## EUROA WATERWORKS TRUST.

### BY-LAW NO. 2.

THE Euroa Waterworks Trust, in pursuance and exercise of the powers and authorities conferred by the Water Acts, doth hereby make the By-law following for its Waterworks District:—

### PART I.—INTERPRETATION.

#### Definitions.

1. In this By-law, unless inconsistent with the context or subject-matter—

"The Act" means the Water Acts.

"Fittings" includes all appliances and things whatsoever, other than pipes, used in connexion with the conveying, supplying, storing, or regulation of the flow of water in or derived from a main pipe.

"Main pipe" means any pipe belonging to or under the control of the Trust and used for the conveying or supplying of water.

"Person" includes a corporation or company.

"Private service" means and includes all pipes and fittings used in connexion with the supply of water from a main pipe to a tenement and/or in connexion with the use or consumption of such water in or on such tenement.

"Proper Officer" means any employee of the Trust authorized to execute any function on behalf of the Trust.

"Service pipe" means any pipe (not being a main pipe) used for the conveying or supplying of water derived from a main pipe.

"Trust" means the Euroa Waterworks Trust.

"Works" means works of or in connexion with the laying, constructing, altering, disconnecting, removing, repairing, renewing, or maintaining of a private service, or any part thereof.

All words used in this By-law which are also used in the Act shall have the meanings assigned to them by the Act.

No. 68.—5088/60.

### PART II.—LICENSING OF PLUMBERS.

#### *Unlicensed Persons Not to Interfere with Private Services.*

2. Before any person shall affix any service pipe to any main pipe of the Trust or alter, repair, or in any manner interfere with any pipe of the Trust or any service pipe, tap, or meter or other fitting connected with the main pipes of the Trust, he shall obtain from the Trust a licence in that behalf to execute such works, and no unlicensed person shall affix, alter, repair, or in any manner interfere with any such main pipe, service pipe, tap, meter, or other fittings as aforesaid.

#### *Period of Licences. Cancellation of Licences. Fees Payable.*

3. Each licence shall be for the period ending 31st December next ensuing after the issue thereof, but may be renewed by the Trust at its discretion from time to time in each case to the following 31st December. The Trust shall have power at any time to suspend or cancel a licence in the event of the holder thereof performing his work in an unsatisfactory manner or committing any breach of the Act or of this By-law, and in such matters the Trust shall be the sole judge. For each original licence the licensee shall pay to the Trust a fee of One pound, and for each renewal Five shillings.

#### *Proof of Fitness to be Given.*

4. Before any licence shall be granted by the Trust, the person applying for such licence shall satisfy the Trust by any tests required by the Trust or by virtue of his registration by the Plumbers and Gasfitters Board of Victoria that he is a competent plumber and that he is thoroughly conversant with the provisions of the By-laws of the Trust relating to water supply and with the Act so far as it applies to town supplies. The Trust may, if it so sees fit, refuse to grant such licence.

### PART III.—CONSTRUCTION AND ARRANGEMENT OF WORKS.

#### *Notice of Works to be Given.*

5. No person shall execute any works (except such works as are authorized by sections 191 and 194 of the Water Act 1928)—

(a) without having given to the Trust not less than two days prior to the commencement of the execution of such works—

(i) notice in writing of his intention so to do, specifying the tenement in, on or in respect of which it is proposed to execute such works and the time or

times (being between the hours of 8 a.m. and 5 p.m. on any week day except a public holiday or a Saturday) during which it is proposed to execute such works,

- (ii) a complete specification in writing of the works proposed to be done setting out the mode, form, strength, material, construction, dimensions, and arrangement of all pipes, fittings, and structures intended to be used in the execution of such works,
- (iii) in the case of every private service containing any service pipe of diameter larger than 2 inches a properly prepared plan drawn to a scale specified thereon of the premises in, on or in respect of which it is proposed to execute the said works, showing thereon all buildings, erections and structures on the said premises and the proposed arrangement of all pipes and other works which it is proposed to lay or construct therein or thereon. Every notice specification and plan shall be signed by the licensed plumber actually engaged to carry out the works referred to in the notice, or by a licensed plumber employing another licensed plumber to carry out the work under his supervision;
- (b) contrary to or not in conformity with this By-law or such notice, specification, and plan mentioned in sub-paragraphs (i), (ii) and (iii) of paragraph (a) of this clause.

