ORDERS IN COUNCIL

RACING ACT 1958.

At the Executive Council Chamber, Melbourne, the
sixth day of April, 1971.

PRESENT:

His Excellency the Governor of Victoria:

Mr. Wilcox
Mr. Dunstan

Mr. Dickie.

WHEREAS in exercise of the powers conferred by section 116HA of the Racing Act 1958, of the State of Victoria and by sub-section (1A) (c) of section 31J of the Lottery and Gaming Act 1936-1969 of the State of South Australia an Agreement, dated the 30th of March, 1971 has been entered into between the Totalizator Agency Board within the meaning of the said Racing Act (hereinafter called "the Board") of the one part and the South Australian Totalizator Agency Board within the meaning of the said Lottery and Gaming Act (hereinafter called "S.A.T.A.B.") of the other part:

And whereas the said Agreement makes provision (*inter alia*) for the payment by the Board to S.A.T.A.B. of a commission of 11 per centum of the "net betting turnover" as defined in the said Agreement:

And whereas the said agreement provides that "net betting turnover" means the amount of money paid by the Board into a totalizator or totalizators or invested by the Board in a totalizator or totalizators in accordance with instructions given by S.A.T.A.B. to the Board to make bets, less the amount of money so paid or invested in respect of bets which are non-operative because of a walk-over in, or the abandonment or postponement of, the race in respect of which the bet was made or because of the scratching or withdrawal of the horse upon which the bet was made:

And whereas it is proposed that such commission should be derived from the statutory commissions deductible under Part V. of the said Racing Act by Clubs within the meaning of the said Part, using totalizators or the Board (as the case requires):

And whereas it is provided by sub-section 3 of the said section 116HA that the provisions of the said Racing Act relating to the application of commissions deducted by the said clubs or the Board, shall operate and have effect in relation to commissions attributable to any bets made through or with the Board under or pursuant to such an Agreement as is referred to in the first recital hereto, subject to such alterations and modifications as the Governor in Council by Order published in the *Government Gazette* determines are necessary or expedient to give effect to any such Agreement:

And whereas the said Racing Act makes, in relation to the said commissions deductible under the said Part V., separate provision as recited hereafter in respect of—

- (1) Off-course betting on racecourse totalizators within the meaning of Division 2 of the said Part V;
- (2) Off-course doubles totalizators within the meaning of Division 3 of the said Part V; and
- (3) Off-course totalizators on interstate horse races within the meaning of Division 4 of the said Part V:

And whereas sub-section (1) of section 102 of the said Racing Act provides that every club using a totalizator shall deduct as commission out of the moneys paid into the totalizator in respect of each event thirteen per centum of the moneys so paid into the totalizator:

And whereas sub-section (2) of section 1160 of the said Racing Act which appears in the said Division 2 provides that "From that part of the commission deducted pursuant to sub-section (1) of Section one hundred and two of this Act which is derived from bets made through the Board the club using the totalizator shall within the period of fourteen days after the holding of the race-meeting— pay to the Treasurer of Victoria amounts totalling five-thirteenthths of that part of the commission to be applied by him in accordance with the provisions of paragraphs (a) and (b) of the said sub-section (2) of section 1160.

And whereas sub-section (3) of section 1160 provides that after making payments to the said Treasurer in accordance with the said sub-section (2) of section 1160 the club shall forthwith pay the residue of the said part of the commission to the Board and the Board shall apply the amount so paid in accordance with the provisions of paragraphs (a), (b), (ba) and (c) of the said sub-section (3) of section 1160.

And whereas section 116AJ of the said Racing Act which appears in the said Division 3 provides that the Board shall deduct as commission out of the moneys invested in every off-course double totalizator the following proportions of those moneys, namely:—

- (a) In the case of any daily double with respect to horse races and trotting races—14 per centum;
- (b) In the case of daily doubles with respect to dog racing—13 per centum; and
- (c) In the case of all feature doubles—13 per centum.

And whereas sub-section (1) of section 116AN of the said Racing Act which appears in Division 3 provides that "From the commission deducted pursuant to Section one hundred and sixteen AJ of this Act the Board shall within the period of fourteen days after the holding of any race-meeting at which the races selected as a daily double are run or the last of the races selected as a feature double is run (as the case may be)—" pay the Treasurer of Victoria amounts totalling

- (a) Six-fourteenthths of such commission in the case of any daily double with respect to horse races and trotting races;
- (b) Five-thirteenthths of such commission in the case of daily doubles with respect to dog racing;
- (c) Five-thirteenthths of such commission in the case of all feature doubles;

to be applied by him in accordance with the provisions of paragraphs (a) and (b) of the said sub-section (1) of section 116AN:

And whereas sub-section (2) of the said section 116AN provides that after making payments to the said Treasurer in accordance with the said sub-section (1) of section 116AN the Board shall apply the residue of the said last-mentioned commission in accordance with the provisions of paragraphs (a) and (b) of the said sub-section (2) of section 116AN:

And whereas section 116BJ of the said Racing Act which appears in the said Division 4 provides that the Board shall deduct as commission out of the moneys invested in every off-course totalizator conducted by the Board under the said Division 4 thirteen per centum of the moneys so invested:

And whereas sub-section (1) of section 116BM of the said Racing Act which appears in the said Division 4 provides that "From the commission deducted pursuant to Section one hundred and sixteen BJ of this Act the Board shall within the period of fourteen days from the date of the race-meeting on which any off-course totalizator is conducted under this Division—" pay to the Treasurer of Victoria amounts totalling five-thirteenthths of such commission to be applied by him in accordance with the provisions of paragraphs (a) and (b) of the said sub-section (1) of section 116BM;

