Provided that the hourly rate shall not in any case exceed that calculated on an annual actual salary appropriate to the standard salary prescribed for the top subdivision of Class "C2".

(5) The Permanent Head may, on the application of an officer, grant such officer time-off in respect of overtime work performed by him. No time-off shall be granted in respect of any overtime for which payment is made.

(6) "Standard salary" means salary excluding any additional amount payable under the provisions of Regulation 74.

- (b) where the nature of the work will not admit of the general observance of these hours of duty, the Permanent Head, with the approval of the Public Service Board, shall determine the hours of duty of the officers or employees concerned.

157. Three-quarters of an hour shall be allowed daily to every officer and employee for luncheon from 12.45 p.m. to 1.30 p.m., or at such other time as in the departmental or public interest the Permanent Head or Head of the Branch may determine:

Provided that, where special circumstances exist, the Board may, in respect of a particular branch or section within a Department, authorize a luncheon period of less than three-quarters of an hour but not less than half an hour.

158. Subject to the general approval of the Board, an officer may be directed to remain on duty or to stand by on call for duty beyond his ordinary hours of duty.

**PART X.—LEAVE OF ABSENCE.**

**DIVISION I.—GENERAL.**

## REGULATIONS UNDER PUBLIC SERVICE ACT 1958.

160. Where an officer or employee, who has been granted leave of absence without pay for a specified number of days, resumes duty on a Monday or the first working day of a week, pay shall be restored from and inclusive of the day following the last normal working day within the period of leave, except where the leave granted commences on a Monday and the last normal working day within the leave period is a Friday or a Saturday (as the case may be), in which case pay shall be restored from and inclusive of the Monday.

## DIVISION II.—RECREATION LEAVE.

161. Subject to the following Regulations in this Part, every officer and every employee shall be entitled to three weeks leave of absence for recreation in respect of each calendar year of service.

162. In respect of the calendar year in which an officer or employee commences or ceases duty in the Public Service, he shall be entitled to leave of absence for recreation for a period of one and a quarter working days for each completed month of service in such year; provided that, in respect of the calendar year in which an officer or employee commences duty, service in any office in the service of the State of Victoria or of any other State or of the Commonwealth of Australia shall, to the extent approved by the Board, be regarded as service for the purpose of this Regulation.

163. (1) In determining the entitlement of any officer or employee to leave of absence for recreation in respect of any calendar year of service, there shall not be regarded as service—

- (a) any period of leave pursuant to the provisions of Regulation 183 hereof;
- (b) the sum of any periods of sick leave without pay and long service leave to the extent that it exceeds three months in such calendar year or to the extent that it exceeds any continuous period of three months;
- (c) except as may be determined by the Board, any period of leave without pay to the extent that it exceeds one month in such calendar year.

(2) When in any calendar year an officer or employee is absent on leave for any period which under the provisions of sub-regulation (1) of this Regulation is not to be regarded as service, the period of leave of absence for recreation to which the officer or employee would otherwise be entitled in respect of that calendar year shall be reduced by one and a quarter days for each complete month of the aggregate of such periods of absence during such year:

Provided that where leave of absence for recreation has already been taken in excess of the reduced period so computed, the period of leave of absence for recreation to which the officer or employee shall be entitled in respect of the following calendar year shall be reduced by the period of excess leave so taken.

164. Whenever a public holiday is observed during any period of leave of absence for recreation, such public holiday shall, except in respect of officers or employees working under conditions where substituted leave is granted in lieu of public holidays, not be regarded as part of the leave.

165. (1) Leave of absence for recreation shall be granted by the Permanent Head in accordance with the provisions of these Regulations at such times as are convenient to the needs of the Department.

(2) The Permanent Head may direct any officer or employee to take any leave of absence for recreation to which the officer or employee is entitled at such time as is convenient to the needs of the Department, but as far as practicable the wishes of the officer or employee concerned shall be taken into consideration when fixing the time for the taking of leave.

(3) Every officer and every employee shall be granted and shall take the leave of absence for recreation to which he is entitled in respect of any calendar year's service not later than the 31st day of March next following the year in which the entitlement accrues and the entitlement of any officer or employee to any leave of absence for recreation which is not so taken shall, except with the approval of the Permanent Head, lapse.

