YALLOURN NORTH WATERWORKS TRUST.

BY-LAW No. 1.

THE Yallourn North Waterworks Trust, in pursuance and exercise of the powers and authorities conferred by the Water Acts, doth hereby make the By-law following for its Waterworks District:—

PART I.—INTERPRETATION.

Definitions.

1. In this By-law unless inconsistent with the context or subject-matter—

“The Act” means the Water Acts.

“Fittings” includes all appliances and things whatsoever, other than pipes, used in connexion with the conveying supplying storing or regulation of the flow of water in or derived from a main pipe.

“Main Pipe” means any pipe belonging to or under the control of the Trust and used for the conveying or supplying of water.

“Person” includes a Corporation or Company.

“Private Service” means and includes all pipes and fittings used in connexion with the supply of water from a main pipe to a tenement and/or in connexion with the use or consumption of such water in or on such tenement.

“Proper Officer” means any employee of the Trust authorized to execute any function on behalf of the Trust.

“Service Pipe” means any pipe (not being a main pipe) used for the conveying or supplying of water derived from a main pipe.

“Trust” means the Yallourn North Waterworks Trust.

“Works” means works of or in connexion with the laying constructing altering disconnecting removing repairing renewing or maintaining of a private service or any part thereof.

All words used in this By-law which are also used in the Act shall have the meanings assigned to them by the Act.

PART II.—LICENSING OF PLUMBERS.

Unlicensed Persons not to Interfere with Private Services.

2. Before any person shall affix any service pipe to any main pipe of the Trust or alter repair or in any manner interfere with any pipe of the Trust or any service pipe tap or meter or other fitting connected with the main pipes of the Trust, he shall obtain from the Trust a licence in that behalf to execute such works, and no unlicensed person shall affix alter repair or in any manner interfere with any such main pipe service pipe tap meter or other fittings as aforesaid.

No. 90.—7667/60.

Period of Licences; Cancellation of Licences; Fee Payable.

3. Each licence shall be for the period ending 31st December next ensuing after the issue thereof, but may be renewed by the Trust at its discretion from time to time in each case to the following 31st December. The Trust shall have power at any time to suspend or cancel a licence in the event of the holder thereof performing his work in an unsatisfactory manner or committing any breach of the Act or of this By-law, and in such matters the Trust shall be sole judge. For each licence the licensee shall pay to the Trust a fee of One pound (£1)

Proof of Fitness to be Given.

4. Before any licence shall be granted by the Trust, the person applying for such licence shall satisfy the Trust by any tests required by the Trust or by virtue of his registration by the Plumbers and Gasfitters Board of Victoria that he is a competent plumber and that he is thoroughly conversant with the provisions of the By-laws of the Trust relating to water supply and with the Act so far as it applies to town supplies. The Trust may, if it so sees fit, refuse to grant such licence.

PART III.—CONSTRUCTION AND ARRANGEMENT OF WORKS.

Notice of Works to be Given.

5. No person shall execute any works (except such works as are authorized by sections 191 and 194 of the Water Act 1928)—

(a) without having given to the Trust not less than two (2) days prior to the commencement of the execution of such works—

(i) notice in writing of his intention so to do specifying the tenement in on or in respect of which it is proposed to execute such works and the time or times (being between the hours of 8 a.m. and 5 p.m. on any week day except a public holiday or a Saturday) during which it is proposed to execute such works.

(ii) a complete specification in writing of the works proposed to be done setting out the mode form strength material construction dimensions and arrangement of all pipes fittings and structures intended to be used in the execution of such works.

(iii) in the case of every private service containing any service pipe of diameter larger than two inches (2 in.) a properly prepared plan drawn to a scale specified thereon of the premises in on or in respect of which it is proposed to execute the said works showing thereon all buildings

erections and structures on the said premises and the proposed arrangement of all pipes and other works which it is proposed to lay or construct therein or thereon.

Every notice specification and plan shall be signed by the licensed plumber actually engaged to carry out the works referred to in the notice, or by a licensed plumber employing another licensed plumber to carry out the work under his supervision.

- (b) contrary to or not in conformity with this By-law or such notice specification and plan mentioned in sub-paragraphs (i) (ii) and (iii) of paragraph (a) of this clause.

Plumbers to Report.

6. Each licensed plumber shall report to the Proper Officer of the Trust the completion of any new work extension or repairs in connexion with any service within twenty-four (24) hours of effecting same.

Carrying Out of Plumbing Work.

7. Every licensed plumber shall in carrying out any work of water supply—

- (a) execute the work in accordance with the provisions of the Act and of the By-laws of the Trust and any special directions or orders given or issued thereunder by the Trust or by the Proper Officer of the Trust; and
- (b) execute the work in a thorough and expeditious manner to the satisfaction of an inspecting officer of the Trust; and
- (c) use materials of the descriptive quality kind and standard prescribed by this By-law; and
- (d) employ only competent operatives and assistants; and

- (e) obtain permission, where necessary, for the execution of the work, on over or through any private property, or any street road park reserve or other public place or property; and
- (f) pay all fees payable to the Council of a Municipality for the opening of any public road or street or otherwise in connexion with the works; and
- (g) restore upon completion of the work any part of any public road or street to the satisfaction of the Municipal Council or other Authority having control thereof; and
- (h) except where authorized in writing by the owner or his agent to omit restoration, restore any other property interfered with by the work to the satisfaction of the Proper Officer of the Trust; and
- (i) take all proper and necessary precautions so that no accident, damage or unnecessary inconvenience may be directly or indirectly occasioned by the execution of the work; and
- (j) exercise at all times immediate supervision over the work.

8. (a) No service pipe (other than those installed for fire service purposes and sealed in accordance with the provisions of clause 34 of this By-law) which supplies water otherwise than by measure to any tenement shall have a bore exceeding $\frac{3}{4}$ inch.

(b) No person shall connect or affix to the Trust's mains any service pipe (other than those installed for fire service purposes and sealed in accordance with the provisions of clause 34 of this By-law) which has a diameter exceeding the appropriate diameter listed in the schedule hereunder written corresponding either to the Net Annual Valuation of the property to be served, or to the anticipated annual consumption of water at the said property as demonstrated to the satisfaction of the Proper Officer of the Trust and certified to under his hand, whichever is the larger—

Net Annual Valuation of Property.	Annual Consumption of Water.	Maximum Diameter of Service Pipe Allowed (in Inches).
Not over £150	Not over 200,000 gallons	$\frac{1}{2}$
Over £150 but not over £300	Over 200,000 gallons, but not over 500,000 gallons	1
Over £300 but not over £500	Over 500,000 gallons, but not over 800,000 gallons	$1\frac{1}{4}$
Over £500 but not over £1,000	Over 800,000 gallons, but not over 1,500,000 gallons	$1\frac{3}{4}$
Over £1,000 but not over £2,000	Over 1,500,000 gallons, but not over 3,000,000 gallons	2

Depth of Service Pipes.

9. No person shall lay construct repair or alter any private service unless every service pipe forming part thereof for such portion of its length as lies in or on private property is securely clipped to a structure or is laid and constructed in such manner that the same is at all points at a depth of not less than twelve inches (12 in.) below the surface of the ground. Every such service pipe for such portion of its length as lies in or on any road street lane or right-of-way or where it may be exposed to vehicular traffic shall be laid and constructed in such manner that the same is at all points at a depth of not less than eighteen inches (18 in.) below the surface of the ground or at such greater depth as the Council of the Municipality having control of the said road street lane or right-of-way may require.

Access to Service Pipes.

10. No person shall—

- (a) lay, construct or alter any private service or any part thereof,
- (b) erect or construct any building erection or structure—

in such place, position or manner that any part of such private service is not easily accessible for the purposes of inspection repair and renewal unless such part is comprised of copper piping and copper fittings.

Arrangement of Stop-Tap, &c.

11. Every meter, stop-tap and stop-tap ferrule shall be opposite the tenement supplied and in one line at right angles to the main pipe to which such stop-tap ferrule is fixed, unless such an arrangement is impracticable in which case such services shall be provided with two (2) high pressure screw-down stop-taps, one (1) of which shall be fixed opposite the stop-tap ferrule on the main pipe and the other in accordance with the provisions of clause 18 of this By-law.

Cross Connexions.

12. No person shall permit or suffer any fluid solid or gas which in the opinion of the Proper Officer of the Trust is capable of polluting water supplied by the Trust, to have means of access to any pipe in communication directly or indirectly with any main pipe of the Trust.

Where any service pipe is connected to any cistern tank or receptacle used for the storage of water or fluid, there shall be an effective air gap at the outlet of such service pipe and the said outlet shall be not less than one-half inch ($\frac{1}{2}$ in.) above the highest possible water level in the said cistern tank or receptacle.

Connexions to Steam Boilers.

13. Water supply connexions to steam boilers shall be made as follows:—

- (a) By direct connexion from a service pipe, in which case a screw down high pressure stop-tap with its spindle vertically upwards shall be fixed on the piping supplying water to a boiler; a vertically acting reflux valve shall be fixed between the stop-tap and the boiler and a half-inch ($\frac{1}{2}$ in.) testing ferrule or bib-tap shall be fixed between the reflux valve and the stop-tap; or
- (b) by direct connexion from a service pipe, together with an injected supply from a storage tank or condensate sump, in which case, in addition to the provisions of paragraph (a) hereof, the injected water to a boiler shall be taken through a separate opening in the wall of the boiler. In no circumstances shall a connexion be permitted between any service pipe and the piping from a storage tank or condensate sump.

Water connexions may be made through the tops or sides of steam boilers.

PART IV.—MATERIALS.

Specifications for Piping and Materials.

14. No person shall use any pipe or fittings in or in connexion with a private service unless the same shall comply in all respects with the following specifications:—

- (a) The service pipes from main pipe to the meter shall be of copper tube of at least 16-gauge thickness and the whole of the balance of the pipes and fittings shall be of the best quality galvanized wrought iron, copper, brass, cast iron, welded mild steel or asbestos cement, shall be sound and free from all defects and shall comply with the relevant specifications of the Standards Association of Australia where such specifications have been issued.
- (b) All pipes and pieces shall be true in sectional form, straight longitudinally, clear in bore, and (in case of wrought-iron piping), properly galvanized throughout and shall be of equal strength and thickness throughout the entire body of same.
- (c) Only pipes and fittings which have been tested in accordance with the requirements of the specifications of the Standards Association of Australia will be permitted to be used for services whether inside or outside tenement.
- (d) All ends of galvanized wrought-iron and brass pipes, bends and fittings shall be properly and truly threaded and capable of being screwed into thimbles, tees or fittings.
- (e) All stop-taps and bib-taps shall be screw-down high pressure taps made of hard brass or gun-metal.

