DIVISION 1—APPLICATIONS FOR CONSENTS, ETC.

Section 1—Application for the Board's consent to connect with the sewerage system, or to do plumbing and drainage work connected therewith, must be made in writing by the owner of the property to be so connected or by his authorized agent.

Section 2—Such application shall give the precise location of the property, the name of the owner, and the name of the person employed to do the work, and shall be in the form prescribed by the Board. For any wilful misrepresentation in such application the owner or authorized agent as aforesaid shall be guilty of an offence against this By-law. No consent given by the Board shall be deemed to authorize anything not stated in the application nor to confer or grant the right to lay a drain through any land intervening between the sewer of the Board and the land proposed to be connected, and every owner or agent applying for the Board's consent shall satisfy himself as to his legal right to drain through such intervening land, and he shall be solely responsible for any trespass or damage thereon or thereto.

Section 3—Consents to make connexions with the sewerage system will be issued only when the plumbing and draining in the property to be connected is planned to be made in accordance with the rules for plumbing and draining hereinafter prescribed, and after such plan has been inspected and approved of by the proper officer appointed by the Board for the purpose or, in the case of new buildings, when a proper plan of the plumbing and of the drainage of the building into the branch of which the Board shall have fixed the position, has been approved of in writing by the Board. All connexions with drains or sewers and all plumbing and drainage connexions therewith shall be made under the direction of the proper officer of the Board. No person shall be engaged or employed as a workman in the actual performance of any plumbing or drainage work unless he is the holder of a licence or permit issued by the Board authorizing him to do such work. Any person who shall at any time or at any place make up, form, affix, alter, or repair, any fitting, pipe, bend, trap, or other thing connected or intended to be connected with the Board's sewerage system, unless he be the holder of a licence or permit from the Board authorizing him to do such work, shall be liable to a penalty not exceeding Forty dollars (\$40).

If any person, whether he is or is not the holder of a plumber's licence or permit from the Board, alters, removes, or in any way interferes with any drain, fitting, pipe, bend, trap, or other thing, which drain, fitting, pipe, bend, trap, or other thing is connected with the Board's sewerage system, he shall, unless he has previously received consent, in accordance with the provisions of this Section for the execution of such work, and such consent is in full force and effect, be guilty of a breach of this By-law and shall be liable to a penalty of not more than Forty dollars (\$40).

Section 4—Where the sanction, permission, authority, consent, approval, satisfaction, order direction, opinion, indication or notice of, or from the Board is necessary, whether specified in writing or otherwise, with regard to any act, matter, or thing mentioned in the By-law, the same may be given by and under the hand

of the chairman of the Board, or of the proper officer, personally or through an inspection officer appointed under him, who severally shall be competent to give the same and be authorized on behalf of the Board to prescribe any conditions attaching thereto, and subject to and in accordance with which only the same shall be deemed to have been given.

Section 5—If, after the receipt of a written application from the owner for modification or alteration of the By-law the Board shall be of the opinion that a compliance with any of the provisions of this By-law would in any particular case be vexatious or be needless in the interest of public health, it shall be lawful for the Board, by resolution, to dispense with or forbid such compliance in whole or in part as it shall think fit, or to authorize or direct such a modification or alteration of such provisions as shall, in its opinion, most nearly adapt the principle of those provisions to the particular case. It shall be unlawful to comply with any provision, or part of any provision, with which compliances shall have been forbidden, or to act contrary to or otherwise than as directed by such modification or alteration.

Notwithstanding the above stipulation, no technical provision or requirement of the By-law shall be modified or waived, except on the written recommendation of the Engineer.

DIVISION 2—VARIATION OF BY-LAW

Section 6—Any permission for or approval of any variation of any of the provisions of this By-law which may be given by the Board will be given only before the work in respect of which the variation is proposed has been commenced.

DIVISION 3—PENALTIES, RECOVERY OF COST OF WORK, ETC.

Section 7—Where anything is by this By-law directed to be done or forbidden to be done, or where any power is given to the authority or any of its officers to direct or forbid anything to be done, and such act so directed to be done remains undone, or such act forbidden to be done is done, then, and in every such case, the person making default as to the said direction or prohibition respectively shall be guilty of an offence against this By-law.

Section 8—Every person guilty of an offence against this By-law, not otherwise specially provided for by or under the Board hereof, shall be liable for every such offence, besides any costs or expenses which may be incurred in the taking of proceedings against such person guilty of such offence, as well as any cost or expenses which may be incurred in remedying such default, as particularly provided for in this By-law or the Act, to a penalty not exceeding Forty dollars (\$40), and to a further penalty of Two dollars (\$2) for each day during which such offence is continued by such person after notice of the offence shall have been given by the Board to him; and such penalty shall be recoverable notwithstanding that the Board may not have chosen to exercise any power given to it by the Act or by this By-law to remedy such default.

DIVISION 4—HOUSE DRAINAGE PLANS—ALTERATIONS

- (a) (1) Where the Board designs the work and has same carried out for the owner, a charge shall be made equal to ten per centum (10 per cent.) on the capital cost of the work for designing, specifying, letting contract, and supervising all details in connexion with such work.
- (2) Consent for additions to and/or amendments of approved plans or to works previously approved will be made only on the application of the owner or his authorized agent, and on payment of a fee of Two dollars (\$2).
