SUPERANNUATION BOARD.

A VACANCY will occur on the 25th day of June, 1962, for a Member of the State Superannuation Board in consequence of the resignation from and inclusive of the said 25th day of June, 1962, of Harold Ernest Loader, who was elected and appointed as a Member of the said Board for a period of five years from and inclusive of the 24th day of December, 1960; and notice is hereby given in accordance with Part V. of the *Superannuation Act 1958*, that an election will be held to elect one Member of the State Superannuation Board, who shall be a contributor within the meaning of the said Act other than a contributor in the Railway Service, to hold office for the remainder of the term for which the said Harold Ernest Loader was elected and appointed, viz., until the 23rd day of December, 1965, in the manner specified as follows:—

*Appointment of Election Officials.*

1. For the purpose of this election Frank Ernest Cahill, the Chief Electoral Officer for the State of Victoria, shall be the Returning Officer.

2. The Returning Officer may, by writing under his hand, appoint some person to be his substitute, and may in a like manner appoint persons to assist him as Poll Clerks in the conduct of the election.

3. The Returning Officer, the Substitute Returning Officer, and every Poll Clerk shall, before entering upon any of their duties in connexion with the election, make a statutory declaration in the form of the First Schedule hereto.

*Entitlement to Vote.*

4. All persons who, as at the 30th day of April, 1962 (the day of nomination hereinafter prescribed), are contributors within the meaning of the *Superannuation Act 1958*, other than contributors in the Railway Service, shall be entitled to vote at the election, provided that the election shall not be invalidated by reason merely that ballot-papers have been irregularly forwarded to those who are not contributors as defined above or have been omitted to be sent to any such contributors unless in the opinion of the Minister such irregularity or omission has affected the result of the election.

*Nominations.*

5. No person shall be capable of being elected a Member of the Board unless duly nominated.

6. A nomination shall be in the form of the Second Schedule hereto, or to the like effect; shall be signed by not less than twenty persons entitled to vote at the election, shall be lodged with or delivered to the Returning Officer, at the State Electoral Office, Old Treasury Building, Spring-street, Melbourne, not later than Twelve o'clock noon on the 30th day of April, 1962, which shall be the "nomination day", and shall contain the consent of the candidate to act if elected.

*Withdrawal of Nominations.*

7. Any candidate may, by written notice addressed to the Returning Officer, withdraw his consent to his nomination at any time not later than Twelve o'clock noon on nomination day, and such candidate shall be considered as not having been nominated. The Returning Officer shall thereupon omit the name of such candidate from the ballot-papers.

*Nominations Advertised.*

8. After Twelve o'clock noon on nomination day, the Returning Officer shall, in the event of the election being contested, announce the full name, Department, and Branch of each candidate nominated, and shall cause notice thereof to be published in the *Government Gazette*.

*Uncontested Election.*

9. If at the election one candidate only is nominated that candidate shall be declared duly elected, and notice thereof shall forthwith be published by the Minister in the *Government Gazette*.

*Polling.*

10. If at the election more candidates than one have been nominated, a vote shall be taken to decide the election, and the Returning Officer shall forthwith cause ballot-papers to be printed in the form of the Third Schedule hereto, or to the like effect, and shall, by himself or his substitute or a Poll Clerk, sign or initial each of such ballot-papers, and shall enclose it with an unfastened envelope having the address of the Returning Officer printed thereon, and shall send by post, or cause to be delivered, to every voter, one such ballot-paper and envelope pertaining to the election.

11. After having recorded his vote, the voter shall enclose such ballot-paper in the envelope furnished to him with the address of the Returning Officer printed thereon;

shall sign his name in the space provided for the purpose on the face of the envelope; shall state his Department and Branch; and shall stamp and post, or deliver (or cause to be delivered) the same so that it will be received by the Returning Officer not later than Four o'clock in the afternoon of the sixth day of June, 1962, hereinafter referred to as "the day of the election." Any ballot-paper which is not enclosed in an envelope bearing the voter's signature and the other particulars required to be endorsed thereon, or in respect of which the directions in the Third Schedule hereto have not been complied with, shall not be counted at the election. The decision of the Returning Officer as to the admissibility or the validity or invalidity of a ballot-paper shall be final.