REGULATIONS UNDER PUBLIC SERVICE ACT 1958.

DIVISION III.—SICK LEAVE.

166. (1) In the case of illness of an officer or employee, the conditions under which leave of absence is granted shall be as follows:—

(a) When leave with pay is approved, the basis for determining the amount which may be granted shall be ascertained by crediting the officer or employee with the following periods, such leave to be cumulative:—

	Leave on Full Pay.	Leave on Half Pay.
<i>Officers.</i>		
At commencement of duty . . . . .	16 days	16 days
On completion of two years' service and each year's service thereafter	8 days	8 days
<i>Employees.</i>		
On completion of four weeks' service—		
With respect to the first year of service . . . . .	6 days	6 days
On completion of one year's service . . . . .	6 days	6 days
Provided that the scale of credits prescribed for officers shall apply to employees on completion of two years' service, such credits to be computed as from the date of commencement of service: Provided further that an officer who resigns or retires and is subsequently re-employed in a temporary capacity shall be permitted to retain a sick leave credit up to but not exceeding 28 days on full pay.		

(b) To determine the leave for which an officer or employee is eligible at any time all leave granted during his service at rates of full pay and half pay respectively shall be deducted from the appropriate period ascertained under the provisions of the preceding paragraph.

(c) After deduction has been made as provided in the preceding paragraph the period remaining at each rate of pay shall be the amount of leave for which an officer or employee is eligible.

(d) For each week an officer or employee is absent on leave with full pay the amount of leave on full pay standing to his credit shall be reduced by five days.

For each week an officer or employee is absent on leave with half pay the amount of leave on half pay standing to his credit shall be reduced by five days notwithstanding that his pay is reduced to half pay for seven days.

Where the absence exceeds one or more weeks but does not extend to a further week the number of weeks shall be recorded as hereinbefore provided and the remaining days shall be debited as a period of less than a week.

When the period of leave granted to an officer or employee with pay (whether full pay or half pay) does not extend to a week his appropriate credit shall, subject to the provisions of Regulation 168, be reduced by the number of days he would have been required to be on duty if he had not been absent on sick leave.

For the purposes of these Regulations, so far as they relate to sick leave, a week shall be deemed to be any period of seven consecutive days inclusive of Sunday.

(e) In these Regulations, so far as they relate to sick leave, "service" means continuous service, inclusive of any period of absence on leave, provided that, in determining at any time the amount of leave standing to the credit of an officer or employee who has been absent on leave without pay (other than for the purpose of serving with the Commonwealth Defence Forces) continuously for a period extending beyond six months, such period as is in excess of six months shall not be counted as service.

(2) Notwithstanding anything contained in this Regulation, where an officer or employee has exhausted his sick leave credits on full pay he may, in the event of continued or further illness, elect in writing to have the whole or any portion of the leave on half pay standing to his credit converted into leave on full pay, such conversion to be made on the basis that each credit of two days on half pay shall be deemed to be a credit of one day on full pay.

## REGULATIONS UNDER PUBLIC SERVICE ACT 1958.

(3) In computing the service of an officer or employee for the purposes of this Regulation, service in any office in the service of the State of Victoria or of the Commonwealth of Australia or of any other Australian State may to the extent approved by the Board be taken into account.

167. (1) Where an officer or employee whose normal working week is from Monday to Friday inclusive is absent through illness on a Saturday on which he is rostered to perform duty, such day shall not be deemed to be a day on which he is required to be on duty, and, in respect of such day, no debit shall be made against his sick leave credit, but, in the case of any such absence, the Permanent Head may require the production of a medical certificate.

(2) Where an officer or employee, whose normal working week is from Monday to Friday inclusive, is granted sick leave for a period which includes a period during which he would but for such sick leave have been rostered off duty in respect of duty performed by him on a Saturday morning, he shall, after resuming duty from sick leave, be granted time off in lieu of any such duty performed before he commenced sick leave.

168. (1) A public holiday observed between the first and last days of a period of leave of an officer or employee shall be regarded as part of the leave.