And whereas sub-section (2) of section 116BM provides that after making payments to the said Treasurer in accordance with the said sub-section (1) of section 116BM the Board shall apply the residue of the said last-mentioned commission in accordance with the provisions of paragraphs (a) and (b) of the said sub-section (2) of section 116BM:

Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof in exercise of the powers conferred upon him by sub-section (3) of section 116HA of the said Racing Act 1958 doth by this Order determine that the alterations and modifications to the provisions of the said Act relating to the application of commissions deducted by the said clubs or the Board in relation to commissions attributable to any bets made through or with the Board under or pursuant to the said Agreement, which alterations and modifications are expedient to give effect to the said Agreement, shall be as follows:—

(1) For sub-sections (2) and (3) of section 1160 there shall be substituted the following provision:—

"The part of the commission deducted pursuant to sub-section (1) of Section one hundred and two of this Act which the Club using the totalizator is informed by the Board is derived from bets made through the Board under or pursuant to the said Agreement shall be paid by the said Club to the Board within the period of fourteen days after the holding of the race-meeting and the commission so received, to the extent that it was in fact derived from bets made through the Board under or pursuant to the said Agreement, shall be dealt with by the Board in the manner following:—

- (a) as to one-thirteenth the Board shall pay it to the Treasurer of Victoria to be carried to and form part of the Consolidated Fund;

(b) As to one-thirteenth the Board shall retain it; and

(c) As to the balance the Board shall pay it to S.A.T.A.B.:

If any part of the commission so paid by the Club to the Board was not in fact derived from bets made through the Board under or pursuant to the said Agreement such part shall be repaid by the Board to the said Club and shall be dealt with by the said Club in accordance with the provisions of sub-sections (2) and (3) of the said section 1160 of the said Act."

(2) For sub-sections (1) and (2) of section 116AN there shall be substituted the following provision:

"Such part of the commission deducted pursuant to Section one hundred and sixteen AJ of this Act as is derived from bets made through the Board under or pursuant to the said Agreement shall be dealt with by the Board within the period of fourteen days after the holding of the race-meeting at which the races selected as a daily double were run or the last of the races selected as a feature double was run (as the case may be) in the manner following:—

(a) in the case of any Daily Double with respect to horse races and trotting races—

(i) as to one-fourteenth the Board shall pay it to the Treasurer of Victoria to be carried to and form part of the Consolidated Fund;

(ii) as to one-fourteenth the Board shall pay it to the Treasurer of Victoria to be carried to and form part of the Racecourses Development Fund;

(iii) as to one-fourteenth the Board shall retain it; and

(iv) as to the balance the Board shall pay it to S.A.T.A.B.

(b) in the case of Daily Doubles with respect to dog racing—

(i) as to one-thirteenth the Board shall pay it to the Treasurer of Victoria to be carried to and form part of the Consolidated Fund;

(ii) as to one-thirteenth the Board shall retain it; and

(iii) as to the balance the Board shall pay it to S.A.T.A.B.; and

(c) in the case of all Feature Doubles—

(i) as to one-thirteenth the Board shall pay it to the Treasurer of Victoria to be carried to and form part of the Consolidated Fund;

(ii) as to one-thirteenth the Board shall retain it; and

(iii) as to the balance the Board shall pay it to S.A.T.A.B."

(3) For sub-sections (1) and (2) of section 116BM there shall be substituted the following provision:—

"Such part of the commission deducted pursuant to Section one hundred and sixteen BJ of this Act as is derived from bets made through the Board under or pursuant to the said Agreement shall be dealt with by the Board within the period of fourteen days from the date of the race-meeting on which the off-course totalizator was conducted under this Division in the manner following:—

(a) as to one-thirteenth the Board shall pay it to the Treasurer of Victoria to be carried to and form part of the Consolidated Fund;

(b) as to one-thirteenth the Board shall retain it; and

(c) as to the balance the Board shall pay it to S.A.T.A.B."

And the Honorable George Oswald Reid, Her Majesty's Chief Secretary for the State of Victoria, shall give the necessary directions herein accordingly.

J. ROSSITER,
Clerk of the Executive Council.

HOUSING ACT 1958.

At the Executive Council Chamber, Melbourne, the twenty-seventh day of April, 1971.

PRESENT:

His Excellency the Governor of Victoria

Mr. Thompson

Mr. Rafferty

Mr. Balfour.

DECLARATION OF PRIVATE STREETS AS PUBLIC HIGHWAYS WITHIN THE SHIRE OF MORWELL.

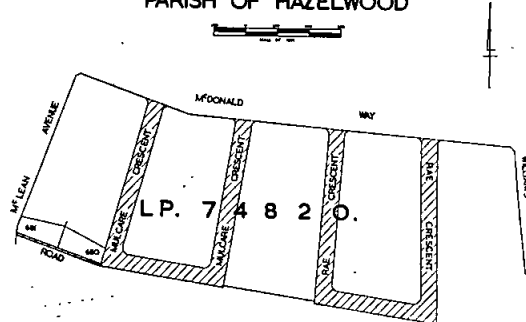

WHEREAS pursuant to section 107 of the Housing Act 1958 it is among other things enacted that where works have been carried out in accordance with an Agreement for the full construction of any roads, pavements, culverts or drains made pursuant to the provisions of the said section 107 such roads, pavements, culverts or drains shall be under the care and management of the Municipality which shall be liable for the cost of any maintenance, repair, alteration or reconstruction thereof and the Governor in Council may by Order published in the Government Gazette declare any road so constructed to be a public highway.

