PROCLAMATIONS

Public Service Act 1974
QUEEN'S BIRTHDAY HOLIDAY 1981

PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

In pursuance of the powers conferred by sub-section (1) (e) of section 71 of the Public Service Act 1974, I, the Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, do by this my Proclamation appoint—

MONDAY, 8 JUNE 1981
as the day upon which the Anniversary of the birthday of Her Majesty for the year 1981 shall be observed as a holiday in the public offices throughout the State of Victoria.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this twenty-fifth day of March, in the year of our Lord One thousand nine hundred and eighty and in the twenty-ninth year of the reign of Her Majesty Elizabeth the Second, Queen of Australia.

VEGETATION AND VINE DISEASES ACT 1958

(No. 6407)

DECLARING A PROCLAIMED AREA

PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

Whereas by section 25 of the *Vegetation and Vine Diseases Act 1958* (No. 6407), it is provided that where the Governor in Council is of the opinion that it is necessary to protect the fruit industry of Victoria against the introduction or spread of the insects of the family Trypetidae (commonly known as fruit flies), he may by Proclamation declare any portion of Victoria specified therein to be a proclaimed area, and prohibit the removal from any place in the proclaimed area to any place outside that area or from any place in the proclaimed area to any other place in that area of any fruit fly or any fruit or vegetables of a kind or species which in his opinion may provide a host for fruit flies and require occupiers and owners of land in the proclaimed area to take such action for the eradication or prevention of the spread of fruit fly, as is specified in the Proclamation.

Now therefore, I, the Governor of the State of Victoria, in the Commonwealth of Australia, being of the opinion that it is necessary to protect the fruit industry of Victoria against the introduction or spread of the insects of the family Trypetidae (commonly known as fruit flies) and by and with the advice of the Executive Council of the said State, do by this my Proclamation hereby—

1. Declare those portions of Victoria described in the First Schedule to this Proclamation to be a proclaimed area.

2. Prohibit the removal from any place within the proclaimed area to any place outside that area or to any other place in that area of any fruit fly or any

fruit or vegetables of a kind or species grown within the proclaimed area and named in the Second Schedule to this Proclamation unless such removal is made on the instruction of an Inspector or with his written permission, provided that fruit and vegetables passing through the proclaimed area may leave the proclaimed area without such instruction if the vehicle carrying such fruit or vegetables does not come to a halt within the proclaimed area except as required by traffic regulations.

3. Require occupiers and owners of land in the proclaimed area within 25 metres of a property known to be infested with fruit fly to apply to an Inspector for a permit to remove from any place within the proclaimed area to any place outside that area or to any other place in that area any plant or soil and to refrain from such removal until a permit is granted.

4. Require occupiers and owners of land in the proclaimed area to give access to such land at all times to an Inspector with or without assistants for the purpose of inspection and/or applying on such properties any spray material and/or for the purpose of removing any fruit or vegetables or prohibited plant, and/or performing such other acts which in the opinion of an inspector are necessary for the eradication or prevention of the spread of fruit flies.

Country Fire Authority Act 1958

VARIATION OF FIRE DANGER PERIOD IN RESPECT OF SPECIFIED PARTS OF THE COUNTRY AREAS IN VICTORIA

Whereas by section 4 of the *Country Fire Authority Act 1958* it is enacted that the Minister for Police and Emergency Services of Victoria, after consultation with the Minister of Forests, may from time to time by declaration published in the *Government Gazette* declare any period to be the fire danger period in respect of the country area of Victoria, or any specified part or parts thereof and, without affecting the generality of the foregoing, may declare different periods to be the fire danger period in respect of different parts of the said country area.

And whereas by the said section it is further enacted that any declaration so published may be revoked, amended or varied by a subsequent declaration so published.

And whereas by declaration issued on the date stated in Schedule "A" hereunder, different fire danger periods expiring on 30 April 1980 were declared in respect of different parts of the country area of Victoria, situated within the municipal districts or parts of municipal districts specified in Schedule "B" hereunder.

And whereas the Minister for Police and Emergency Services and the Minister of Forests have consulted accordingly.

Now therefore I, the Minister for Police and Emergency Services of Victoria, do by this my declaration vary the aforesaid declaration by declaring that the fire danger period in respect of the parts of the country area of Victoria situated within the municipal districts or parts of municipal districts specified in Schedule "B" hereunder shall end at midnight on 30 March 1980.

APPROVAL OF THE CITY OF WARRNAMBOOL
(FITZROY ROAD) URBAN PROPOSAL AND
DECLARATION OF THE AREA TO BE AN URBAN
RENEWAL AREA

Whereas pursuant to the provisions of section 5 (14) of the *Urban Renewal Act 1970*, it is among other things enacted that His Excellency the Governor in Council may approve an urban renewal proposal with or without modifications or alterations and declare the area specified to which the proposal relates to be an urban renewal area.

