### 1. Purpose of the Scheme

The purpose of the Statewide Disabled Persons Parking Scheme is to provide people with significant ambulatory or intellectual disabilities with equality of opportunity to access facilities and services throughout the State.

The Scheme will be administered by individual municipal Councils in accordance with the guidelines in this Code, to ensure consistent administrative practices and eligibility criteria.

### 2. Types of Permits

The following types of parking permits will be issued for use under the Disabled Persons Parking Scheme:

- (a) Code A for disabled passenger/driver;
- (b) Code B for passenger;
- (c) Code C for an organisation providing a transport service for people with disabilities; and
- (d) Code D for a temporary permit.

### 3. Eligibility Criteria

- (a) A person will be eligible for a disabled persons parking permit:  
if a medical practitioner determines that he/she has a significant ambulatory disability such that he/she is incapable of walking:
  - (i) unaided or unassisted; and
  - (ii) up or down a slope of 1:14 (i.e. a wheelchair ramp); and
  - (iii) up or down steps or gutters.

A significant permanent ambulatory disability is a disability that is not likely to improve in the person's lifespan (Code A or B).

A significant long-term ambulatory disability is a disability that is not likely to improve within six months (Code D).

OR

—if a specialist medical practitioner or a clinical psychologist determines that he/she has a significant intellectual disability such that he/she is an extreme danger to himself/herself and others in a public place without continuous attendance by a caregiver (Code B).

- (b) An organisation will be eligible for a disabled persons parking permit if it is recognised by a Council as providing a transport service for people with significant ambulatory or intellectual disabilities. An organisation providing transport for people with disabilities on an occasional basis (i.e. for a day or weekend trip) will be eligible for a trip specific permit (Code C).

4. Disputed Eligibility

A Council must consult its Medical Officer of Health, the applicant's medical practitioner, specialist medical practitioner or clinical psychologist in the event of Council disputing an applicant's eligibility for a permit. Where an applicant is refused a permit, Council must give reasons for its decision in writing and reconsider the application if the applicant seeks a second opinion from another medical practitioner, specialist medical practitioner or clinical psychologist.

5. Conditions of Use

The following conditions of use apply:

- (a) A permit is valid up to and including the expiry date, provided that the expiry date and permit number are legible;
- (b) The parking entitlements applicable to the permit apply anywhere in Victoria. Reciprocal arrangements between States which have been agreed to by the Australian Transport Advisory Council also apply;
- (c) The permit must be clearly displayed at the left side of the front windscreen, with the expiry date and permit number visible from the outside of the vehicle;
- (d) When requested by an authorised officer, a driver using the permit must—
  - state his/her name and address;
  - produce his/her driver's licence;
  - show proof that he/she or a passenger in the vehicle is the permit holder; and
  - move the vehicle from the reserved place if the officer deems that the permit is invalid or that there is insufficient proof that the driver or a passenger in the vehicle is the permit holder.
- (e) A driver using the permit must either be the permit holder or must be parking the vehicle for the convenience of the permit holder who needs to leave the vehicle;
- (f) The permit remains the property of the issuing Council, and must be returned within seven (7) days of notification of such return being required;
- (g) A person may only hold one permit;
- (h) An organisation may hold more than one permit but must justify in writing to the Council the number of permits required or any increase in the number of permits required. An organisation may also hold a trip specific permit;
- (i) Provided no other restrictions on parking are breached, a vehicle correctly displaying a valid disabled persons parking permit may be parked either—
  - in a parking area or bay designated for use by people with disabilities, for the time and parking fee specified for that area or bay, if applicable; or
  - for twice the specified time for any parking area or bay not designated for use by classes of people or classes of vehicles, upon payment of any initial parking fee, if applicable.

The Council shall issue a replacement permit on receipt of such declaration.

#### 8. Permit Renewal

Expiry dates have been established for administration purposes as follows:

- (a) 3 years from the date of issue for a Significant Permanent Ambulatory or Intellectual Disability;  
or