And whereas by Order dated the fifth day of December, 1967, the Governor in Council consented to an Agreement between the Housing Commission and the Shire of Morwell regarding street and drainage construction in Rae-crescent, Mulcare-crescent and the road abutting the southern boundary of Lots 680 and 681 in the Churchill (Medew) Estate situate in the Municipality of the Shire of Morwell and the carrying out of the works enumerated in the said Agreement.

And whereas the works of road pavements, culvert and drainage construction have now been carried out in accordance with the said Agreement between the Housing Commission and the Shire of Morwell.

Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council of the said State and in pursuance of the powers conferred by section 107 of the Housing Act and upon recommendation of the Housing Commission doth by this Order declare the streets more particularly delineated and shown hatched on the plan hereunder to be absolutely dedicated to the public as Public Highways within the meaning of any law now or hereafter in force and that the Council of the Municipality in which the streets are situate shall hereafter be liable for all cost of any maintenance, repair, alteration or reconstruction thereof.

PART OF CROWN ALLOTMENT 36 SECTION A PARISH OF HAZELWOOD

And the Honorable Edward Raymond Meagher, Her Majesty's Minister of Housing for the State of Victoria shall give the necessary directions herein accordingly.

THE "VICTORIA GOVERNMENT GAZETTE".

SUBSCRIPTIONS.—The subscription, including postage, is \$22.50 per annum, or \$11.25 per half year, payable in advance.

Subscriptions are required for whole months, and must cover at least a half year.

Single copies are 30 cents, posted 48 cents. Subscribers do not receive the Acts of Parliament with the GAZETTE.

GAZETTES are held in stock for five years only.

PRIVATE ADVERTISEMENTS.—The charge for insertion is 35 cents per line single column, and 70 cents per line double column. The title forms one or more lines as a heading. On an average ten words make a line of single column. Every signature must likewise be counted as a line. The final words of a paragraph, though only portion

of a line, must be counted as one line. Signatures (in particular) and proper names must be written very plainly in the text; ONE SIDE ONLY of each sheet of paper should be WRITTEN UPON. The charge for a full page is \$50.

All documents illegibly written will be returned unpublished, and where brands occur unprovided for by the ordinary letters of the alphabet, a worded explanatory description must be furnished.

THE VICTORIA GOVERNMENT GAZETTE is published on WEDNESDAY EVENING in each week, and Notices for insertion will be received by the Government Printer at or before ONE p.m. at ordinary rates, and late advertisements between ONE p.m. and FOUR p.m. at double rates on the day preceding the day of publication.

PAYMENTS.—Unless the advertiser has a credit account, all payments are required in advance. Remittances should be made by cheque, postal order, or money order payable to "GOVERNMENT PRINTER".

ADDRESS.—All communications should be addressed to "The Government Printer, Box 203, P.O., North Melbourne.", 3051.

PUBLICATION OF OFFICIAL MATTER.

ATTENTION is invited to the following procedure in relation to the publication of official matter in the Government Gazette:—

Publication will be facilitated by the submission of carbon copies for the use of the Gazette Officer.

1. Matter submitted to the Executive Council.

Matter submitted to the Executive Council which requires gazettal will normally be published in the issue of the following week.

Where urgent gazettal is required, special arrangements should be made with the Gazette Officer, Room 9, first floor, Old Treasury Building.

2. Other matter.

(a) All other matter duly certified by a responsible officer for publication should be lodged with the Gazette Officer not later than half-past Nine a.m. on Tuesday.

(b) Lengthy or involved notices should be forwarded several days before publication.

(c) Proofs, which will be supplied only when specifically requested or at the direction of the Gazette Officer, should be returned promptly to avoid delay in publication.

(d) No additions or amendments to matter for publication will be accepted by telephone.

STATE RIVERS AND WATER SUPPLY COMMISSION WATER SUPPLY SERVICES.

BY-LAW NO. 5642, WATERWORKS DISTRICTS AND URBAN DISTRICTS.

THE State Rivers and Water Supply Commission, in pursuance and exercise of the power conferred by the Water Act, doth hereby make the By-law following:

1. This By-law shall apply to and have force in the Bellarine Peninsula, Mornington Peninsula, Mount Duneed, North Camperdown and Otway Waterworks Districts, the Antwerp, Berriwillock, Beulah, Birchip, Brim, Carwarp, Chillingollah, Chinkapook, Corop, Culgoa, Dimboola, Dingle, Dooen, Eildon, Gunbower, Heyfield, Hopetoun, Jeparit, Jung Jung, Koondrook, Lake Boga, Lalbert, Lascelles, Leitchville, Lockington, Macorna, Manangatang, Marnoo, Merbein, Merin-gur, Minyip, Mitiamo, Murrabit, Nandaly, Natimuk, Newstead, Nullawil, Nyah, Nyah West, Ouyen, Patchewollock, Piangil, Pimpinio, Pyramid Hill, Quambatook, Rainbow, Red Cliffs, Robinvale, Rupanyup, Sea Lake, Speed, Stanhope, Tally-garopna, Tempy, Ultima, Waitchie, Walpeup, Watchem, Werrimull, Wonthaggi, Woomelang, Woorinen, Wycheproof and Yaapect Urban Districts and the Urban Districts and Areas supplied with water from the Coliban System of Waterworks.

2. All previous By-laws and Regulations relating to the subject matter herein shall be and the same are hereby revoked but not so as to relieve, discharge, or absolve any person from liability to pay any rate or charge made in accordance with the provisions of the revoked By-laws or Regulations for payment of which rate or charge such person may have become liable prior to or at the date of this By-law coming into operation; or to abrogate or diminish the power of the said Commission to recover and enforce payment of any such rate or charge; or to annul or stay any proceedings taken or business initiated as in conformity with the provisions of the By-laws

or Regulations hereby revoked prior to the date of this By-law coming into operation, but the same respectively may be continued and carried to completion.

