**TRANSPORT (ROAD TRAFFIC)
 (EMERGENCY VEHICLES AMENDMENT)
 REGULATIONS 1987**

In accordance with the provisions of the *Subordinate Legislation Act 1962*, notice is given of the proposal to make regulations to be known as the Transport (Road Traffic) (Emergency Vehicles Amendment) Regulations 1987.

A regulatory impact statement has been prepared as required by the Subordinate Legislation Act.

The objective of the proposed regulations is to place Victoria State Emergency Service vehicles into the same category as other emergency vehicles when engaged in the course of urgent emergency rescue work.

The statement concludes that by defining Victoria State Emergency Service vehicles as emergency vehicles for the purpose of the Transport (Road Traffic) Regulations 1984 a consistent approach to emergency vehicles of the various agencies engaged in emergency work would be established.

Comments and submissions are invited from interested parties.

Copies of the regulatory impact statement may be obtained either by writing to the Manager, Legislation, Road Traffic Authority, corner Lygon and Princes Streets, Carlton, 3053 or by phoning Mr J. Barclay during business hours on 345 4181.

Any enquiries regarding the content of the statement should be made to Mr W. Edwards on 345 4180.

Written submissions should be sent to the above address by no later than 3 weeks from the date of this notice.

**TRANSPORT (ROAD TRAFFIC) (FAIRWAYS
 AMENDMENT) REGULATIONS 1987**

In accordance with the provisions of the *Subordinate Legislation Act 1962*, notice is given of the proposal to make regulations to be known as the Transport (Road Traffic) (Fairways Amendment) Regulations 1987.

A Regulatory Impact Statement has been prepared as required by the Subordinate Legislation Act.

The objective of the proposed regulations is to promote the use of tram services by reducing travel time delays, improving reliability and providing improved facilities for passengers by—

- (i) ensuring that vehicles keep to the left of the tram lane lines; and
- (ii) ensuring that vehicles crossing and turning across tram lane lines make the movements without impeding trams.

The statement concludes that modification of the regulations to permit turning across tram lanes has significant benefits at a small cost to tram travellers.

Comments and submissions are invited from interested parties.

Copies of the Regulatory Impact Statement may be obtained either by writing to the Manager, Legislation, Road Traffic Authority, corner Lygon and Princes Streets, Carlton, 3053 or by phoning Mr J. Barclay during business hours on 345 4181.

Historical Records of Victoria—Volume 4 Communications, Trade and Transport.

The eagerly awaited and much sought after *Historical Records of Victoria—Volume 4* is now available. In keeping with previously published volumes the quality of volume 4 is first class. Titled **COMMUNICATIONS, TRADE AND TRANSPORT**, this volume of *Historical Records of Victoria* brings together all official documents which could be located in the important areas of communications, shipping, trade and transport, during the founding years of settlement.

The volume is divided into five main parts. Part I contains a good deal of previously unpublished information on early shipping, charting and Customs activities around Port Phillip Bay.

Part II outlines the first Government-controlled immigration schemes involving Port Phillip. Passenger lists and other details have been included wherever available.

Part III deals with the growth and control of the liquor trade, which was of great importance to Customs and other civil authorities.

Part IV depicts problems encountered by the first newspaper publishers, who had to contend with Government licensing in addition to other pioneering difficulties.

Part V shows the attempts made to organise satisfactory postal services, at a time when the district's need for better communications was increasing with remarkable speed.

To date there are four volumes in the HRV series and all have been painstakingly designed for optimum legibility, reading pleasure and durability. Typesetting, printing and binding are of the very highest order. Special Archival paper—to last at least 500 years—has been utilised.

The Early Development of Melbourne

Historical Records of Victoria unfolds and unravels the grand schemes, ideas and intrigues that shaped and flavoured the infant community of Melbourne, and offers new insights into the initial development of other important centres.

Volume 3 in the series, *The Early Development of Melbourne*, tells the often dramatic and exciting story of the first years of permanent settlement at Port Phillip in the words of the pioneers themselves.