12. Upon a contributor making and transmitting to the Returning Officer a statement in writing (setting out his full name, Department, and Branch) that he has not received a ballot-paper, or that the ballot-paper received by him has been lost or destroyed and that he has not already voted, the Returning Officer may issue a new ballot-paper to such contributor.

*Preferential Voting.*

13. A voter shall mark his ballot-paper by placing the figure 1 opposite the name of the candidate for whom he votes as his first preference, and shall give contingent votes for all the remaining candidates by placing the figures 2, 3, and 4 (and so on as the case requires) opposite their respective names, so as to indicate by such numerical sequence the order of his preference.

*Scrutineers.*

14. Each candidate at the election shall be entitled to appoint, in writing, one scrutineer to be present when the envelopes containing ballot-papers are being opened at the commencement of the scrutiny, and to remain during the scrutiny. Every scrutineer shall, before he acts as such, make and sign before the Returning Officer a like declaration to that which the Returning Officer and other officers employed in the conduct of the election are required to make and sign.

*The Scrutiny.*

15. The scrutiny shall not commence until after Four o'clock in the afternoon of the day of the election.

16. The Returning Officer or the Substitute Returning Officer, with the assistance of any Poll Clerk duly appointed, shall—

- (a) produce unopened all envelopes containing ballot-papers received up to the time of closing the poll;
- (b) examine each envelope, and if it is properly signed, and if it contains the necessary particulars thereon and otherwise complies with the provisions herein contained, accept the vote for further scrutiny;
- (c) if an envelope is not properly signed or otherwise does not comply with the provisions herein contained, reject the vote without opening the envelope;
- (d) place the unrejected envelopes on a table face downwards so that the signatures of the voters shall not be visible;
- (e) open each unrejected envelope, withdraw the ballot-paper contained therein, and without inspecting the vote or permitting any other person to do so, deposit the ballot-paper in a ballot-box;
- (f) when all unrejected envelopes have been opened and the ballot-papers withdrawn therefrom and deposited in the ballot-box, open the ballot-box and count the votes.

*Adjournment of Scrutiny.*

17. The Returning Officer may from time to time adjourn the scrutiny to a day and hour fixed by him and notified to the scrutineers.

*Provisions of State Law to Operate.*

18. Subject to the provisions contained herein, the election shall be conducted in accordance with the provisions of the law for the time being regulating elections for the Legislative Assembly, so far as they can be made applicable, *mutatis mutandis*.

*Recount.*

19. At any time before the gazettal of the result of the election, as hereinafter provided, the Returning Officer may, if he thinks fit, on the written request of any candidate setting forth the reasons for the request, or of his own motion, make a recount of the ballot-papers.

If the Returning Officer refuses on the request of a candidate to make a recount of the ballot-papers, the candidate may, in writing, appeal to the Minister to direct a recount, and the Minister may, as he thinks fit, either direct a recount or refuse to direct a recount.

*Cases of Equal Voting.*

20. If on any count two or more candidates have an equal number of votes, the Returning Officer shall decide by lot which candidate shall be declared defeated or (in the case of a final count) which candidate shall be declared elected.

*Publication of Result.*

21. The Returning Officer shall announce the result of the election, and transmit a statement of such result to the Minister, who shall notify such result in the *Government Gazette*.

*Disposal of Ballot-papers, &c.*

22. The Returning Officer shall, after publication of the result of the election in the *Government Gazette*, destroy all ballot-papers and envelopes used at such election.

#### CONDITIONS OF CONTRACT.

1. Except where definite quantities are specified the Government will not be bound to order from the contractor all the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the estimated quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates. The Government reserves the right to purchase otherwise than from the contractor articles of any of the several kinds enumerated in the schedule, the purchase of which is, in the opinion of the Tender Board, necessary in order to meet special circumstances or special requirements.

2. Under this contract goods may be ordered by any Department of the Commonwealth, but it shall be optional on the part of the contractor to supply.

3. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule. In the case of different makers' goods, the contractor will be required to supply the kind ordered. *The supplies are to be the best quality of their several kinds or manufacture.* In the event of the tender having been accepted for goods manufactured within the Commonwealth or within any other part of the British Empire (as the case may be), all such goods supplied shall, if required by the Government, bear evidence that they are of the particular manufacture tendered for and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

4. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., shall be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. The contractor must provide, without extra charge, whatever labour may be required in the packing of stores.

5. All orders for supplies will emanate from the Departments requiring the goods, which shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted and return the order to the contractor, who will attach it to his claim for payment.

6. Supplies ordered for delivery in the Melbourne District are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purpose of this contract, the Melbourne District will include a radius of 12 miles from the Elizabeth-street Post Office. For supplies outside that radius the goods must be delivered free on rails at Flinders-street or Spencer-street Railway Stations as required.

7. Arrangements as to time of delivery and inspection of goods will be made by the officer ordering the supply.

8. Orders must receive prompt execution; in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order or within such other time as the order may specify for delivery, it will be competent for the officer named in clause 7, or the head of the Department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

9. Delivery will not be deemed to have been made until the goods have been approved of. In the event of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as provided in clause 8.

10. The contractor will be required to furnish his account in the prescribed form as soon as possible after the delivery of the goods, the account to be accompanied by the receipted delivery orders on which it is based. Where practicable, the use of more than one account form for each Department or sub-Department must be avoided. The rates and the quantities quoted in the orders cannot be increased.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the schedule. The contractor may, however, claim a survey on any goods objected to; but in that case, he must, within twenty-four hours after objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.

12. The members of Boards of survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as provided in clause 8.

13. A refusal to execute orders, irregularity in the quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with the terms of clauses 15 and 16 of these Conditions respecting the forwarding of consignment notes, &c., will subject the contractor, upon report from the Tender Board, to such mulct not exceeding Fifty pounds as the Treasurer may direct, and the amount may be deducted as provided in clause 8. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay to terminate the contract forthwith and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

14. All goods forwarded under this contract shall, where railway facilities are available, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor by whom consigned, on a legibly-written business label.

15. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any Department excepting Departments of the Commonwealth, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office or

such other Department as shall be named therein. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver the original at the Tender Board Offices, the duplicate to be forwarded to the consignee in accordance with clause 16, and the quintuplicate to be retained by himself. (In the case of Commonwealth Departments, however, the Commonwealth consignment note only, which accompanies the order, must be used.) Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note must not be used. Any infringement of this condition will subject the contractor to such mulct as is provided in clause 13.

16. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor, on the duplicate consignment note provided for the purpose, that the goods have been sent. On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred thereby will be deducted as provided in clause 8.

17. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners under special freight conditions, the contractor shall in such instance provide, in writing on the consignment note, an intimation to that effect failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount thereof to be deducted from the contractor's account or from the security money.

18. The contractor is not at liberty to transfer his contract under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. Should it be found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm, and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract and forfeit the security money.

19. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works through the Board of Land and Works, or by the State Rivers and Water Supply, Forests, and Electricity Commissioners, or the Country Roads Board, or for the Railways Department, or for supplies for Technical, High, or Higher Elementary Schools, or for connexions and fittings for Drills and Batteries, or by any article being made at and supplied for the use of any Government establishment, or by the consumption of the surplus stock of any Government establishment.

20. Notwithstanding anything to the contrary contained in section 152 of the Customs Act 1901-36, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice, in writing, from the first day of the calendar month next ensuing and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

The foregoing provision shall not apply where the contract is for definite quantities of imported goods to be delivered at stated times, as stipulated in the schedule, and any alteration in the duty of Customs or Telegraphic Transfer rate of exchange affecting the goods included in such contract shall be to the accounts of the Government; adjustments to be based on the F.O.B. and C.I.F. prices of the goods, respectively, and the Telegraphic Transfer rate ruling at the time of delivery of the goods.

21. Under no circumstances, other than those mentioned in clause 20, will the contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

Treasurer.