#### Plumbers to Report.

6. Each licensed plumber shall report to the Proper Officer of the Trust the completion of any new work, extensions or repairs in connexion with any service within 24 hours of effecting same.

#### Carrying Out of Plumbing Work.

7. Every licensed plumber shall in carrying out any work of water supply—

- (a) execute the work in accordance with the provisions of the Act and of the By-laws of the Trust and any special directions or orders given or

issued thereunder by the Trust or by the Proper Officer of the Trust; and

- (b) execute the work in a thorough and expeditious manner to the satisfaction of an inspecting officer of the Trust; and
- (c) use materials of the description, quality, kind and standard prescribed by this By-law; and
- (d) employ only competent operatives and assistants; and
- (e) obtain permission, where necessary, for the execution of the work on, over or through any private property, or any street, road, park, reserve or other public place or property; and
- (f) pay all fees payable to the council of a municipality for the opening of any public road or street or otherwise in connexion with the works; and
- (g) restore upon completion of the work any part of any public road or street to the satisfaction of the municipal council or other authority having control thereof; and
- (h) except where authorized in writing by the owner or his agent to omit restoration, restore any other property interfered with by the work to the satisfaction of the Proper Officer of the Trust; and
- (i) take all proper and necessary precautions so that no accident, damage or unnecessary inconvenience may be directly or indirectly occasioned by the execution of the work; and
- (j) exercise at all times immediate supervision over the work.

8. (a) No service pipe (other than those installed for fire service purposes and sealed in accordance with the provisions of clause 34 of this By-law) which supplies water otherwise than by measure to any tenement shall have a bore exceeding  $\frac{3}{4}$  inch.

(b) No person shall connect or affix to the Trust's mains any service pipe (other than those installed for fire service purposes and sealed in accordance with the provisions of clause 34 of this By-law) which has a diameter exceeding the appropriate diameter listed in the Schedule hereunder written corresponding either to the net annual valuation of the property to be served, or to the anticipated annual consumption of water at the said property as demonstrated to the satisfaction of the Proper Officer of the Trust and certified to under his hand, whichever is the larger—

Net Annual Valuation of Property.	Annual Consumption of Water.	Maximum Diameter of Service Pipes Allowed (in Inches).
Not over £150 .. .. .	Not over 200,000 gallons .. .. .	$\frac{3}{4}$
Over £150 but not over £300 .. .. .	Over 200,000 gallons, but not over 500,000 gallons .. .. .	1
Over £300 but not over £500 .. .. .	Over 500,000 gallons, but not over 800,000 gallons .. .. .	$1\frac{1}{4}$
Over £500 but not over £1,000 .. .. .	Over 800,000 gallons, but not over 1,500,000 gallons .. .. .	$1\frac{1}{2}$
Over £1,000 but not over £2,000 .. .. .	Over 1,500,000 gallons, but not over 3,000,000 gallons .. .. .	2

#### Depth of Service Pipes.

9. No person shall lay, construct, repair or alter any private service unless every service pipe forming part thereof for such portion of its length as lies in or on private property is securely clipped to a structure or is laid and constructed in such manner that the same is at all points at a depth of not less than 12 inches below the surface of the ground. Every such service pipe for such portion of its length as lies in or on any road, street, lane or right-of-way or where it may be exposed to vehicular traffic shall be laid and constructed in such manner that the same is at all points at a depth of not less than 18 inches below the surface of the ground or at such greater depth as the council of the municipality having control of the said road, street, lane or right-of-way may require.

#### Access to Service Pipes.

10. No person shall—

- (a) lay, construct or alter any private service, or any part thereof,
- (b) erect or construct any building, erection or structure—

in such place, position or manner that any part of such private service is not easily accessible for the purposes of inspection, repair and renewal unless such part is comprised of copper piping and copper fittings.

#### Arrangement of Stop-tap, &c.

11. Every meter, stop-tap and stop-tap ferrule shall be opposite the tenement supplied and in one line at right-

angles to the main pipe to which such stop-tap ferrule is fixed, unless such an arrangement is impracticable, in which case such services shall be provided with two high-pressure screw-down stop-taps, one of which shall be fixed opposite the stop-tap ferrule on the main pipe and the other in accordance with the provisions of clause 18 of this By-law.