And whereas pursuant to the provisions of sub-section (5) of the said section 5, the Housing Commission, in its capacity as an urban renewal authority, adopted an urban renewal proposal for the City of Warrnambool with modifications and alterations in August 1979, and a copy of said proposal as so adopted with modifications and alterations has been deposited at the office of the Housing Commission.

And whereas the Housing Commission, in its capacity as an urban renewal authority, has given the appropriate notices under sub-sections (2), (6) and (7) of the said section.

And whereas in pursuance of sub-section (11) (a) of the said section 5 the Minister of Housing has considered the report of the Town and Country Planning Board.

And whereas in pursuance of sub-section (12) of the said section 5 the Minister of Housing has recommended various modifications and alterations to the proposal.

And whereas the Minister of Housing has recommended the approval of the said urban renewal proposal with the modifications and alterations as so adopted by the Housing Commission in its capacity as an urban renewal authority; and also with the additional modifications and alterations set forth in a further document containing the same, lodged with the Housing Commission.

Now therefore, His Excellency, the Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, doth by this Order approve the City of Warrnambool Urban Renewal Proposal with modifications and alterations recommended by the Minister and contained in the amended copy of the proposal (a copy of which is lodged at the Central Plan Office of the Department of Crown Lands and Survey number 209/2), and declares the area bounded by Raglan Parade (Princes Highway), Fitzroy Road, McKnight Street, Aitkins Road and Hyland Street to be an Urban Renewal Area.

And the Honorable Brian James Dixon, Her Majesty's Minister of Housing for the State of Victoria, shall give the necessary directions herein accordingly.

SHIRE OF MOUNT ROUSE WATERWORKS TRUST

By-Law No. 8

The Shire of Mount Rouse Waterworks Trust in pursuance and exercise of the powers and authorities conferred by the Water Acts doth hereby expressly revoke By-Law No. 3 of the Trust made 9 December 1958 and doth hereby make the By-Law following for its Waterworks Districts:—

PART I—INTERPRETATION

Definitions

2. (1) In this By-Law unless inconsistent with the context or subject matter—

"Approved" means approved by the Trust or the Proper Officer unless specifically stated otherwise.

"Building Line" means a boundary between a thoroughfare and a tenement.

"Trust" means the Shire of Mount Rouse Waterworks Trust.

"District" means any area included within the boundaries of the Trust's Waterworks Districts.

"Fittings" includes all fittings used in connection with conveying, measuring, supplying, storing or regulating the flow of water in or derived from a main pipe and includes appliances.

"Licensed Plumber" means a plumber who hold a current licence issued by the Trust to carry out water supply works approved by the Trust. Such licensed plumber is not authorised by this licence to do any kind of work connected with the sanitary fittings of houses.

"Main Pipe" means any pipe vested in, belonging to, or under the control of, the Trust and used for the conveying of water.

"Nominal Diameter" of service pipes means the nominal internal diameter except for copper pipes in which cases it means nominal outside diameter.

"Person" includes a Corporation or Company.

"Private extension" means a private pipe to enable a water supply to be provided from a main pipe to one, or more than one, tenement not fronting the main pipe.

"Proper Officer" means any person authorised by the Trust to execute any function on behalf of the Trust but does not include a licensed plumber acting by authorisation of this By-Law only.

"Service Pipe" includes a private extension and any pipe (not being a main pipe) and fittings used in connection with the supply of water from a main pipe, or private extension, to a tenement or in connection with the use or consumption of such water in, or on such tenement, whether directly subject to water pressure from a main pipe or supplied indirectly through the intervening medium of a storage tank.

"Storage Tank" means any vessel used, or intended to be used, for the storage of water and includes a cistern.

"Tenement" includes land whether built upon or not.

"The Act" means the *Water Act 1958* or any subsequent amendments thereof.

"Thoroughfare" includes a street or road being a public highway or a private street or road having a carriageway either accessible to the public from a public street or forming a common access to lands and premises separately occupied.

"Works" includes the construction, alteration, extension, disconnection, removal, maintenance, repair, renewal, or clearing of any service pipes connected, or intended to connect, directly or indirectly, to any main pipe.

- (2) All words used in this By-Law which are defined in the Act shall have the meanings defined by the Act.

- (3) The *Acts Interpretation Act 1958* shall apply to this By-Law in like manner as it applies to an Act of Parliament.

(4) (a) If any provision of this By-Law is inconsistent with the provisions of the Water Act 1958 or any regulations made under such Act, such provisions of this By-Law shall, to the extent only of such inconsistency, be deemed to be invalid and inoperative; and

(b) this By-Law shall be read and construed so as not to exceed the By-Law making power of the Trust to the extent that where any provision of this By-Law would but for this clause have been construed as being in excess of that power, it shall nevertheless be a valid By-Law to the extent to which it is not in excess of that power.

PART II—LICENSING OF PLUMBERS

Unlicensed Persons not to interfere with pipes or services

3. Before any person shall affix any service pipe to any main pipe of the Trust or alter repair or in any manner interfere with any pipe of the Trust or any service pipe tap or meter or other fitting connected with the main pipes of the Trust, he shall obtain from the Trust a licence in that behalf to execute such works, and no unlicensed person shall affix alter repair or in any manner interfere with any such main pipe service pipe tap meter or other fitting as aforesaid.

