CONDITIONS OF CONTRACT FOR PROVISIONS 1973-74 ETC.

(Published in the *Victoria Government Gazette* No. 14, dated 14th March, 1973.)

1. For the purposes of these contracts the word "Government" shall mean the Government of the State of Victoria; and the word "Treasurer" shall mean the Treasurer of the said State.

2. All the articles are to be of the best quality of the several kinds, in the best conditions, and in conformity with the Health Acts, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

3. As the exact quantity of any article which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the Schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

4. The Government reserves the right to purchase otherwise than from the contractor any of the articles specified in the Schedule in the event of an emergency.

5. Supplies for country districts for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne and Metropolitan contract.

6. The Melbourne and Metropolitan District will include places within a radius of 20 miles from the Elizabeth-street Post Office. Delivery must be made at the places, institutions, &c., named in the Schedules, or as directed by the officer ordering the supply.

7. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., shall be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. The contractor must provide, without extra charge, whatever labour may be required in the packing of stores. Butter boxes and soap boxes (not including fancy soaps), jam jars, flour, meal, and potato bags will remain the property of the contractor, the empty containers to be removed from the place of delivery at the contractor's expense.

8. Meat supplied under these conditions must be slaughtered and supplied in accordance with the provisions of the Health Act and Regulations. Any infringement of this condition will subject the contractor, on report from the Tender Board to such mulct, not exceeding One hundred dollars, as the Treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

9. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of the Department concerned or any officer authorized by him, and shall be delivered as may be directed by the officer ordering the supply.

10. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, who shall render his account as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. The rates or quantities quoted in the orders cannot be exceeded.

11. Where railway facilities are available, the contractor shall, except where delivery is required direct into institutions, use the Railways for the transport of the goods. When a contractor is required to make delivery of goods at a railway station for transmission by rail, except for Commonwealth Departments, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note at the same time handing in the triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to the Stores and Transport Office. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be forwarded to the consignees and the quintuplicate retained

by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which services the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 20 of these conditions.

12. Orders must receive prompt execution; in the event of the goods not being delivered at the time mentioned in the order or within such other time as the officer ordering the supply may specify for delivery, it will be competent for such officer, or the head of the Department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

13. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions.

14. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

15. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the Treasurer of the State for the time being; and the decision of the Board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 12.

16. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations or stores are due or by the contractor in waiting for a Board to survey, the head of the Department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it, or any like supply suitable for the Service, will be obtained by the officer requiring it as in clause 12. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

17. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which it, or any like supply suitable for the Service, will be procured by the officer requiring it, and the expense charged as in clause 12.

18. In the case of supplies for Mental Hospitals, it will be competent for a Board of Survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being, such appeal to be made in writing within 24 hours of the rejection; but, pending such appeal, he must at once supply others of approved quality; failing which, the supplies required, or any like supplies suitable for the Service, may be obtained by the officer concerned, and the expense charged as in clause 12.

19. In the case of supplies for Mental Institutions, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a Board of Survey will not be deemed to be necessary.

20. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding One hundred dollars, as the said Treasurer may direct, and the amount may be deducted as in clause

12. It will also be in the power of the said Treasurer, upon such refusal, irregularity or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money, and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of not less than twelve months from the date of such disqualification.

21. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. *If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.*

22. It will be competent for the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

23. The contract entered into under these conditions is not to be considered as being broken, infringed, or violated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent General for Victoria; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

24. Notwithstanding anything contained to the contrary in section 152 of the Customs Act 1901-71, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice in writing from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last known place of business or abode.

25. Under no circumstances other than those mentioned in clause 24 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

26. Every person engaged in the service tendered for in the schedule shall be paid such wages and employed subject to such labour conditions as are or may be determined by any Federal Arbitration Court award or any State Wages Board determination.

27. The contractor will be held liable for any damage to Government property occasioned by the contractor or any person engaged by the contractor during the performance of any service required under the contract.

STIPULATIONS FOR SUPPLIES OF PROVISIONS.

SUPPLIES GENERALLY.

For supplies under all sub-schedules, particular attention is drawn to clause 2 of the Conditions of Contract as to quality.

No sub-letting is allowed, and all work must be carried out by the contractor.

