**ROAD SAFETY (TRAFFIC) REGULATIONS  
1988**

Approval for Australia Post vehicles to be ridden on footpaths, bicycle paths and reservations.

Regulation 1604 (2) (h) of the Road Safety (Traffic) Regulations 1988 enables the Roads Corporation by notice in the *Government Gazette* to specify people or vehicles to whom the prohibition against driving a vehicle on a footway, bicycle path or reservation (including nature strips) is not to apply.

G 7 14 February 1990 453

In accordance with that regulation, I Maxwell Lay, delegate of the Roads Corporation, specify Australia Post people and vehicles which meet the following criteria:

1. The person riding the vehicle—

- (a) gives way to all pedestrians; and
- (b) takes adequate precautions to avoid collision with or danger or obstruction to any person or thing on or adjacent to the footpath; and
- (c) is engaged in the delivery of postal articles.

2. The vehicle is a bicycle or a motorcycle with an engine capacity not exceeding 110cc.

3. The vehicle does not exceed a speed of 7 km/h while being ridden on a footway, bicycle path or reservation.

4. The vehicle is not ridden on a footway, bicycle path or reservation within 5 metres of a shop, elderly citizens' or disabled persons' centre, or a kindergarten or centre for pre-school children.

Director, Technical Resources  
Roads Corporation

**ROAD SAFETY (LARGE VEHICLE)  
REGULATIONS 1990**

In accordance with the provisions of the *Subordinate Legislation Act 1962* notice is given of the proposal to make regulations to be known as the Road Safety (Large Vehicle) Regulations 1990.

A regulatory impact statement has been prepared as required by the *Subordinate Legislation Act*.

The objectives of the proposed regulations are—

- to reduce excessive speed and driver fatigue so as to reduce the risk and severity of collisions involving prime movers, long distance buses and trucks carrying dangerous goods;
- to require operators to be accountable for the hours of work of drivers using their vehicles and for the speed at which their vehicles are driven;
- to improve driver behaviour by monitoring large vehicle speed;
- to limit the top speed capability of specified large vehicles and so reduce the number and severity of accidents;
- to deter unsafe driving of large vehicles by increasing the penalties for the more dangerous offences;

to provide a detailed record of large vehicle operations immediately prior to collisions, for use in accident analysis;

to use available enforcement resources more effectively.

The proposed regulations will require owners of specified large vehicles to limit the maximum speed capability and to monitor the operations of their vehicles and ensure that their drivers comply with speed and driving hours regulations. The regulations also increase penalties for drivers of large vehicles who commit speeding and other offences related to road safety.

The regulatory impact statement concludes that the proposed measures are justified and that possible alternatives such as industry self-regulation or increased enforcement would be ineffective and more costly.

Comments and submissions are invited from interested parties and should be forwarded to the Legislation Officer, Roads Corporation, Legal Services Department, 7th Floor, North Building, P.O. Box 119, Carlton South 3053.

Copies of the regulatory impact statement may be obtained either by writing to the Legislation Officer at the above address or by phoning Mrs Rose Ferma on 345 4180.

Any enquiries regarding the content of the statement should be directed to Mr Warwick Pattinson on 345 4782.

The closing date for submissions is 21 days from the date of this notice.

Chief Executive