Period of Licences—Cancellation of Licences, Fees Payable

4. Each licence shall be for the period ending 31 December next ensuing after the issue hereof, but may be renewed by the Trust at its discretion from time to time in each case to the following 31 December. The Trust shall have power at any time to suspend or cancel the licence in the event of the holder thereof performing his work in an unsatisfactory manner or committing any breach of the Act or of this By-Law, and in such matters the Trust shall be sole judge. For each original licence the licensee shall pay to the Trust a fee of Five Dollars (\$5) and for each renewal Three Dollars (\$3).

Proof of Fitness to be given

5. Before any licence shall be granted by the Trust, the person applying for such licence shall satisfy the Trust by any tests required by the Trust or by virtue of his registration by the Plumbers and Gasfitters Board of Victoria that he is a competent plumber and that he is thoroughly conversant with the provisions of the By-Laws of the Trust relating to water supply and with the Act so far as it applies to town supplies.

The applicant shall advise the Trust whether he has, within the period of two years prior to the application, actively engaged in the practice of water supply plumbing in a responsible capacity, and the Trust may take such statement into account when considering the fitness of the application.

The Trust may if it so sees fit, refuse to grant such licence.

PART III—CONSTRUCTION AND ARRANGEMENT OF WORKS

Notice of Works to be given

6. No licensed plumber shall execute any works (except such works as are authorized by sections 208 and 211 of the Water Act 1958)—

(a) without having first given to the Trust not less than two days prior to the commencement of the execution of such works—

(i) notice in writing of his intention so to do set out on the appropriate form in the First Schedule specifying the tenement in on or in respect of which it is proposed to execute such works and the time or times (being between the hours of 9 a.m. and 4 p.m. on any week day excepting a public holiday or a Saturday) during which it is proposed to execute such works;

(ii) if so requested by the Proper Officer, a complete specification in writing of the works proposed to be done setting out the mode form strength material construction dimensions and arrangement of all pipes fittings and structures intended to be used in the execution of the works; and

(iii) in the case of every private service containing any service pipe of diameter larger than 25 mm a properly prepared plan drawn to a scale specified thereon of the premises in on or in respect which it is proposed to execute the said works showing thereon all buildings erections and structures on the said premises and the proposed arrangement of all pipes and other works which it is proposed to lay or construct therein or thereon. Every notice specification and plan shall be signed by the licensed plumber actually engaged to carry out the works referred to in the notice, or by a licensed plumber employing another licensed plumber to carry out the work under his supervision.

(b) contrary to or not in conformity with this By-Law or such notice specification and plan mentioned in sub-paragraphs (i), (ii) and (iii) of paragraph (a) of this clause or any modifications or additional requirements specified by the Trust or the Proper Officer in writing when granting approval.

(2) Should urgent repairs be required to prevent the waste or escape of water a licensed plumber may, notwithstanding the provisions of sub-clause (1) hereof, execute such repairs without the approved application prescribed therein provided that such application is lodged within twenty-four hours of such commencement.

Signatures required

(3) Every application form referred to in this clause shall be signed by the owner of the tenement or his agent and the licensed plumber actually engaged to execute the works referred to therein.

Execution of Works

7. Every licensed plumber shall in carrying out any work of water supply—

(1) Execute the work in accordance with the provisions of the Act and of the By-Laws of the Trust and any special directions or orders given or issued thereunder by the Trust or by the Proper Officer; and,

(2) execute the work in a thorough and expeditious manner to the satisfaction of an inspecting officer of the Trust; and,

(3) use materials of the description quality kind and standard prescribed by this By-Law; and,

(4) employ only competent operatives and assistants; and,

(5) obtain permission, where necessary, for the execution of the work on, over or through any private property, or any street road park reserve or other public place or property; and

(6) pay all fees payable to the council of a municipality or other authority for the opening of any public road or street or otherwise connexion with the works; and

(7) restore upon completion of the work any part of any public road or street to the satisfaction of the municipality or other authority having control thereof; and

(8) except where authorized in writing by the owner or his agent to omit restoration, restore any other property interfered with by the work to the satisfaction of the Proper Officer; and

(9) take all proper and necessary precautions so that no accident, damage or unnecessary inconvenience may be directly or indirectly occasioned by the execution of the work; and

(10) exercise at all times immediate supervision over the works.

Size of service pipes

8. (1) No service pipe (other than those installed for fire service purposes and sealed in accordance with the provisions of clause 37 of this By-Law) which supplies water otherwise than by measure to any tenement shall have a nominal diameter other than 12 mm to 20 mm.

(2) No person shall connect or affix to the Trust's mains any service pipe (other than those installed for fire service purposes and sealed in accordance with the provisions of clause 37 of this By-Law) which has a nominal diameter exceeding 20 mm except by written permission of the Trust. Such permission will not necessarily be given. Applicants for such permission shall give to the Trust adequate evidence in justification of the anticipated useage requiring a larger service pipe than 20 mm nominal diameter.