PART I.—INTERPRETATION.

Definitions.

3. (1) In this By-law unless inconsistent with the context or subject matter—

“Approved” means approved by the Commission or the Proper Officer unless specifically stated otherwise.

“Aqueduct” means any water supply channel vested in, belonging to, or under the control of, the Commission.

“Building Line” means a boundary between a thoroughfare and a tenement.

“Commission” means the State Rivers and Water Supply Commission.

“District” means any area included within the boundaries of the districts referred to in Clause 1 hereof.

“Fittings” includes all fittings used in connexion with conveying, measuring, supplying, storing or regulating the flow of water derived from a main pipe or aqueduct and includes appliances.

“Licensed Plumber” means a plumber who holds a current licence issued by the Commission to carry out water supply works approved by the Commission. Such licensed plumber is not authorized by this licence to do any kind of work connected with the sanitary fittings of houses or the sewerage systems of the Commission or any other Authority.

“Main Pipe” means any pipe vested in, belonging to, or under the control of, the Commission and used for the conveying of water.

“Nominal Diameter” of service pipes means the nominal internal diameter except for Types 2, 3, 4 and 5 copper pipes in which cases it means nominal outside diameter.

“Private Extension” means a private pipe to enable a water supply to be provided from a main pipe or aqueduct to one, or more than one, tenement not fronting the main pipe or aqueduct.

“Proper Officer” means any employee of the Commission authorized by the Commission to act as a proper officer for the purposes of this By-law.

“Service Pipe” includes a private extension and any pipe (not being a main pipe) and fittings used in connexion with the supply of water from a main pipe, aqueduct, or private extension, to a tenement or in connexion with the use or consumption of such water in, or on such tenement, whether directly subject to water pressure from a main pipe or aqueduct or supplied indirectly through the intervening medium of a storage tank.

“Storage Tank” means any vessel used, or intended to be used, for the storage of water and includes a cistern.

“Tenement” includes land whether built upon or not.

“The Act” means the Water Act 1958.

"Thoroughfare" includes a street or road being a public highway or a private street or road having a carriage way either accessible to the public from a public street or forming a common access to lands and premises separately occupied.

"Works of Water Supply" includes the construction, alteration, extension, disconnection, removal, maintenance, repair, renewal, or clearing of any service pipes connected, or intended to connect, directly or indirectly, to any main pipe or aqueduct.

(2) All words used in this By-law which are defined in the Act shall have the meanings defined by the Act.

(3) The *Acts Interpretation Act 1958* shall apply to this By-law in like manner as it applies to an Act of Parliament.

(4) (a) If any provision of this By-law is inconsistent with the provisions of the *Water Act 1958* or any regulations made under such Act, such provisions of this By-law shall, to the extent only of such inconsistency, be deemed to be invalid and inoperative; and

(b) this By-law shall be read and construed so as not to exceed the By-law making power of the Commission to the extent that where any provision of this By-law would but for this clause have been construed as being in excess of that power, it shall nevertheless be a valid By-law to the extent to which it is not in excess of that power.

PART II.—LICENSED PLUMBERS.

4. No person shall interfere with any aqueduct, main pipe, or service pipe nor shall execute any works of water supply except that:—

Unlicensed persons not to interfere with aqueducts, pipes, or services.

(a) a licensed plumber may execute such works subject to the provisions of the Act and this By-law; and

(b) a plumber's apprentice or a person registered by the Plumbers' and Gas-fitters' Board, Victoria, as a Plumber General may work in the actual performance of any such works if in the employ of, or in common employment with, a licensed plumber and under the direct control and supervision of such licensed plumber.

5. (1) No licensed plumber shall execute any works of water supply—

(a) Unless he has made application on the appropriate form contained in the First Schedule and unless such application has been approved.

Application forms and plans.

In the case of a service pipe with a diameter greater than 2 inches the application form shall be accompanied by two copies of a properly prepared plan drawn to a scale specified thereon of the tenement in or on which it is proposed to execute the said works showing all buildings and structures and the arrangement of all pipes and other works which it is proposed to lay or construct therein or thereon.

(b) Contrary to or not in conformity with:—

(i) the approved application referred to in paragraph (a) hereof or of this By-law; and

- (ii) any modifications or additional requirements specified by the Commission or the Proper Officer in writing when granting approval.

Urgent repairs. (2) Should urgent repairs be required to prevent the waste or escape of water a licensed plumber may, notwithstanding the provisions of sub-clause (1) hereof, execute such repairs without the approved application prescribed therein provided that such application is lodged within twenty-four hours of such commencement.

(3) Every application form referred to in this clause shall be signed by the owner of the tenement or his agent and the licensed plumber actually engaged to execute the work of water supply referred to therein.

Notices to be given by licensed plumbers. 6. A licensed plumber shall give two days' notice to the Proper Officer:—

- (a) of the date of commencement of any approved works of water supply;
- (b) of the day (except a public holiday or Saturday) during the progress of the approved works of water supply when such works will be accessible for inspection;
- (c) of the day (except a public holiday or Saturday) when the approved works of water supply will be completed and be accessible for final inspection.

PART III.—EXECUTION OF WORKS OF WATER SUPPLY.

