Subordinate Legislation Act 1962
REGULATORY IMPACT STATEMENT
Wildlife (Game) (Amendment) Regulations
1992

A Regulatory Impact Statement has been prepared in relation to the proposed Wildlife (Game) (Amendment) Regulations 1992.

The objective of the proposed Regulations is to ensure better compliance with existing Government legislation on the manner and times for taking Hog Deer. The proposed Regulations amend the Wildlife (Game) Regulations 1990 to provide for the possession of game on commercial premises in special circumstances with the approval of the Director-General, to provide for unused Hog Deer Tags and returns to be returned by certified mail and to provide for the establishment and use of Hog Deer checking stations.

The Regulatory Impact Statement examines two alternatives to the establishment of checking stations for Hog Deer. These were—

- (1) to maintain existing arrangements with extra enforcement patrols; and
- (2) to maintain a register of all Hog Deer trophy tags taken in Victoria.

The first alternative was considered unsuitable because although the illegal taking of Hog Deer may be reduced somewhat, greater expenditure on enforcement effort would be required. The second alternative was considered unsuitable because it would not ensure compliance with existing legislation in relation to Hog Deer, without the use of checking stations. Neither alternative would provide the Department with

G 7 19 February 1992 383

biological, physical and other information about Hog Deer, which assists in the management of this species.

The Regulatory Impact Statement concludes that the proposed Regulations are the most effective means of meeting the objective.

Copies of the Regulatory Impact Statement and draft Regulations may be obtained from Mr Alan Woodroffe, Subordinate Legislation Officer, 8th Floor, 240 Victoria Parade, East Melbourne 3002 (telephone: 412 4753).

Public comments on the Regulatory Impact Statement and accompanying Regulations are invited. Written submissions will be received at the above address up to 21 days from the date of publication of this notice. All submissions will be treated as public documents.
