SHIRE OF RODNEY PLANNING SCHEME
EXPLANATORY STATEMENT

Amendment L2

This proposed amendment relates to approximately 63.8 hectares of land, the title particulars of which are: Crown Allotments 34A and 34B, Parish of Kyabram East (south east corner of South Boundary Road and McEwan Road).

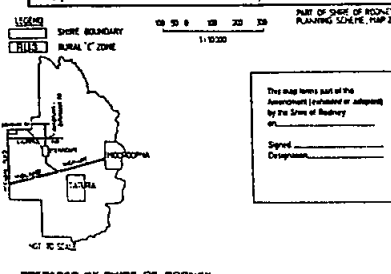

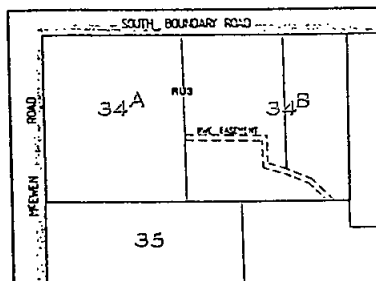

The amendment has the purpose of rezoning the land from Rural B to the Rural C Zone. The proposed amendment originated from consideration, early in 1987, for the provision of rural-residential land in the vicinity of the Township of Kyabram, given that there are limited opportunities for rural-residential development within the Kyabram Town boundary. This factor was highlighted in the Town of Kyabram Planning Scheme Review conducted by Meldrum Burrows and Partners in November, 1986, where the site of the proposed amendment was included in the recommendations for possible future rural-residential use.

The Rural C Zone has the principal objective of identifying land "suitable for rural-residential, rural retreat and similar developments", subject to the retention of the natural amenity of the land and the efficient use of water supply mains,

Victoria Government Gazette

roads and other infrastructure. The general minimum lot size in the Rural C Zone is 0.6 of a hectare, providing a theoretical capacity of 80 to 100 rural-residential lots within the area proposed to be rezoned.

The subject site currently contains a small number of existing titles of rural-residential size with frontage to South Boundary Road, some of which contain substantial and attractive dwellings. In addition, application has been made for a nine lot rural-residential subdivision on part of C.A.34B. The Shire of Rodney has considered this application, subject to modification of the lot sizes to a minimum of 0.8 of a hectare, and the rezoning of the land to Rural C.

SHIRE OF RODNEY
PLANNING SCHEME
AMENDMENT No L2

PREPARED BY SHIRE OF RODNEY

A constraint on the consideration of C.A. 34A and 34B for rezoning to the Rural C Zone is the existence of a small abattoirs on land immediately east of the proposed rezoning, within the Rural B Zone. The future of this use is unknown, however, any subdivision proposals within the proposed Rural C area will need to take the existence of the abattoirs into consideration with respect to appropriate buffer areas.

To the south of the proposed Rural C Zone, the land is zoned Rural B, and is used for rural purposes. Similarly, land west of McEwan Road within the Shire of Deakin is zoned Rural B.

with a minimum subdivision lot size of 12 hectares. To the north of South Boundary Road, within the Town of Kyabram, the land is predominantly Public Open Space (Kyabram Golf Course, Harness Racing facilities and the Kyabram Water Fowl and Fauna Reserve). Land immediately east of McEwan Road has been recommended for future residential use.

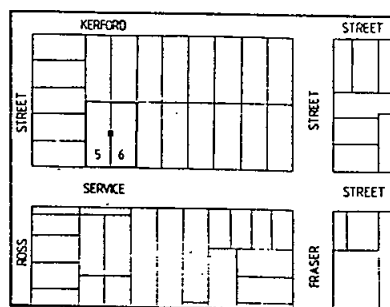

The land proposed to be rezoned to Rural C is not contained within an area subject to flooding, although land to the east of the proposed zone, in the vicinity of the abattoirs, is poorly drained. Future development proposals may provide a basis for an improvement, such as a local drainage scheme.

