14. Whether the obligation to insure should attach to any and what extent to the driver of the motor car in lieu of or in addition to the owner thereof and, if so, how could this best be achieved?
15. Should the existing system of nomination of insurers under the said Part V. be retained?
- If nay—

The lessee shall contribute to the cost incurred by the local municipality for the construction of any roadway, footpath, and channel on any road abutting on the leased land, or in the drainage of such land, in the same way as if liable under the *Local Government Act 1958*.

It will be the lessee's obligation to ensure compliance with the building covenant notwithstanding any restrictions on capital issues.

No buildings or other structures shall be erected at a level lower than that required for proper and effective drainage of the leased land.

If the purchaser covenants to erect improvements substantially in excess of the minimum required, the term of the lease may be fixed by the Board for a longer term, to be determined by it within the provisions of the *Land Acts*.