7. No licensed plumber shall execute any works of water supply unless he:—

- (a) complies with any special directions or orders given or issued by the Commission or the Proper Officer;
- (b) executes the work in a tradesmanlike expeditious manner to the satisfaction of the Proper Officer;
- (c) uses materials of the description, quality, kind, and standard as prescribed in this By-law;
- (d) employs only competent operatives and assistants;
- (e) conforms to the provisions of any regulations and By-laws made under any Act and pays all fees and charges specified therein;
- (f) pays all fees payable to a municipality for the opening of any public road or street or otherwise in connexion with the works;
- (g) restores upon completion of the work any part of any public road or street to the satisfaction of the municipal council or other authority having control thereof;
- (h) except where authorized in writing by the owner or his agent to omit restoration, restores any other property interfered with by the work to the satisfaction of the said owner or agent;
- (i) takes all proper and necessary precautions so that no accident, damage, or unnecessary inconvenience, may be directly, or indirectly, occasioned to any person or property by the execution of the work; and

- (j) exercises at all times immediate supervision over the work.

8. No person shall install any service pipe Service pipes. unless:—

- (a) The nominal diameter of the service pipe—
- (i) between a main pipe and the meter is not less than $\frac{3}{4}$ -inch;
 - (ii) within a tenement does not exceed the nominal diameter of the service pipe approved for the supply of water to the tenement;
 - (iii) between the meter and all riser pipes in or on a building is not less than the nominal diameter of the service pipe approved for the supply of water to the tenement;
- (b) except for the meter bends the portion of a service pipe which lies in or on land which is not a thoroughfare is not less than 12 inches below ground level or is properly secured to a building or structure; and
- (c) the portion of a service pipe which lies in or on any thoroughfare or where it may be exposed to vehicular traffic is not less than 18 inches below ground level or at such greater depth as the authority which has control of the road or thoroughfare may require.

9. (1) No person shall install a service pipe Access to service pipes. not readily accessible for the purpose of inspection, repair and renewal unless it is comprised of copper piping and copper or brass fittings.

(2) No person shall erect or construct any building or structure in such manner that any part of a service pipe is made inaccessible for the purposes of inspection, repair and renewal, unless such part of the service pipe is comprised of copper piping and copper or brass fittings.

10. No person shall permit or allow any solid, liquid or gas, to have access, or means of access, Cross connexions. to water supplied by the Commission prior to the delivery thereof. For the purposes hereof water so supplied shall be deemed to be delivered when it has emerged free from any service pipe.

11. No person shall attach or fix or permit or allow to remain attached or fixed to any service pipe, any appliance containing, or having provision for the containing of, any solid or gas or of any liquid other than water supplied by the Commission.

12. No person shall connect the outlet piping from any storage tank to a service pipe directly connected with a main pipe or aqueduct.

13. (1) No person shall make a direct connexion between a service pipe and a top or side inlet to a steam boiler unless:— Connexions to steam boilers.

- (a) a screw-down high pressure stop-tap with its spindle vertically upwards is installed on the service pipe connected to the boiler;
- (b) a vertically acting reflux valve is installed between the stop-tap and the boiler; and

- (c) a half-inch testing ferrule or bib-tap is installed between the reflux valve and the stop-tap.

(2) No person shall make a direct connexion between a service pipe and a top or side inlet to a steam boiler where a supply is to be provided from the service pipe together with an injected supply from a boiler tank or condensate sump unless:—

- (a) such connexion is made in accordance with the provisions of sub-clause (1); and
(b) the injected water to the boiler is taken through a separate opening in the wall of the boiler.

14. No person shall make a connexion between a service pipe directly connected to a main pipe and the piping from a boiler storage tank or condensate sump or pump.

Connexions to hot water radiation systems. 15. No person shall connect a service pipe to a hot water radiation system or similar equipment other than indirectly through a storage tank.

Connexions to water operated appliances. 16. No person shall connect, operate, or use, a water operated appliance to, or on, a service pipe.

Connexions to an apparatus in which water is used for cooling purposes. 17. No person shall connect to a service pipe an apparatus in which water is used for cooling purposes and run to waste, if the total quantity of water used for, or in the operation of, such apparatus under full output exceeds one-half ($\frac{1}{2}$) gallon per minute per tenement.

Storage tanks. 18. No person shall fix a storage tank to a service pipe unless:—

- (a) the storage tank is provided with a ball-valve, overflow pipe and cover;
(b) the supply of water to the ball-valve is controlled by a stop-tap connected to the ball-valve by a flexible copper pipe;
(c) the cold water feed into a storage tank is at least $\frac{1}{2}$ inch above the top of the overflow from the tank;
(d) the overflow pipe is of galvanised sheet iron or copper with soldered joints and shall be at least $1\frac{1}{2}$ inches in diameter and all other parts of such tank are made of approved materials;
(e) the storage tank and connexions thereto are situated in an accessible location;
(f) where a storage tank is installed between the roof and the ceiling of any building there is fixed beneath such tank a tray constructed of an approved material and separated from the tank by evenly spaced wooden slats at least $\frac{1}{2}$ inch thick and provided with an overflow pipe of at least 2 inches in diameter constructed of galvanised sheet iron or copper with soldered joints;
(g) where a storage tank is installed between the roof and the ceiling of any building or in any other position not readily accessible, an additional controlling gate valve is fixed in an easily accessible position in the rising pipe supplying the storage tank at or near ground level in an external rising pipe or at or near floor level in an internal rising pipe;

- (h) an overflow pipe whether from a storage tank or from a tray or from a storage tank and a tray is so constructed as to discharge outside the building in which the storage tank is situate in such a manner that the discharge, if any, therefrom may be readily discernible; and
- (i) such additional requirements as the Proper Officer or the Commission directs are complied with.