Depth of service pipe

9. No person shall lay construct repair or alter any private service unless every service pipe forming part thereof for such portion of its length as lies in or on private property is securely clipped to a structure or is laid and constructed in such manner that the same is at all points at a depth of not less than 300 mm below the surface of the ground. Every such service pipe for such portion of its length as lies in or on any road street lane or right-of-way or where it might be exposed to vehicular traffic shall be laid and constructed in such manner that the same is at all points at a depth of not less than 500 mm below the surface of the ground or at such greater depth as the council of the municipality or other authority having control of the said road street lane or right-of-way may require.

Laying under improved surfaces

10. Where practicable, all private service pipes shall be laid under sealed or concreted surfaces of roadways or footpaths, to avoid disturbance of the surface, by water jetting or thrust boring.

Access to service pipes

11. No person shall—

- (1) lay construct or alter any private service or any part thereof, or
 - (2) erect or construct any building erection or structure—
- in such place position or manner that any part of such private service is not easily accessible for the purposes of inspection repair and renewal unless such part is comprised of copper piping and copper fittings.

Arrangement of stop tap, &c.

12. Every meter, stop tap and stop tap ferrule shall be opposite the tenement supplied and in one line at right angles to the main pipe to which such stop tap ferrule is fixed, unless such an arrangement is impracticable in which case such services shall be provided with two high pressure screw-down stop taps, one of which shall be fixed opposite the stop tap ferrule on the main pipe and the other in accordance with the provisions of clause 26 of this By-Law.

Cross connections

13. No person shall permit or allow any solid, liquid or gas, to have access, or means of access, to water supplied by the Trust prior to the delivery thereof. For the purposes hereof water so supplied shall be deemed to be delivered when it has emerged free from any service pipe.

14. Where any service pipe is connected to any cistern tank or receptacle used for the storage of water or fluid, there shall be an effective air gap at the outlet of such service pipe and the said outlet shall be not less than 20 mm above the highest possible water level in the said cistern tank or receptacle.

15. No person shall connect the outlet piping from any storage tank to a service pipe directly connected with a main pipe.

Connections to steam boilers

16. (1) No person shall make a direct connection between a service pipe and a top or side inlet to a steam boiler unless—

- (a) a screw-down high pressure stop tap with its spindle vertically upwards is installed on the service pipe connected to the boiler;
- (b) a vertically acting reflux valve is installed between the stop tap and the boiler; and

(c) a 15 mm testing ferrule or bib tap is installed between the reflux valve and the stop tap.

(2) No person shall make a direct connection between a service pipe and a top or side inlet to a steam boiler where a supply is to be provided from the service pipe together with an injected supply from a boiler tank or condensate sump unless—

- (a) such connection is made in accordance with the provisions of sub-clause (1); and
- (b) the injected water to the boiler is taken through a separate opening in the wall of the boiler.

17. No person shall make a connection between a service pipe directly connected to a main pipe and the piping from a boiler storage tank or condensate sump or pump.

Connections to hot water systems

18. No person shall connect a service pipe to a hot water space heating system or similar equipment other than indirectly through a storage tank.

All hot water supply systems shall conform with A.S. 1529—1974—"Code of practice for installation of hot water supply systems".

Connections to water operated appliances

19. No person shall connect, operate, or use a water operated appliance, machine, or mechanical device to, or on, a service pipe except with the written permission of the Trust.

Connections to an apparatus in which water is used for cooling purposes

20. No person shall connect to a service pipe an apparatus in which water is used for cooling purposes and run to waste, if the total quantity of water used for, or in the operation of, such apparatus under full output exceeds 40 ml per second per tenement.

Storage tanks

21. No person shall fix a storage tank to a service pipe unless—

- (1) the storage tank is provided with a ball valve, overflow pipe and cover;
- (2) the supply of water to the ball valve is controlled by a stop tap connected to the ball valve by a flexible copper pipe;
- (3) the cold water feed into the storage tank is at least 15 mm above the top of the overflow from the tank;
- (4) the overflow pipe is of galvanized sheet iron or copper with soldered joints and shall be at least 35 mm in diameter and all other parts of such tank are made of approved materials;
- (5) the storage tank and connections thereto are situated in accessible locations;
- (6) where a storage tank is installed between the roof and the ceiling of any building there is fixed beneath such tank a tray constructed of an approved material and separated from the tank by evenly spaced wooden slats at least 15 mm thick and provided with an overflow pipe of at least 50 mm in diameter constructed of galvanised sheet iron or copper with soldered joints;
- (7) where a storage tank is installed between the roof and the ceiling of any building or in any other position not readily accessible, an additional controlling valve is fixed in an easily accessible position in the rising pipe supplying the storage tank at or near ground level in an external rising pipe or at or near floor level in an internal rising pipe;
- (8) an overflow pipe whether from a storage tank or from a tray or from a storage tank and a tray is so constructed as to discharge outside the building in which the storage tank is situate in such a manner that the discharge, if any, therefrom may be readily discernible; and
- (9) such additional requirements as the Proper Officer directs are complied with.

