PRESENT:

His Excellency the Governor of Victoria.
Mr. Turnbull | Mr. Thompson.

Now therefore His Excellency the Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, doth by this Order direct that a Royal Commission shall forthwith issue constituting and appointing—

THE HONORABLE FRED RUSSELL BEAUCHAMP MARTIN to be a Commissioner to inquire into, report upon, and make recommendations concerning off-the-course betting with particular reference to—

1. (a) What social evil or evils are associated with illegal off-the-course betting as now conducted in Victoria?
(b) What is the financial extent of such betting annually?

(c) what net amount of revenue would be likely to accrue to the State annually if such betting was subjected to the State revenue laws now applicable to betting on licensed racecourses?

(d) What measures, legislative or otherwise, are now provided to suppress such betting, to what extent are they effective, and what action, if any, can be taken to make any and which of such measures more effective?

2. If off-the-course betting were made lawful in Victoria—

(a) Would any and which of the evils associated with unlawful off-the-course betting be likely to be mitigated to any and what extent?

(b) Would any and what new social evils not now existing in connexion with unlawful off-the-course betting be likely to be created? If so, would such evils be—

- (i) more; or
(ii) less—

detrimental to the general public interest than those now existing?

(c) What additional net annual revenue would be likely to accrue to the State if such betting was subjected to the State revenue laws now applicable to betting on licensed racecourses?

3. What method or methods of off-the-course betting could be adopted to institute a lawful system of such betting in Victoria, what are the advantages and disadvantages of each of such methods, and which method is best suited for adoption in Victoria?

4. (a) What advantage or advantages would be likely to accrue to the general public interest from making off-the-course betting lawful in Victoria?

(b) What disadvantage or disadvantages would be likely to be suffered by the general public interest from making off-the-course betting lawful in Victoria?
