twenty-eighth day of February 1984*

Present:

His Excellency the Governor of Victoria  
Mr Simpson                      Mr Crabb  
Mrs Toner                        Mr Walker

In pursuance of the provisions of section 8(4) of the *Economic Development Act 1981*, No. 9567, His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council of the said State, doth hereby revoke the Declaration of the Laverton North Offensive Industrial Zone (hereinafter referred to as the Project) to be a project of special significance to the economic development of the State of Victoria.

#### *The Project*

The Laverton North Offensive Industrial Zone covers 460 Ha of flat land suitable for industrial development within the Shire of Werribee.

The Project was declared to be a project of special significance to the State of Victoria on 17 November 1981 in response to the community's requirements for local employment opportunities and the need to broaden the economic base of the Shire of Werribee. The area was seen at the time to be suitable for encouraged industrial development.

Declaration of the Project to be a project of special significance was intended to enable the Minister for Industry, Commerce and Technology to —

make representations to the appropriate Government agencies to review legislative provisions which could be demonstrated to be causing unnecessary delays;

seek special allocation of funds to augment existing reticulated services when deemed appropriate;

demonstrate State Government support for development of this significant area.

#### *Reasons for the Revocation of the Declaration as a Project of Special Significance*

Changing economic and environmental circumstances and conditions revealed by Government investigations and community representations have led to the conclusion that the project of special significance status is no longer appropriate.

Recent studies into Melbourne's western suburbs have demonstrated community concern at the further industrialization of these suburbs. While further industry would be desirable from an employment generating viewpoint, community response has indicated that it should take place only under carefully controlled and monitored conditions.

Where previously offensive industry wishing to establish in the area has been able to do so "as of right" subject to environmental and health considerations, this is in future to become subject to the issue of a planning permit, such permits being based on the achievement of nominated performance standards.

#### *Conclusion*

Having regard to the foregoing, the continuation of the project of special significance status over the Laverton North Offensive Industrial Zone is seen as being counter to the above objective in that it implies that offensive industry development in the area will be encouraged and assisted with minimum possible restriction. Revocation of the project of special significance status is therefore seen as a necessary action in achieving the Government's objectives for the area.

And the Honourable Ian Robert Cathie, Her Majesty's Minister for Industry, Commerce and Technology for the State of Victoria, shall give the necessary directions herein accordingly.