19. (1) No person shall install a bath which ^{Baths.} has a holding capacity of more than 100 gallons.

(2) No person shall connect a service pipe to ^{Swimming Pools.} or supply water to a swimming pool except in accordance with conditions specified by the Commission or the Proper Officer.

(3) No person shall connect a service pipe to ^{Troughs.} or supply water to a trough unless:—

- (i) the trough is provided with a ball-valve and an approved ball-valve cover which shall prevent interference with the operation of the valve by stock;
- (ii) the supply of water to the ball-valve is controlled by a separate stop-tap fixed in an accessible position adjacent to the ball-valve;
- (iii) the water feed into the trough is at least $\frac{1}{2}$ inch above the top of the overflow pipe or the top of the trough if an overflow pipe is not provided.

20. No person shall connect a service pipe, ^{Urinals and water closets.} directly or indirectly, to, or supply water to, a urinal or water closet except through a cistern or flushometer service which shall be so constructed that the water cannot flow continuously.

PART IV.—PRIVATE EXTENSIONS.

21. No person shall lay a private extension in a thoroughfare unless:—

- (a) it is parallel with, or at right angles to, the building line. When laid parallel to the building line it shall be located at a distance from the building line as determined by the Proper Officer and the municipality or authority having control of the said thoroughfare;
- (b) a stop-tap ferrule is fixed in the main pipe so that the piping from it is at right angles to such main pipe and a stop-tap is fixed on the private extension in the thoroughfare at each change of direction;
- (c) a separate service pipe in compliance with this By-law is laid from a private extension to each tenement served.

22. (1) Any permission granted by the Commission to supply a tenement with water by agreement (including by means of a private extension) may be revoked at any time.

(2) Where such permission is revoked the owner or occupier of a tenement shall arrange for a licensed plumber to disconnect the service pipe within a period specified by the Commission or the Proper Officer in writing.

(3) If the owner or occupier of a tenement fails to arrange for the said disconnection within the period prescribed, the Commission may disconnect such service pipe and the owner or

occupier of a tenement shall be liable to the Commission for all costs and expenses incurred therein and all such costs and expenses may be recoverable by the Commission as a debt in any court of competent jurisdiction.

**PART V.—CONNECTIONS TO MAIN PIPES AND
AQUEDUCTS.**

Tappings and
connexions.

23. No person other than a Commission employee acting in the course of his duty shall tap or plug a main pipe or alter a stop-tap ferrule in a main pipe. Excavations required for such works shall be provided by the licensed plumber requiring the tapping, plugging or alteration, and shall be of sufficient size to enable the work on the main pipe to be carried out conveniently.

Tapping fees.

24. No person shall affix or connect any service pipe to any main pipe without having first paid to the Commission the approved tapping fee.

Position of
stop-taps.

25. No person shall install a service pipe unless a properly secured screw-down stop-tap is fixed on such service pipe and positioned in compliance with the following requirements:—

- (a) (i) Between the main pipe and the building line within a distance of one foot of the building line and covered by a box complying with the requirements of the Municipality in which the service pipe is laid; or
- (ii) Between the top inlet bend and the meter or future meter position in the case where a meter has been or will be installed; or
- (iii) On the service pipe above the ground in an accessible position not more than six feet inside the building line in the case where a meter has not been and will not be installed.
- (b) Where a meter has been installed inside a building in a position approved by the Proper Officer on the outlet side of the meter in addition to that required under paragraph (a) hereof.
- (c) In addition to the stop-taps required under the previous paragraphs of this clause a stop-tap is required on a service pipe connected to a private extension at its offtake from the private extension.

Reflux valves.

26. No person shall install a stop-tap valve without an approved reflux action unless he fits an approved reflux valve (to prevent the return of water to a main pipe or aqueduct) on the service pipe above ground in an accessible position approved by the Proper Officer or in a properly constructed and drained pit provided with a cover approved by the Proper Officer and capable of being opened by one man together with an approved locking device on the cover when so directed.

27. (1) No person shall connect two or more service pipes supplying any tenement together unless a reflux valve is fixed on each service pipe in a position approved by the Proper Officer and provision made for testing the working of the reflux valve in position by affixing a stop-tap ferrule or a bib-tap on the connected service pipe adjacent to the inlet side of the reflux valve.

(2) No person shall install a stop-tap ferrule for testing, referred to in sub-clause (1) hereof, in a thoroughfare unless it is covered by a cast iron box which complies with the requirements of the Municipality in which the service pipe is laid.

28. No person shall lay a service pipe between a stop-tap ferrule which has been installed on a main pipe at a point opposite to the point where the service pipe is to enter the tenement to be supplied and the tenement unless the service pipe and the vertical riser pipe between the inlet bends to the meter are installed from the stop-tap ferrule in a straight line at right angles to the building line.

29. No person shall lay a service pipe between a stop-tap ferrule which has been installed on a main pipe at a point not opposite to the point where the service pipe is to enter the tenement to be supplied and the tenement unless an iron box and riser of approved pattern are fixed over the stop-tap ferrule in the main pipe and a high-pressure screw-down stop-tap with an approved cover are fixed on the service pipe at each subsequent change of direction of such pipe and an additional stop-tap is fixed in accordance with Clause 25 of this By-law.

30. No person shall connect a service pipe to a stop-tap ferrule which has been installed on a main pipe beneath a concrete pavement or other similar type of pavement unless an iron box and riser of approved pattern are fixed over the stop-tap ferrule.

31. No person shall construct a concrete pavement or other similar type of pavement over a stop-tap ferrule which connects a service pipe to a main pipe unless an iron box and riser of approved pattern are fixed over the stop-tap ferrule.