(2) After an absence on sick leave an officer or employee shall be deemed to have resumed duty on the day he actually returns to duty: Provided that a public holiday observed at the expiration of a period of leave shall not be regarded as part of the leave when the officer or employee resumes duty immediately after such holiday.

169. (1) For any period exceeding three days' continuous absence, a satisfactory certificate by a duly qualified medical practitioner shall be furnished setting out the cause of such absence: Provided that—

(a) the Permanent Head may require a medical certificate to be furnished with respect to any absence, and

(b) continuous leave with pay shall not be granted to an officer or employee for any period exceeding thirteen weeks, unless the Government Medical Officer certifies that the leave is necessary and where an officer or employee is continuously absent from duty on account of illness beyond a period of thirteen weeks, he shall not be permitted to return to duty until the Government Medical Officer certifies that he is fit to resume work.

(2) No leave shall be granted with pay on account of illness caused by the misconduct of the officer or employee, or in any case of absence from duty without sufficient cause. Where the Permanent Head has occasion for doubt as to the cause of illness or the reason for absence, he shall before accepting a medical certificate refer such certificate to the Government Medical Officer for report.

(3) If the number of days during which an officer or employee is absent in any year without a medical certificate exceeds five days in the aggregate, the number of days absence in excess of five shall not be granted as sick leave, but shall be deducted from his annual recreation leave or be granted without pay.

(4) In a special case where a medical practitioner is not available the Permanent Head may accept a certified statement from an approved officer in lieu of a medical certificate.

(5) When an officer or employee is absent from duty on account of a dental disability he may be granted leave of absence for a period not exceeding one week provided that he furnishes the Permanent Head with a satisfactory certificate from a legally qualified dentist.

170. (1) Where the Permanent Head is satisfied that the illness of an officer or employee with at least six months' service is directly attributable to or is aggravated by his service in the war which commenced in the year One thousand nine hundred and fourteen or in the year One thousand nine hundred and thirty-nine, such officer or employee may, apart from any sick leave which may be standing to his credit, be credited with special leave with full pay amounting to eight days in respect of each year of service from the 1st July, 1947, to the 30th June, 1951, and with fifteen days' special leave with full pay in respect of each year of service from and inclusive of the 1st July, 1951.

Where the Permanent Head is satisfied that the illness of an officer or employee with at least six months' service is directly attributable to, or is aggravated by, his service in connexion with the warlike operations in Korea after the twenty-sixth day of June, One thousand nine hundred and fifty, or in Malaya after the twenty-eighth day of June, One thousand nine hundred and fifty, such officer or employee may, apart from any sick leave which may

## REGULATIONS UNDER PUBLIC SERVICE ACT 1958.

be standing to his credit, be credited with special leave with full pay amounting to fifteen days in respect of each year of service from and inclusive of the 1st July, 1951.

Such special leave shall be cumulative provided that the total of such accumulated leave standing to the credit of an officer or employee shall not at any time exceed one hundred days.

(2) If any officer or employee sustains personal injury arising out of or in the course of the discharge of his duty in circumstances which under regulations pursuant to the Workers Compensation Acts make it obligatory upon the Permanent Head to notify the State Insurance Commissioner of such injury and the said Commissioner admits liability to make weekly payments for compensation or the Workers Compensation Board determines that such payments shall be made in respect of the incapacitation of the injured officer or employee from all duty, such officer or employee shall, apart from any sick leave which may be standing to his credit, be granted leave on full pay less the amount paid by way of weekly compensation by the State Insurance Commissioner during the incapacity. In any other case the granting of leave shall be subject to the recommendation of the Board.

No leave in excess of a continuous period of fifty-two weeks inclusive of any other leave which may be granted with pay shall be granted without the approval of the Board.

An officer or employee who has been granted leave under this sub-regulation shall immediately notify his Permanent Head in writing of any civil claim for damages instituted by him in connexion with the injury to which such leave relates.