PART V.—CONNEXIONS TO MAINS.

One Service Pipe to Each Tenement.

15. No person shall affix or connect or cause or permit to be affixed or connected to any main pipe more than one (1) service pipe or private service for the supply of water for domestic purposes to any one (1) tenement.

Connexion to Main Pipe.

16. No person shall affix or connect any service pipe to any main pipe save by means of a stop-tap ferrule to which a right-angled bend of copper alloy is properly and securely attached.

Size of Tappings Permitted.

17. (a) The maximum diameters of tappings that will be permitted for main pipes of the respective diameters set out hereunder, and for cases where the tapping is made with or without a tapping saddle, are as follows:—

MAXIMUM DIAMETER OF TAPPING IN INCHES.

Diameter of Main Pipe in Inches.	Without Tapping Saddle (Cast-iron Main Pipes Only.)	With Tapping Saddle.
3	$\frac{3}{4}$	$1\frac{1}{2}$
4	$\frac{3}{4}$	$1\frac{1}{2}$
5	1	$1\frac{1}{2}$
6	1	$2\frac{1}{2}$
7	1	$2\frac{1}{2}$
8	$1\frac{1}{2}$	$2\frac{1}{2}$
9	$1\frac{1}{2}$	$2\frac{1}{2}$
Over 9	2	$2\frac{1}{2}$

Tapping Fees.

(b) No person shall affix or connect or cause to be affixed or connected any service pipe to any main pipe without having first paid to the Trust a tapping fee of Sixty shillings (£3) for 1-in. tapping and Twenty-five shillings (£1 5s.) additional fee for each additional 1-in. diameter pipe up to 2 in.

Position of Stop-taps.

18. A high pressure screw down stop-tap properly secured shall be fixed on each water service in one of the following positions:—

- (a) between the main pipe and the building line within six (6) feet of the building line, and in this case the stop-tap shall be covered by a box which shall comply with the requirements of the Municipality in which the service is laid.
- (b) Where a meter is fixed, between the meter and the inlet bend thereto.
- (c) where a meter is not fixed, on the service pipe above the ground in an accessible position not more than six feet (6 ft.) inside the building line.

PART VI.—REPAIR.

Repair of Service Pipes.

19. Any person using any private service shall at all times keep same in proper repair.

Trust Can Repair Service Pipe in Certain Circumstances.

20. If any person refuses neglects or delays to have any private service or any part thereof used by him properly repaired after having been required in writing by the Proper Officer of the Trust so to do the Trust by its Proper Officers servants or agents may enter into or upon any premises supplied by such private service or any part thereof and may where necessary repair or renew such private service or any part thereof so as to prevent the waste of water and may charge such person with the cost and expense of such repair or renewal and such cost and expense shall be a debt due by such person to the Trust.

PART VII.—METERS.

Meters Supplied and Maintained.

21. (a) Except as permitted in clause 34 of this By-law no person shall use any private service save for the supply of water solely for domestic purposes exclusive of the watering of any garden unless the whole of the water supplied to such private service passes through a meter.

(b) Such meters will be provided and maintained by the Trust and every person before installing a private service, shall ascertain from the Trust the size of meter to be installed and shall make provision in the arrangement and construction of the private service for connexion of such meter in accordance with the following requirements:—

- (i) The meter shall be located within the property and not more than six feet (6 ft.) from the building line.
- (ii) The meter shall be in an easily accessible position protected from accidental damage.
- (iii) The meter shall be properly and securely affixed to such private service or service pipe by means of connexions or quarter bends of brass, copper or copper alloy.
- (iv) The meter shall be fixed truly level on a solid foundation of brick stone or concrete the top of which foundation is level with or above the surface of the ground.
- (v) All washers used for connexion couplings for meters shall be made of leather.

(c) Pending connexion of the said meter the person authorized to install the service pipe shall connect a distance piece in the service pipe in place of the meter.

Restriction of Access to Meter.

22. No person shall construct place stack or store or permit or suffer to be constructed placed stacked or stored any building erection material or thing over or upon any meter connected or affixed to any private service or shall do or permit or suffer to be done any act matter or thing whereby inspection of such meter shall be prevented obstructed or in any way rendered difficult or interfered with.

Replacement and Testing of Meter.

23. (a) The Trust may at any time replace or remove for testing any meter attached to any private service.

Fees Returned in Certain Circumstances.

(b) Any consumer may at any time request the Trust in writing to test any meter attached to his private service and through which water supplied to him passes and shall at the time of the delivery of such request pay to the Trust the sum of One pound (£1). The Trust shall thereupon remove and test the meter or cause the same to be tested in such manner as it thinks fit. If such meter is found to be registering correctly the Trust may retain such sum of One pound (£1) in satisfaction of the fee for testing meter hereinbefore prescribed but if such meter is found to be registering incorrectly such sum of One pound (£1) shall be returned to such consumer.

Consumer Leaving Tenement to Notify Trust.

24. Every person who shall cease to occupy the premises on which such meter is fixed shall give to the Trust in writing at least six (6) days notice of his intention to do so.

PART VIII.—MISUSE AND WASTE.

Supply Restricted to One Tenement Only.

25. No person shall use or permit or suffer the use of any private service for the supply of water to more than one tenement.

Cisterns, Tanks and Troughs.

26. No person shall use or permit or suffer the use of any private service or any part thereof for the supply of water to any cistern tank or water trough unless such cistern tank or water trough is watertight and is provided with an equilibrium ball-valve or other mechanism, efficiently regulating the flow of water thereinto in such manner that such water shall not overflow such cistern or tank. No person shall affix any overflow pipe to any cistern or tank in such manner or position that is not open to inspection. In this clause water trough means a water trough used for the supply of water to animals.

Water Closets and Urinals.

27. No person shall construct lay or use any service pipe which communicates directly or indirectly with or supplies water to any urinal or water closet or any part thereof save through a cistern or tank.

Baths.

28. No person shall use or permit or suffer the use of any private service for the purpose of supplying water to any bath capable of containing more than one hundred (100) gallons of water.

No Overflow Pipe on Baths.

29. No person shall affix an overflow pipe to any bath.

Wasting of Water.

30. No person supplied with water by the Trust shall waste the same or permit or suffer the same to run to waste.

Sale of Water.

31. No person shall take or carry away or permit or suffer any other person to take or carry away any such water from any premises supplied with water by the Trust and no person shall sell any water supplied by the Trust.

Fire Brigades.

32. No person other than a servant or agent of the council of the municipality of Yallourn North or the Yallourn North Fire Brigade in the execution of his duty as such servant or agent shall without the written permission of the Trust open, close, or otherwise interfere with any hydrant attached to any main pipe.

Taps in Parks and Reserves.

33. No person other than a servant or agent of the Municipality Corporation or body having the care and management of a public park public garden or reserve for public purposes shall without the previous consent of the Trust open close or otherwise interfere with any tap, valve or other like regulator (except a drinking fountain or other tap provided for public use) in on or connected with any service pipe used for the supply of water to such park, garden or reserve.

PART IX.—PRIVATE FIRE SERVICES.*Private Fire Services.*

34. (a) Private fire services comprising pipes and fittings not exceeding six inches (6 in.) in diameter and without meters may be permitted at the expense of the owner of the premises subject to the payment of a fee of Fifteen shillings (15s.) per annum. Every such fire service shall be sealed. Except in case of fire no person shall, without the authority of the Trust, wilfully break the seal affixed to any private fire service and in the event of any such seal having been broken accidentally or otherwise the occupier of the tenement shall within twenty-four (24) hours thereafter give notice in writing

of the fact at the office of the Trust, and except in the case of a fire he shall pay a resealing fee of Fifteen shillings (15s.). No water shall be taken from any sealed portion of a private service except for extinction of fire.

(b) Except as expressly provided in sub-clause (a) of this clause all portions of private services installed for fire service purposes shall comply with all provisions of this By-law.

(c) Every private fire service pipe shall be laid and fixed in a conspicuous position and shall be painted with a distinguishing coating of bright red paint which shall be maintained at all times.

(d) Any application for a fire service shall be made by the owner of the premises and in writing to the Trust.

(e) In the event of the owner or occupier committing any offence under the Act or any breach of this By-law or permitting or suffering any such offence or breach to be committed the Trust may by notice in writing to the owner withdraw permission for the private fire service and such service shall thereupon be disconnected.

PART X.—INSPECTIONS.*Inspections.*

35. Any person authorized by the Trust in that behalf either generally or for any class of cases or in any particular case may at all reasonable times—

- (a) enter into or upon any premises for the purpose of inspecting and may inspect any private service or any part thereof or any works in course of execution therein or thereon, and/or
- (b) enter into or upon any premises for the purpose of superintending the execution of any works in course of execution therein or thereon and may give to the owner or occupier of such premises or any person engaged in executing such works any directions or instructions necessary for the purpose of ensuring that all relevant provisions of this By-law shall be duly complied with and observed during and in connexion with the execution of such works.

- (c) For any such purpose as aforesaid may dig or excavate in or upon any such premises.

Hindering of Inspections.

36. No person shall obstruct hinder impede resist oppose or refuse admission to any premises by the Proper Officer or any person duly authorized in that behalf by the Trust, or shall fail or neglect to carry out and observe all lawful directions and instructions given by him.

PART XI.—PENALTIES.*Penalties.*

37. Any person who commits any breach of any of the provisions of this By-law shall be liable to a penalty of not more than Five pounds (£5), and in the case of a continuing offence to a further penalty not exceeding Five pounds (£5) for every day after the notice of the offence from the Trust.

SALE SEWERAGE AUTHORITY.

BY-LAW NO. 1.—RELATING TO CONSENTS, LICENCES, ETC., ALSO LEVELS, DIMENSIONS, CONSTRUCTION, MAINTENANCE, VENTILATION, AND CLEANSING OF SEWERS AND OTHER MATTERS RELATING TO HOUSE CONNEXION WORK.