For Schedule No. 3 supplies must be delivered when ordered and, in cases of emergency, on Sundays, holidays, or half-holidays, as required.

Reasonable notice, however, of the intention to substitute wheat Meal Bread must be given to the contractor by the officer ordering the supply.* Bread may be baked at any Government establishment without infringing these contracts. At the Gaols, Beechworth, Bendigo, Castle-maine, Geelong, and Sale, and the Cooriemungle Prison Camp, McLeod Settlement, and Langi Kal Kal Training Centre, if required, bread must be supplied one day old, due notice to be given to the contractor of such requirement.

The boxes containing butter so examined and found satisfactory in quality and description will be stamped by the Government Butter Grader and the date of such examination marked thereon. No butter from a contractor located in the Metropolitan area will be accepted unless the boxes bear the stamp of the Grader. For the purposes of the foregoing condition the Metropolitan Area is defined as being not outside the radius visited by the Government Grader. The beef shall be of ox not under three nor more than six years old or heifer or cow not under three nor more than five years old. Carcass beef for Mental Institutions shall be delivered in quarters of equal proportions of hinds and fores and the corresponding hinds and fores must be supplied, also extra buttocks separately when ordered. Meat for other Institutions shall be supplied as ordered. Where hindquarters or buttocks are ordered 9 inches shall be cut off from the end of the leg from the hock upwards, i.e., the end of the leg from which the shank has been removed at the abattoirs; when fore-quarters form a portion of the supply, 6 inches from the end of the neck and the whole of the shin at the clodbone joint shall be removed. The sticking pieces also shall be trimmed off and the point and end of the brisket rendered free from blood and blood stains.

The mutton shall be wether or maiden ewe not more than four years old and the weight of a carcass shall be not less than 40 lb. nor more than 60 lb. The mutton shall be delivered in sides when so ordered. All kidney fat to be removed for Mental Institutions.

Corned Beef (rolled or round as ordered) shall be supplied without bone or cartilage and will be received whether pumped or prepared in the ordinary way of pickling but, in the former case, it shall have been soaked,

after pumping, for at least 48 hours in a good pickle and then thoroughly drained before supply. No flank, chuck, sticking-piece, shin, leg of beef, or piece under 7 lb. will be received.

Meat derived from the Carcasses of Bulls, Stags or Rams or meat containing an undue portion of bone or fat will not be received and shall not be tendered for delivery. Net weight only will be paid for.

In cases of emergency, or on such other occasions as in the opinion of the Mental Health Authority or Heads of other Institutions may seem advisable, other forms of meat, such as Rabbits, Tinned Meats, &c., may be purchased, apart from the contract, in lieu of the meat specified in the Schedule, and substituted therefor, provided 24 hours' notice—except in cases of emergency—be given to the Contractor of such intention.

The parts to be removed by the contractor are indicated in the shaded portion of the annexed diagram. This work shall be carried out in the factory or shop of the Contractor, except those parts usually removed at the abattoirs.

TEA AND COFFEE.

Tea and Coffee for Districts for which no local contracts have been taken may be ordered under the Melbourne District contract.

MILK.

The milk must be fresh, pure, and of the best quality, and subject to test when required by the Department, and supplied at such times as the Department may require. Should the contractor fail to supply at the time specified in the order or at such times as may be indicated in any general notice to the contractor his contract may be cancelled forthwith and his security forfeited, or should the supply prove to be not of contract quality it will be rejected, and any expense incurred will be charged to the contractor.

POTATOES.

1. Supplies of potatoes are to be of "No. 1 Grade" in accordance with Regulations 25 of the Fruit and Vegetables Packing Regulations 1964 and shall consist of sound potatoes of similar varietal characteristics and having a skin which is not immature; shall be free from damage caused by the ordinary process of peeling, and shall be reasonably free from second growth, sprouting, greening from exposure, deterioration caused during storage or by any abnormal condition of growth, and each potato shall weigh no less than three (3) ounces.

2. Bags to remain the property of the contractor. Weight of bags (approx. 2½ lb.) to be deducted.

3. If the price of potatoes becomes abnormally high, the heads of the various departments concerned may, if they think fit, cause rice or any other suitable food to be occasionally substituted in lieu thereof.