(3) If any officer (or any employee in a State sanatorium) is certified by the Government Medical Officer to be suffering from pulmonary tuberculosis and to be probably curable, leave of absence may be granted on the following terms, viz., six months on full pay and three months on half pay: Provided that such pay may be made conditional on the officer undergoing treatment in an approved sanatorium when so recommended by the Government Medical Officer. Any leave so granted in excess of the amount standing to his credit shall not be regarded as a debit against such officer or employee. On his resumption of duty, such officer or employee shall be entitled to a total initial credit of not less than sixteen days on full pay and sixteen days on half pay.

Leave of absence under this sub-regulation shall not be granted to any officer or employee who is certified by the Government Medical Officer as having suffered from pulmonary tuberculosis prior to being accepted for employment in the Public Service.

(4) If any officer or employee in a State sanatorium is certified by the Government Medical Officer to be a case of clinically suspected tubercular infection, such officer or employee may be granted leave of absence on full pay for a period not exceeding thirteen weeks, provided that such pay may be made conditional on the officer or employee undergoing treatment in an approved sanatorium when so recommended by the Government Medical Officer. Any leave so granted in excess of the amount standing to his credit shall not be regarded as a debit against such officer or employee.

For the purposes of this sub-regulation "Government Medical Officer" shall include—

- (a) Director of Tuberculosis or his deputy.
- (b) Clinical Tuberculosis Officer.
- (c) Medical Superintendents of Sanatoria.

Leave of absence under this sub-regulation shall not be granted to any officer or employee who is certified by the Government Medical Officer as having suffered from pulmonary tuberculosis prior to being accepted for employment in the Public Service.

(5) If any officer is certified by the Government Medical Officer to be suffering from poliomyelitis, or the after effects thereof, and to be unfit for duty, leave of absence may be granted on the following terms, viz., six months on full pay and three months on half pay. Any leave so granted in excess of the amount standing to his credit shall not be regarded as a debit against such officer, and on his resumption of duty he shall be entitled to a total initial credit of not less than sixteen days on full pay and sixteen days on half pay.

(6) The provisions of sub-regulations (1) and (3) of Regulation 166, so far as they are applicable, and of Regulations 167, 168 and 169 shall be deemed to apply to leave under the provisions of this Regulation.

## REGULATIONS UNDER PUBLIC SERVICE ACT 1958.

171. (1) If the Permanent Head has reason to believe that an officer or employee is in such a state of health as to render him a danger to his fellow officers, he may require such officer or employee to obtain and furnish a report as to his condition from a duly qualified medical practitioner, or may require him to submit himself for examination by the Government Medical Officer.

(2) Upon receipt of the medical report, the Permanent Head, with the approval of the Minister, may direct the officer or employee to absent himself from his duties for a specified period, or, if already on leave of absence, direct him to continue on leave for a specified period, and the absence of such officer or employee shall be regarded as absence on leave owing to illness.

*Teaching Service Act 1958.*  
TEACHING SERVICE (TEACHERS TRIBUNAL)  
REGULATIONS.

AMENDMENT No. 61.

THE Teachers Tribunal, in pursuance of the powers conferred by the *Teaching Service Act 1958*, hereby amends the Teaching Service (Teachers Tribunal) Regulations in the manner following, that is to say:—

After Regulation 22 add the following new Regulation:—

REGULATION 23.  
LEAVE OF ABSENCE.

*General.*

1. Leave of absence shall, unless otherwise prescribed by this Regulation, be granted on the authority of the Tribunal.

2. Where a member, who has been granted leave of absence without pay for a specified number of days, resumes duty on a Monday or the first working day of a week, pay shall be restored from and inclusive of the day following the last normal working day within the period of leave, except where the leave granted commences on a Monday and the last normal working day within the leave period is a Friday or a Saturday (as the case may be), in which case pay shall be restored from and inclusive of the Monday.

RECREATION LEAVE.

3. Subject to the following, every member shall be entitled to three weeks' leave of absence for recreation in respect of each calendar year of service.

4. In respect of the calendar year in which a member commences or ceases duty, he shall be entitled to leave of absence for recreation for a period of one and a quarter working days for each completed month of service in such year; provided that, in respect of the calendar year in which a member commences duty, service in any office in the service of the State of Victoria or of any other State or of the Commonwealth of Australia shall, to the extent approved by the Tribunal, be regarded as service for the purpose of this Regulation.