THE Sale Sewerage Authority, pursuant to and in exercise of the powers and authorities conferred on it by the Sewerage Districts Acts and of any and every other power or authority in any wise enabling it in that behalf, doth hereby make and prescribe the following By-law, that is to say:—

In the construction and interpretation of this By-law, unless inconsistent with the context or subject-matter—

“Acts” means the Sewerage Districts Acts and any amendment thereof, and any Act incorporated therein, or amendment of such Acts.

“Anti-siphonage vent” (or “back vent”) means any vent pipe from any individual trap to the open air, or a main or branch vent pipe having for its purpose the prevention of loss of water seal in the trap.

“Approved” means approved by the Authority or its proper officer.

“Authority” means the Sale Sewerage Authority within the meaning of the Sewerage Districts Acts, within the Sewerage District of which the premises connected or to be connected to the sewers are situated.

“Bore, diameter, or size” in reference to any pipe, drain, or sewer means the nominal internal diameter thereof.

“Building” means any building used as a work place, residence, place of business, place of amusement, or place of human habitation, or for the storage of food intended for human consumption, but does not include out-buildings, unless such are used for any of the above purposes.

“Combined pipe system” means that type of plumbing installation in which disconnector traps are omitted and both soil and waste pipes are connected directly to the drain or to a common pipe taking both soil and waste discharges, and in which a common system of venting is used for all classes of pipe.

“Combined drain” means a drain which serves two or more properties.

“Combined waste pipe” means any pipe which conveys the discharges from both soil and waste fixtures to the drain. Combined waste pipes are connected directly to the drain and are used only in connexion with the combined pipe system.

“Disconnector trap” means a trap for isolating or disconnecting waste pipes from the drain and soil pipes and providing inlet ventilation to the waste pipe or pipes discharging into it.

“Drain” means that portion of a drainage system which is not vested in the Authority and which conveys the discharge from soil, waste, combined waste, and other drainage pipes from any system to the sewer, and includes any drain for draining any group or block of houses by combined operation under order of Authority, but does not include stormwater drainage pipes.

“Educt vent” means an opening or pipe for the exit of air from, and the induction of draught in, a soil pipe, waste pipe, combined waste pipe, or drain.

“Engineer” means the Engineer of the Authority, and shall also include any officer or person appointed by the Authority for the purpose of discharging the duties or exercising the powers of the Engineer.

“External closet” means any closet other than an “internal closet”.

“Fittings” means all apparatus or appliances, together with their necessary appurtenances and connexions, for use in connexion with the plumbing or drainage system of any property, with the exception of fixtures and straight piping.

For the purpose of computing fees payable under this By-law, “fitting” includes any sanitary or plumbing fixture or each piece of equipment which is connected to or discharges its waste water through a waste outlet or to a common outlet.

“Fixtures” means all apparatus or appliances, together with their necessary appurtenances and connexions, which may be attached to the plumbing or drainage system of any property, and which are intended for the collection or retention of any wastes or waste waters for ultimate discharge into the sewerage system.

“Flat” means a suite of rooms used, or intended or adapted for use, as a separate habitation and comprised in a building containing one or more similar suites.

"Induct vent" means an opening or pipe for the admission of air to a soil pipe, waste pipe or drain.

"Interceptor trap" (or "boundary trap") means a trap for preventing the passage of air or gases from the sewer to the drain at some point between the sewer and the lowest inlet to the drain.

"Internal closet" means any closet which is entered from or has an opening into any building.

"Occupier" means the person for the time being in actual or constructive occupation of the premises.

"Owner" includes the person for the time being who receives or is entitled to receive the rent of the lands or premises in connexion with which the word is used, whether on his own account, or as an agent of or as trustee for any other person, or who, if such lands or premises were let to a tenant at a rack rent, would be entitled to receive the rack rent from the occupier thereof.

"Premises" includes any house and any building whatsoever and any part of any house or building, and any garden, stable yard, or offices used together or in connexion with any house or building and every part thereof.

"Proper officer" means officer of the Authority authorized by such Authority in respect of, or whose duty it is to deal with or act in regard to, any acts, matters, or things in connexion with which the expression is used.

"Separate pipe system" means that type of plumbing installation in which separate pipes are provided for soil and waste discharges and for the ventilation of soil and waste fixtures and in which every waste pipe is connected to the drain through a disconnector trap.

"Sewer" means any conduit provided for the carriage of sewage and vested in the Authority.

"Sewerage District" means any area which under the Sewerage Districts Acts is proclaimed the Sewerage District of the Authority, and includes any area which is added to and forms part of such Sewerage District.

"Sewered property" means, as well as any sewered land or premises, any land or premises which have been declared by a general notice given by the Authority under the Acts to be deemed and taken to be a sewered property within the meaning of the Acts.

"Sewerage installation" of a property means all pipes and drains conveying household drainage, sewage, and trade wastes to the sewers of the Sewerage Authority, and all vent pipes, fixtures, fittings, apparatus, and appliances connected thereto.

"Sewerage system" includes all sewers, fittings, fixtures, appliances, plant, machinery, and any other sewerage works vested in the Authority.

"Slop sink" means any fixture other than a closet pan or urinal used for the discharge of soil or urine waters and provided with a flushing apparatus.

"Soil pipe" means any pipe which conveys the discharge from water closets, slop sinks, mortuaries, operating theatres, or urinals to the drain.

"Stack" means any vertical line of soil, waste, combined waste, or vent piping, with its offsets, if any.

"Trade waste" means the liquid refuse from any business, trade, or manufacturing property, other than domestic sewage, stormwater, or unpolluted water.

"Trap" means any fitting designed to retain a quantity of water to arrest the passage of air or gases through such a fitting.

"Waste pipe" means any pipe which conveys the discharge from any fixture, except water closets, slop sinks, mortuaries, operating theatres, or urinals, to a disconnector trap in the case of the separate pipe system or directly to the drain in the case of the combined pipe system.

"Water seal" (or "trap seal") means the vertical distance between the dip and the crown weir of a trap.

"Wrought iron" and "sheet iron" include mild steel and mild steel sheet.

"Yard gully" means a drainage trap which is used externally and fitted with a dished top and grating.

INTERPRETATION.

In the construction of this By-law the meaning which, in the Acts, is assigned to any word shall be the meaning of the same word where occurring in this By-law, unless inconsistent with the subject-matter or context.

DIVISION 1.—APPLICATIONS FOR CONSENTS, ETC.

Section 1.—Application for the Authority's consent to connect with the sewerage system, or to do plumbing and drainage work connected therewith, must be made in writing by the owner of the property to be so connected or by his authorized agent.

Section 2.—Such application shall give the precise location of the property, the name of the owner, and the name of the person employed to do the work, and shall be in the form prescribed by the Authority. For any wilful misrepresentation in such application the owner or authorized agent as aforesaid shall be guilty of an offence against this By-law. No consent given by the Authority shall be deemed to authorize anything not stated in the application nor to confer or grant the right to lay a drain through any land intervening between the sewer of the Authority and the land proposed to be connected, and every owner or agent applying for the Authority's consent shall satisfy himself as to his legal right to drain through such intervening land, and he shall be solely responsible for any trespass or damage thereon or thereto.

Section 3.—Consents to make connexions with the sewage system will be issued only when the plumbing and draining in the property to be connected is planned to be made in accordance with the rules for plumbing and draining hereinafter prescribed, and after such plan has been inspected and approved of by the proper officer appointed by the Authority for the purpose or, in the case of new buildings, when a proper plan of the plumbing and of the drainage of the building into the branch of which the Authority shall have fixed the position, has been approved of in writing by the Authority. All connexions with drains or sewers and all plumbing and drainage connexions therewith shall be made under the direction of the proper officer of the Authority. No person shall be engaged or employed as a workman in the actual performance of any plumbing or drainage work unless he is the holder of a licence or permit issued by the Authority authorizing him to do such work. Any person who shall at any time or at any place make up, form, affix, alter, or repair, any fitting, pipe, bend, trap, or other thing connected or intended to be connected with the Authority's sewerage system, unless he be the holder of a licence or permit from the Authority authorizing him to do such work, shall be liable to a penalty not exceeding Twenty pounds.

If any person, whether he is or is not the holder of a plumber's licence or permit from the Authority, alters, removes, or in any way interferes with any drain, fitting, pipe, bend, trap, or other thing, which drain, fitting, pipe, bend, trap, or other thing is connected with the Authority's sewerage system, he shall, unless he has previously received consent, in accordance with the provisions of this Section for the execution of such work, and such consent is in full force and effect, be guilty of a breach of this By-law and shall be liable to a penalty of not more than Twenty pounds.

Section 4.—Where the sanction, permission, authority, consent, approval, satisfaction, order, direction, opinion, indication or notice of, or from the Authority is necessary, whether specified in writing or otherwise, with regard to any act, matter, or thing mentioned in the By-law, the same may be given by and under the hand of the chairman of the Authority, or of the proper officer, personally or through an inspection officer appointed under him, who severally shall be competent to give the same and be authorized on behalf of the Authority to prescribe any conditions attaching thereto, and subject to and in accordance with which only the same shall be deemed to have been given.

Section 5.—If, after the receipt of a written application from the owner for modification or alteration of the By-law, the Authority shall be of the opinion that a compliance with any of the provisions of this By-law would in any particular case be vexatious or be needless in the interest of public health, it shall be lawful for the Authority, by resolution, to dispense with or forbid such compliance in whole or in part as it shall think fit, or to authorize or direct such a modification or

alteration of such provisions as shall, in its opinion, most nearly adapt the principle of those provisions to the particular case. It shall be unlawful to comply with any provision, or part of any provision, with which compliances shall have been forbidden, or to act contrary to or otherwise than as directed by such modification or alteration.

Notwithstanding the above stipulation, no technical provision or requirement of the By-law shall be modified or waived, except on the written recommendation of the Engineer.

DIVISION 2.—VARIATION OF BY-LAW.

Section 6.—Any permission for or approval of any variation of any of the provisions of this By-law which may be given by the Authority will be given only before the work in respect of which the variation is proposed has been commenced.

DIVISION 3.—PENALTIES, RECOVERY OF COST OF WORK, ETC.

