Subordinate Legislation Act 1962
Planning and Environment Act 1987
PLANNING AND ENVIRONMENT
(FEES) (AMENDMENT No. 6)
REGULATIONS 1991

I have considered submissions made about the above proposed Regulations in response to the regulatory impact statement which was made available on 23 January.

I have decided to submit the Regulations to the Governor in Council with modification to the fee scale to:

- (a) Provide an additional fee of \$572 payable to the planning authority for considering submissions if the number of submissions exceeds 20; and
- (b) Provide a fee of \$572 payable to the planning authority for adopting an amendment and submitting it for approval. This fee avoids the need for the planning authority to negotiate with the proponent for reimbursement of the fee payable by the planning authority in submitting the amendment for approval.

In summary the fee scale relating to planning scheme amendments will be:

- * \$572 to the planning authority by the proponent of an amendment, to consider and if appropriate exhibit an amendment;
- * \$572 to the planning authority by the proponent, to consider submissions if the number of submissions does not exceed 20, and an additional \$572 if the number of submissions exceeds 20;
- * \$572 to the planning authority by the proponent, to adopt an amendment and submit it to the Minister for approval; and
- * \$572 to the Minister for Planning and Housing by the planning authority, for considering a request to approve an amendment to a planning scheme.

In addition, the regulations make minor changes to the fees payable to a responsible authority, including a minor works application fee of \$57.

The Regulations will come into effect when they have been approved by the Governor in Council and notice of approval is given in the *Government Gazette*.

Subordinate Legislation Act 1962
SUPREME COURT (FEES) REGULATIONS
1991

Regulatory Impact Statement

Notice is given of a proposed regulation under section 129 of the *Supreme Court Act 1986*, in accordance with the provisions of the *Subordinate Legislation Act 1962*.

The proposed regulation provides for a new scheme of fees, and is in accord with the Government Response—"to introduce a composite fee system into the Supreme Court"—on the subject of Restructuring Court Fees in the "Discussion Paper on the Higher Courts System in Victoria".

The primary objective of the proposed regulation is to improve the method of assessment and collection of fees in the Supreme Court, and is achieved by introducing a fee structure that is easier for the Court and its clients to administer. It is also intended that a secondary objective, of introducing a structure that is equitable in that anomalies are removed and fees more closely align with the comparative use of public sector resources, be achieved.

A Regulatory Impact Statement has been prepared as required by the *Subordinate Legislation Act 1962*, and provides information about the background to the proposed regulation and details of the proposed fees. The Statement indicates that, while both the proposed structure and its major alternative option meet the primary objective, only the proposed structure meets the secondary objective.

Comments and submissions are invited from interested parties and copies of the Regulatory Impact Statement can be obtained from Mr Michael Quirk, Courts Management Division, Attorney-General's Department, 20th Floor, 200 Queen Street, Melbourne, Victoria, 3000. Telephone: (03) 603 4340.

Written submissions should be sent to the above address no later than 21 days from the date of publication of this notice.
