## Applications

Applications for the award of a permit over the above area are required to be made in the approved manner, submitted in duplicate and should be accompanied by:

## (a) Details of—

- (i) the applicant's assessment of the petroleum potential of the area, including a geological and geophysical review and technical assessment of the area, and the concepts underlying the proposed exploration program;
- (ii) the applicant's minimum guaranteed proposal (in terms of operational activity and indicative minimum expenditure) for data evaluation, seismic surveys and exploration wells to be drilled, on the basis that none of the wells drilled encounters significant

hydrocarbons, for each year of the first three years of the permit term. This proposal, to be known as the "minimum guaranteed dry hole work program", should only include work expected to involve a substantial exploration component—appraisal work should not be included;

- (iii) the applicant's proposal (in terms of operational activity and estimated minimum expenditure) for data evaluation, seismic surveys and exploration wells to be drilled, for each of the remaining three years of the permit term. This proposal, to be known as the "secondary" work program, should only include work expected to involve a substantial exploration component—appraisal work should not be included.

(b) Particulars of—

- (i) the technical qualifications of the applicant and of its employees;
  - (ii) the technical advice available to the applicant;
  - (iii) the financial resources available to the applicant, including evidence of the applicant's ability to fund the work program proposal, a statement of other exploration plans and commitments over the next six years, and a copy of the latest annual report for each applicant company;
  - (iv) where relevant, the viability of the consortium lodging the application, including evidence that a satisfactory settlement has been, or can be, reached on a Joint Operating Agreement (a copy of Heads of Agreement dealing will generally suffice);
  - (v) the percentage participating interest of each party to the application; and
  - (iv) the business address for service of notices in respect of each applicant.
- (c) Such information as the applicant wishes to be taken into account in consideration of the application including, for example, past performance in offshore exploration either in Australia or overseas; past performance and further intentions as to the sourcing of goods and services to be used in operations; evidence of recent willingness to apply for "frontier" exploration areas, such as previously unavailable areas, deeper water prospects, hostile environments; proposals to improve technical capabilities through research to be undertaken in Australia or overseas, and, in the case of foreign companies, proposals to transfer technology and skills to Australians.
- (d) A fee of \$3000, payable to the Commonwealth of Australia through an Australian bank or bank cheque, is required for each area (see section 21 (1) (f) of the *Petroleum (Submerged Lands) Act 1967*).

Further details of the modified work program bidding system outlined above, including the criteria for assessment of applications and the conditions to apply following the award of a permit, are available from the Director of Petroleum, Petroleum Division, Department of Industry, Technology and Resources in Melbourne and from the Petroleum Division, Department of Primary Industries and Energy in Canberra.

It should be noted that any income derived in the future from the recovery of petroleum from these areas will be subject to the Commonwealth Government's Resource Rent Tax.

Applications together with relevant data should be submitted in the following manner to the Director of Petroleum, Petroleum Division, Department of Industry, Technology and Resources, 6th Floor, 151 Flinders Street, Melbourne, Victoria 3000, before 4.00 p.m. on Monday, 4 August 1989:

In an envelope or package clearly marked "Envelope 1—Commercial-in-Confidence" two copies of the application and supporting material;

Unless delivered by hand the application should be sealed and marked as described above, then enclosed in a plain covering envelope or package and posted to the above address.

THE AGRICULTURAL AND PASTORAL  
WORKERS CONCILIATION AND  
ARBITRATION BOARD

The Agricultural and Pastoral Workers Board gives notice that it intends to vary the Agricultural and Pastoral Workers Award to provide for a 4% Second Tier increase in wage rates. The Board in doing so will be guided by the Commission in Full Session's decision in the State Wage Case of March 1988 (Decision No. 88/0036), providing that where the vast majority of employees in the trade have received the benefit of a Second Tier Movement, the decision of Deputy President Keogh of the Australian Conciliation and Arbitration Commission (Print H.0121) regarding the Metal Industry Award 1984, may be seen as an appropriate guide for Conciliation and Arbitration Boards.

The Agricultural and Pastoral Workers Board directs employers subject to its jurisdiction who have not already done so to immediately enter into negotiations with its employees and/or the Australian Workers' Union of Australia, an association of employees, which has requested such negotiations. Employers may elect to conduct such negotiations through an employer association or federation.

The Agricultural and Pastoral Workers Conciliation and Arbitration Board will meet at 10.00 a.m. on 1 May 1989. At that meeting the Board will consider varying the Agricultural and Pastoral Workers Award to provide for a 4% second tier increase.

Any employer who has not finalised a plant or enterprise agreement in accordance with the State Wage Case of April 1987 by Wednesday, 24 April 1989 is at liberty to apply for exemption from the proposed second tier award. Any employer seeking information on the proposed award variations should contact either the Registrar of the Commission or the Secretary to the Conciliation and Arbitration Board.

Enquiries may be addressed to the Registrar, Industrial Relations Commission of Victoria, Level 18, Nauru House, 80 Collins Street, Melbourne 3000.

Under section 24F of the Act, notice is given that after the expiration of one month from the publication of this notice in the *Government Gazette* and/or in a newspaper generally circulating in the municipal district of the Shire of Metcalfe, it is my intention to recommend to the Governor in Council that an Order be made effective on and from 1 May 1989, which implements the Council's proposal. I would therefore not propose to refer the matter to a Division of the Local Government Commission which is the alternate course provided for in the Act.

*Victoria Government Gazette*

Maps showing the resubdivision proposal are available for public inspection at the office of the Minister for Local Government and the Shire Office of the Shire of Metcalfe and any person wishing to make any submissions or other representations about the proposal or the manner in which it is being handled, may do so in writing to the undersigned within one month of the publication of this notice.

*Local Government Act 1958*  
**NOTICE OF INTENTION TO  
 RECOMMEND THE MAKING OF AN  
 ORDER FOR THE RESUBDIVISION OF  
 THE MUNICIPAL DISTRICT OF THE  
 SHIRE OF CORIO INTO FOUR RIDINGS**

The Council of the Shire of Corio has asked me to approve a resubdivision of the municipal district into four ridings.

The Council's proposal is as set out on the map of the municipal district hereunder. Council's assessment of the number of voters in each proposed subdivision by 1991 is as follows:

<i>Proposed Riding</i>	<i>No. of Voters</i>	<i>% Voters in Riding</i>	<i>Deviation from Mean</i>
Flinders	11 330	24	-3%
Hume	11 513	25	-2%
Hovell	12 631	27	+7%
Peak	11 488	24	-2%
Total	46 962	100	
Mean/Av.	11 740	20	

Additionally, Council's proposal requests that there be no "spill" of councillor positions (apart from those councillors required to retire annually under section 57(1) of the *Local Government Act* 1958). This means that the new Council would not be elected at the next election, but by rotation over three years.

Under section 24F of the Act, notice is given that after the expiration of one month from the publication of this notice in the *Government Gazette* and/or in a newspaper generally circulating in the municipal district of the Shire of Corio, it is my intention to recommend to the Governor in Council that an Order be made effective on and from 1 May 1989, which implements the Council's proposal. I would therefore not propose to refer the matter to a Division of the Local Government Commission which is the alternate course provided for in the Act.

Maps showing the resubdivision proposal are available for public inspection at the office of the Minister for Local Government and the Municipal Offices of the Shire of Corio and any person wishing to make any submissions or other representations about the proposal or the manner in which it is being handled, may do so in writing to the undersigned within one month of the publication of this notice.
