19. *Motions to be Moved in Order.*—Except by leave of the Commissioners motions shall be moved in the order in which they have been received and recorded by the Trust Secretary in the notice of motion book, and if not so moved or postponed shall be struck out.

20. *Motions Not to be Proceeded with in the Absence of the Mover.*—No motion entered in the notice of motion book shall be proceeded with in the absence of the Commissioner who gave the notice of the same, unless by some other Commissioner producing written authority from him to that effect.

21. No motion for an address or petition shall be entertained unless the mover shall, at some previous meeting, have submitted a draft of the same.

22. *Mover of Motion or Amendment Not to be Interrupted.*—Any Commissioner desirous of making a motion or amendment, or taking part in discussion thereon, shall rise and address the Chairman, and shall not be interrupted unless called to order, when he shall sit down until the Commissioner calling to order shall have been heard thereon, and the question or order disposed of, when the Commissioner in possession of the chair may proceed with the subject.

23. *Nature of Motion to be Stated.*—Any Commissioner desirous of proposing an original motion or amendment must state the nature of the same before he addresses the Commissioners thereon.

24. *Leave to be Obtained Before Motion Withdrawn.*—No motion or amendment shall be withdrawn without the leave of the Commissioners.

25. *Motions to be Seconded Prior to Discussion.*—No motion or amendment shall be discussed or put to the vote of the Commissioners unless it be seconded; but a Commissioner may, however, require the enforcement of any standing order of the Commissioners by directing the Chairman's attention to the infraction thereof.

26. *Mover and Not the Seconder Held to Have Spoken.*—A Commissioner moving a motion shall be held to have spoken thereon, but a Commissioner merely seconding shall not be held to have spoken upon it.

27. *Motion to be in Writing.*—At every meeting of the Commissioners, all motions, whether original motions or amendments, shall be reduced to writing signed by the mover, and be delivered to the Chairman immediately on their being moved and seconded.

28. *Amendments.*—No second or subsequent amendment, whether upon an original proposition or on an amendment, shall be taken into consideration until the previous amendment is disposed of.

29. *Amendments to Become the Question.*—If an amendment be carried, the amendment shall become itself the question, whereupon any further amendment upon any portion of the question may be moved.

30. *Second Amendment May be Moved.*—If an amendment be negative, then a second may be moved to the question, to which the first-mentioned amendment was moved, but only one amendment shall be submitted to the Commissioners for discussion at a time.

31. *Right of Mover to Reply.*—The mover of every original proposition, but not of any amendment, shall have a right to reply, immediately after which the question shall be put from the Chair, but no Commissioner shall be allowed to speak more than once on the same question unless permission be given to explain or the attention of the Chair be called to a point of order.

32. *Adjournment Motion.*—No discussion shall be allowed on any motion for adjournment of the Commissioners, but if, on the question being put, the motion be negatived, the subject then under consideration, or the next on the notice paper shall be discussed, or any other that may be allowed precedence before any subsequent motion of adjournment be made.

33. *Protest, Commissioners May.*—Any Commissioner may protest against any resolution of the Commissioners, and notice of intention to protest shall, in every case, be given forthwith on the adoption of the resolution protested against, and the protest shall specify the reason for protesting, and shall be entered three days at least before the next ordinary meeting of the Commissioners by the protesting Commissioner in a book to be kept for that purpose in the Trust Secretary's Office, and signed by such Commissioner, and shall also be entered in the minutes of the meeting at which notice of the intention to protest shall have been given previously to the confirmation thereof; but such protest may be expunged from the minutes if declared by a majority of the Commissioners to be not in accordance with truth or in its terms disrespectful to the Commissioners.

34. *Lapsed Questions.*—If a debate on any motion moved and seconded be interrupted by the number of Commissioners present becoming insufficient for the transaction of business, such debate may be resumed at the point where it was so interrupted on motion upon notice.

35. *Order of the Day to be Restored.*—If a debate on any order of the day be interrupted by such insufficiency of numbers as aforesaid happening, such order may be restored to the notice book for a future day on motion upon notice, and then such debate shall be resumed at the point where it was so interrupted.

