Land Conservation Act 1970
**SPECIAL INVESTIGATION OF PUBLIC LAND
 IN THE LATROBE VALLEY**

Notice is hereby given that in accordance with the provisions of section 8 (1) of the *Land Conservation Act 1970*, the Land Conservation Council is required to carry out a special investigation, for the purposes of making recommendations on the use of certain public land in the Latrobe Valley.

This investigation was foreshadowed by the government in the Latrobe Region Framework for the Future Report. It concerns land identified by the State Electricity Commission of Victoria (SECV), some of which is surplus to its requirements and some, although it is to be retained, that is not immediately required for its purposes. The Council has been directed to make recommendations on the best use of this land, including its disposal where appropriate, and any other conditions that must be satisfied where land of strategic importance for the protection of coal fields from fire, or for other reasons, is to be used as recommended.

In addition, certain other public land in the Parish of Loy Yang, recommended to be uncommitted land by the Council when it prepared its final recommendations for the South Gippsland Area, District 2 in 1982, is also to be investigated as it abuts surplus SECV land, and is not immediately required for coal production.

The Governor in Council has now required the Land Conservation Council to carry out an investigation of this public land within the area delineated on the plan hereunder and to make recommendations by 30 October 1987 on the best use of this land.

On completion of the first stage of the investigation the Council will publish a descriptive resources report and will give notice in the *Government Gazette* of the publication of the report and indicate where a copy may be inspected or obtained.

Upon the publication of the report, the Council

will invite any person or body to make submissions for the Council's consideration with respect to the use of public land in this area. All enquiries concerning this investigation should be directed to the Secretary, Land Conservation Council, 4th Floor, 464 St. Kilda Road, Melbourne, 3004.