5. (a) In determining the entitlement of any member to leave of absence for recreation in respect of any calendar year of service, there shall not be regarded as service—

(i) the sum of any periods of sick leave without pay and long service leave to the extent that it exceeds three months in such calendar year or to the extent that it exceeds any continuous period of three months;

(ii) except as may be determined by the Tribunal, any period of leave without pay to the extent that it exceeds one month in such calendar year.

(b) When in any calendar year a member is absent on leave for any period which under the provisions of sub-clause (a) of this clause is not regarded as service, the period of leave of absence for recreation to which the member would otherwise be entitled in respect of that calendar year shall be reduced by one and a quarter days for each complete month of the aggregate of such periods of absence during such year:

Provided that where leave of absence for recreation has already been taken in excess of the reduced period so computed, the period of leave of absence for recreation to which the member shall be entitled in respect of the following calendar year shall be reduced by the period of excess leave so taken.

6. Whenever a public holiday is observed during any period of leave of absence for recreation, such public holiday shall, except in respect of members working under conditions where substituted leave is granted in lieu of public holidays, not be regarded as part of the leave.

7. (a) Leave of absence for recreation shall be granted by the Director in accordance with the provisions of this Regulation at such times as are convenient to the needs of the Department.

(b) The Director may direct any member to take any leave of absence for recreation to which the member is entitled at such time as is convenient to the needs of the Department, but as far as is practicable the wishes of the member concerned shall be taken into consideration when fixing the time for the taking of leave.

(c) Every member shall be granted and shall take the leave of absence for recreation to which he is entitled in respect of any calendar year's service not later than the 30th day of June next following the year in which the entitlement accrues and the entitlement of any member to any leave of absence for recreation which is not so taken shall lapse, except in special cases approved by the Director.

#### SICK LEAVE.

8. In the case of illness of a member, the conditions under which leave of absence is granted shall be as follows:—

(a) When leave with pay is approved, the basis for determining the amount which may be granted shall be ascertained by crediting the member with the following periods, such leave to be cumulative:—

Permanent Member	Leave on Full Pay.	Leave on Half Pay.
At commencement of duty	16 days	16 days.
On completion of two years' service and each year's service thereafter	8 days	8 days.
Temporary Member	Leave on Full Pay.	Leave on Half Pay.
On completion of four weeks' service—		
With respect to the first year of service	6 days	6 days.
On completion of one year's service	6 days	6 days.

Provided that the scale of credits prescribed for permanent members shall apply to temporary members on completion of two years' service, such credits to be computed as from the date of commencement of service:

Provided also that a teacher who resigns or retires and is subsequently re-employed as a temporary teacher shall be permitted to retain a sick leave credit up to but not exceeding 28 days on full pay.

(b) To determine the leave for which a member is eligible at any time all leave granted during his service at rates of full pay and half pay respectively shall be deducted from the appropriate period ascertained under the provisions of the preceding paragraph.

(c) After deduction has been made as provided in the preceding paragraph the period remaining at each rate of pay shall be the amount of leave for which a member is eligible.

(d) For each week a member is absent on leave with full pay, the amount of leave on full pay standing to his credit shall be reduced by five days:

For each week a member is absent on leave with half pay, the amount of leave on half pay standing to his credit shall be reduced by five days, notwithstanding that his pay is reduced to half pay for seven days.

Where the absence exceeds one week or more, but does not extend to a further week, the number of weeks shall be recorded as hereinbefore provided, and the remaining days shall be debited as a period of less than a week.

When the period of leave granted to a member with pay (whether full pay or half pay) does not extend to a week, his appropriate credit shall,

subject to the provisions of clause 2 of this Regulation, be reduced by the number of days he would have been required to be on duty if he had not been absent on sick leave.

For the purposes of this Regulation, so far as it relates to sick leave, a week shall be deemed to be any period of seven consecutive days inclusive of Sunday.

- (e) When a member has been granted leave on half pay or without pay, restoration to full pay shall date only from the day he actually resumes duty, but this provision shall not apply to prescribed vacation periods for teachers, except as set out in clause 13.