Section 7.—Where anything is by this By-law directed to be done or forbidden to be done, or where any power is given to the Authority or any of its officers to direct or forbid anything to be done, and such act so directed to be done remains undone, or such act forbidden to be done is done, then, and in every such case, the person making default as to the said direction or prohibition respectively shall be guilty of an offence against this By-law.

Section 8.—Every person guilty of an offence against this By-law, not otherwise specially provided for by or under the Authority hereof, shall be liable for every such offence, besides any costs or expenses which may be incurred in the taking of proceedings against such person guilty of such offence, as well as any costs or expenses which may be incurred in remedying such default, as particularly provided for in this By-law or the Acts, to a penalty not exceeding Twenty pounds, and to a further penalty of One pound for each day during which such offence is continued by such person after notice of the offence shall have been given by the Authority to him; and such penalty shall be recoverable notwithstanding that the Authority may not have chosen to exercise any power given to it by the Acts or by this By-law to remedy such default.

DIVISION 4.—HOUSE DRAINAGE PLANS—ALTERATIONS.

Section 9.—Copies of the Authority's plans and/or designs of individual house drainage will be furnished by the Authority upon application and payment for the same and subject to such conditions as follows:—

- (a) (1) Where the Authority designs the work and has same carried out for the owner, a charge shall be made equal to ten per centum (10 per cent.) on the capital cost of the work for designing, specifying, letting contract, and supervising all details in connexion with such work.

- (2) Consent for additions to and/or amendments of approved plans or to works previously approved will be made only on the application of the owner or his authorized agent, and on payment of a fee of One pound (£1).

- (b) When the Authority designs the work for the owner and the owner then carries out his own work—

- (1) For plan of design, a fee of Four pounds (£4), plus Ten shillings (10s.) for each fitting.

- (2) For making and/or examining any alterations or additions to a plan previously issued or approved by the Engineer, a fee of One pound (£1) shall be made by the Authority for each fitting or drain altered or added.

- (3) For inspecting drains and testing by the Authority's inspector, a fee of Two pounds (£2), plus One pound (£1) for each additional inspection necessary owing to faulty work.

- (4) For inspecting plumbing by the Authority's inspector, a fee of Two pounds (£2) for each ten (10) fittings or part of ten fittings in the installation, plus One pound (£1) for each additional inspection necessary owing to faulty work.

- (5) For the final inspection by the Authority's Engineer and charting the work on the Authority's plans, a fee of Two pounds (£2) for each ten (10) fittings or part of ten fittings in the installation,

plus One pound (£1) for each additional inspection necessary owing to faulty work.

- (6) The engineer may during construction of the work order the owner to carry out such additions and/or amendments as may be necessary for the satisfactory completion of the work.

The house connexion will not be passed until the installation, together with the amendments ordered, have been completed to the Engineer's satisfaction.

- (c) Where an owner designs and carries out his own work—

- (1) For the supply of a block plan, a fee of Ten shillings (10s.).

For tenements exceeding 4,000 square feet in ground floor area and/or properties exceeding 2 acres in extent, an additional fee of Ten shillings (10s.) shall be charged for each additional 4,000 square feet, or part thereof, and/or for each additional 2 acres, or part thereof.

- (2) The owner shall submit for examination a properly drawn design on tracing cloth or good quality paper and a type-written specification. The design and specification shall be supplied to the Authority in triplicate. The work shall not proceed until the owner's design and specification have been approved by the Engineer and the third copy returned to him with the official endorsement.

- (3) For the examination of the owner's plan of design and specification, a fee of Two pounds (£2) for each plan of from one to five fittings, plus Ten shillings (10s.) for every fitting over five.

- (4) For examining any alterations or additions to a plan previously issued or approved by the Engineer, a fee of Ten shillings (10s.) shall be made to the Authority for each fitting or drain altered or added.

- (5) For inspecting drains and testing by the Authority's inspector, a fee of Two pounds (£2), plus One pound (£1) for each additional inspection necessary owing to faulty work.

- (6) For inspecting plumbing by the Authority's inspector, a fee of Two pounds (£2) for each ten (10) fittings or part of ten fittings in the installation, plus One pound (£1) for each additional inspection necessary owing to faulty work.

- (7) For the final inspection by the Authority's Engineer and charting work on the Authority's plans, a fee of Two pounds (£2) for each ten fittings or part of ten fittings in the installation, plus One pound (£1) for each additional inspection necessary owing to faulty work.

- (8) The Engineer may during construction of the work order the owner to carry out such additions and/or amendments as may be necessary for the satisfactory completion of the work. The house connexion will not be passed until the installation, together with the amendments ordered, have been completed to the Engineer's satisfaction.

- (d) Where an owner has elected one or other of the methods set out in sub-sections (a), (b), or (c) above, but subsequently desires to adopt another of such methods, he may do so provided that no contract has been let for the work and that he pays to the Authority the following fees, which shall be additional to fees which will become due in respect of the newly-adopted method:—

- (1) Where the change is from the method set out in sub-section (a), an amount equal to three per centum (3 per cent.) of the estimated capital cost of the work.
- (2) Where the change is from the method set out in sub-section (b), the fees prescribed in sub-section (b) (1) and (b) (3).

- (3) Where the change is from the method set out in sub-section (c), the fees prescribed in sub-sections (c) (1), (c) (3), and (c) (4).

DIVISION 5.—MAINTENANCE AND DEFECTIVE WORK.

Section 10.—Any drain pipe, soil pipe, trap, water closet, urinal, sink grease trap, or other fixture or fitting laid, used or constructed otherwise than in accordance with this By-law, or which shall in the opinion of the Authority, be or become bad or of defective quality, shall, upon notice in writing from the Authority to the owner or occupier of the property, be by such owner or occupier removed or repaired in the manner determined and within the time fixed by the Authority, and in each case such owner or occupier fails to comply with the requirements of the notice, he shall be liable to prosecution and a penalty for an offence against the Acts, or the Authority may, if it thinks fit, remove or repair the said defective fitting and charge such owner or occupier of the premises with the cost so incurred, and will proceed for recovery of the same in a manner provided by the said Acts.

DIVISION 6.—LICENCES AND PERMITS.

Section 11.—(1) All plumbing work for sewerage shall be done and carried out only by licensed plumbers and/or by the persons in this section 11 hereinafter mentioned, but subject in all things to the conditions and terms of the said section:

(2) The Authority may, if it thinks fit, and subject to the provisions of sub-sections (3), (4), (7), and (8) of this section, issue a plumber's licence to any person who is the holder of a Certificate of Competency issued by the Sanitary Plumbers' Examination Board of Victoria.

(3) The Authority before issuing such plumber's licence may require the applicant to satisfy it that he possesses the requisite knowledge of the Laws, By-laws, and Regulations relating to the sewerage system of the Authority, and it shall appoint officers to examine the said applicant as to his knowledge, and, after the consideration of the report thereon of such officers, may refuse to grant such licence, if, in its opinion, the applicant has not the requisite knowledge of such Laws, By-laws, and Regulations.

(4) Every person to whom a plumber's licence is to be issued shall, before the licence is issued to him, sign in a register, to be kept by the Authority, a declaration that he will conform to and comply with the conditions of the licence hereinafter contained and the By-laws and Regulations of the Authority.

(5) The Authority may, if it thinks fit, and subject to the provisions of sub-sections (7) and (10) of this section, issue a permit to work as a plumber to any person who has passed the practical examination of the Sanitary Plumbers' Examination Board of Victoria.

(6) In the event of the holder of a permit to work as a plumber being granted, a Certificate of Competency by the Sanitary Plumbers' Examination Board of Victoria, the Authority may issue a plumber's licence to him subject to the provisions of sub-sections (3), (4), and (7) of this section and upon his returning his permit.

(7) The Authority may refuse to grant a licence or permit to any person, or may suspend or cancel any licence or permit previously granted, if, in its opinion—

- (a) such person has been guilty of an offence against the By-laws and Regulations of the Authority;
- (b) such person has failed to comply with the instructions issued by any responsible officer of the Authority;
- (c) such person at any time or place has so conducted himself as to warrant, in the opinion of the Authority, the refusal, suspension, or cancellation of such licence or permit.

(8) On application for renewal, the Authority may renew any such licence or permit.

(9) No person, other than a plumber's apprentice, plumber's improver, the holder of a permit to work as a plumber, or the holder of a plumber's licence, shall be engaged or employed as a workman in the actual performance of any of the plumbing work for sewerage.

(10) No such plumber's apprentice, plumber's improver, or holder of a permit to work as a plumber, shall be permitted to work in the actual performance of, or to do, any plumbing work for sewerage, except under the supervision of a licensed plumber, who shall be responsible for such work and for compliance with the By-laws and Regulations of the Authority in respect thereof.

(11) "*Drainer's Licence*."—The Authority may issue a "drainer's licence" to any person who is to the satisfaction of the Authority competent to carry out the work of drainer, and for that purpose may require such person

to satisfy it as to his competency by passing an examination conducted by the Engineer and such other examiners as the Authority may appoint or in such other manner as the Authority may determine, or in any particular case may decide that he has a thorough knowledge of the following subjects:—

Plans.—The reading of plans and the meaning of scales and of elevation, plan, and section drawing.

Levelling.—The use of the straight-edge, spirit level, and boning rods.

Excavation, Timbering, and Refilling.—The use of tools for excavation, the protection of trenches by timbering, the treatment of different soils, tunnelling, and tunnel timbering, precautions near buildings, and manners of refilling trenches and tunnels.

Drain-laying.—The preparation of the bottom of trenches, the laying and jointing of stoneware, cement, concrete, and cast-iron pipes, cement, bitumen, lead, and self-filling joints, laying of drains under houses and in soft ground, and the depth of drains below surface.

Drainage Details.—Junctions to sewers, diminishing of sizes of pipes, yard gullies, grease and other traps, inspection openings, and cast-iron drainage details.

Drainage Works.—The provisions of this By-law and of the Acts, in so far as they relate to the work and duties of drainers in regard to the construction, maintenance, and protection of the sewerage system and the construction and use of drains and drainage traps.

Candidates for drainers' licences shall give notice, in writing, to the Authority of their intention to submit themselves to examination, and this examination shall be at such a time and at such a place as shall be appointed by the Authority. Candidates must provide themselves with their own tools and materials, and pay a fee of 20s. for each examination.

