**Notice of Preparation of a Regulatory Impact  
Statement**

In accordance with the provisions of the *Subordinate Legislation Act 1962*, notice is given of the proposal to make regulations to be known as the Lifts Regulations 1988.

A Regulatory Impact Statement has been prepared as required by the Subordinate Legislation Act.

The objective of the proposed regulations is to ensure the safety and welfare of persons employed or engaged in the construction, operation, installation, maintenance, repair and alteration of lifts and the safety of persons who use lifts.

The Statement concludes that there is a need for the State Government to maintain effective controls on lifts. Since the present controls on lifts are shortly to be revoked, it concludes that the appropriate course is to make the proposed regulations and that the benefits to the community by way of safety outweigh the potential costs.

Comments and submissions are invited from interested parties.

Copies of the Regulatory Impact Statement may be obtained either by writing to: Assistant Manager (Policy and Information), Equipment Safety Branch, Department of Labour, Level 9, Nauru House, 80 Collins Street, Melbourne 3000 or by phoning Ms Gail Lewis on (03) 655 6571 or Ms Maria Rance on (03) 655 6565 during business hours.

By-Law No. 239: River By-Law

Notice of Preparation of a Regulatory Impact  
Statement

In accordance with the provisions of the *Subordinate Legislation Act 1962*, notice is given of the proposal to make By-law No. 239: River By-Law.

The proposed By-Law is to replace River By-law 1965 which will be automatically revoked on 30 June 1988 under the "sunset provisions" of the *Subordinate Legislation Act*.

The reason for the proposed By-law is to enable the Board to effectively perform its statutory duties of management and control of portions of the Yarra and Maribyrnong Rivers ("the River"), and ensure the safety and enjoyment of all river users by the regulation of boat traffic and other activities on the River.

The objectives of the proposed statutory rule are:

- (a) to ensure the safety of all river users by the regulation of boat traffic and other activities on the River;
- (b) to prohibit the use of boats and gear which are unsafe on, or unsuitable for, the River;
- (c) to control all river traffic on the occasion of any boat race, regatta, or other occasional assemblage of boats;
- (d) to regulate the mooring of boats on the River, provide for the issuing of mooring permits, and prescribe reasonable permit fees;
- (e) to regulate the operation of passenger tourist boats and hire and drive boats on the River, provide for the licensing of owners of such boats and prescribe reasonable licence fees;
- (f) to preserve good order and conduct on the River;
- (g) to maintain and preserve the environmental and drainage functions of the River.

The Regulatory Impact Statement concludes that the proposed By-law is required to ensure that boats are operated and activities are conducted on the River in a safe and suitable manner.

Copies of the Regulatory Impact Statement and the proposed By-law are available from Mrs Wendy Beacom, Legal Services Branch, Melbourne and Metropolitan Board of Works, 625 Little Collins Street, Melbourne 3000, Telephone 615 5651.