#### Cross Connexions.

12. No person shall permit or suffer any fluid, solid or gas, which in the opinion of the Proper Officer of the Trust is capable of polluting water supplied by the Trust, to have means of access to any pipe in communication directly or indirectly with any main pipe of the Trust.

Where any service pipe is connected to any cistern, tank or receptacle used for the storage of water or fluid, there shall be an effective air gap at the outlet of such service pipe, and the said outlet shall be not less than  $\frac{1}{2}$  inch above the highest possible water level in the said cistern, tank or receptacle.

#### Connexions to Steam Boilers.

13. Water supply connexions to steam boilers shall be made as follows:—

- (a) By direct connexion from a service pipe, in which case a screw-down high-pressure stop-tap with its spindle vertically upwards shall be fixed on the piping supplying water to a boiler; a vertically acting reflux valve shall be fixed between the stop-tap and the boiler and a  $\frac{1}{2}$ -in. testing ferrule or bib-tap shall be fixed between the reflux valve and the stop tap; or

- (b) by direct connexion from a service pipe, together with an injected supply from a storage tank or condensate sump in which case, in addition to the provisions of paragraph (a) hereof, the injected water to a boiler shall be taken through a separate opening in the wall of the boiler. In no circumstances shall a connexion be permitted between any service pipe and the piping from a storage tank or condensate sump.

Water connexions may be made through the tops or sides of steam boilers.

#### PART IV.—MATERIALS.

##### Specifications for Piping and Materials.

14. No person shall use any pipe or fittings in or in connexion with a private service, unless the same shall comply in all respects with the following specifications:—

- (a) The whole of the pipes and fittings shall be of the best quality galvanized wrought-iron, copper, brass, cast-iron, welded mild steel or asbestos cement, shall be sound and free from all defects and shall comply with the relevant specifications of the Standards Association of Australia where such specifications have been issued.
- (b) All pipes and pieces shall be true in sectional form, straight longitudinally, clear in bore and (in case of wrought-iron piping) properly galvanized throughout and shall be of equal strength and thickness throughout the entire body of the same.
- (c) Only pipes and fittings which have been tested in accordance with the requirements of the specifications of the Standards Association of Australia will be permitted to be used for services whether inside or outside the tenement.
- (d) All ends of galvanized wrought-iron and brass pipes, bends and fittings shall be properly and truly threaded and capable of being screwed into thimbles, tees or fittings.
- (e) All stop-taps and bib-taps shall be screw-down high-pressure taps made of hard brass or gun-metal.
- (f) No person shall use any pipe or fittings in or in connexion with a private service unless the same shall comply in all respects with the following specifications:—
  - (a) That part of any service pipe (including any bend, elbow or other fitting therefor) which extends in a thoroughfare from a water main to, and including the high pressure screw-down stop-tap required to be fixed, pursuant to clause 18 hereof, and all meter connexions shall be of the materials hereinafter set forth, that is to say:—
    - (i) Where the diameter of the service pipe is two inches (2") or less—copper or brass; and
    - (ii) Where the diameter of the service pipe is greater than two inches (2")—copper, brass, galvanized iron, cast iron, welded mild steel or asbestos cement.

#### PART V.—CONNEXIONS TO MAINS.

##### One Service Pipe to Each Tenement.

15. No person shall affix or connect or cause or permit to be affixed or connected to any main pipe more than one service pipe or private service for the supply of water for domestic purposes to any one tenement.

##### Connexion to Main Pipe.

16. No person shall affix or connect any service pipe to any main pipe save by means of a stop-tap ferrule to which a right-angle bend of copper alloy is properly and securely attached.

##### Size of Tappings Permitted.

17. (a) The maximum diameters ofappings that will be permitted for main pipes of the respective diameters

set out hereunder, and for cases where the tapping is made with or without a tapping saddle, are as follows:—

Maximum Diameter of Tapping in Inches.

Diameter of Main Pipe in Inches.	Without Tapping Saddle (Cast-iron Main Pipes Only).	With Tapping Saddle.
3	$\frac{1}{2}$	$1\frac{1}{2}$
4	$\frac{1}{2}$	$1\frac{1}{2}$
5	1	$1\frac{1}{2}$
6	1	2
7	1	2
8	$1\frac{1}{2}$	2
9	$1\frac{1}{2}$	2
Over 9	2	2

##### Tapping Fees.

(b) No person shall affix or connect or cause to be affixed or connected any service pipe to any main pipe without having first paid to the Trust a tapping fee of Twenty shillings (20s.).

