VICTORIA

Standard Conditions For Supply of Electricity

The Standard Conditions For Supply of Electricity under which supply is made available shall be those notified in the *Victoria Government Gazette* No G12 of 21 March 1990 as amended in the *Victoria Government Gazette* No. S39 of 28 June 1991 save and except for the following amendments to Section 1. WHAT ARE THE SEC'S OBLIGATIONS?, and Section 7, ADDITIONAL DETAILS FOR COMMERCIAL/ INDUSTRIAL CUSTOMERS.

Section 1:

1.2 will provide for each new Installation, in a location to suit the SEC, metering and necessary ancillary equipment at its own cost.

Section 7:

7.4 Power Factor

The customer shall ensure that at all times the Power Factor of the electrical installation at the Supply Address shall be between 0.8 lagging and unity, averaged over any 15 minute period, as determined by a Responsible Officer. Should the Power Factor fall outside these limits the Customer shall, on receipt of written notice from the SEC, undertake works to an agreed timetable which restore the correct level. If the power factor remains outside the limits, the SEC reserves the right, in its absolute discretion, to require the Customer to pay, in addition to duly rendered electricity bills, a charge for the provision of supply at a power factor outside the above limits. The SEC's decision shall be final. The SEC may disconnect supply from the Customer's Supply Address to protect the Supply System and the interests of other Customers.

The SUPPLEMENTARY CONDITIONS FOR CONTRACT DEMAND TARIFFS L AND H under which supply is made available to customers taking supply under Tariff L or H shall be those notified in the *Victoria Govern-*

*ment Gazette* No G12 of 21 March 1990 save and except for the following amendments to Section 1, INITIAL SELECTION OF CONTRACT DEMAND, and the addition of a definition of Minimum Chargeable Demand in the introduction. The SUPPLEMENTARY CONDITIONS FOR CONTRACT DEMAND TARIFFS L AND H shall read as follows:

STATE ELECTRICITY COMMISSION OF  
VICTORIA

SUPPLEMENTARY CONDITIONS  
FOR  
CONTRACT DEMAND TARIFFS  
L AND H

These Conditions apply to supply given under the Contract Demand Tariffs L and H for low and high voltage supplies respectively.

The Contract Demand is the level of demand which forms the basis of a demand charge to the Customer over a full 12 months period. The level of Contract Demand is subject always to the necessary capacity being available in the Supply Authority's system.

The Minimum Chargeable Demand is the minimum demand (in kilowatts) for which a demand charge is payable in each billing period under a Contract Demand Tariff. The Minimum Chargeable Demand is a part of each Contract Demand Tariff. The Minimum Chargeable Demand is listed as a part of the gazetted Electricity Prices and may change as these prices change.

1. INITIAL SELECTION OF  
CONTRACT DEMAND

- a. Customers not previously supplied under a demand tariff.

Prior to commencement of supply under these tariffs, the required level of maximum demand is established by discussion between the Customer and the Supply Authority to ensure that the customer's needs are within the available capacity of the Supply Authority's system.

During the third month of supply, the customer and the Supply Authority shall negotiate the Contract Demand to apply for the following 12 months, having regard to:

- i. The Minimum Chargeable Demand quoted under the relevant tariff; *or*
  - ii. The actual metered maximum demand in each of the three months.
- b. Customers previously supplied under a demand tariff.

On application from a customer requesting a change of tariff from a current demand tariff to Tariff L or Tariff H (Contract Demand Tariffs); the record of metered demand for the preceding year shall be examined. The Contract Demand shall be the higher of (a) the maximum recorded demand that occurred in the preceding 12 month period and (b) the Minimum Chargeable Demand.

However where (a) is the higher and;

- i. the Customer satisfies the Supply Authority that the maximum demand was due to an unusual condition that is unlikely to recur then the Contract Demand shall be set at the next highest recorded demand for the preceding 12 month period. *or*
- ii. there is a consistently lower than average demand recorded over the last 3 months (or longer) of the preceding 12 month period and the Customer can show that the demand reduction was due to the installation or implementation of a demand management system then the Contract Demand shall be set at the highest recorded demand in the final 3 month period.

