Historical Records of Victoria Communications, Trade and Transport

'Melbourne from Williamstown', in the early days of settlement.

Historical Records of Victoria - Volume 4 Communications, Trade and Transport.

The eagerly awaited and much sought after *Historical Records of Victoria - Volume 4* is now available. In keeping with previously published volumes the quality of volume 4 is first class. Titled COMMUNICATIONS, TRADE AND TRANSPORT, this volume of *Historical Records of Victoria* brings together all official documents which could be located in the important areas of communications, shipping, trade and transport, during the founding years of settlement.

The volume is divided into five main parts. Part I contains a good deal of previously unpublished information on early shipping, charting and Customs activities around Port Phillip Bay.

Part II outlines the first Government-controlled immigration schemes involving Port Phillip. Passenger lists and other details have been included wherever available.

Part III deals with the growth and control of the liquor trade, which was of great importance to Customs and other civil authorities.

Part IV depicts problems encountered by the first newspaper publishers, who had to contend with Government licensing in addition to other pioneering difficulties.

Part V shows the attempts made to organise satisfactory postal services, at a time when the district's need for better communications was increasing with remarkable speed.

To date there are four volumes in the HRV series and all have been painstakingly designed for optimum legibility, reading pleasure and durability. Typesetting, printing and binding are of the very highest order. Special Archival paper—to last at least 500 years—has been utilised.

Whether this is your first introduction to *Historical Records of Victoria* or you have the previously released splendid volumes there is no doubt you will be impressed with the quality of this publication and its contents. An impression so lasting you will await the future volumes with great anticipation.

Act now and participate in the historical experiences of your State and its people.

This is a series no Victorian can afford to miss.
