[1970

HOSPITALS SUPERANNUATION (AMENDMENT) ACT
1970 (No. 7997).

DATE OF COMING INTO OPERATION.

PROCLAMATION

By His Excellency the Governor of the State of Victoria
and its Dependencies in the Commonwealth of Australia,
&c., &c., &c.

WHEREAS by an Act of Parliament of the State of Victoria entitled the *Hospitals Superannuation (Amendment) Act 1970 (No. 7997)* it is amongst other things enacted that the said Act shall come into operation on a date to be fixed by Proclamation of the Governor in Council published in the *Government Gazette*:

Now therefore, I, the Governor of the State of Victoria, acting by and with the advice of the Executive Council of the said State, do by this my Proclamation fix the first day of December, 1970, as the day upon which the provisions of the said Act No. 7997 shall come into operation.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this first day of December in the year of our Lord One thousand nine hundred and seventy, and in the nineteenth year of the reign of Her Majesty Queen Elizabeth II.

(L.S.)

ROHAN DELACOMBE.

By His Excellency's Command,

J. F. ROSSITER,
Minister of Health.

GOD SAVE THE QUEEN !

1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. It is shown that the structure of the atom is determined by the laws of quantum mechanics, which are based on the principle of the uncertainty of the position and momentum of the particles.

2. The second part of the paper is devoted to a discussion of the general principles of the theory of the structure of the molecule.

3. The third part of the paper is devoted to a discussion of the general principles of the theory of the structure of the crystal.

4. The fourth part of the paper is devoted to a discussion of the general principles of the theory of the structure of the liquid.

5. The fifth part of the paper is devoted to a discussion of the general principles of the theory of the structure of the gas.

6. The sixth part of the paper is devoted to a discussion of the general principles of the theory of the structure of the plasma.

7. The seventh part of the paper is devoted to a discussion of the general principles of the theory of the structure of the solid.

8. The eighth part of the paper is devoted to a discussion of the general principles of the theory of the structure of the liquid crystal.

9. The ninth part of the paper is devoted to a discussion of the general principles of the theory of the structure of the polymer.