Baths

22. (1) No person shall install a bath which has a holding capacity of more than 450 litres.

Swimming Pools

(2) No person shall connect a service pipe to or supply water to a swimming pool except with the written permission of the Trust and in accordance with conditions specified by the Trust or the Proper Officer.

Troughs

(3) No person shall connect a service pipe to or supply water to a trough unless—

- (a) the trough is provided with a ball valve and an approved ball valve cover which shall prevent interference with the operation of the valve by stock;
- (b) the supply of water to the ball valve is controlled by a separate stop tap fixed in an accessible position adjacent to the ball valve; and
- (c) the water feed into the trough is at least 20 mm above the top of the overflow pipe.

Urinals and water closets

23. No person shall connect a service pipe, directly or indirectly to, a urinal or water closet except through a cistern or flushometer service which shall be so constructed that the water cannot flow continuously.

PART IV—PRIVATE EXTENSIONS

24. No person shall lay a private extension except with the written permission of the Trust and in accordance with conditions or directions accompanying such permission or given by the Proper Officer.

Persons laying a private extension shall particularly comply with the provisions or clauses 7 (5) to 7 (9) of this By-Law.

25. (1) Any permission granted by the Trust to supply a tenement with water by agreement (including by means of a private extension) may be revoked at any time.

(2) Where such permission is revoked the owner or occupier of a tenement shall arrange for a licensed plumber to disconnect the service pipe within a period specified by the Trust or the Proper Officer in writing.

(3) If the owner or occupier of a tenement fails to arrange for the said disconnection within the period prescribed the Trust may disconnect such service pipe and the owner or occupier of a tenement shall be liable to the Trust for all costs and expenses incurred therein and all such costs and expenses may be recoverable by the Trust as a debt in any court of competent jurisdiction.

PART V—CONNECTIONS TO MAINS**One Service Pipe to each tenement**

26. (1) Except as provided in sub-clause (2), no person shall affix or connect or cause or permit to be affixed or connected to any main pipe more than one service pipe or private service for the supply of water for domestic purposes to any one tenement.

(2) Each dwelling on a tenement may be supplied with a separate service pipe from the street to which it would front if the tenement were subdivided to conform with the applicable municipal subdivision Regulations and By-Laws.

27. The maximum diameter of tapping that will be permitted is 20 mm, unless the Trust grants permission in writing for a larger size after written application made by the owner of the tenement.

28. No person shall affix or connect or cause to be affixed or connected any service pipe to any main pipe without having first paid to the Trust a tapping fee of an amount to be determined by resolution of the Trust from time to time.

29. A high pressure screw down tap properly secured shall be fixed on each water service in one of the following positions:—

- (1) between the main pipe and the building line within 2 metres of the building line, and in this case the stop tap shall be covered by a box which shall comply with the requirements of the municipality in which the service is laid.
- (2) where a meter is fixed, between the meter and the inlet bend thereto.
- (3) where a meter is not fixed, on the service pipe above the ground in an accessible position not more than 2 metres inside the building line.

PART VI—MATERIALS**Specification for piping and materials**

30. No person shall install or replace any service pipe unless—

- (1) that part of any service pipe (excepting private extensions) which extends in a thoroughfare from a main pipe or private extension up to the meter section referred to in sub-clause (2) is of the following materials:—
 - (a) where the nominal diameter of the service pipe is 50 mm or less—
copper with copper or brass fittings;
 - (b) where the nominal diameter of the service pipe is greater than 50 mm—copper, galvanised iron, cement mortar lined cast iron, internally and externally protected welded mild steel, or asbestos cement to A.S. 1711 Class D.
- (2) that part of any service pipe and including private extensions between the bottom inlet and outlet bends of the meter—
 - (a) Where the nominal diameter of the service pipe is 50 mm or less—
copper with copper or brass fittings.
 - (b) Where the nominal diameter of the service pipe is greater than 50 mm—copper, galvanised iron, cement mortar lined cast iron, or internally and externally protected welded mild steel.
- (3) that part of any service pipe, (excepting private extensions) not referred to in clauses 1 (a), 1 (b) or (2) hereof is of copper, galvanised iron, uPVC complying with A.S. 1477 Class 9, polyethylene complying with A.S. 1159 Class 9 in unjointed lengths exceeding 30 metres each laid below surface level, mortar lined cast iron, internally and externally protected welded mild steel or asbestos cement to A.S. 1771 Class C; except that where uPVC is not covered against the direct rays of the sun or protected from the effects of frost, the quality shall be Class 15.
- (4) that part of the service pipe being a private extension whether on a thoroughfare or not—
 - (a) where it is below the ground surface and under an area subject to vehicular trafficking—copper with copper or brass fittings, galvanised iron, cement mortar lined cast iron, internally and externally protected welded mild steel, or asbestos cement complying with A.S. 1711, Class D.
 - (b) where it is below the ground level and under an area not subject to vehicular trafficking—copper with copper or brass fittings, galvanised iron, cement mortar lined cast iron, internally and externally protected welded mild steel, uPVC complying with A.S. 1477 Class 9, or polyethylene complying with A.S. 1159 Class 9 in unjointed lengths exceeding 30 metres each laid below surface level.
 - (c) where the conditions or directions imposed in accordance with clause 23 provide for the pipe to be above ground level or with less cover than specified in clause 9 hereof—galvanised iron.