Rural Water Commission irrigation supply serves existing sites within the proposed Rural C area, and subject to approved lot sizes, current information is that stock and domestic supply will be available to new lots.

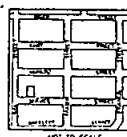

Urban services within Kyabram (in particular, water) are not yet available to the southern boundary of the Town, however, future extension is feasible dependant upon the rate and density of future residential development. The area proposed to be rezoned contains sufficient land to be economically feasible in terms of service extension.

Amendment L4

This amendment proposes to rezone lots 5 and 6, LP 14590, Pt. C.A.'s 3 and 4, section 3, Township of Tatura (3-5 Service Street) from Public Purpose 16 (Local Government) to the Residential Zone. The purpose of the rezoning is to enable the Council to sell the lots for residential development.

The land is located in a predominantly residential area, but the subject sites are currently vacant. The land was previously used for municipal depot purposes. Services normally required for residential development are available to the sites. The subject land is located on the north side of Service Street, and is flanked on both sides by existing residences. The land to the rear of the subject site (north) remains designated for Public Purpose 16.

The proposed Residential rezoning will serve to improve the amenity of the adjoining residential dwellings and is in keeping with the predominantly residential use of land in Service Street.

EXPLANATORY STATEMENT
Amendment L3

The purpose of this amendment is to re-introduce discretion for the Responsible Authority to consider an application for a Junk Yard on appropriately zoned land lesser in area than 0.8 of a hectare.

Clause 73 (10) of the Shire of Rodney Planning Scheme (Local Section) is contained within Part VI of the Ordinance (Provisions Relating to Specific Developments and Uses). Clause 73 of Part VI refers specifically to Junk Yards, and contains numerous conditions under which this use can be established. Included in Clause 73 is Sub-Clause (10), which currently constrains the Responsible Authority from considering Junk Yard applications on sites less than 0.8 of a hectare, or greater than 4.0 hectares. Given the already stringent conditions within the Ordinance pertaining to the development of a Junk Yard, coupled with the referral to other statutory bodies required for each application, the Council considers that discretion as to site size should remain with the Responsible Authority.

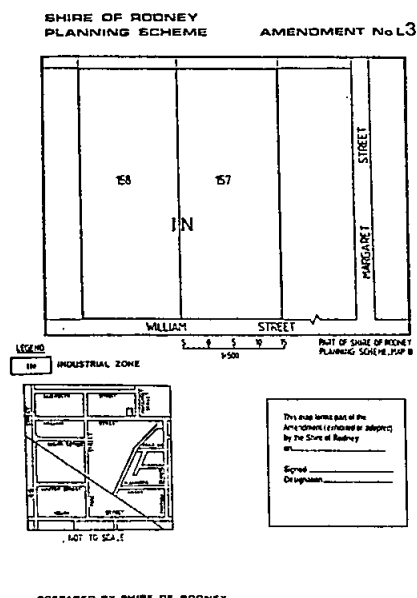

A Junk Yard means premises used for the purpose of collecting storing or selling scrap metals, second-hand timber, second-hand

2364 G 29 3 August 1988

building materials, second-hand containers, paper, rags, bottles or other materials, or for the collecting, dismantling, storing or salvaging of motor vehicles or machinery or any parts thereof.

Within the Local Section Planning Ordinance, a Junk Yard is subject to a permit from the Responsible Authority in the Rural A, Rural B, Village and Industrial Zones, and is prohibited in all other zones. This proposed amendment was initiated by an application for a Junk Yard within the Industrial Zone on a site less than 0.8 of a hectare, but which was satisfactory with regard to location and distance from land-uses that may suffer detriment from being located in proximity to a Junk Yard. Although the site in question may not eventually be used for the purpose of a Junk Yard, Council considered that discretion should be available, given the other provisions within the Ordinance that are designed to protect the interests of adjoining land-uses.

The form of the proposed amendment retains the principal of establishing Junk Yards on sites within the range 0.8-4.0 hectares, but introduces discretion for smaller sites where these are considered appropriate.
