*Town and Country Planning Act 1961 (Twelfth Schedule).*  
**LAKE TYERS TO CAPE HOWE COASTAL PLANNING SCHEME.**

**NOTICE THAT A PLANNING SCHEME HAS BEEN PREPARED AND IS AVAILABLE FOR INSPECTION.**

Notice is hereby given that the Town and Country Planning Board in pursuance of its powers under the *Town and Country Planning Act 1961* has prepared a Planning Scheme for the purpose of controlling the use and development of land along the coastal area from Lake Tyers to Cape Howe in the Shire of Orbst.

A purport of the objects and effect of the Scheme is set out below. (Persons who might be affected by the Scheme must appreciate that the purport set out below is not in any way to be taken as a substitute for the Scheme or any part thereof. Because of the need to make the purport concise it has not been possible to deal with a number of exceptions and requirements applicable to particular uses or in particular circumstances. References must always be made to the Scheme.)

The coastal area between Lake Tyers and Cape Howe is unspoiled, unique and irreplaceable. Accordingly, the Planning Scheme has been prepared to protect the valuable and delicate natural features but at the same time recognising the importance of the various settlements within the area.

It is the Board's aim to ensure that by careful planning, the development of residential, commercial and recreational activities along the coast, which are mainly contained within the existing settlements, will proceed in such a way as to protect, preserve and where possible enhance the natural attributes of the area.

Large scale expansion of the settlements will be discouraged. However, it is recognised that each of the major townships has a potential for expansion and land has been zoned accordingly to cater for new home sites, and the future requirements of the tourist trade and local industries.

The future of the large areas of Crown land within the planning area is still under discussion within Government and the Planning Scheme is designed to control that land until firm policies are established.

The zones provided for in the Scheme are as follows:

**Rural 'A' Zone.**

This covers land which has been cleared of timber or used for agriculture or farming. All uses normally associated with farming will be permitted as of right, but more intensive land uses, e.g. poultry farming, extractive industry or recreational uses will require a permit. To retain the rural use and character of the area, the minimum subdivision size will be 50 hectares.

**Rural 'B' Zone.**

This covers large freehold areas, with attractive landscape qualities and substantial tree cover. Conditions on land uses are similar to the Rural 'A' Zone but there are additional controls on the destruction of native timber and bushland.

**Rural 'C' Zone.**

This is the largest zone in the planning scheme, and covers most of the broad areas of Crown land, the future of which will be subject to the recommendations of the Land Conservation Council. All development will require a permit.

**Rural 'D' Zone.**

This covers areas at Marlo, Bemm River and Mallacoota which are regarded as suitable for rezoning for future urban use. Farming uses will be permitted with controls on the destruction of trees and bushland. Any future development must be of a high standard and pay particular attention to the landscape qualities of the area. Development must be staged and the release of further land will depend on the rate of development of previous subdivisions.

**Forest Zone.**

This covers areas of existing State Forest under the control of the Forests Commission of Victoria near Lake Tyers.

**Residential Forest Zone.**

This covers two areas at Mallacoota set aside for residential development. Special provisions will control the location, density and height of buildings to encourage integration of houses with the landscape.

**Residential 'A' Zone.**

This covers areas at Marlo and Mallacoota providing basically for detached houses. Commercial development and high intensity uses will be prohibited. Controls will be exercised on houses exceeding five metres in height if they are likely to obstruct the views of neighbours.

**Residential 'B' Zone.**

This covers areas at Marlo and Mallacoota and provides for a wide range of urban uses, particularly those associated with tourism. Houses will be allowed but flats, camping areas, motels, churches, halls, etc. will require a permit.

**Township Zone.**

This covers the small townships of Bemm River, Furnell, Tamboon, Genoa and Gipsy Point. Uses normally associated with urban development will be permitted and there will be a degree of flexibility in the uses allowed and their location within the townships.

**Commercial Zone.**

This covers areas at Marlo, Genoa and Mallacoota and provides for existing as well as future shopping needs in these settlements.

**Industrial Zone.**

This covers land at Mallacoota and provides for existing and future industrial activities. Most uses will require a permit.

**Special Uses Zone.**

This covers land at Mallacoota set aside for the Mallacoota Golf Club.

Reservations for public open space and public purposes are provided for in the Scheme.

Roads are specified as highway, main, secondary or minor roads and this specification in some cases regulates adjoining land uses.

Special provision is also made in the Scheme for planning controls affecting camping areas, extractive industries, flats, general stores, junk yards, motels, service stations, motor repair stations, advertising signs, and car parking.

A copy of the Scheme has been deposited at the office of the Town and Country Planning Board, 235 Queen Street, Melbourne and the offices of the Shire of Orbost, Shire Offices, Ruskin Street, Orbost; and will be open for inspection thereat during office hours by any person, free of charge.

Any persons affected by the Planning Scheme are required to set forth in writing all objections they may have, addressed to the Secretary, Town and Country Planning Board, 235 Queen Street, Melbourne, on or before 15th March, 1977 and to state whether they wish to be heard in respect of their objections.