Section 12.—The conditions upon which all plumbers' licences and permits and drainers' licences will be issued are:—

- (1) That every licence and permit will be subject to suspension or cancellation at the will of the Authority, and that all such licences or renewals thereof will expire on the 31st day of December next following.
- (2) That every holder of a licence from the Authority who shall have received the consent of the Authority to execute any works in connexion with sewerage or drainage, or who shall (where such consent of the Authority is not required before the execution of any such works) have notified the Authority of his intention to carry out such works—
 - (a) shall obtain permission when necessary for the execution of such works on, over or through any private property, or any streets, roads, parks, reserves, or other public places or properties; and
 - (b) shall pay any fees demanded by the Municipal Authority for opening any street, road, or thoroughfare, or otherwise in connexion with the work; and
 - (c) shall execute such works in accordance with the provisions of the Acts and of the By-laws made thereunder, and of any special directions or orders given or issued by the Authority or its proper officer; and
 - (d) shall use materials of good quality only and free from defects; and
 - (e) shall employ only competent operatives or assistants; and
 - (f) shall execute such works in a thorough and tradesman-like manner to the satisfaction of the Authority as expeditiously as practicable, and leave site clean and undefaced; and
 - (g) shall in the execution of such works take such proper and necessary precautions that no accident or damage or unnecessary inconvenience may be directly or indirectly occasioned thereby; and
 - (h) shall restore any part of any street, road, or thoroughfare interfered with by the work to the satisfaction of the Municipal Authority having control thereof upon the completion of the work; and
 - (i) shall restore any other property interfered with by the work to the satisfaction of the proper officer of the Authority; and
 - (j) shall in all cases notify the proper officer immediately upon completion of any work in hand, promptly amend any defects therein, and again at once notify the said

officer, and subsequently take steps forthwith to secure the certificates of satisfactory completion, and give the same to owner; and

- (k) shall not interfere, remove, cut, or in any way damage any portions of any electrical, gas, water, or telephone installations, and/or any other municipal or public utility or service. When portion of any such installations, including earth-wires, connexions, pipes, &c., interferes with the proper laying of house connexions and sewerage plumbing, the plumber shall communicate with the secretary or engineer of the utility or service concerned in order to arrange for that portion of the electrical, gas, water, telephone, or other installation to be so located as not to cause further interference; and

- (l) shall, when so directed by the Authority, make good at his own expense any defect found within twelve months of the date of completion any such work which, in the opinion of the Engineer, is due to faulty workmanship or defective material.

Section 13.—Prior to the issue of any licence or permit the person to whom the same is to be issued shall pay to the Authority the fee named hereunder:—

	£	s.	d.
For every plumber's licence ..	2	0	0
For every permit to work as a plumber ..	1	0	0
For every drainer's licence ..	1	0	0
For the renewal of any licence ..	0	10	0

DIVISION 7.—NEW BUILDINGS, ADDITIONS, ETC.

Section 14.—Every person who shall intend to erect a building on any property within the Sewerage District, or to rebuild or to make any alterations or additions to any such buildings shall, before commencing such work, give to the Authority fourteen (14) days' notice, in writing, of such intention and obtain a permit from the Authority; and such notice shall be accompanied by plans and sections of such intended buildings, alterations, or additions, showing their positions, dimensions, depths, and levels of foundations, cellars, or basements, all appurtenant walls, and fences, the intended lines of drainage, and the boundary of the land, which plan, &c., shall become the property of the Authority.

DIVISION 8.—GENERAL.

Section 15.—Any work or thing in respect of or in connexion with sewerage in the Sale Sewerage District shall conform to the requirements of the Uniform Building Regulations, Victoria, as amended from time to time, and to this By-law where not inconsistent therewith.

DIVISION 9.—USE OF SEWERS AND DRAINS—PROHIBITION OF CERTAIN DISCHARGES.

Section 16.—*Use of Sewers and Drains.*—The owner and the occupier of any sewered property shall discharge into the sewerage system—

- all faecal matter, urine, household slops, and household liquid refuse from such property, and such other polluted water from stables, washing areas, manure bins, basements, cellars, and roofed yards; and
- such trade or manufacturing liquid refuse as the Authority may authorize, subject in each and every case to such conditions as it may impose.

Section 17.—*Prohibited Discharges.*—The deposition or discharge of any of the following substances into any drain is prohibited:—

- Any animal matter other than is specified in section 16, fleshings, wool, hair, dead animal, grease, dust, ashes, rubbish, garbage, offal, vegetable and fruit or their parings, rags, oil, silt, mud, sand, gravel, or like substances, or any other substances which are in the opinion of the Authority or its proper officer liable to be injurious to any part of the sewerage system or to employees of the Authority engaged in the operation or maintenance of same.
- Any petrol or other inflammable or explosive substance, whether solid, liquid, or gaseous.
- Any rain, roof, surface, or flood waters, except by special permission of the Authority.
- The contents of any night-soil cart, cesspool, or privy.
- Any liquid, trade waste or other substance which has not been neutralized to the approval of the proper officer of the Authority, or which is above the temperature of 100 degrees

Fahrenheit, or such lower temperature as may be prescribed by the Authority, having regard to the special circumstances of the case.

- Any liquid which contains such percentage of common salt or any other mineral, salt, acid, or gas, as is, in the opinion of the proper officer of the Authority, injurious to, or liable to form compounds injurious to, any part of the sewerage system or to employees of the Authority engaged in its operation or maintenance.

DIVISION 10.—TRADE WASTES.

Section 18.—*Conditions of Discharge.*—No person shall discharge any trade or manufacturing liquid, refuse, or waste into any sewer, unless and until the following conditions are complied with:—

- Application for permission to discharge any such trade wastes shall be made, in writing, and accompanied by plans and specifications of the work to be done and of the apparatus to be used, and shall include such details concerning the nature of the waste and the quantity and rates of discharge of the proposed effluent as considered necessary by the proper officer of the Authority.
- The permission of the Authority, in writing, shall be obtained and an agreement containing a covenant to comply with the By-law and with any further stipulations required by the Authority shall be executed. The volume of liquid refuse or waste discharged shall, if ordered, be measured and determined by meter or by some other approved means of measurement. The maximum daily aggregate quantity of effluent which may pass from any trade premises into a sewer, the maximum permissible rate of such discharge, the size and capacity of the drain or pipe for conveying such effluent from the trade premises to the sewer, and the hours during which such flow will be permitted shall be determined by the Authority.
- All such liquid refuse or waste shall be passed through such settling, screening, and/or neutralizing chambers and/or such other appliances and/or otherwise treated as ordered or approved by the Authority to ensure that the resulting effluents shall comply with the conditions of the agreement.
- Every settling, screening, neutralizing, or other chamber, appliance, or apparatus for the treatment of trade wastes in accordance with this By-law shall be cleansed, operated, and maintained by the occupier at his own expense and at such intervals as may be considered necessary by the Authority or its proper officer to ensure the efficient operation of such chamber, appliance, or apparatus, and in no case shall such chamber, appliance, or apparatus be altered without the approval, in writing, of the Authority first being obtained.

DIVISION 11.—SUB-SOIL WATER.

Section 19.—The discharge of sub-soil water into sewers shall be prohibited except by permission of, and under conditions approved by, the Authority.

DIVISION 12.—INSPECTION TESTS AND MAINTENANCE.

Section 20.—*Notice.*—The owner or his authorized agent, or the plumber, drainer, or contractor, shall give at least forty-eight (48) hours' notice to the Authority, in writing, of his intention to commence work and of work ready for inspection. All work shall be left uncovered and accessible for examination until inspected and approved.

The contractor carrying out any work shall, within seven (7) days of the completion of such work, file in the office of the Authority on forms furnished for this purpose, a correct statement of the work done and the cost thereof. Such statement shall be countersigned by the proper officer of the Authority, and a certificate embodying such statement shall be forwarded to the contractor.

Section 21.—*Inspection.*—All drains, wastes, fittings, joints, fixtures, &c., will be inspected by the proper officer of the Authority to ensure compliance with the By-law and approved plan.

Section 22.—*Tests.*—Drains, whether laid by the Authority's workmen or others, must be thoroughly tested in every case before being passed by the

Authority's officers. The proper officer of the Authority may require the application of the water or smoke tests, or such other tests as he may order or approve.

Section 23.—Water Test.—The water test may be applied to the drainage and/or plumbing systems and their fittings in their entirety or in sections. It shall be applied by hermetically sealing all openings below the top of the section to be tested. The system shall then be filled with water to a height of 6 feet above the highest point of the section, or, if considered necessary, to such additional height as the proper officer may order, and every joint carefully examined for leaks.

In testing drains the water shall be maintained at this height for a period of fifteen minutes by the addition of a measured quantity of water as required. The amount of water added in the fifteen minutes shall not exceed 2 gallons for every 50 joints of 4-in. drain or sewer, and shall not exceed 3 gallons for every 50 joints of 6-in. drain or sewer, or proportionately for a lesser or greater number of joints.

Section 24.—Smoke Tests.—The smoke test shall be applied by hermetically sealing all openings into the section to be tested, and forcing into the system thick smoke to a pressure equivalent to 1 inch of water, by means of a smoke test apparatus. Every joint shall then be carefully examined for leaks.

Section 25.—Equipment, &c.—The equipment, material, power, and labour necessary for the inspection and tests shall be furnished by the contractor, plumber, or drainer.

Section 26.—Defective Work.—Any pipes, fittings, fixtures, or other materials or apparatus found to be defective shall be removed and replaced by sound materials or apparatus; and all defective workmanship shall be made good to the satisfaction of the Engineer or his representative, and to comply in all respects with the provisions of the By-laws. Should the contractor fail to replace such defective materials or to make good such defective work within fourteen (14) days of his having been ordered, in writing, by the Engineer so to do, the work or replacement may be carried out by the Authority at the contractor's expense.

Section 27.—Maintenance by Contractor.—Every person who holds a licence from the Authority and who executes any work in connexion with sewerage, drainage, and/or sanitary plumbing, shall make good within fourteen (14) days and at his own expense, when directed by the Engineer so to do, any defects which occur in such works within twelve (12) months of the date of their completion, and which are, in the opinion of the Engineer, attributable to faulty workmanship or materials.

