15. The contractor or person authorized or employed by the Council for the removal of such refuse shall at least once in each week, or at such greater frequency as the Council directs, collect and remove such refuse and approved sacks in a suitable vehicle in such a manner as not to cause nuisance, danger to health or offensiveness.

17. Such vehicle when full shall be taken by the quickest possible route to the tip.

The contractor or person authorized or employed by the Council shall cause all vehicles used for the reception and removal of such refuse and sacks to be kept clean, thoroughly disinfected and maintained with proper state of repair. Cleaning of such vehicles shall be carried out at or on a site approved by the Council.