##### Position of Stop-taps.

18. A high-pressure screw-down stop-tap properly secured shall be fixed on each water service in one of the following positions:—

- (a) Between the main pipe and the building line within 6 feet of the building line, and in this case the stop-tap shall be covered by a box which shall comply with the requirements of the municipality in which the service is laid.
- (b) where a meter is fixed, between the meter and the inlet bend thereto;
- (c) where a meter is not fixed, on the service pipe above the ground in an accessible position not more than 6 feet inside the building line.

#### PART VI.—REPAIR.

##### Repair of Service Pipes.

19. Any person using any private service shall at all times keep same in proper repair.

##### Trust Can Repair Service Pipe in Certain Circumstances.

20. If any person refuses, neglects or delays to have any private service, or any part thereof, used by him properly repaired after having been required in writing by the Proper Officer of the Trust so to do the Trust by its Proper Officers, servants or agents may enter into or upon any premises supplied by such private service, or any part thereof, and may where necessary repair or renew such private service, or any part thereof, so as to prevent the waste of water and may charge such person with the cost and expense of such repair or renewal, and such cost and expense shall be a debt due by such person to the Trust.

#### PART VII.—METERS.

##### Meters Supplied and Maintained.

21. (a) Except as permitted in clause 34 of this By-law, no person shall use any private service save for the supply of water solely for domestic purposes, exclusive of the watering of any garden, unless the whole of the water supplied to such private service passes through a meter.

(b) Such meters will be provided and maintained by the Trust, and every person before installing a private service shall ascertain from the Trust the size of meter to be installed and shall make provision in the arrangement and construction of the private service for connexion of such meter in accordance with the following requirements:—

- (i) The meter shall be located within the property and not more than 6 feet from the building line.
- (ii) The meter shall be in an easily accessible position protected from accidental damage.
- (iii) The meter shall be properly and securely affixed to such private service or service pipe by means of connexions or quarter bends of brass, copper or copper alloy.
- (iv) The meter shall be fixed truly level on a solid foundation of brick, stone or concrete, the top of which foundation is level with or above the surface of the ground.
- (v) All washers used for connexion couplings for meters shall be made of leather.

(c) Pending connexion of the said meter the person authorized to install the service pipe shall connect a distance piece in the service pipe in place of the meter.

*Restriction of Access to Meter.*

22. No person shall construct, place, stack or store or permit or suffer to be constructed, placed, stacked or stored any building, erection, material or thing over or upon any meter connected or affixed to any private service or shall do or permit or suffer to be done any act, matter or thing whereby inspection of such meter shall be prevented, obstructed or in any way rendered difficult or interfered with.

*Replacement and Testing of Meter.*

23. (a) The Trust may at any time replace or remove for testing any meter attached to any private service.

*Fees Returned in Certain Circumstances.*

(b) Any consumer may at any time request the Trust, in writing, to test any meter attached to his private service and through which water supplied to him passes and shall at the time of the delivery of such request pay to the Trust the sum of One pound. The Trust shall thereupon remove and test the meter or cause the same to be tested in such manner as it thinks fit. If such meter is found to be registering correctly the Trust may retain such sum of One pound in satisfaction of the fee for testing meter hereinbefore prescribed, but if such meter is found to be registering incorrectly such sum of One pound shall be returned to such consumer.

*Consumer Leaving Tenement to Notify Trust.*

24. Every person who shall cease to occupy the premises on which such meter is affixed shall give to the Trust, in writing, at least six days' notice of his intention to do so.

## PART VIII.—MISUSE AND WASTE.

*Supply Restricted to One Tenement Only.*

25. No person shall use or permit or suffer the use of any private service for the supply of water to more than one tenement.

*Cisterns, Tanks and Troughs.*

26. No person shall use or permit or suffer the use of any private service, or any part thereof, for the supply of water to any cistern, tank or water trough unless such cistern, tank or water trough is watertight and is provided with an equilibrium ball-valve or other mechanism efficiently regulating the flow of water therein in such manner that such water shall not overflow such cistern or tank. No person shall affix any overflow pipe to any cistern or tank in such manner or position that is not open to inspection. In this clause water trough means a water trough used for the supply of water to animals.