PART VI.—REPAIRS.

32. The owner or occupier of a tenement supplied with water through a service pipe shall ensure that the service pipe is kept in good and substantial repair. Repairs to service pipes.

33. If any person refuses, neglects or delays to have any service pipe used by him properly repaired after having been required in writing by the Commission so to do, the Commission by its Proper Officers, servants, or agents, may enter into, or upon, any tenement supplied by such service pipe and may discontinue, or restrict, the supply of water to such tenement so as to prevent the waste of water.

PART VII.—MATERIALS.

34. No person shall install or replace any service pipe unless:— Specification for piping and materials.

(a) that part of any service pipe (excepting private extensions) which extends in a thoroughfare from an aqueduct, main pipe or private extension up to, and including, the bottom meter outlet bend is of the following materials:—

(i) Where the diameter of the service pipe is 2 inches or less—copper with copper or brass fittings.

(ii) Where the diameter of the service pipe is greater than 2 inches—copper, galvanised iron, cement mortar lined cast iron, or internally and externally protected welded mild steel.

(b) that part of any service pipe not referred to in paragraph (a) hereof and all private extensions (whether in a thoroughfare or not) are of copper, galvanised iron, cement mortar lined cast iron, internally and externally protected welded mild steel, bitumen coated asbestos cement or, in certain cases as specified hereunder, approved plastic.

Subject to an appropriate application for permission to use plastic pipes being lodged on the prescribed form (in addition to the form contained in the First Schedule), approval may be given in the following cases to the use of polyethylene and rigid polyvinyl chloride pipes of approved manufacture in certain areas and under certain conditions:—

(i) polyethylene and rigid polyvinyl chloride pipes within the tenement after the meter.

(ii) rigid polyvinyl chloride pipes for private extensions whether in a thoroughfare or not;

Fittings, &c.

(c) all materials, fittings and apparatus used are of the best quality of their respective kinds, sound, new, free from defects and tested and stamped in accordance with the requirements of the standards approved by either the Melbourne and Metropolitan Board of Works, the Geelong Waterworks and Sewerage Trust or the Ballarat Water Commissioners, or, if such standards are not applicable, to the requirements of the appropriate specifications of the Standards Association of Australia;

(d) pipes which have been manufactured and tested in accordance with the requirements of the appropriate specifications of the Standards Association of Australia are used;

Galvanized iron pipes.

(e) galvanised iron pipes comply with the requirements of the Australian Standard Specification "Steel Tubes and Tubulars suitable for Screwing" and the minimum requirements for the wall thicknesses of such pipes shall be as specified in the Second Schedule;

Copper pipes.

(f) copper pipes comply with the requirements of the Australian Standard Specification "Copper Tubes for Water, Gas and Sanitation" and the requirements for the wall thicknesses and the usage of such pipes shall be as specified in the Third Schedule;

Joints.

(g) except for plastic pipes all joints used to join pipes and fittings are of the types specified in the Fourth Schedule. All joints used to join polyethylene pipes and associated fittings and rigid polyvinyl chloride pipes and associated fittings are to be of types approved by the Commission.

PART VIII.—METERS.

35. (1) Except where no meter has been provided by the Commission no person shall use any service pipe for the supply of water unless the whole of the water supplied to such service pipe passes through a meter in the correct direction.

Water to pass through meter in the correct direction.

(2) All meters shall be provided and maintained by the Commission and no licensed plumber shall install a service pipe unless before installing such service pipe he ascertains from the Commission the size of the meter to be installed and makes provision in the arrangement and installation of the service pipe for connection of such meter in accordance with the following requirements:—

Installation of meter.

- (a) The meter shall be located within the tenement and not more than six feet from the building line.
- (b) The meter shall be in an easily accessible position and shall be protected from accidental damage.
- (c) All meters installed on services of 2 inches internal diameter and under shall be properly and securely affixed to such services by means of connections of four quarter bends of brass, copper or other approved material.
- (d) The meter shall be fixed truly level on a solid foundation of brick, stone or concrete, the top of which foundation is level with, or above, the surface of the ground, except that with the approval of the Proper Officer a meter may be fixed in a properly constructed and effectively drained pit provided with a cover capable of being opened by one man together with an approved locking device on the cover when so directed.
- (e) Washers for meter connection couplings shall be of leather or other material approved by the Commission.
- (f) All bends used in the fixing of meters shall be left exposed until inspected by the Proper Officer.

(3) Pending the supply and installation of the meter by the Commission the licensed plumber authorised to install the service pipe shall connect a distance piece of an approved material in the service pipe in place of the meter.

36. No person shall:—

- (a) construct, or permit, or suffer to be constructed, any building over any meter;
- (b) place, stack or store, or permit or suffer to be placed, stacked, or stored, any material upon any meter;
- (c) do, or permit, or suffer to be done, any act, matter, or thing, whereby inspection of any meter shall be interfered with, prevented, obstructed, or in any way rendered difficult.

Meter to be available for inspection.

37. (1) Every owner or occupier of a tenement who has a water meter owned by the Commission fixed on a service pipe to measure the quantity of water supplied from a main pipe or aqueduct shall be responsible for the safe custody of the said meter and if it is stolen from the service pipe he shall pay to the Commission the cost of the meter, or if it is wilfully or negligently damaged while fixed on the service pipe, he shall pay to the Commission the cost of repairing the damage.

Safe custody of meter.

(2) The owner or occupier of a tenement shall immediately notify the Commission if the meter is stolen or if the meter is damaged.

Testing
of meter.

