For all time worked, excluding Sundays, outside the hours or in excess of the number of hours fixed in clause 3 (a) : Time and a half for the first two hours on any day, and double time thereafter.

(b) Shift workers—

For all time worked outside the hours fixed for shifts in clause 3 (b) Time and a half.

The overtime rate for shift workers shall not apply to arrangements between employees themselves or in cases due to rotation of shifts or when the relief does not come on duty at the proper time. Provided that where not less than eight hours' notice has been given to the employer by the employee that he will be absent from work, and the employee whom he should relieve is not relieved, such unrelieved employee shall be paid time and a half for all time of duty after he has finished his ordinary shift.

FARE ALLOWANCE.

5. The following additional rate shall be paid to any person employed under this Determination:—1s. per day or portion of a day unless transport is provided by the employer.

Employees of Sewerage Authorities other than the Melbourne and Metropolitan Board of Works are exempted from the provisions of this clause unless they reside more than half a mile from Sewage Treatment Works.

BICYCLE ALLOWANCE.

7. If any employee on shift work, or any other daily, weekly, or nightly work, is not informed before he leaves the job at the end of his shift or day that he is not required to work on the next shift, or day, or night, and such employee attends on the next shift, or on the next day or night, and he is not put to any other work, he shall be paid for four hours for that shift, day or night not worked.

Provided that this clause shall not apply in the case of an employee for whom other suitable work is provided.

EMPLOYEE PRESENTING HIMSELF FOR WORK.

8. Any employee who presents himself for work, and who is not permitted by the employer to commence work on that day on account of wet weather or any other reasons over which the employee has no control, shall be paid:—

(a) A full day's pay if such employee holds himself in readiness for the whole working day or if he leaves with the consent of the employer before the end of the working day.

(b) The actual time for which such employee holds himself in readiness if he leaves without the consent of the employer before the end of the working day.

EMPLOYEE RECALLED TO WORK.

9. An employee recalled to work after the expiration of his customary working time for the day, and after he has left work for the day or called out to work on a Saturday shall be paid for a minimum of 3 hours' work at one and a half times the ordinary prescribed rate for each time he is so recalled.

Provided that the employee, if required to work for two hours or more, shall be paid for a minimum of 3 hours' work calculated at one and a half times the ordinary prescribed rate for two hours and at double the ordinary prescribed rate for one hour.

WET PLACES.

10. (a) If an employee is required to walk in sewage effluent or to work in a wet place or to work in heavy rain, he shall be provided with gumboots or oilskins, or both, so as to protect him from getting wet.

(b) If he is not so provided so as to protect him from getting wet, he shall be paid therefor 3s. extra for the day, whatever amount of work may be done by him thereon.

(c) For the purposes of this clause, a place shall be deemed to be wet when water other than rain is continually dropping from overhead so as to saturate the clothing of the employee, if unprotected, and/or when the water in the place where the employee is standing is over two inches deep, and rain shall be deemed to be heavy when, if the employee works therein as required, his clothes shall become saturated.

SICK LEAVE.

(a) Employees of Melbourne and Metropolitan Board of Works.

11. (i) An employee employed by the week who is absent from work on account of personal illness or on account of injury by accident for which he is not entitled to workers' compensation shall, on production within 24 hours of evidence of his illness or injury satisfactory to the employer be entitled to leave of absence on the prescribed rate of pay for a period of one week of working time in any one year.

(ii) Such sick leave shall accumulate from year to year so that any balance of the period specified in sub-clause (i) of this clause which has in any year not been allowed to an employee by the Board as paid sick leave may be claimed by the employee and subject to the conditions hereinbefore prescribed shall be allowed by the Board in any subsequent year without diminution of the sick leave prescribed in respect of that year.

(b) Other Employees.

(i) This clause shall apply only to continuing employees and shall apply from the first day of October, 1946, inclusive. For the purposes of this clause, an employee shall be deemed to be a continuing employee when he is engaged by the week and his engagement shall have continued for a continuous period exceeding one month. And a person shall be deemed to be continuing in the employer's employ (though not actively) during any period that he is absent from work on leave granted in consequence of personal injury or illness if he submits a certificate or certificates from a medical practitioner covering the period of absence, or other proof satisfactory to the employer, and during any period that he is absent on other leave granted by an authorized officer.