Section 28.—Maintenance by Owner or Occupier.—The owner or occupier of every premises shall, at his own expense, maintain in efficient working order and in a clean and hygienic condition the whole house connexion work, including all traps, neutralizers, or other appliances, installed on such premises. Should the owner or occupier of any premises fail or neglect satisfactorily to maintain and cleanse such appliances, the Authority may, after twenty-four (24) hours' notice, in writing, have the necessary work carried out at the expense of the owner or occupier.

DIVISION 13.—DRAINAGE, GENERAL.

Section 29.—(1) Every premises shall be separately drained unless a combined drain shall have been ordered or approved by the Authority. Owners desiring to have the drainage of their properties combined must sign a request for a combined drain, and obtain the approval of the Authority. In any case in which it appears to the Authority that any properties may be drained more advantageously in combination than separately the Authority may order that those properties be drained by a combined operation.

(2) In any case where a combined drain serves two or more properties the Authority, with the consent of the owners of the properties served by such combined drain, may take over such combined drain, and thereafter such combined drain shall be and remain a sewer of the Authority.

(3) In every case of a combined drain the Authority will determine as between the respective owners and occupiers of the properties drained thereby, the proportions in which the cost of such combined drain shall be paid. In every case of the occurrence of an obstruction in a combined drain the Authority will also determine by whom and in what proportion the cost of removing such obstruction and/or effecting any necessary repairs to drains shall be paid, together with administrative and engineering charges incurred in reaching such decision.

(4) Owners and occupiers of premises are responsible for clearing stoppages in drains within their premises, or between their premises and the sewers into which the branches lead, but must employ only licensed plumbers or drainers to clear such stoppages.

(5) Before a licensed plumber or drainer commences to clear a stoppage in a drain he must notify the Authority, in writing, of the time when he intends to clear the stoppage, so that the Authority's proper officer may attend and pass the work in accordance with the provisions of the Acts.

DIVISION 14.—POLLUTED AREAS.

Section 30.—Connexion.—The Authority shall authorize or require that any of the following places, namely, stables, cow sheds, dairies, market places, abattoirs, areas for washing vehicles, and any other polluted place, be connected with the sewers, subject to such conditions as the Authority may impose.

Section 31.—Conditions Governing Connexion.—No such connexion shall be made unless the following conditions have been complied with:—

- The place to be connected shall, if required, be so roofed as to prevent the entry of rain water from it to the sewers, and in no case shall rain water be permitted to discharge on to such place from adjoining surfaces.
- The place to be connected shall be paved above the level of the yard with approved materials, and graded to the satisfaction of the proper officer of the Authority.
- The drain from any such place shall be provided with an approved silt trap with a removable grating and connected with the drain inside the boundary line of the property. A water tap connected with a satisfactory water service shall be provided in a suitable position over the area.

Section 32.—Manure Bins.—

- Manure bins must be provided for all stables or cow yards, where the local municipal By-laws demand their construction, or where the locality is closely built on.
- All the manure bins must have the inside surfaces rendered with cement mortar, and must be impervious throughout, and provided with an approved close-fitting cover. Walls of new manure bins must, unless otherwise approved by the Engineer, be at least nine (9) inches in thickness, built of brickwork laid in cement mortar. If an outlet pipe be provided for a manure bin, it must be properly connected with the Authority's sewers. Branches in house drains must be provided in all cases where manure bins exist, for their connexion whenever the Authority shall deem it necessary.

DIVISION 15.—LAYING DRAINS, ETC.

Section 33.—Position and Line.—Every drain and every fitting, &c., connected therewith shall be laid and fixed where directed by the proper officer of the Authority. As far as possible all drains shall be laid in straight lines; where changes of direction occur they shall be made in manholes, or by a suitably curved pipe with an inspection opening on each straight pipe next adjoining the curve, or by installing an inspection branch in the curve itself, or by such other means as the proper officer may direct.

Section 34.—Oblique Junctions.—Where any drain joins another drain, or a sewer, the junction shall be made obliquely at an angle of not greater than forty-five (45) degrees with the direction of flow of such drain or sewer.

Section 35.—Connexion to Sewer.—The position of the Authority's connexion to any premises shall be located before the commencement of any drain excavation. The disc stopper at the point of connexion to the sewer shall be carefully removed so as not to injure the socket or allow any debris to enter the sewer.

The first pipe in the drain shall have an inspection opening.

Section 36.—Gradients.—All drains shall be laid on even gradients, and, except by special permission, in writing, from the proper officer, such gradients shall not be less than the following:—

4-in. diameter	1 in 40
6-in. diameter	1 in 60
9-in. diameter	1 in 80

In cases where the grades of drains are steeper than 1 in 15, concrete anchorage blocks shall be placed in intervals of not more than thirty (30) feet.

Such blocks shall be let into the sides of the trench at least six (6) inches on each side and shall extend not less than three (3) inches above and below the barrel of the pipe and for a length of twelve (12) inches along the pipe.

Section 37.—Depth of Drains.—Drains of stoneware or concrete pipes, unless bedded on and encased in concrete of not less than four (4) inches thick over the barrel of the pipe, shall be laid at a depth to the top of the socket of the pipe of not less than the following:—

- (a) In public thoroughfares, rights-of-way, or other open spaces subject to vehicular traffic—two (2) feet.
- (b) In private property not subject to vehicular traffic—one (1) foot.

No person shall alter the surface over any drain so as to deprive it of the minimum depth of cover specified by the preceding paragraph, unless approved measures are adopted to protect the drain.

Section 38.—Laying Drains.—All pipes shall be laid to such lines and grades as may be shown on the plans or directed, and except where otherwise ordered shall be bedded on approved sand or other approved bedding material up to one-third of the diameter of the pipe and so that there shall be at least two (2) inches of the bedding material below the barrel of the pipe in the case of earth-bottomed trenches and up to the horizontal diameter of the pipe, and so that there shall be at least three (3) inches of the bedding material below the barrel of the pipe where laid in trenches in rock.

In water-charged ground, or where the foundation is bad, or near the roots of trees, or where directed, the drain shall be formed of cast-iron pipes, or, if of stoneware or concrete pipes, they shall be bedded on and encased in concrete as ordered, and, if ordered, supported upon approved timber foundations as directed. The thickness of concrete encasing and the form of concrete haunching shall be as directed by the proper officer.

Drops or bends in vertical or inclined drains shall have a concrete support placed under and around the drain as directed.

Section 39.—Stoneware and Cement Pipes.—Joints of stoneware and cement pipes shall be filled in solidly with cement mortar neatly splayed off, or with other approved manner. After each joint is made the interior of the joint shall be wiped clear of surplus mortar before the next pipe is laid.

Section 40.—Cast-iron Pipes.—All joints in cast-iron pipes must be stemmed with approved gaskets and so filled and caulked with lead or other approved material as to make them gas and watertight.

All connexions between stoneware or concrete pipes and cast-iron pipes shall be made as for joints in stoneware or concrete pipes.

DIVISION 16.—DRAINAGE TRAPS.

Section 41.—Trapping of Inlets.—Every inlet to any drain other than inlets provided for ventilation in accordance with this By-law shall be provided with an approved trap. No inlets to any drain connecting directly with a sewer shall be constructed within a building or out-building, other than such inlets necessary for the apparatus of any water closet, urinal or slop sink.

Section 42.—Classes of Traps.—Five classes of traps shall be used:—

- (a) "Traps" for intercepting gases only, which shall be of round section and self-cleansing form, but not such as to empty by momentum or suction.
- (b) "Silt traps" for intercepting both gases and solids, which have slightly tapered sides, flat bottom, and rounded angles, and which shall be provided with approved means for catching and removing solids.
- (c) "Grease traps" for solidifying and collecting grease, fatty domestic wastes, and other semi-fluid or viscous material liable to foul the pipes. The grease trap shall be designed for

the requirements of the particular drain. The design and capacity shall be to the approval of the Engineer. The interior surfaces shall be tiled, and it shall be equipped with non-corrodible baffles, the whole trap being designed for easy cleaning.

- (d) "Acid traps" or "neutralizers" for neutralizing acid or other aggressive water prior to its entering the house drains.
- (e) "Oil traps" for collecting all kinds of oil, which shall be of such form as approved.

The term "yard gully" is applied to traps (a) where they are used externally and fitted with dished tops and gratings. The tops of inlets of all disconnector traps must be at least six (6) inches above the surface of the surrounding ground.

Section 43.—Water Seal.—Every trap must have a water seal of at least half the diameter of the outlet pipe, but in no case of less than two (2) inches.

Section 44.—Provision of Yard Gullies.—A yard gully shall be provided in the yard of every property as near as practicable to the kitchen or back door, with a water tap connected with a satisfactory water service placed over it at a height of not less than two (2) feet, unless other approved provision is made for taking household liquid refuse. No yard gully shall be situated within a building or out-building.

Section 45.—Details of Yard Gullies.—Yard gullies shall be fitted with dished tops and gratings, the dished top being in one piece with the trap or jointed thereto by spigot and faucet, or as otherwise approved.

The depth of the dished top to the grating shall not be less than six (6) inches. The grating to every gully trap shall not be less than six and seven-eighths (6½) inches over all, and the grating to every disconnector trap shall be convex in section, with an opening of suitable outlet capacity. Every grating shall be fixed down in an approved manner with bitumen or wedges of lead.

Section 46.—Kerbing, &c., to Yard Gullies.—Yard gully basins and the dished tops of silt traps shall be so surrounded with an approved impervious kerbing as to prevent the access of surface water to the drains, and, if directed, the wall at the rear of the gully or silt trap, if of brick or stone, shall be cement rendered to the height of the trap over same, and if of wood the wall shall be provided with an approved galvanized sheet iron apron. The internal diameter of kerbing around gully traps measured from the face of cement rendering shall not be less than fifteen (15) inches, and shall be neatly rounded to meet the gully top.

Section 47.—Minimum Permissible Gradients.—The following are the minimum gradients to be adopted for soil and waste pipes:—

Diameter of Pipe.	Minimum Gradient.
1½ inch	1 in 15
1¾ inch	1 in 18
2 inches	1 in 20
2½ inches	1 in 25
3 inches	1 in 30
4 inches	1 in 40
5 inches	1 in 50
6 inches	1 in 60

The above By-law was made and passed by the Sale Sewerage Authority on the 30th day of May, 1960, and confirmed on the 15th day of August, 1960.

