Superannuation

Notice of proposed Award Variation
**SCIENTIFIC AND TECHNICAL WORKERS
AWARD PART 2**

The Scientific and Technical Workers Conciliation and Arbitration Board gives notice that it intends to vary the Scientific and Technical Workers Award Part 2 to provide for Superannuation and a 4 per cent Second Tier increase in wage rates. The Board in doing so will be guided by the Commission in Full Session's decisions in the State Wage Case of April 1987, the State Wage Case of March 1988, and the decision of Deputy President Keogh of the Australian Conciliation and Arbitration Commission (Print H. 0121) regarding the Federal Metal Industry Award 1984 which may be seen as an appropriate guide for Conciliation and Arbitration Boards.

The Scientific and Technical Workers Conciliation and Arbitration Board directs employers subject to its jurisdiction who have not already done so to immediately enter into negotiations with their employees and/or the Association of Professional Scientists of Australia, an association of employees, which has requested such negotiations.

The Scientific and Technical Workers Conciliation and Arbitration Board will meet on Thursday 25 January, 1990 at 11.00 a.m. At that meeting, the Board intends to vary the Scientific and Technical Workers Award Part 2 to provide for a 4 per cent second tier increase and occupational superannuation operative from the beginning of the first pay period to commence on or after 25 January 1990.

Any employer who has not finalised a plant or enterprise agreement in accordance with the State Wage Case of April 1987, by 25 January, 1990, is at liberty to apply for exemption from the proposed second tier award and/or superannuation award. Any employer seeking information on the proposed award variations should contact either the Registrar of the Commission or the Secretary to the Conciliation and Arbitration Board.

DECLARATION OF CERTAIN ELECTRICAL APPLIANCES TO BE PROCLAIMED ELECTRICAL APPLIANCES

The Governor in Council under section 57 of the *State Electricity Commission Act 1958* on the recommendation of the State Electricity Commission of Victoria declares the following electrical appliances to be proclaimed electrical appliances:

1. Rotary clothes dryers which are intended for household use and are designed for drying water-washed textile materials while those materials are caused to tumble freely during the process and are manufactured in Australia on or after 1 January 1990 or are imported into Australia on or after 1 April 1990.

2. Clothes washing machines which are intended for household use and are designed to wash textile materials by mechanical action and extract water from textile material more commonly by centrifugal action and are manufactured in Australia on or after 1 March 1990 or are imported into Australia on or after 1 July 1990 and without limiting the generality of

that description there is included the kinds of clothes washing machines described below:

- (a) "Agitator-type washing machine"—a top-loading clothes washing machine in which the textile material is substantially immersed in the washing water; in which the mechanical action is produced by a device moving about or along its vertical axis with a reciprocating motion;
- (b) "Automotive washing machine"—a clothes washing machine in which the sequence and period of the various washing operations can be preset and the whole washing program carried out automatically;
- (c) "Dual water connection machine"—a clothes washing machine designed for connection to both cold water and hot water supplies and to mix them to attain the water temperatures necessary for soil removal;
- (d) "Drum-type machine"—a front-loading clothes washing machine in which the textile material is placed in a horizontal or inclined drum and partially immersed in the washing water; in which the mechanical action is produced by a rotation of the drum about its axis, the movement being either continuous or periodically reversed;
- (e) "Impeller-type washing machine"—a top-loading clothes washing machine in which the textile material is substantially immersed in the washing water; in which the mechanical action is produced by a device rotating about its axis, the movement being either continuous or periodically reversed;
- (f) "Non-automatic washing machine"—a clothes washing machine in which the sequence and period of the various washing operations are controlled manually;
- (g) "Semi-automatic washing machine"—a clothes washing machine in which the sequence of one or more of the washing operations can be controlled automatically, but manual operation of a control device is necessary to complete the whole program of washing operations;
- (h) "Single water connection machine"—a clothes washing machine designed for connection to only the cold water supply.

Test or demonstration appliances are included in this Order. All other used appliances are excluded from this Order.

This Order may be cited as the State Electricity Commission (Energy Efficiency Labelling) (Proclaimed Electrical Appliances) Order 1989.

CITY OF KEILOR

Discontinuance of Road Reserve

Adjacent No. 99 Bowes Avenue, Airport West

Notice is hereby given that the Council of the City of Keilor at its meeting of 12 December 1989 resolved the following:

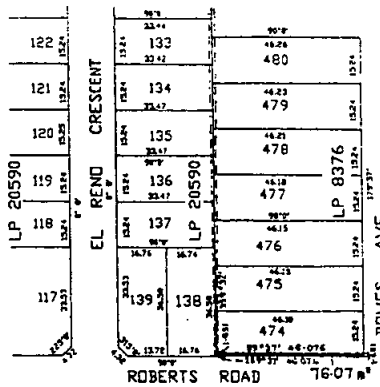

1. That Council, having formed the opinion that the narrow portion of road reserve 46-074x1-651 adjacent the southern boundary of No. 99 Bowes Avenue (Lot 474, LP 8376) is no longer required as a road for public use and is therefore discontinued pursuant to the provisions of section 528 (2) of the *Local Government Act 1958* (as amended).

2. That the discontinued portion of road reserve shall be sold by private treaty to the adjacent owner.

Notwithstanding such discontinuance the Melbourne and Metropolitan Board of Works shall continue to have and possess the same right, title, power, authority or interest in, or in relation to the whole of the road (whether by virtue of easement or grant or by force of any Act) with respect to or in connection with any drains or pipes laid or erected in on or over the road for

the purpose of drainage or sewerage or for the supply of water or other like purposes.

A plan in shown below for information.
