8. *Lump Sum in Lieu of Pensions.*—(a) Any pilot on becoming entitled to a pension under these Regulations may, if he thinks fit, elect to receive payment thereof in the form of a lump sum instead of as a pension, whereupon he shall be paid a sum calculated at the rate of £178 19s. 4d. for the first completed year of service, £181 14s. 4d. for the second completed year of service, and so on, such rate increasing by £2 15s. for each additional completed year of service thereafter, up to and including thirty-five years' service.

9. *Dependant's Benefits.*—(a) *Widows' Benefits.*—Subject to the proviso that the pension payable to the widow of a pilot shall in no case exceed £165 4s. per annum unless she shall have been married to him for ten years or upwards at the time of his death or superannuation, whichever may first have happened, nor more than £220 5s. 6d. per annum unless she shall have been married to him fifteen years or upwards at the time of his death or superannuation, whichever may first have happened.

(b) *Children's Benefits*.—On the decease of a pilot who, at the time of his death, was operating as such under a Pilot Licence issued by the Marine Board of Victoria or subsequent to his being placed on the superannuation list, leaving a widow or child or children him surviving, a capitation allowance of £137 13s. 2d. per annum for each child shall be made until the child attains the age of sixteen (16) years. On the death of a pilot's widow leaving any child or children of the pilot under the age of eighteen (18) years, the capitation allowance, if there is but one child, shall be increased to £165 4s. per annum, and shall continue to be paid until such child attains the age of eighteen (18) years. If, however, the said widow leaves more than one (1) child under the age of eighteen (18) years her surviving, the pension payable to the widow shall be divided into as many equal parts as there are children under the age of eighteen (18) years, and each part shall be added to the capitation allowance of each child payable as aforesaid, and shall likewise continue to be payable until each such child attains the age of eighteen (18) years, but without the benefit of survivorship between the children, and provided that no child shall in any case receive a larger allowance (including the said capitation allowance) than £165 4s. per annum.

3. No person shall moor a boat within the Reserve except in places set apart by the Committee for the mooring of boats.

4. The Committee may fix such fees as it thinks fit as the fees for the mooring of boats in any place set apart within the Reserve for the mooring of boats.

5. Every person bringing a boat into the Reserve shall obey the reasonable direction of the Committee or its authorized representative in relation to the use of the Reserve by means of a boat or the mooring of such boats within the Reserve.

15. Any person who desires to renew a licence issued under the provisions of these Regulations shall apply in writing to the town clerk on or before the fifteenth day of September of the current year. In the event of the owner failing to make application for renewal within the time mentioned any licence or licences held by him will lapse on the thirtieth day of September and the site or sites become available for re-allocation. If the Committee

decides to grant any application for renewal made under this clause the town clerk shall issue a new licence or licences for the ensuing year.

16. Every holder of a licence of a site for the erection or maintenance of a jetty shall cause to be painted, engraved or printed on such jetty the number of its licence. 17. The owner of every boat licensed to moor within the Reserve shall cause to be painted, engraved or printed on the port and starboard side of the bow of the boat the number of the site allotted in respect thereof. The number shall be of legible figures not less than one and one half inches in length and of a proportionate width.

18. The inspector may from time to time examine all licensed jetties and boats to ascertain that the provisions of these Regulations are duly observed. No licensee or agent or servant of any licensee shall obstruct the inspector in his examination or refuse or neglect to comply with any lawful order or direction given by him in conformity with the provisions of these Regulations.

19. An owner shall not assign underlet or part with the possession of any licence granted to him in pursuance of these Regulations without first paying the licence transfer fee prescribed in the Sixth Schedule hereof and obtaining the written consent of the Committee.

21. If a licensee fails to obtain a renewal of any licence of a site under these Regulations or if any renewal of such licence be refused or if such licence be cancelled for any reason the licensee shall forthwith remove the jetty erected on the site and shall as far as may be possible restore the site to its original condition. If the licensee fails to remove the jetty within twenty-eight (28) days of being directed so to do the Committee may at its discretion sell the jetty or may demolish such jetty and sell the materials which comprise the jetty. All expenses of sale and/or removal incurred by the Committee shall be deducted from the proceeds of the sale and any balance of such proceeds shall be paid to the licensee.

22. No boat shall be navigated within the Reserve at a speed that is likely to cause damage to any boat moored in the Reserve or at a speed greater than three miles per hour.

23. Every person in charge of a boat shall, when practicable, observe the following rules:—

(c) Every boat turning around or crossing from one side of the creek towards the other shall be kept out of the way of boats proceeding up or down the creek and shall not be turned round or crossed from one side of the creek to the other immediately in front of any approaching boat.

24. Each boat being navigated on the creek between sunset and sunrise shall have lights exhibited according to its description as follows:—

(a) A boat propelled by any mechanical power shall carry a lantern with a green glass on one side and a red glass on the other, exhibited in such a position that on approaching or being approached by other vessels the green shall not be seen on the port or left side nor the red light on the starboard or right side.

(b) A boat propelled by oars or sails shall carry a lantern showing a white light exhibited in such a position that it can be clearly seen by boats approaching or passing.