*Water Closets and Urinals.*

27. No person shall construct, lay or use any service pipe which communicates directly or indirectly with or supplies water to any urinal or water closet, or any part thereof, save through a cistern or tank.

*Baths.*

28. No person shall use or permit or suffer the use of any private service for the purpose of supplying water to any bath capable of containing more than 100 gallons of water.

*No Overflow Pipe on Baths.*

29. No person shall affix an overflow pipe to any bath.

*Wasting of Water.*

30. No person supplied with water by the Trust shall waste the same or permit or suffer the same to run to waste.

*Sale of Water.*

31. No person shall take or carry away or permit or suffer any other person to take or carry away any such water from any premises supplied with water by the Trust, and no person shall sell any water supplied by the Trust.

*Fire Brigades.*

32. No person other than a servant or agent of the Council of the municipality of Euroa or the Euroa Fire Brigade in the execution of his duty as such servant or agent shall without the written permission of the Trust open, close or otherwise interfere with any hydrant attached to any main pipe.

*Taps in Parks and Reserves.*

33. No person other than a servant or agent of the municipality, corporation, or body having the care and management of a public park, public garden or reserve for public purposes shall without the previous consent of the Trust open, close or otherwise interfere with any

tap, valve or other like regulator (except a drinking fountain or other tap provided for public use) in, on or connected with any service pipe used for the supply of water to such park, garden or reserve.

## PART IX.—PRIVATE FIRE SERVICES.

*Private Fire Services.*

34. (a) Private fire services comprising pipes and fittings not exceeding 6 inches in diameter and without meters may be permitted at the expense of the owner of the premises, subject to the payment of a fee of Fifteen shillings (15s.) per annum. Every such fire service shall be sealed. Except in case of fire no person shall without the authority of the Trust wilfully break the seal affixed to any private fire service, and in the event of any such seal having been broken accidentally or otherwise the occupier of the tenement shall within 24 hours thereafter give notice, in writing, of the fact at the office of the Trust, and except in the case of a fire he shall pay a resealing fee of Fifteen shillings (15s.). No water shall be taken from any sealed portion of a private service except for the extinction of fire.

(b) Except as expressly provided in sub-clause (a) of this clause, all portions of private services installed for fire service purposes shall comply with all provisions of this By-law.

(c) Every private fire service pipe shall be laid and fixed in a conspicuous position and shall be painted with a distinguishing coating of bright-red paint, which shall be maintained at all times.

(d) Any application for a fire service shall be made by the owner of the premises and in writing to the Trust.

(e) In the event of the owner or occupier committing any offence under the Act or any breach of this By-law or permitting or suffering any such offence or breach to be committed the Trust may by notice in writing to the owner withdraw permission for the private fire service, and such service shall thereupon be disconnected.

## PART X.—INSPECTIONS.

*Inspections.*

35. Any person authorized by the Trust in that behalf, either generally or for any class of cases or in any particular case, may at all reasonable times—

(a) enter into or upon any premises for the purpose of inspecting and may inspect any private service, or any part thereof, or any works in course of execution therein or thereon, and/or

(b) enter into or upon any premises for the purpose of superintending the execution of any works in course of execution therein or thereon and may give to the owner or occupier of such premises or any person engaged in executing any such works any directions or instructions necessary for the purpose of ensuring that all relevant provisions of this By-law shall be duly complied with and observed during and in connexion with the execution of such works,

(c) for any such purpose as aforesaid may dig or excavate in or upon any such premises.

*Hindering of Inspections.*

36. No person shall obstruct, hinder, impede, resist, oppose or refuse admission to any premises by the Proper Officer or any person duly authorized in that behalf by the Trust, or shall fail or neglect to carry out and observe all lawful directions and instructions given by him.

## PART XI.—PENALTIES.

*Penalties.*

37. Any person who commits any breach of any of the provisions of this By-law shall be liable to a penalty of not more than Five pounds (£5), and in the case of a continuing offence to a further penalty not exceeding Five pounds (£5) for every day after notice of the offence from the Trust.

Passed this 5th day of April, 1960.

(SEAL) T. G. SULLIVAN, Chairman.  
A. WINBURN, Commissioner.  
A. BURKE, Secretary.

Approved by the Governor in Council,  
7th June, 1960.