(ii) (a) Each continuing employee shall be entitled to be credited with the number of sick leave days set out in sub-clause (iii) (a) hereof, and shall be debited with such payments as he receives under sub-clause (iv) (a) hereof; provided however that at no time he shall be entitled to have, or have, a balance of more than 30 days to his credit, and provided further that on an employee ceasing to be in the employer's employ whether voluntarily or involuntarily the number of days (if any) standing to his credit and which have therefore not been required, shall be cancelled without any payment being made in respect of any such days, but if his employment is terminated by the employer other than for misconduct or absence from work without reasonable excuse, and he is subsequently within a period of twelve months re-employed and deemed to be a continuing employee, the number of days which were to his credit before cancellation on the termination of his former period of employment, shall after his re-engagement has continued for one month again be placed to his credit.

(b) "Day" for the purpose of sick leave credits shall where 40 hours are fixed herein as the number of hours for a week's work, be deemed to be eight hours; and shall where a number less than 40 hours is regularly worked by an employee, be deemed to be 3/10 of such number.

(iii) (a) Each continuing employee in the employer's employ on the 1st day of October, 1946, shall be entitled on such date to be credited with six days' sick leave in respect of the year which commenced on that date.

(b) Each continuing employee in the employer's employ on each subsequent 1st day of October, shall be entitled on such date to be credited with six days in respect of the year commencing on such date; provided however, that any employee absent on such 1st day of October or from a date prior to such 1st day of October and still absent on such 1st day of October, shall not be entitled to be credited with such six days unless, and until the day he returns to work whereupon he shall be so credited.

Each employee who may become a continuing employee on or after the 1st day of October, 1946, shall as from the date that he is deemed a continuing employee be entitled to be credited with six days' sick leave in respect of the year ending twelve months after the date of his being deemed a continuing employee, unless having been previously employed in that year he has already been credited with six days for that year.

(iv) (a) Subject to the provisos contained in paragraphs (b), (c), (d), (e), (f), and (g) of this sub-clause, a continuing employee absent from his work through personal accident or sickness not attributable in either case to the employee's misconduct shall in respect of each such period of absence be entitled to and be paid sick leave pay as hereinafter set out for the time absent on each day, but not exceeding the number of hours which, apart from overtime i.e., excess work, it would have been usual for him to work on each day that he is so absent: that is to say:—

In respect of time absent not exceeding the number of days to his credit under sub-clauses (ii) and (iii) hereof, which time would have been worked by him for his absence (day meaning the 24 hours ending at midnight); sick leave pay at a rate equal to the sum of the ordinary rate of wage and any usual additional rate of whatever nature which would have been payable to him had he been at work, but excluding any hourly rate, until the number of hours to his credit under sub-clauses (ii) and (iii) hereof shall have become reduced to none. The ordinary rate means the rate defined herein as ordinary rate. Where Sunday, payable at double rate is included as a sick leave day, every hour thereof paid for as sick leave shall be counted as a debit of two hours. Sick leave pay shall be in respect of that occupation which, in a fixed roster of work, would have been the employee's occupation had he not been so absent. And where there is no fixed roster of work, sick leave pay shall be in respect of the occupation which the employee was performing immediately prior to the commencement of the absence, unless in the opinion of the Engineer such occupation would not have continued to be the employee's occupation had the employee not become so absent, and in such case sick leave pay shall be in respect of such occupation as such Engineer shall name.

Any public holiday or holidays as defined herein occurring during the first month of any absence shall not, if the employee is entitled to such holiday with pay, be included as days of absence for the purpose of sick leave pay.

And if the number of hours to his credit shall have become reduced to none on or before the 30th day of September next following the commencement of such absence, and such absence shall continue beyond such date, he shall on the day he returns to work be credited with six days as provided by paragraph (b) of sub-clause (iii) hereof, but such credit shall not be available as sick pay in respect of the absence then just ended.

(b) That on the first day of the absence the Engineer or foreman or overseer is notified of the cause of the absence.

(c) That the employee within three days produces a certificate from a medical practitioner or some other medical practitioner nominated by the employer if the employer shall so require within such further period as the employer shall allow (whose certificate shall be final and conclusive) describing the nature of the illness or disability and certifying the period of absence necessary, or produces other proof satisfactory to the Engineer or other authorizing officer that his absence and continued absence was reasonably necessary through personal accident or sickness. And when the absence continues beyond the end of any period so proved, that he furnishes evidence that a continuation of the absence is necessary for a further specified period.

(d) That no sick leave pay shall be payable in respect of any absence for which an employee will be entitled to receive or receives compensation under the Workers' Compensation Act.

(e) That no sick leave pay shall be payable to an employee beyond a date on which his contract of employment shall terminate by reason of his death, or his having reached the compulsory retiring age, or notice—express or implied—operating to terminate his contract of employment or by or from other causes.