- (f) In this Regulation, so far as it relates to sick leave, "service" means continuous service, inclusive of any period of absence on leave:

Provided that, in determining at any time the amount of leave standing to the credit of a member who has been absent on leave without pay (other than for the purpose of serving with the Commonwealth Defence Forces) continuously for a period extending beyond six months, such period as is in excess of six months shall not be counted as service.

Provided also that, if a member resigns to contest a Commonwealth Parliamentary Election and is re-appointed pursuant to the provisions of Act No. 6224, the period between his resignation and his re-appointment shall be considered as "service" for the purposes of this Regulation.

- (g) In computing the service of a member of the teaching service for the purposes of this Regulation service in any office in the service of the State of Victoria or of the Commonwealth of Australia or of any other Australian State may, to the extent approved by the Tribunal, be taken into account.
- (h) Notwithstanding anything contained in this Regulation where a member has exhausted his sick leave credits on full pay he may, in the event of continued or further illness, elect in writing to have the whole or any portion of the leave on half pay standing to his credit converted into leave on full pay, such conversion to be made on the basis that each credit of two days on half pay shall be deemed to be a credit of one day on full pay.

9. (a) A public holiday observed between the first and last days of a period of leave of a member shall be regarded as part of the leave.

(b) After an absence on sick leave a member shall be deemed to have resumed duty on the day he actually returns to duty; Provided a public holiday observed at the expiration of a period of leave shall not be regarded as part of the leave when the member resumes duty immediately after such holiday.

10. (a) For any period exceeding three days' continuous absence, a satisfactory certificate by a duly qualified medical practitioner shall be furnished setting out the cause of such absence: Provided that

- (i) the Director may require a medical certificate to be furnished with respect to any absence, and
- (ii) continuous leave with pay shall not be granted to a member for any period exceeding thirteen weeks, unless the Government Medical Officer certifies that the leave is necessary and when a member is continuously absent from duty on account of illness beyond a period of thirteen weeks, he shall not be permitted to return to duty until the Government Medical Officer certifies that he is fit to resume work.

(b) No leave shall be granted with pay on account of illness caused by misconduct of the member, or in any case of absence from duty without sufficient cause. Where the Director has occasion for doubt as to the cause of illness, or the reason for absence, he shall, before accepting a medical certificate, refer such Certificate to the Government Medical Officer for report.

(c) If the number of days during which a member is absent in any year without a medical certificate exceeds five days in the aggregate, the number of days' absence in excess of five shall not be granted as sick leave, but shall be deducted from the member's annual recreation leave, or be granted without pay. In the case of teachers, such leave shall be granted without pay.

(d) In a special case where a medical practitioner is not available the Director may accept a certified statement from an approved person in lieu of a medical certificate.

(e) When a member is absent from duty on account of a dental disability he may be granted leave of absence for a period not exceeding one week provided that he furnishes the Director with a satisfactory certificate from a legally qualified dentist.

11. (a) Where the Director is satisfied that the illness of a member with at least six months' service is directly attributable to or is aggravated by his service in the war which commenced in the year One thousand nine hundred and fourteen or in the year One thousand nine hundred and thirty-nine, such member may, apart from any sick leave which may be standing to his credit, be credited with special leave with full pay amounting to eight days in respect of each year of service from the first day of July, 1947, to the thirtieth day of June, 1951, and with fifteen days' special leave with full pay in respect of each year of service from and inclusive of the first day of July, 1951.

(b) Where the Director is satisfied that the illness of a member with at least six months' service is directly attributable to or is aggravated by his service in connexion with the warlike operations in Korea after the twenty-sixth day of June, One thousand nine hundred and fifty, or in Malaya after the twenty-eighth day of June, One thousand nine hundred and fifty, such member may, apart from any sick leave which may be standing to his credit, be credited with fifteen days' special leave with full pay in respect of each year of service after the first day of July, 1951.

Such special leave granted under clause 11 (a) or (b) above shall be cumulative provided that the total of such accumulated leave standing to the credit of a member shall not at any time exceed 100 days.