A. MAHLSTEDT,  
Clerk of the Executive Council.

CONTRACTS ACCEPTED.

(SERIES 1960-61.)

## SUPPLY OF GENERAL STORES FOR THE PUBLIC SERVICE FOR STATE DEPARTMENTS

FROM

1st JULY, 1960, TO 30th JUNE, 1961,

OR AS STATED.

Conditions of Contract are shown herein for the guidance of Officers ordering and receiving supplies.

Articles included in these Contracts which are indicated as being of Commonwealth Manufacture must, where practicable, be supplied bearing evidence that they have been manufactured in the Commonwealth.

Under these Contracts goods may be ordered by any Department of the Commonwealth, but it is optional on the part of the Contractor to supply.

Stores and Material other than that provided for under these Contracts, or Contracts now current extending beyond the 30th June, 1960, or any Contracts which may subsequently be gazetted, must be obtained in accordance with the provisions of Clause 69 of the Public Service (Governor in Council) Regulations, or under Agreements entered into from time to time by the Tender Board.

Articles which can be supplied by the Penal Department are not included in these Contracts.

W. H. RUTHERFORD,  
Secretary to the Tender Board.

**CONTRACTS ACCEPTED—(Series 1960-61).**

GENERAL STORES, 1ST JULY, 1960, TO 30TH JUNE, 1961,

OR AS STATED.

(For particulars of Contracts accepted during the currency of the year 1960-61, reference should be made to later issues of the *Government Gazette*.)

69	Stationery (General); .. .. .	1.9.59 to 31.8.60	No. 92 of 14.10.59

## ANNEX TO CONTRACTS.

## ADJUSTMENT OF CONTRACT RATES.

Where rates are subject to adjustment in accordance with the special conditions of the respective contracts, notification of such adjustments will be published in the *Government Gazette* as required.

## AVAILABILITY OF SUPPLIES.

As numerous contracts are subject to Force Majeure, or other special conditions regarding availability of stocks, raw materials, &c., the penal provisions of clause 8 of the Conditions of Contract are not to be enforced by Departments without reference to the Tender Board.

## AGREEMENTS.

Where the name of the supplier opposite any item is shown in italics, with the sign (A), no contract has been executed nor security lodged: requirements of such items are to be purchased from the supplier named, under Tender Board Agreement.

## ANNEX TO CONTRACTS NOS. 1960/372 TO 1960/375.

## Schedule No. 46.

## INDIA-RUBBER GOODS.

Contract from 1st July, 1960, to 30th June, 1961.

1960/372—Dunlop Rubber Australia Ltd. . . . .	Security, £100.
1960/373—Goldings Pty. Ltd. . . . .	Security, £50.
1960/374—The Goodyear Tyre and Rubber Co. (Aust.) Ltd. . . . .	Security, £50.
1960/375—Hardie Rubber Co. Ltd. . . . .	Security, £25.

A sample for quality of 3 feet in length for testing purposes must be submitted with tender for Items 1 to 5, which shall, subject to the undermentioned standards for pressure, also be taken, if accepted, for standard quality. The Hose supplied must be made of rubber and cotton fabric, each of the best of its kind made for the purpose. The Hose must be soft and pliable, uniformly and smoothly finished, and shall respectively stand a bursting pressure of at least the following lbs. per square inch:—

Item 1, $\frac{1}{2}$ -in. bore, 3-ply, bursting pressure, 600 lb.
" 2, $\frac{3}{4}$ -in. bore, 3-ply, bursting pressure, 500 lb.
" 3, 1-in. bore, 3-ply, bursting pressure, 400 lb.
" 4, $\frac{3}{4}$ -in. bore, 4-ply, bursting pressure, 600 lb.
" 5, 1-in. bore, 4-ply, bursting pressure, 500 lb.

The Officer receiving supplies under this contract may, at his discretion, take indiscriminately a portion of any coil supplied and have same tested as to bursting pressure and other qualities specified above. It is provided, however, that such test must be made immediately on delivery. In the event of such tested sample not complying with the above specification, the supply shall be forthwith rejected.

## Schedule No. 70.

## TANKS.

(CORRUGATED, CYLINDRICAL.)

