PROPOSED FISHING (SCALLOP)
(AMENDMENT No. 1) REGULATIONS 1988

Notice is hereby given that a Regulatory Impact Statement has been prepared in relation to the Fishing (Scallop) (Amendment No. 1) Regulations 1988.

The purpose of the proposed Regulations is to open the season for the taking of scallops within certain boundaries in Eastern Victorian waters and to change the catch limit for the taking of scallops in Victorian waters other than Port Phillip Bay. The objective is to achieve rational exploitation of Victoria's scallop resources.

The Regulatory Impact Statement concludes that management of scallop beds by the use of closed seasons is an effective conservation technique, and that Regulations are required to enforce observance by all fishermen.

Copies of the Regulatory Impact Statement and proposed Regulations may be obtained from Mr F. Forte, Economics Branch, Department of Conservation, Forests and Lands, 240 Victoria Parade, East Melbourne (telephone (03) 412 4588).

Public comments are invited on the Regulatory Impact Statement and proposed Regulations. Written submissions will be received at the above address up to 21 days from the date of publication of this notice. All submissions will be treated as public documents.

Dangerous Goods (Explosives) Regulations
1988

Notice of Preparation of a Regulatory Impact Statement

In accordance with the provisions of the *Subordinate Legislation Act* 1962, notice is given of the proposal to make regulations to be known as the Dangerous Goods (Explosives) Regulations 1988.

A Regulatory Impact Statement has been prepared as required by the Subordinate Legislation Act.

The objectives of the proposed regulations are to promote the safety of the public and industry by controlling the manufacture, transport, storage, sale, import and use of explosives and the movement of ships containing explosives entering Victorian waters and ports.

The statement concludes that there is a strong and entirely reasonable presumption on the part of industry, unions and citizens that the State Government maintain comprehensive and effective controls on explosives. Since the present controls on explosives are shortly to be revoked, it concludes that the appropriate course is to make the proposed regulations and that the benefits to the community by way of safety outweigh the potential costs.

Comments and submissions are invited from interested parties.

Copies of the Regulatory Impact Statement may be obtained either by writing to: The Acting Manager, Dangerous Goods Branch, Department of Labour, Level 9, Nauru House, 80 Collins Street, Melbourne, Vic. 3000 or by phoning Mr Bruce Hicks on 655 6549 or Mr David Kidman on 655 6539 during business hours.

Written submissions should be sent to the above address by no later than three weeks from the date of publication of this notice.