- (5) All materials, fittings and apparatus are of approved good quality of their respective kinds, sound and free from all defects and comply with the relevant specifications for manufacture and testing of the Standards Association of Australia or, in the absence of such, with the appropriate British Standard Specification.
- (6) Pipes which have been manufactured and tested in accordance with the requirements of the appropriate specifications of the Standards Association of Australia are used.
- (7) Galvanized iron pipes comply with the requirements of A.S.1074 and the minimum requirements for the wall thicknesses of such pipes are as follows:—

Nominal diameter of pipe	Wall Thickness
mm	mm
15	3.2
20	3.2
25	4.0
32	4.0
50	4.0
65	4.0
80	4.4
100	4.5
125	4.8
150	4.8

- (8) Copper pipes comply with the requirements of A.S. 1432 and the minimum requirements for wall thicknesses are as follows:—

- (a) copper tube suitable for expanded and other approved compression fittings and for capillary joints—

Nominal Diameter	Wall Thickness
mm	mm
10	0.9
15	0.9
18	1.0
20	1.0
25	1.2
32	1.2
40	1.2
45	1.2
50	1.2
65	1.2
80	1.6
90	1.6
100	1.6
125	1.6
150	2.0

- (b) copper tube suitable for screwed connections—

Nominal B.S.P. Thread Size	Wall Thickness
mm	mm
10	2.0
15	2.3
20	2.3
25	2.6
32	2.6
50	2.9
65	2.9
80	3.2
90	3.2
100	3.2

- (9) uPVC pipes comply with the requirements of A.S. 1432 and the Class specified in other sub-clauses of this clause.

- (10) polyethylene pipes comply with the requirements of A.S. 1159 and the class specified in other sub-clauses of this clause.

- (11) the joints used for the service pipes and fittings are as follows:—

- (a) For cement mortar lined cast iron pipes . . .
 . . . Flanged joints, gibault thimble joints, poured and caulked lead joints and rubber ring joints.
- (b) For asbestos cement pipes . . .
 . . . Gibault thimble joints and rubber ring joints.
- (c) For copper pipes . . .
 . . . Screwed (yarned or taped), flanged compression, capillary, and brazed joints with appropriate fittings.
- (d) For galvanized iron pipes . . .
 . . . Screwed (yarned or taped), flanged, gibault and thimble and rubber ring joints.
- (e) For internally and externally protected welded mild steel pipes . . .
 . . . Flanged joints, rubber ring joints and welded joints.
- (f) for uPVC pipes—laying and jointing in accordance with A.S. 2032.
- (g) for polyethylene pipes—laying and jointing in accordance with A.S. 2033.

- (12) all stop taps and bib taps shall be screw down high pressure taps or stop or gate valves as may be appropriate, manufactured to relevant Australian Standards Specifications.

Definition of Vehicular Trafficked areas

31. Any council or a municipality or other authority controlling a road or street or public place or the Trust or the Proper Officer may specify in orders, directions or conditions given in accordance with this By-Law the areas which shall be considered to be the areas subject to vehicular trafficking as set out in clause 30 aforesaid.

PART VII—METERS

Installation of Meters

32. (1) Except where no meter has been provided by the Trust no person shall use any service pipe for the supply of water unless the whole of the water supplied to such service pipe passes through a meter in the correct direction.

(2) (a) The Trust will provide and maintain all domestic meters of a nominal size of 20 mm.

(b) Where the owner of a tenement has received permission to install a tapping or service pipe with a nominal diameter in excess of 20 mm and requires a meter with a nominal size in excess of 20 mm he shall pay to the Trust the cost of providing the meter or shall provide a meter of approved type and manufacture and he shall pay all costs of maintenance and testing of the meter.

(3) No licensed plumber shall install a service pipe unless before installing such service pipe he ascertains from the Trust the size of the meter to be installed and makes provision in the arrangement and installation of the service pipe for connection of such meter in accordance with the following requirements:—

- (a) the meter shall be located within the tenement and not more than 2 metres from the building line.
- (b) the meter shall be in an easily accessible position and shall be protected from accidental damage.
- (c) All meters installed on services of 50 mm internal diameter and under shall be properly and securely affixed to such services by means of connections of four quarter bends of brass, copper or other approved material.