## SPECIFICATION.

Tanks to be made of 24-gauge galvanized corrugated "Orb" brand iron for side, with bottom of 22-gauge galvanized "Queen's Head" flat iron (or other approved brand) to be lapped not less than 3 inches at all vertical joints and one (1) corrugation for all horizontal joints and bottoms properly seam-jointed and well soldered.

All vertical joints to be riveted as shown in appended sketch with galvanized iron rivets and joints soldered on external face of tank only.

All horizontal joints to be riveted with galvanized iron rivets at 9-in. pitch round circumference of tank and joints soldered on external face of tank only.

The whole of the rivets and soldering to be well sweated in.

The junction of side and bottom to be well paned on and thoroughly soldered.

Cover to be 26-gauge galvanized flat iron, conical shaped 9-in. pitch with all joints properly seamed and soldered and paned on to a 3-in. 24-gauge galvanized iron rim and well soldered, the bottom edge of rim to be wired.

Cut a circular hole in cover for and provide and set therein an 18-in. diameter 24-gauge galvanized iron strainer. Strainer to have  $\frac{1}{2}$ -in. diameter holes, cut in sides only in sets of three vertically  $\frac{1}{2}$ -in. apart at 4-in. centres round strainer, lowest hole kept  $\frac{1}{2}$ -in. above bottom of strainer, top edge of strainer flanged and wired and to be movable.

Provide and securely fix a galvanized wrought iron socket properly bossed and soldered to receive tap. Provide with each tank an approved  $\frac{3}{4}$ -in. brass low-pressure tap, lock-up type.

All tanks to be thoroughly watertight.

The whole of the walls and bottoms internally to be twice coated with "Biturine" or other approved bituminous paint.

Provide with external overflow of 2-in. diameter 24-gauge pop-bossed and soldered on near top and provide with tank 1/6 ft. length of 2-in. 24-gauge overflow pipe with elbow to connect to pop and 1/3 ft. length with shoe to discharge into drain. Provide overflow with galvanized clip to secure to stand.

## TENTS AND FLYS.

*Contract from 1st July, 1960, to 30th June, 1961.*

1960/425—Evan Evans Pty. Ltd. . . . . Security, £50.

## SPECIFICATIONS.

**TENTS AND FLYS—DUCK.**—*The Duck Tents and Flys are to be made of the best quality Australian Duck, weighing 12 oz. to the square yard, each with Ridge Band 12 inches. All seams to be sewn with the best 3-cord linen thread. Tents to have doorway one end with flap complete with strong tapes. The eaves of tents to have eyelets reinforced with canvas patches, also eyelets all round the bottom of the tent. All eyelets on eaves to have best  $\frac{3}{4}$ -in. Sisal ropes 8 feet long spliced in each.*

*The Flys to have 12-in. Ridge band. Eyelet holes are to be reinforced with canvas patches in which ropes are to be spliced, consisting of 8 feet of  $\frac{3}{4}$ -in. Sisal rope to each, and to have  $\frac{3}{4}$ -in. Sisal rope sewn in all round.*

*The sizes specified are, in all cases, less seams.*

*All supplies must be to Samples at Tender Board Office, and shall be branded with a suitable Government stamp as directed by the Department ordering the supply.*

## Schedule No. 72.

## TIMBER (COMMONWEALTH).

(SAWN AND OTHER.)

Contracts under this Schedule are not to be considered broken, infringed or vitiated by the purchase locally of any of the under-mentioned items for Country Stations.

Undressed Timber.—When timber which is rated at per superficial foot of one inch thick is ordered and is supplied of a greater or lesser thickness than one inch, it shall be paid for proportionately. Actual measurements only will be paid for. Lengths as ordered and full size must be supplied.

In Sub-Schedules A and B, "square inches" denotes the end sectional area of any piece of timber.

All items not otherwise specified shall be in accordance with Australian standard specifications, where such exist.

York, Henry H., & Co. Pty. Ltd., 376 Whitehorse-road, Nunawading.

## Z.

Zevenboom & Co. Pty. Ltd., 101 Canning-street, North Melbourne.

## Conditions of Contract for General Stores, 1960-61, &c.

Published in the *Victoria Government Gazette*, No. 25, dated 30th March, 1960, pages 1098 to 1100.

