS.*

7. (a) In shortening hands or making promotions the employer shall put efficiency foremost, and in the event of equal efficiency, shall prefer a senior man to a junior.

(b) "Efficiency" means special qualifications and aptitude including suitability in age for the discharge of the duties of the office to be filled, together with merit and good and diligent conduct.

*SENIORITY LISTS.*

8. Seniority lists shall be compiled by each employer showing the last date on which each employee entered the service of his employer. Each employer shall, if and when reasonably required, furnish a copy of the seniority list to the Secretary of the Union concerned.

*CONDITIONS OF ENGAGEMENT.*

9. (a) Except as otherwise hereinafter provided, all employees shall be engaged by the week the employment to be terminable only by a week's notice on either side, which notice may be given at any time during any week.

Where an employee has given or been given notice as aforesaid he shall continue in his employment until the date of the expiration of such notice. Any employee who having given or been given notice as aforesaid, without reasonable cause (proof of which shall lie on him) absents himself from work during such period, shall be deemed to have abandoned his employment and shall not be entitled to payment for work done by him within that period.

(b) Provided, however, subject to clauses 7 and 8 hereof, that notwithstanding any provision elsewhere herein contained any employer may deduct payment for any day the employee cannot usefully be employed because of any strike or any stoppage of work by any cause for which the employer cannot reasonably be held responsible.

(c) Provided that for misconduct or neglect of duty by an employee, his employment may be determined forthwith without notice, in which case he shall be entitled only to an amount for wages proportionate to the amount of work done before such termination, such amount for wages to be paid forthwith.

(d) From the commencement of an employee's service during a time not exceeding two weeks, the employer may engage him by the day, subject to payment of the rate of wage prescribed for other than weekly employees.

(e) Subject to any express limitation in the terms of his engagement and to his right to determine his employment by a week's notice, an employee to become entitled to the benefits of this Determination must do such kinds of work at such times as the employer may require him to do for the time being, but the employer shall in respect of such work observe any applicable provisions of this Determination as to special or extra rates.

(f) If an employee absents himself from duty or does not attend for duty, the employer, subject to the provisions for sick leave and accident leave hereinafter contained, may deduct from the employee's wages an amount proportionate to the length of the employee's absence or non-attendance.

*SICK LEAVE.*

10. (a) An employee on weekly hiring who has served his present employer for a period of three weeks or more and who is absent from his work on account of illness or on account of injury or accident shall be entitled to 80 hours' sick leave (two weeks) with pay which shall be cumulative in accordance with sub-clause (b) hereof.

(b) The sick leave prescribed in sub-clause (a) hereof shall accumulate from year to year so that any balance of the period therein specified which has in any year not been allowed to an employee by an employer as paid sick leave may be claimed by the employee, and subject to the conditions prescribed shall be allowed by the employer in a subsequent year without diminution of the sick leave prescribed in respect to that year. Provided that sick leave which accumulates pursuant to this sub-clause shall be available to the employee for a period of three years, but for no longer from the end of the year in which it accrues.

(c) A pieceworker shall be entitled to the same sick leave as a time-worker, and for such sick leave he shall be paid at the same rate as a time-worker doing the same class of work.

(d) The payment for sick leave is subject to the employee or his representative notifying the employer promptly in the case of a single day, absence and the production of evidence satisfactory to the employer in the case of a longer absence.