In witness whereof the common seal of the Authority was hereto affixed in the presence of—

W. J. STEPHENSON, Chairman.
(SEAL) E. C. PEIRCE, Member.
J. R. RAY, Secretary.

Approved by the Governor in Council,
6th September, 1960.

TOWN AND COUNTRY PLANNING BOARD.

INTERIM DEVELOPMENT ORDER.

Notice of Approval.

IN pursuance of the powers conferred by the *Town and Country Planning Act 1958*, as amended, the Governor of the State of Victoria, by and with advice of the Executive Council thereof, on the fourth day of October, 1960, approved for a further twelve months an Interim Development Order by the Town and Country Planning Board in respect of the municipal district of the Shire of Fern Tree Gully.

Except in accordance with the provisions of a permit issued by the Town and Country Planning Board, the Order generally prohibits, in the major portion of the Shire, the subdivision of land into allotments having an area of less than five acres and the use or development of land other than land which was shown as a separate allotment on a plan of subdivision sealed by the Council prior to December 31, 1958.

The felling, destroying or uprooting of any trees of an indigenous species on and near any road or street or within a specified distance of any creek, stream or defined natural watercourse, or within certain other specified areas, is also prohibited except in accordance with the provisions of a permit issued by the Town and Country Planning Board.

The provisions of the Interim Development Order do not prevent the continuance of the use of any land or buildings for the purposes for which such land or buildings were lawfully used immediately before the coming into operation of the Order.

A copy of the Interim Development Order and a map showing the area affected may be inspected free of charge at the office of the Council of the Shire of Fern Tree Gully at Fern Tree Gully, and at the office of the Town and Country Planning Board, 61 Spring-street, Melbourne.

LOCAL GOVERNMENT ACT.

At the Executive Council Chamber, Melbourne, the twenty-seventh day of September, 1960.

PRESENT:

His Excellency the Governor of Victoria.

Mr. Cameron

Mr. Mibus.

WHEREAS it is provided in section 240A of the *Local Government Act 1958*, as amended by Act No. 6601, that where the council of a municipality has acquired any land for any particular purpose and it appears to the council that the land or some part thereof is not required for the purpose for which the land was acquired, the council may, subject to compliance with the provisions contained in the said section and with the consent of the Governor in Council, use the land or the part of the land in question for some other purpose for which the municipality is authorized to hold land:

And whereas it appears to the Council of the City of Dandenong that the land described hereunder, which was originally acquired for market purposes, is no longer required for such purposes but is required for the purpose of a council depot, and the Council has complied with the requirements of the said section 240A by publishing in a newspaper generally circulating in the district notice of intention to make such request and stating that, at the next ordinary meeting of the Council, after the expiration of 40 days after the publication of the notice, it will consider any objections to the proposal:

And whereas no objections were received by the Council and the Council has submitted the proposal to the Minister:

Now, therefore, His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, hereby consents to the land described hereunder being used for the purpose of a council depot:—

All that piece of land being part of Crown allotment 3, section 49, Parish of Dandenong, commencing at a point on the western alignment of Greaves-street shown on lodged plan No. 8157, and being the south-east angle of the said Crown allotment 3; thence by lines bearing respectively 270 degrees distant 331 ft. 7½ in., 360 degrees distant 564 ft. 8½ in., 89 deg. 46 min. distant 315 ft. 4½ in., 134 deg. 53 min. distant 21 ft. 1 in. and 180 degrees distant 552 ft. 1 in. to the point of commencement.

And the Honorable Murray Victor Porter, Her Majesty's Minister for Local Government for the State of Victoria, shall give the necessary directions herein accordingly.

REGULATIONS FOR THE CARE, PROTECTION, AND MANAGEMENT OF THE "FORSTER-ROAD RECREATION RESERVE, NOTTING HILL".

WHEREAS by section 218 of the *Land Act 1958* power is given to the Board of Land and Works to make Regulations in respect of the care, protection, and management of any Crown land which has been reserved under the Land Acts for any public purpose whatsoever and which has not been conveyed to or vested in trustees, and for the further purposes as enacted: Now therefore the Board of Land and Works, in pursuance of the power conferred aforesaid, doth hereby make the following Regulations in respect of the land in the Parish of Mulgrave temporarily reserved as a site for Public Recreation purposes by Order in Council of 4th May, 1927, and known as "Forster-road Recreation Reserve, Notting Hill" (hereinafter referred to as the "Reserve").

The Reserve has been placed under the control of the Council of the Shire of Mulgrave as a Committee of Management (hereinafter referred to as the "Committee").

1. The Reserve, with the exception of any portion thereof which may be let by the Committee to any club, association, person or society to conduct its activities in accordance with clause 11 of these Regulations, shall be open to the public at all times, free of charge, except on such days not exceeding 52 in any one year, as it or any portion thereof may be set aside by the Committee for fêtes, entertainments or amusements on any of which occasions admission shall be subject to such conditions as the Committee may determine.

2. No person shall—

- (a) enter or remain in the Reserve who may offend against decency as regards dress, language or conduct, or who may behave in a disorderly or offensive manner or create or take part in any disturbance;
- (b) enter or remain in the Reserve whilst in a state of intoxication;
- (c) bring any intoxicating liquor on the Reserve without the consent of the Committee first being obtained;
- (d) exercise or train any horse or pony on the Reserve, or any part thereof, without the consent of the Committee first being obtained.

3. No person shall interfere with, damage, or destroy the vegetation or any buildings in the Reserve, nor throw stones or other missiles, nor light fires, except in fire-places specially provided by the Committee, nor deposit litter or refuse of any kind therein.

4. No person shall bring into the Reserve any cattle, horses, sheep, goats, pigs, or other animals, nor permit the same to enter, without the permission of the Committee being first obtained, otherwise the same may be impounded by the Committee.

5. No person shall erect any tent, booth, or other structure, nor offer any article for sale or hire in the Reserve without the permission of the Committee being first obtained.

6. No person shall use, or cause to be used any structure, tent, caravan or any vehicle of any description in the Reserve for camping or living therein.

7. No person shall enter the Reserve with any vehicle or on horseback without the permission of the Committee being first obtained, nor ride or drive amongst or to the danger or annoyance of persons assembled on any part of the Reserve.

8. No person shall bet publicly in any part of the Reserve without the permission, in writing, of the Committee being first obtained.

9. No person shall play, practise or engage in any sport except in that portion of the Reserve set apart for the purpose, and then only on such terms and conditions as the Committee may determine.

10. The Committee shall have the power to hold entertainments, shows or performances on the Reserve and to make a charge for admission thereto, as herein provided.

11. The Committee shall have the power to let any portion of the Reserve to any club, association, person or society for the purpose of holding any shows, sports or entertainments or to any club, association or society to conduct its activities subject to the payment of such fees and on such conditions as may seem to be reasonable and consistent with these Regulations, and to authorize any club, association, society or person to make a charge for admission as the Committee may determine.

12. No person except the Committee or its officers or employees on duty shall enter any part of the Reserve on an occasion when a charge is made for admission thereto, without first paying the fees chargeable for admission.

13. Persons renting or hiring any stand, building, erection or enclosure on the occasion of any sport, fêtes, or amusements may be required to deposit any sum which the Committee may determine by way of guarantee that due care may be taken of such stand, building, erection or enclosure, and such Committee, in its absolute discretion, may make good any damage or injury or loss from the sum of money so deposited by way of guarantee, and all persons so renting or hiring shall abide by these Regulations and by any order given by the Committee.—(Rs.3448.)

The common seal of the Board of Land and Works was hereto affixed this 27th day of September, 1960, in the presence of—

(SEAL) KEITH TURNBULL, President.
G. L. WOOD, Member.

Every person who contravenes or fails to comply with these Regulations shall, in accordance with the provisions of section 218 of the *Land Act 1958*, for each offence be liable to a penalty of not more than Five pounds, and every person who contravenes or fails to comply with any such Regulations, and who, after he has been warned by any bailiff of Crown lands or by any member of the Police Force, does not desist therefrom, may be forthwith apprehended by such bailiff or member of the Police Force and taken before some justice to be dealt with according to law and shall be liable to a penalty of not more than Ten pounds.

COMMITTEES OF MANAGEMENT OF RESERVES.

APPOINTMENTS.

WHEREAS by section 221 of the *Land Act 1958* it is provided that it shall be lawful for the Governor in Council or the Board of Land and Works to appoint and remove any number of persons, not less than three, or any municipal council, or the governing body of any corporation, to be a Committee of Management of any specified Crown land reserved either temporarily or permanently for any of the purposes set out in section 14 of the *Land Act 1958*, and not conveyed to or vested in trustees: Now therefore the Board of Land and Works doth hereby appoint the under-mentioned persons to be members of the Committee of Management of the Reserves named:—

PUBLIC SERVICE ACT 1958.

THE Public Service Board, in pursuance of the powers conferred by the *Public Service Act 1958*, hereby amends the Public Service (Public Service Board) Regulations as follows:—

PART I.—APPOINTMENTS TO THE ADMINISTRATIVE, PROFESSIONAL, AND TECHNICAL AND GENERAL DIVISIONS.

TECHNICAL AND GENERAL DIVISION.

Department of Health—Mental Hygiene Branch.

Regulation 34 is revoked and the following Regulation is substituted therefor:—

"34. (1) Candidates for appointment to the office of Student Nurse (Male or Female) must be not less than eighteen and not more than 40 years of age: Provided that any candidate under the age of 56 years who has a current practising certificate in respect of mental nursing or mental deficiency nursing issued by the Victorian Nursing Council shall be eligible for appointment.

(2) A candidate for appointment to the office of Student Male Nurse must possess a merit certificate or equivalent qualification.

(3) All appointments of Student Nurses (Male or Female) to the staff shall be on probation and shall be subject to the passing of the examinations prescribed by Regulation 52 of these Regulations. Any such appointment shall not be confirmed unless the appointee passes the Final Examination within five years after appointment."

PART II.—PROMOTIONS AND TRANSFERS.

TECHNICAL AND GENERAL DIVISION.

Department of Health—Mental Hygiene Branch.