- (d) the meter shall be fixed truly level on a solid foundation of brick, stone or concrete, the top of which foundation is level with, or above, the surface of the ground, except that with the approval of the Proper Officer a meter may be fixed in a properly constructed and effectively drained pit provided with a cover capable of being opened by one man together with an approved locking device on the cover when so directed.
 - (e) washers for meter connections couplings shall be of leather or other material approved by the Trust.
 - (f) all bends used in the fixing of meters shall be left exposed until inspected by the Proper Officer.
- (4) Pending the supply and installation of a meter by the Trust the licensed plumber authorised to install the service pipe shall connect a distance piece of an approved material in the service pipe in place of the meter.

Meter to be available for inspection

33. No person shall—

- (a) construct, or permit, or suffer to be constructed any building over any meter;
- (b) place, stack or store, or permit or suffer to be placed, stacked, or stored, any material upon any meter;
- (c) do, or permit, or suffer to be done, any act, matter or thing, whereby inspection of any meter shall be interfered with, prevented, obstructed, or in any way rendered difficult.

Safe custody of meter

34. (1) Every owner or occupier of a tenement who has a water meter owned by the Trust fixed on a service pipe to measure the quantity of water supplied from a main pipe shall be responsible for the safe custody of the said meter and if it is stolen from the service pipe he shall pay to the Trust the cost of the meter, or if it is wilfully or negligently damaged while fixed on the service pipe, he shall pay to the Trust the cost of repairing the damage.

(2) The owner or occupier of a tenement shall immediately notify the Trust if the meter is stolen or if the meter is damaged.

Testing of meter

35. (1) The Trust may at any time replace or remove for testing any meter attached to any private service.

(2) Any owner or occupier of a tenement may at any time request the Trust in writing to test any meter attached to the service pipe through which water is supplied to such tenement and shall at the time of delivery of such request pay the prescribed fee for this purpose. The Council shall thereupon remove and test the meter or cause the same to be tested in such manner as it thinks fit. If such meter is found to be registering correctly within the requirements of the Trust's specification the Trust may retain the said sum of money in satisfaction of the fee for testing the meter hereinbefore prescribed, but if such meter is found to be registering otherwise the said sum of money shall be returned to the owner or occupier of the tenement (as the case may be).

Consumer leaving tenement to notify the Trust

36. Any person who ceases to occupy a tenement which is supplied by a service pipe on which a meter is fixed shall give written notice to the Trust at least six days before the date of vacation of the tenement.

PART VIII—PRIVATE FIRE SERVICES

37. (1) No person shall install a private fire service pipe unless each fire hose tap on such fire service is sealed. For each fire service pipe laid from a main pipe there shall be paid to the Trust the prescribed fixing fee and thereafter a prescribed annual fee. When the fire service is required to be sealed by the Trust there shall be paid to the Trust a prescribed sealing fee.

(2) Except in the case of fire no person shall wilfully break the seal affixed to any fire hose tap on a fire service pipe and in the event of any such seal being broken accidentally or otherwise the owner or occupier of the tenement shall within twenty-four hours of such breaking give notice in writing of such breaking to the Trust. The owner or occupier shall except if any seal has been broken for fire extinction purposes, pay a resealing fee.

(3) No person shall install any hydrant or riser pipe with a fire hose tap attached which is fixed to a private fire service pipe unless they are in a conspicuous position and painted with a distinguishing coating of bright red paint. The owner or occupier of a tenement shall maintain the said paint work in good condition.

(4) Except as otherwise provided in this clause the provisions of this By-Law in regard to service pipes shall, with such adaptations as are necessary, extend and apply to private fire service pipes.

(5) Each application to install a private fire service shall be made in writing and include a plan showing all fire hose taps.

(6) No person shall take or use water from any private fire service except for fire extinction purposes.

(7) In the event of the owner or occupier of a tenement committing any offence under this clause or permitting or suffering any such offence or breach to be committed the Trust may by notice in writing require the owner or occupier to disconnect the private fire service and the said owner or occupier shall arrange for a licensed plumber to forthwith disconnect the said private fire service.

Sprinkler fire services

38. No person shall connect a private sprinkler fire service to a service pipe except in accordance with conditions specified by the Trust or the Proper Officer.

PART IX—GENERAL

Storage requirements for certain conditions of supply

39. If a tenement is, or is to be, supplied from a main pipe in which the supply of water is intermittent or where the owner or occupier of a tenement at any time requires considerably more water than the normal demand from a main pipe, the Trust may direct that the owner or occupier shall at his own cost provide such storage as will be sufficient to supplement the supply of water during such periods.

PART X—INSPECTIONS

40. Any person authorized by the Trust in that behalf either generally or for any class of cases or in any particular case may at all reasonable times—

- (a) enter into or upon any premises for the purpose of inspecting and may inspect any private service or any part thereof of any works in course of execution therein or thereon, and /or
- (b) enter into or upon any premises for the purpose of superintending the execution of any works in course of execution therein or thereon and may give to the owner or occupier of such premises or any person engaged in executing such works any directions or instructions necessary for the purpose of ensuring that all relevant provisions of this By-Law shall be duly complied with and observed during and in connection with the execution of such works.
- (c) For any such purpose as aforesaid may dig or excavate in or upon any such premises.

