Supplementary Payments—Factory Engine
Drivers Award

Notice is hereby given that a claim by The Federated Engine Drivers' and Firemens' Association of Australasia for the insertion of supplementary payments in the two sections of Part 1 of the Victorian Factory Engine Drivers Award came before the Industrial Relations Commission of Victoria in Full Session on 23 June 1987 when the Commission made the following statement:

"An anomaly exists. What is sought cannot be seen as a 'new' supplementary payment. It is not subject to the second tier ceiling in the 1987 State Wage Principles.

The claim put for the union by Ms Stuart will be granted, with effect from the beginning of the first pay period to commence on or after today.

The matter is referred back to the Factory Engine Drivers Conciliation and Arbitration Board for it to draft the relevant award variation.

The Commission will then make the final award.

As decided in the April 1987 State Wage Case, economic incapacity may be argued at any time.

This decision will be noted in the *Government Gazette* and in the Commission's *Weekly Newsletter* as soon as is practicable.

Reasons for this decision will be published as soon as is practicable."

Explosives

(Transport Amendment)

Regulations 1987

**Notice of Preparation of a Regulatory Impact
Statement**

In accordance with the provisions of the *Subordinate Legislation Act 1962* notice is given of the proposal to make regulations to be known as the Explosives (Transport Amendment) Regulations 1987.

A Regulatory Impact Statement has been prepared as required by the Subordinate Legislation Act.

The objectives of the proposed regulations are—

- (a) to alter, for certain explosives, the maximum quantity of explosives which may be carried in a road vehicle; and
- (b) to increase the permitted speed of a road vehicle used to transport explosives; and
- (c) to widen the existing exemptions from the requirement that an attendant must accompany the driver of a road vehicle used to transport limited quantities of explosives on limited journeys; and
- (d) to remove the existing prohibition on females as drivers or attendants on vehicles used to transport explosives.

The statement concludes that any method other than the making of the proposed regulations would not achieve the objectives and further that the proposed amendments will not compromise the safety of the community.

Comments and submissions are invited from interested parties.

Copies of the Regulatory Impact Statement may be obtained by either writing to—

The Chief Inspector of Explosives, Dangerous Goods Branch (Explosives Section), Department of Labour, 427 Spencer Street, West Melbourne, Vic. 3003—

or by phoning Ms Linda Pongracic during business hours on 329 8344.

Written submissions should be sent to the above address by no later than 21 days from the date of publication of this notice.