Regulation 52 is revoked and the following Regulation is substituted therefor:—

"52. (1) In order to qualify for promotion to positions on the nursing staff of Mental Hospitals, Student Nurses (Male or Female) will be required to pass three examinations and register with the Victorian Nursing Council. It shall be compulsory for Student Nurses to attend lectures and tutorials as required by the Victorian Nursing Council and to complete a full three years' training before registration with that Council. Sick leave and leave granted under Regulation 44 of the Public Service (Governor in Council) Regulations will not be counted for the purpose of this sub-regulation as part of any period of training. During the course of this training, trainees will undertake the following examinations:—

(a) First Professional examination for trainees in mental nursing and mental deficiency nursing set by the Victorian Nursing Council.

This examination cannot be undertaken until at least nine months after the Student Nurse has been enrolled for training with the Victorian Nursing Council.

An officer who fails to pass the examination at two successive attempts must cease training.

Commissioner of Public Works.

Public Works Department,
Melbourne, C.2., 4th October, 1960.

Forests Act 1958 (No. 6254).

FORESTS COMMISSION OF VICTORIA.

OFFERS FOR WATTLE BARK IN THE STATE FORESTS, ETC., 1960.

OFFERS, endorsed "Offer for Wattle Bark, lot—," and addressed to the Secretary, Forests Commission, Melbourne, will be received at this office up to Twelve noon on Friday, 31st October, 1960, for the right to strip and remove wattle bark on and from the following areas. The general conditions hereunder will apply in every case where not expressly stated to the contrary, and special conditions will also apply where provided. Full particulars may be obtained from the officer in charge in each case, or on application to the Commission.

GENERAL CONDITIONS.

1. No offer will necessarily be accepted.

2. The deposit specified in Schedule must accompany each offer.

3. The licensee shall do everything within his power to strip and remove all bark available on the area upon which he is licensed to operate.

4. Stripping shall be commenced within six weeks from date of acceptance of offer unless otherwise authorized by the Commission.

5. No stripping shall be commenced until the applicant has lodged the deposit specified and is in possession of the requisite licence.

6. Notification, in writing, that stripping operations have been commenced must be forwarded to the officer in charge within 48 hours from date thereof.

7. No tree shall be felled or stripped on any area which the officer in charge directs is not to be operated upon, and no particular tree specially marked by him to remain standing shall be felled or stripped.

8. In the event of stripping being permitted on any area regarded as a tourist resort all tops must be lopped, stacked, and burned under the direction of and in accordance with the written conditions specified by the officer in charge.

9. No tree shall be felled so as to fall into any water-course or to obstruct any road or track.

10. Except with the permission of the officer in charge, no tree of less than 5 inches diameter shall be stripped when of the black or feather-leaved variety, or less than 2½ inches in diameter when of the broad-leaved species, unless otherwise stated in the licence. Wherever a size limit is stated it shall be at a height of 2 feet from the ground.

11. All stripping must cease by 31st March following the date of issue of licence unless otherwise authorized, in writing, by the officer in charge.

12. Bark must be properly bundled, securely tied, and stacked in heaps of not less than 10 cwt. in clear places only, and the licensee must take such precautions as the officer in charge may direct to safeguard such bark from loss by fire.

13. No bark shall be removed without the permission of the officer in charge, and it must be carted from the forest and weighed not later than one month from the date of stripping the bark unless otherwise authorized by the officer in charge.

14. The whole of the work shall be done under the supervision and to the satisfaction of the officer in charge and at a rate satisfactory to the Commission.

15. All bark must be weighed at the weighbridge stipulated in the licence, or at such other weighbridge as may be approved by the officer in charge, and in all cases at the expense of the licensee. Duplicate weighbridge tickets must be provided and, if so directed by him, the bark must be weighed in the presence of the officer in charge.

16. Prior to removal of the bark satisfactory arrangements must be made with the Commission for payment of royalty. The licensee shall pay such royalty at the rate tendered on weights as disclosed by the weighbridge dockets.

17. Camps must be pitched and fires lighted only in such places as shall be determined by the officer in charge, and the licensee shall, on demand of the officer, instantly dismiss from his employ any person or persons who shall carelessly use, leave, or light any fire otherwise than in accordance with the Forests Acts and Regulations.

18. The licensee shall forthwith comply with any direction given to him by the officer in charge for the effective protection from fire of the forest within the boundaries of the area upon which he is licensed to operate, and he shall do everything that is reasonably within his power to prevent from spreading and to extinguish any fire which may break out on such area or which may spread to it.

19. The violation of any of the above conditions will render the licence null and void, and the Forests Commission shall have absolute power to forfeit the whole or part of the deposit to the Crown and to seize all bark stripped to date of voidance. The officer in charge shall have power to suspend operations pending the decision of the Forests Commission.

G. K. COCKBURN,

Forests Commission,

SHIRE OF SOUTH BARWON.

BY-LAW No. 47.

A By-law of the Shire of South Barwon, made under the provisions of the *Local Government Acts*, and numbered 47, for regulating the use of private property at the junction of streets and roads for the growing of trees, shrubs or hedges, and for prohibiting to remain on any private property near the junction of streets or roads fences to a height exceeding 3 ft. 6 in., and providing for the removal or lopping of such trees, shrubs, hedges or fences.

IN pursuance of the powers conferred by the Local Government Acts and of any and every other power enabling them in that behalf, the President, Councillors and Ratepayers of the Shire of South Barwon order as follows:—

1. In this By-law, unless inconsistent with the context or subject-matter thereof—

"Street" or "road" shall have the same meaning as is provided in Act No. 6299 (*Local Government Act 1958*) or any statutory amendment thereof for "street" or "road".

"Council" means the President, Councillors and Ratepayers of the Shire of South Barwon.

2. The Council by notice in writing may order—

(a) the owner of private property situate at the junction of any streets or roads to remove or lop to a height determined by the Council any tree, shrub or hedge (whether planted before or after the passing of this By-law) from or on such private property where any such tree, shrub or hedge abuts on or is within 10 feet of either such street or road or is within a distance of 30 feet from the junction of such streets or roads;

(b) the owner of any portion of a fence within 30 feet of the junction of any streets or roads to reduce such portion of a fence to a height not exceeding 3 ft. 6 in.

3. Where any such tree, shrub or hedge shall not be so removed or so lopped or such portion of a fence shall not be so reduced in height in manner and within the time stated in the notice hereinbefore prescribed by this By-law, the Council, at the expense of the owner of such private property or of such portion of a fence, as the case may be, may—

(a) remove or lop any such tree, shrub or hedge, or

(b) reduce in height any such portion of a fence, provided such removal, lopping or reduction in height is consistent with the order of the Council contained in the said notice.

4. Such notice hereinbefore prescribed—

(a) shall specify the removal, lopping or reduction in height ordered and state the time within which the same shall be done;

(b) may be served on such owner by—

(i) causing the same to be handed personally to such owner, or

(ii) posting the same in a prepaid registered letter, addressed to such owner at his last address appearing in the rate books of the Council, or

(iii) if no address of such owner appears in the said rate books, by posting such notice in a conspicuous position on such property or on such portion of a fence, as the case may be.

5. The expense hereinbefore referred to in clause 3 of this By-law may be recovered by the Council in a Court of Petty Sessions as a civil debt recoverable summarily.

6. Any such owner offending against the provisions of this By-law shall for any wilful act or default contrary thereto be guilty of an offence and, on conviction therefor, shall be liable to a penalty of not more than Twenty pounds, in addition to any expense which may be recovered from him as aforesaid.

7. This By-law shall apply to and have operation throughout the whole of the municipal district of the Shire of South Barwon.

Resolution for passing this By-law was agreed to by the Council of the Shire of South Barwon on the 16th day of August, 1960, and confirmed on the 20th day of September, 1960.

The common seal of the President, Councillors and Ratepayers of the Shire of South Barwon was affixed hereto, in the presence of—

(SEAL) A. L. DEAN, Shire President.

A. C. BROOKS,
Government Printer.

THE "VICTORIA GOVERNMENT GAZETTE".

SUBSCRIPTIONS.—*The subscription, including postage, is £2 15s. per annum, £1 7s. 6d. half-yearly, or 13s. 9d. per quarter, payable in advance.*

Subscriptions are required to commence and terminate with a month.

A lesser period than three months cannot be subscribed for.

Subscribers do not receive the Acts of Parliament with the GAZETTE.

ADVERTISEMENTS are charged at the rate of 1s. 6d. per line single column, and 3s. per line double column.

The title (£5 Reward, Dissolution of Partnerships, &c.) forms one or more lines as a heading.

On an average, ten words make a line.

Every signature must likewise be counted as a line.

The final words of a paragraph, though only portion of a line, must be counted as one line.

SIGNATURES (in particular) and proper names must be written very plainly in the text; ONE SIDE ONLY of each slip of paper should be WRITTEN UPON.

ALL COMMUNICATIONS should be addressed to "The Government Printer, Melbourne".

ALL DOCUMENTS illegibly written will be returned unpublished, and where brands occur unprovided for by the ordinary letters of the alphabet, a worded explanatory description must be furnished.

THE VICTORIA GOVERNMENT GAZETTE is published on WEDNESDAY EVENING in each week, and Notices for insertion will be received by the Government Printer at or before Two p.m. at ordinary rates, and late advertisements between Two p.m. and Five p.m. at double rates on the day preceding the day of publication.

Single copies of the VICTORIA GOVERNMENT GAZETTE are One shilling, posted One shilling and five pence.

No GAZETTES prior to January, 1950, in stock.

****ALL PAYMENTS ARE REQUIRED IN ADVANCE.—Remittances should be made by postal note, money order, or draft in favour of the Government Printer. Advertisements unaccompanied by a remittance sufficient to cover the cost of insertion will be returned unpublished.*

PUBLICATION OF OFFICIAL MATTER.

ATENTION is invited to the following procedure in relation to the publication of official matter in the *Government Gazette*:—

1. *Matter submitted to the Executive Council.*

Matter submitted to the Executive Council which requires gazettal will normally be published in the issue of the following week.

Where urgent gazettal is required, special arrangements should be made with the *Gazette Officer*.

Publication will be facilitated by the submission of carbon copies for the use of the *Gazette Officer*.

2. Other matter.

(a) All other matter duly certified by a responsible officer for publication should be lodged with the *Gazette* Officer not later than half-past Ten a.m. on Tuesday.

(b) Lengthy or involved notices should be forwarded several days before publication.

(c) Proofs, which will be supplied only when specifically requested, or at the direction of the *Gazette* Officer, should be returned promptly to avoid delay in publication.

(d) No additions or amendments to matter for publication will be accepted by telephone.