38. Any owner or occupier of a tenement may at any time request the Commission in writing to test any meter attached to the service pipe through which water is supplied to such tenement and shall at the time of delivery of such request pay the prescribed fee for this purpose. The Commission shall thereupon remove and test the meter or cause the same to be tested in such manner as it thinks fit. If such meter is found to be registering correctly within the requirements of the Commission's specification the Commission may retain the said sum of money in satisfaction of the fee for testing the meter hereinbefore prescribed, but if such meter is found to be registering otherwise the said sum of money shall be returned to the owner or occupier of the tenement (as the case may be).

Testing large
meters in
position.

39. Provision shall be made by the owner or occupier of a tenement for testing meters of 2 inch or larger sizes in position by fixing a stop-tap or valve on the outlet side of the meter with a stop-tap ferrule between the stop-tap or valve and the meter. No branches shall be taken off between the stop-tap or valve and the meter. The sizes of the stop-tap ferrules shall be as follows:—

- For 2 inch and 3 inch meters $\frac{3}{4}$ inch
- For 4 inch meters 1 inch
- For meters larger than 4 inch $1\frac{1}{2}$ inches

Consumer
leaving
tenement to
notify
Commission.

40. Any person who ceases to occupy a tenement which is supplied by a service pipe on which a meter is fixed shall give written notice to the Commission at least six days before the date of vacation of the tenement.

PART IX.—FIRE SERVICES.

Private fire
services.

41. (1) No person shall install a private fire service pipe unless each fire hose tap on such fire service is sealed. For each fire service pipe laid from a main pipe or aqueduct there shall be paid to the Commission the prescribed fixing fee and thereafter a prescribed annual fee. When the fire service is required to be sealed by the Commission there shall be paid to the Commission a prescribed sealing fee.

(2) Except in the case of fire no person shall wilfully break the seal affixed to any firehose tap on a fire service pipe and in the event of any such seal being broken accidentally or otherwise the owner or occupier of the tenement shall within twenty-four hours of such breaking give notice in writing of such breaking to the Commission. The owner or occupier shall except if any seal has been broken for fire extinction purposes, pay a resealing fee.

(3) No person shall install any hydrant or riser pipe with a fire hose tap attached which is fixed to a private fire service pipe unless they are in a conspicuous position and painted with a distinguishing coating of bright red paint. The owner or occupier of a tenement shall maintain the said paintwork in good condition.

(4) Except as otherwise provided in this clause the provisions of this By-law in regard to service pipes shall, with such adaptations as are necessary, extend and apply to private fire service pipes.

(5) Each application to install a private fire service shall include a plan showing all fire hose taps.

(6) No person shall take or use water from any private fire service except for fire extinction purposes.

(7) In the event of the owner or occupier of a tenement committing any offence under this clause or permitting or suffering any such offence or breach to be committed the Commission may by notice in writing require the owner or occupier to disconnect the private fire service and the said owner or occupier shall arrange for a licensed plumber to forthwith disconnect the said private fire service.

42. No person shall connect a private sprinkler fire service to a service pipe except in accordance with conditions specified by the Commission or the Proper Officer.

PART X.—GENERAL.

43. Any service pipe laid in accordance with the provisions of the Act and By-laws in force at the time of the laying of the pipe shall be deemed to have been laid in accordance with the provisions of this By-law but every renewal, alteration, addition or replacement thereof or thereto shall be effected in accordance with the provisions of this By-law.

44. If a tenement is, or is to be, supplied from a main pipe or an aqueduct in which the supply of water is intermittent or where the owner or occupier of a tenement at any time requires considerably more water than the normal demand from a main pipe or aqueduct, the Commission may direct that the owner or occupier shall at his own cost provide such storage as will be sufficient to supplement the supply of water during such periods.

PART XI.—MISUSE AND WASTE OF WATER.

45. No person supplied with water by the Commission shall waste or misuse the water or permit or suffer it to be wasted or misused.

46. No person shall take, or carry away, or permit or suffer any other person to take, or carry away, any water from a tenement supplied with water by the Commission and no person shall sell any water supplied by the Commission.

47. No person other than a servant or agent of a Municipality or a Fire Brigade in the execution of his duty as such servant or agent shall open, close, or otherwise interfere with, any fire-plug or hydrant attached to a main pipe.

48. No person other than a servant or agent of the Municipality, Corporation or body having the care and management of a public park, public garden or reserve for public purposes shall open, close, or otherwise interfere with, any tap, valve, or other like regulator (except a drinking fountain or other tap provided for public use) in, or connected with, any service pipe used for the supply of water to such park, garden or reserve.

PART XII.—PENALTIES.

49. Any person who commits any breach of the provisions of this By-law shall be guilty of an offence and shall be liable to a penalty of not more than One hundred dollars (\$100) unless he shows that prior consent to such breach was given in writing by the Commission or the Proper Officer.

50. Any owner of a tenement who fails to comply with a notice requiring him to remedy any works of water supply made contrary to the

requirements of this By-law in accordance with a notice served on him in writing by the Commission or the Proper Officer and by the day specified in that notice shall be guilty of an offence and shall be liable to a penalty of not more than One hundred dollars (\$100).

51. If any person supplied with water by the Commission wrongfully does, or causes, or permits to be done, anything in contravention of the provisions of the Act and this By-law, or wrongfully fails to do anything which, under any of such provisions, ought to be done for the prevention of the waste, misuse, undue consumption or contamination of the water of the Commission, the Commission may (without prejudice to any remedy against him in respect thereof) close, or cut off, any of the pipes by, or through which, water is supplied by it to him or for his use and may cease to supply him with water so long as the cause of injury remains or is not remedied.
