ASSOCIATIONS INCORPORATION (AMENDMENT) REGULATIONS 1988

It is proposed to make Regulations to be entitled "Associations Incorporation (Amendment) Regulations 1988" which will make amendments to the Associations Incorporation Regulations 1983. The changes to the Regulations are required as a result of amendments to the *Associations Incorporation Act 1981*.

The objectives of the proposed regulations, are to correct certain errors in the principal regulations, to correct the anomalies and inconsistencies between the principal regulations and the amended Act, and to recover the cost of providing new services under the Act or Regulations.

A Regulatory Impact Statement has been prepared pursuant to the provisions of the *Subordinate Legislation Act 1962*. The Statement concludes that the proposed regulations are the most appropriate means of achieving the objectives because:

- (i) The proposed level of fees reflects the user pays principal and maintains consistency with other costs charged for similar services provided within the Corporate Affairs Office;
- (ii) the amendment and substitution of forms; and
- (iii) the correction of errors and anomalies provide an efficient and appropriate means of ensuring that all the required information is available to the Registrar when a particular application is lodged, and that the costs and confusion over the inconsistent and erroneous requirements currently in the regulations are minimised.

Comments and submissions are invited from the public, and will be received up to 21 days from the publication of this advertisement. A copy of the Regulatory Impact Statement may be obtained from the Legal & Policy Division of the Corporate Affairs Office, 471 Little Bourke Street, Melbourne.

Gas and Fuel Corporation Act 1958

PROPOSED GAS AND FUEL CORPORATION (SUPPLY) REGULATIONS 1988

Regulatory Impact Statement

A Regulatory Impact Statement has been prepared for the draft Gas and Fuel Corporation (Supply) Regulations 1988.

The Regulations propose to—

set standards of quality for gas supplied by the Corporation;

provide for testing of gas meters;

provide methods by which consumers complaints are dealt with; and

provide a basis for calculation of gas bills.

The statement concludes that the draft Regulations are necessary for the successful implementation of the Act.

The Draft Regulations meet the objectives of ensuring that gas leaks can more easily be detected, and that a fair fee is charged for meter testing.

A copy of the Regulatory Impact Statement and Draft Regulations may be obtained from Mr H. Bell (telephone 652 4311) Gas and Fuel Corporation of Victoria, 171 Flinders Street, Melbourne, Victoria 3000
