15. Any such vehicle when full, shall be taken to the tip, where as soon as practicable the refuse shall be rendered innocuous by means of such methods as may be required by the Health Surveyor or Shire Engineer, and in such a manner as not to create a nuisance.

16. The contractor or person employed or authorized by the Council shall cause all vehicles used for the reception and removal of such refuse to be kept clean, thoroughly disinfected, and maintained in a proper state of repair.

17. If any refuse is authorized to be deposited or disposed of in or on any land, hole, quarry or indenture, such refuse shall be deposited in a regular and orderly manner, and at the conclusion of each day's tipping, the contractor or other person authorized or employed by the Council shall blind the surface with clean earth or other material as may be approved or directed by the Health Surveyor or Shire Engineer.
