Proposed Fisheries (Prescribed Financial  
Interest) Regulations 1990

A Regulatory Impact Statement has been prepared in relation to the proposed Fisheries Prescribed Financial Interest Regulations 1990.

The principal objective of these regulations is to recognise the collateral value of commercial fishing licences issued under Part III of the *Fisheries Act 1968*.

The reason for the proposed regulation is that as commercial fishing licences are transferable and therefore have a collateral value, it is in the interests of fishers to use the licence as collateral in order to obtain finance.

The Regulatory Impact Statement concludes that the proposed regulations are the only means of achieving the stated objectives.

A copy of the Regulatory Impact Statement may be obtained from Sebastian S. Giuliano, Executive Services Branch, 8/240 Victoria Parade, Melbourne 3002. Telephone 412 4993.

Public comments and submissions on the Regulatory Impact Statement are invited. Written submissions will be received up to twenty-one (21) days from the date of publication of this notice. All submissions will be treated as public documents.