(c) If any member sustains personal injury arising out of or in the course of the discharge of his duty in circumstances which under the regulations pursuant to the Workers Compensation Acts make it obligatory upon the Director to notify the State Insurance Commissioner of such injury and the said Commissioner admits liability to make weekly payments for compensation or the Workers Compensation Board determines that such payment shall be made in respect of the incapacitation of the injured member from all duty, such member shall, apart from any sick leave which may be standing to his credit, be granted leave on full pay less the amount paid by way of weekly compensation by the State Insurance Commissioner during the incapacity. In any other case the granting of leave shall be subject to the recommendation of the Tribunal.

No leave in excess of a continuous period of fifty-two weeks inclusive of any other leave which may be granted with pay shall be granted without the approval of the Tribunal.

A member who has been granted leave under this sub-clause shall immediately notify the Director in writing of any civil claim for damages instituted by him in connexion with the injury to which such leave relates.

(d) Where the nature of the duties of a member is such as to expose him to the risk of contracting an infectious disease and the Government Medical Officer certifies that the member has

contracted an illness directly attributable to such infection, the member may, on the recommendation of the Tribunal, be granted leave with full pay, apart from any sick leave which may be standing to his credit, during the period which he is required to absent himself from duty on account of such illness. Leave granted under the provisions of this sub-clause shall not be regarded as a debit against the member and such leave shall not exceed a continuous period of three months on full pay provided that, where such member has contracted poliomyelitis or pulmonary tuberculosis, or infectious hepatitis the leave of absence shall not exceed six months on full pay and six months on half pay.

(e) In the case of any permanent member suffering from pulmonary tuberculosis or poliomyelitis who is certified by the Government Medical Officer to be probably curable, leave of absence may be granted on the following terms, viz.:—

Six months on full pay and three months on half pay: Provided that such pay may be made conditional on the member undergoing treatment in an approved sanatorium or other approved institution when so recommended by the Government Medical Officer. Any leave so granted in excess of the amount standing to his credit shall not be regarded as a debit against the member. On his resumption of duty, such member shall be entitled to a total initial sick leave credit of not less than sixteen days on full pay and sixteen days on half pay.

(f) The provisions of clauses 8, 9 and 10 of this Regulation, so far as they are applicable, shall be deemed to apply to leave under the provisions of clause 11.

12. (a) If the Director has reason to believe that a member is in such a state of health as to render him a danger to his fellow members or his pupils, he may require such member to obtain and furnish a report as to his condition from a duly qualified medical practitioner, or may require him to submit himself for examination by the Government Medical Officer.

(b) Upon receipt of the medical report, the Director, with the approval of the Tribunal, may direct the member to absent himself from his duties for a specified period, or, if he is already on leave of absence, may direct him to continue on leave for a specified period, and the absence of such member shall be regarded as absence on leave owing to illness.

13. Leave, which shall not be considered as sick leave, shall be granted to teachers absent on account of illness, under the following conditions:—

(a) When a teacher has been on duty for at least four weeks during the first term and is absent before and after the first vacation full pay shall be allowed for the period of the first vacation.

(b) When a teacher has been on duty for at least four weeks during the second term and is absent before and after the second vacation, full pay shall be allowed for the period of the second vacation.

(c) When a teacher has been on duty for at least four weeks during the third term and is absent before and after the Christmas vacation, full pay shall be allowed for one week of the vacation, in addition to the statutory public holidays at Christmas and New Year.

(d) When a teacher, who has been absent immediately before a vacation, resumes duty on the first school day after such vacation, full pay shall be allowed for the period of the vacation as if there had been no prior absence on sick leave.

17. The Director may grant leave of absence for two days on full pay and one day on half pay to any member on account of the death or serious illness of his wife, child, father, mother, brother, or sister, or in any other case where, in the opinion of the Director, special circumstances exist.

Provided that more favourable terms may be granted by the Director if he is satisfied in any particular case that the leave authorized by this clause is inadequate.

18. (a) Upon report by a medical officer of health that, by reason of contact with a person suffering from an infectious disease and through the operation of restrictions imposed by law in respect of such disease, a member is unable to attend for duty, the Director may grant the member special leave of absence.

(f) Any member who, while serving with the Citizen Forces, sustains injury or contracts illness necessitating his absence from duty beyond the period of leave granted under this Regulation, may be granted leave on the following terms:—