41. No person shall obstruct hinder impede resist oppose or refuse admission to any premises by the Proper Officer or any person duly authorized in that behalf by the Trust, or shall fail or neglect to carry out and observe all lawful directions and instructions given by him.

PART XI

42. Any person using any private service shall at all times keep same in proper repair.

43. If any person refuses neglects or delays to have any private service or any part thereof used by him properly repaired after having been required in writing by the Proper Officer of the Trust so to do the Trust by its Proper Officers servants or agents may enter into or upon any premises supplied by such private service or any part thereof and may where necessary repair or renew such private service or any part thereof so as to prevent the waste of water and may charge such person with the cost and expense of such repair or renewal and such cost and expense shall be a debt due by such person to the Trust.

PART XII—MISUSE AND WASTE OF WATER

Wasting of Water

44. No person supplied with water by the Trust shall waste or misuse the water or permit or suffer it to be wasted or misused.

Sale of Water not permitted

45. No person shall take, or carry away, or permit or suffer any other person to take, or carry away, any water from a tenement supplied with water by the Trust and no person shall sell any water supplied by the Trust.

Supply to one tenement

46. No person shall use or permit or suffer the use of any private service for the supply of water to more than one tenement except with the written permission of the Trust.

Receptacles to be watertight

47. All cisterns tanks baths swimming pools or other receptacles for the storage or holding of water installed in accordance with this By-Law shall be watertight.

Use of fireplugs and hydrants

48. No person other than a servant or agent of a municipality or a Fire Brigade in the execution of his duty as such servant or agent shall open, close, or otherwise interfere with, any fire-plug or hydrant attached to a main pipe.

Use of taps, valves, &c. in parks, gardens and reserves

49. No person other than a servant or agent of the municipality, Committee of Management or body having the care and management of a public park, garden or reserve for public purposes shall without the previous consent of the Trust open, close, or otherwise interfere with, any tap, valve, or other like regulator (except a drinking fountain or other tap provided for public use) in, or connected with, any service pipe used for the supply of water to such park, garden or reserve.

PART XIII—PENALTIES

Penalty for breaching By-Law provisions

50. Any person who commits any breach of the provisions of this By-Law shall be guilty of an offence and shall be liable to a penalty of not more than one hundred dollars (\$100) unless he shows that prior consent to such breach was given in writing by the Trust or the Proper Officer, and in the case of a continuing offence to a further penalty not exceeding fifty dollars (\$50) for every day after notice of the offence from the Trust.

Remedying works of water supply

51. Any owner of a tenement who fails to comply with a notice requiring him to remedy any works of water supply made contrary to the requirements of this By-Law in accordance with a notice served on him in writing by the Trust or the Proper Officer and by the day specified in that notice shall be guilty of an offence and shall be liable to a penalty of not more than one hundred dollars (\$100).

52. If any person supplied with water by the Trust wrongfully does, or causes, or permits to be done, anything in contravention of the provisions of the Act and this By-Law, or wrongfully fails to do anything which, under any of such provisions, ought to be done for the prevention of the waste misuse, undue consumption or contamination of the water of the Trust, the Trust may (without prejudice to any remedy against him in respect thereof) restrict, close, or cut off, any of the pipes by, or through which, water is supplied by it to him or for his use and may cease to supply him with water so long as the cause of injury remains or is not remedied.

Passed by resolution of the Trust 14 November, in the year 1979.

THE "VICTORIA GOVERNMENT GAZETTE"

PUBLICATION—A VICTORIA GOVERNMENT GAZETTE is
published every WEDNESDAY EVENING unless advertised
otherwise.

SUBSCRIPTIONS—The Subscription, including postage, is
\$62 per annum, or \$31 per half year, payable in advance.
Subscriptions are required for whole months, but must
cover at least a half-year.

PRIVATE ADVERTISEMENTS—Advertisements will be
received by the Government Printer not later than the day
preceding publication—at ordinary rates at or before ONE
p.m. and at double rates between ONE p.m. and HALF PAST
THREE p.m. The charge for ADVERTISEMENTS is 78 cents per
line single column and \$1.56 per line double column. The
charge for a full page is \$118. The title forms one or more
lines as a heading. On an average ten words make a line
of single column. Every signature must likewise be
counted as a line. The final words of a paragraph though
only portion of a line, must be counted as one line.
Signatures (in particular) and proper names must be
written very clearly in the text: ONE SIDE ONLY of each
sheet of paper should be written upon.

All documents NOT CLEARLY PREPARED will be returned
unpublished. Where brands occur, not provided for by
the ordinary letters of the alphabet, a written explanatory
description also must be furnished.

PAYMENTS—Unless the advertiser has a Credit Account,
all payments are required in advance. Remittances should
be made by cheque, postal order or money order, payable to
"GOVERNMENT PRINTER".

CORRESPONDENCE—All correspondence should be
addressed to "The Victorian Government Printer, P.O.
Box 203, North Melbourne, 3051".