36. *Voting.*—Whenever a division shall be demanded by any Commissioner, the Commissioners voting in the affirmative shall first hold up their hands, and all those voting in the negative shall then hold up their hands, and the result be declared by the Chairman. The Chairman shall have a deliberate vote, and in case of an equal division he shall have a casting vote, and every Commissioner present shall vote except he be disabled by law from doing so.

37. *Questions to be Put.*—The Chairman shall, in taking the sense of the Commissioners, put the question first in the affirmative, then in the negative, and the result thereof shall be recorded in the minutes.

38. *Contents of Petitions.*—It shall be incumbent on every Commissioner presenting a petition to acquaint himself with the contents thereof, and to ascertain that it does not contain language disrespectful to the Commissioners, and that the contents do not violate any By-law or any provision thereof.

39. *Name at Beginning of Petition.*—Every Commissioner presenting a petition to the Commissioners shall write his name at the beginning thereof.

40. *Petition to be in Writing.*—Every petition shall be in writing and not printed or lithographed, and shall contain the prayer of the petitioner at the end thereof, and be signed by at least one person on every sheet on which it is written.

41. *How Signed.*—Every petition shall be signed by the persons whose names are appended thereto by their names or marks and by no one else except in cases of incapacity by sickness.

42. *No Letters, &c., to be Attached.*—No letters, affidavits, or other documents shall be attached to any petition.

43. *Presentation of Petitions.*—Every Commissioner presenting a petition to the Commissioners shall confine himself to a statement of the persons from whom it comes, of the number of signatures attached to it, of the material allegations contained in it, and to the reading of the prayer thereof.

44. *Deputations.*—Deputations from the ratepayers wishing to be heard before the Commissioners in support of any petition, or otherwise, must send in an application in writing, to the Trust Secretary, at least three clear days before the meeting of the Commissioners at which such petition is intended to be presented.

45. *Cheques to be Signed.*—All cheques shall be signed by two Commissioners, countersigned by the Secretary.

46. *Appointment to Permanent Office.*—No appointment to any permanent office at the disposal of the Commissioners shall take place until seven clear days' public notices shall have been given by advertisement in one or more newspapers circulating in the District of the Trust, inviting applications from qualified candidates for same.

47. *Salaries to be Fixed.*—The salary or allowance attached to all offices and places at the disposal of the Commissioners shall, in all cases, be fixed before they proceed to appoint any person to fill the same.

48. *Commissioners, &c., Not to be Surety.*—No Commissioner or officer of the Commissioners, and no assessor or auditor, shall be received as a surety for any officer appointed by the Commissioners, or for any work to be done for the Commissioners.

49. *Contracts.*—In all cases of security being given for the faithful performance of any contract, the expenses of preparing such security shall be borne by the person providing the same.

50. *Plans, &c.*—All the plans and specifications for any public work shall be laid before the Commissioners at least six days prior to the same being considered and ordered upon, and be open for inspection by any Commissioner during that time, except in cases of emergency.

51. *Secretary to Expend Moneys.*—It shall be lawful for the Secretary from time to time, on the written order of the Chairman, to disburse such moneys as shall have been appropriated by the Commissioners for the purposes of this clause, and as shall be required for any necessary occasion, not exceeding in the whole in an interval between two ordinary meetings of the Commissioners the sum of Ten pounds.

52. *Addresses to the Governor, &c.*—All addresses to the Governor shall be presented by the Chairman and Trust Secretary, unless otherwise ordered by the Commissioners.

53. *Suspension of Regulations.*—Any one or more of the rules and provisions herein contained may be suspended for a special purpose on motion upon notice being given, and shall not otherwise be suspended except by a unanimous vote of the Commissioners.

Printed forms of tender and the conditions of contract may, in all cases, be obtained from the Secretary to the Tender Board, Macarthur-street, Melbourne, by whom also any information or explanation will be afforded to persons tendering.

Security will be required either in Commonwealth Treasury bonds, or approved bank guarantee, fixed deposit receipt, Savings Bank deposit book, or non-negotiable cheque in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and the contract signed within ten days of acceptance of the tender, failing which the service may be again advertised, or another tender accepted.

Preference will be given by the Tender Board to tenders for articles manufactured within the Commonwealth, provided the quality of such articles is satisfactory and the prices tendered are considered reasonable.