### CONDITIONS OF CONTRACT.

1. Except where definite quantities are specified the Government will not be bound to order from the contractor all the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the estimated quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates. The Government reserves the right to purchase otherwise than from the contractor articles of any of the several kinds enumerated in the schedule the purchase of which is, in the opinion of the Tender Board, necessary in order to meet special circumstances or special requirements.
2. Under this contract goods may be ordered by any Department of the Commonwealth, but it shall be optional on the part of the contractor to supply.
3. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule. In the case of different makers' goods, the contractor will be required to supply the kind ordered. *The supplies are to be the best quality of their several kinds or manufacture.* In the event of the tender having been accepted for goods manufactured within the Commonwealth or within any other part of the British Empire (as the case may be), all such goods supplied shall, if required by the Government, bear evidence that they are of the particular manufacture tendered for and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.
4. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., shall be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. The contractor must provide, without extra charge, whatever labour may be required in the packing of stores.
5. All orders for supplies will emanate from the Departments requiring the goods, which shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted and return the order to the contractor, who will attach it to his claim for payment.
6. Supplies ordered for delivery in the Melbourne District are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of this contract, the Melbourne District will include a radius of 12 miles from the Elizabeth-street Post Office. For supplies outside that radius the goods must be delivered free on rails at Flinders-street or Spencer-street Railway Stations as required.
7. Arrangements as to time of delivery and inspection of goods will be made by the officer ordering the supply.
8. Orders must receive prompt execution; in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order or within such other time as the order may specify for delivery, it will be competent for the officer named in clause 7, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.
9. Delivery will not be deemed to have been made until the goods have been approved of. In the event of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as provided in clause 8.
10. The contractor will be required to furnish his account in the prescribed form as soon as possible after the delivery of the goods, the account to be accompanied by the receipted delivery orders on which it is based. Where practicable, the use of more than one account form for each Department or sub-Department must be avoided. The rates and the quantities quoted in the orders cannot be increased.
11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the schedule. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.
12. The members of Boards of survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as provided in clause 8.
13. A refusal to execute orders, irregularity in the terms of clauses 15 and 16 of these Conditions respecting the forwarding of consignment notes, &c., will subject the contractor, upon report from the Tender Board, to such mulct not exceeding Fifty pounds as the Treasurer may direct, and the amount may be deducted as provided in clause 8. It will also be in the power of the said quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with Treasurer upon such refusal, irregularity, or delay to terminate the contract forthwith and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.
14. All goods forwarded under this contract shall, where railway facilities are available, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor by whom consigned, on a legibly-written business label.
15. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any Department excepting Departments of the Commonwealth, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office or such other Department as shall be named therein. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver the original at the Tender Board Offices, the duplicate to be forwarded to the consignee in accordance with clause 16, and the quintuplicate to be retained by himself. (In the case of Commonwealth Departments, however, the Commonwealth consignment note only, which accompanies the order, must be used.) Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note must not be used. Any infringement of this condition will subject the contractor to such mulct as is provided in clause 13.
16. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor, on the duplicate consignment note provided for the purpose, that the goods have been sent.

*On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred thereby will be deducted as provided in clause 8.*

17. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners, under special freight conditions, the contractor shall in such instance provide, in writing on the consignment note, an intimation to that effect, failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount thereof to be deducted from the contractor's account or from the security money.

18. The contractor is not at liberty to transfer his contract under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. Should it be found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm, and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract and forfeit the security money.

19. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works through the Board of Land and Works, or by the State Rivers and Water Supply, Forests, and

Electricity Commissioners, or the Country Roads Board, or for the Railways Department, or for supplies for Technical, High, or Higher Elementary Schools, or for connexions and fittings for Drills and Batteries, or by any article being made at and supplied for the use of any Government establishment, or by the consumption of the surplus stock of any Government establishment.

20. Notwithstanding anything to the contrary contained in section 152 of the *Customs Act 1901-36*, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice, in writing, from the first day of the calendar month next ensuing and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

The foregoing provision shall not apply where the contract is for definite quantities of imported goods to be delivered at stated times, as stipulated in the schedule, and any alteration in the duty of Customs or Telegraphic Transfer rate of exchange affecting the goods included in such contract shall be to the accounts of the Government; adjustments to be based on the F.O.B. and C.I.F. prices of the goods, respectively, and the Telegraphic Transfer rate ruling at the time of delivery of the goods.

21. *Under no circumstances, other than those mentioned in clause 20, will the contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.*