The lowest or any tender will not necessarily be accepted. In the event of tenderers withdrawing or attempting to withdraw their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that, if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual and that, for a breach of this condition, the tender will be declared informal.

Tenders, enclosed in a separate envelope, and having the words "Tender for at" (as the case may be) written thereon, must be deposited in the Tender-box at the Tender Board Office, Macarthur-street, Melbourne, or if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Macarthur-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best conditions, and in conformity with the Health Acts, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. As the exact quantity of any article which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the Schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

The Government reserves the right to purchase otherwise than from the contractor any of the articles specified in the Schedule in the event of emergency due to the war.

3. Supplies for country districts for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

4. The Melbourne District will include places within a radius of 10 miles from the Elizabeth-street Post Office, with the exception of places for which separate contracts are provided; the Mont Park District will include the Mental Hospitals, Janefield Colony, the Sanatorium, Gresswell, and Pleasant View, Preston; the Ararat, Ballarat, Beechworth, Bendigo, Castlemaine, Geelong and Sunbury Districts will include Mental Hospitals, Penal Institutions and Teachers' Hostels at any of those places. Delivery must be made at the places, institutions, &c., named in the Schedules, or as directed by the officer ordering the supply.

5. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the rate tendered, except butter boxes and soap boxes (not including fancy soaps), jam jars, flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for; the empties to be removed from the place of delivery at the contractor's expense.

6. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board to such mulct, not exceeding Fifty pounds, as the treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

7. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of the Department concerned or any officer authorized by him, and shall be delivered as may be directed by the officer ordering the supply.

8. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, who shall render his account as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. The rates or quantities quoted in the orders cannot be exceeded.

9. Where railway facilities are available, the contractor shall use the Railways for the transport of the goods. When a contractor is required to make delivery of goods at a railway station for transmission by rail, except for Commonwealth Departments, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in the triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be forwarded to the consignees and the quintuplicate retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which services the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 18 of these conditions.

10. Orders must receive prompt execution; in the event of the goods not being delivered at the time mentioned in the order or within such other time as the officer ordering the supply may specify for delivery, it will be competent for such officer, or the head of the Department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions.

12. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

13. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the Treasurer of the State for the time being; and the decision of the Board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

14. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations or stores are due or by the contractor in waiting for a Board to survey, the head of the Department or officer authorized to take delivery will have power to reject such article or articles as are, obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it, or any like supply suitable for the Service, will be obtained by the officer requiring it as in clause 10. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

15. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which it, or any like supply suitable for the Service, will be procured by the officer requiring it, and the expense charged as in clause 10.

16. In the case of supplies for Mental Hospitals, it will be competent for a Board of Survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will

have a right of appeal to the Treasurer of the State for the time being, such appeal to be made in writing within 24 hours of the rejection; but, pending such appeal, he must at once supply others of approved quality; failing which, the supplies required, or any like supplies suitable for the Service, may be obtained by the officer concerned, and the expense charged as in clause 10.

17. In the case of supplies for Mental Hospitals, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a Board of Survey will not be deemed to be necessary.

18. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. *If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.*

20. It will be competent for the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

21. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

22. Notwithstanding anything contained to the contrary in section 152 of the Customs Act 1901-36, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice in writing from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last known place of business or abode.

23. Under no circumstances other than those mentioned in clause 22 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

24. For the purposes of these contracts the word "Government" shall mean the Government of the State of Victoria; and the word "Treasurer" shall mean the Treasurer of the said State.

H. E. BOLTE,

Treasurer.

SHIRE OF MARONG.

TAKE notice that the Council of the Shire of Marong intends to make application to the Governor in Council for a licence to close unused road between C.A.'s 3B2, sections 16 and 5A, 5B, section 17, in the Parish of Yarrarherb, for a period of ten years from date of granting such licence. The present licensee of the closed road is L. Nankivell. It is intended to insert special provisions in the licence requiring the erection of unlocked swing gate and a cattle ramp at the northern end of the road to be closed.

The reason for closing the road is that it has been a closed road for over 50 years, and by taking action to have it closed for a period of ten years under section 553 of the *Local Government Act 1946*, a cattle pit can be placed thereon, thus providing ready and easy access to the few people who may desire to use same.