## 2. CHANGES TO CONTRACT DEMAND

### 2.1 Increase In Contract Demand

- a. Where a Customer requires an increase in Contract Demand, a written request

should be made to the Supply Authority. The increased level of Contract Demand shall apply from the requested date or as near as possible thereafter, subject to any required work being completed by the Supply Authority.

- b. Temporary increases in Contract Demand may be available to the Customer to cover specific, short-term needs, such as for the commissioning of new plant, subject to:

- a minimum of 1 month written notice from the Customer, and
- prior agreement from the Supply Authority; such agreement will be conditional upon the necessary capacity being available in the Supply Authority's system:
- Such temporary increases will:
  - be defined in terms of "additional demand" for a specific period,
  - apply for one full billing period except in the case of plant commissioning in which case the duration of the temporary increase may be extended for the duration of the commissioning,
  - be charged at the standard Contract Demand price, and

be limited to once in any 12 month period.

### 2.2 Reduction in Contract Demand

- a. Where a Customer requires a reduction in Contract Demand, 12 months' written notice of the new Contract Demand shall be given to the Supply Authority. The new Contract Demand shall be applied after the reading date first following the expiration of the 12 months' notice. However, following installation by the customer of approved load management equipment or the implementation of an approved demand management initiative, the 12 months notice period may be reduced at the discretion of the Supply Authority.

- b. If, in the 12 months following any reduction in Contract Demand, the reduced Contract Demand is exceeded the demand so recorded shall become the Contract Demand applicable from the time of the reduction and retrospective demand charges shall apply.

This shall not apply to temporary increases in demand negotiated as per item 2.1.b.

### 2.3 Changes Following Contract Demand Being Exceeded

In the event that the metered maximum demand in a month exceeds the Contract Demand the following shall apply:

- a. A new Contract Demand shall be established equal to the metered demand in that month.
- b. The new Contract Demand shall apply for at least 12 months unless exempted under either of the following circumstances:
- If it is a fault on the Customer's electrical installation which caused a new Contract Demand to be established, the Contract Demand may be reduced back to the previous level after three months, provided that:
    - a written application is received from the customer within 30 days of billing following the fault, and
    - the Customer can satisfy the Supply Authority that the fault has been diagnosed, and
    - that action has been taken to avoid a recurrence of that or similar faults.
  - Where the capacity of the Supply Authority system is inadequate to make supply available at a higher rate on a continuous basis the Customer shall be advised that the new Contract Demand would apply only for the month in which it was established, pending augmentation of the Supply Authority System and renegotiation of a revised Contract Demand. The maximum demand thereafter would be limited to

the available capacity, as determined by the Supply Authority, by suitable load limiting equipment installed by the Customer to the satisfaction of the Supply Authority.

### 3. METERING

Metering to accommodate Tariff L or H will be provided without charge to new installations provided the customer notifies the Supply Authority of the tariff selected prior to meters being installed.

However, any existing customer, including customers taking over an existing installation, who elect to take supply under these tariffs shall pay the cost of any necessary metering change.

### 4. MULTIPLE SUPPLIES

A single supply should normally be adequate to satisfy a Customer's total needs for electricity on a property. Nevertheless, where the Supply Authority provides multiple supplies, including alternative supplies to a property, each supply would normally be separately metered and billed under the tariff selected by the customer for each supply. However, where such multiple supplies are taken from and metered at a single Supply Authority substation, switch, metering or other single enclosure containing Supply Authority supply terminations, such multiple supplies shall be treated as a single supply for tariff and billing purposes. In these circumstances, if the Customer wishes to combine the metering to gain the benefits of a Contract Demand, all Supply Authority costs in excess of those for a single supply must be paid, in particular -

- additional metering costs;
- capital costs of any feeder capacity reserved in excess of the Contract Demand; and
- the operating and maintenance costs associated with such reserve feeder capacity.

## 5. STANDARD TIME

Periods for pricing are normally for Australian Eastern Standard Time without adjustment for Summer Time (that is, daylight savings time). However, if suitable metering is available the Supply Authority may agree to adjust the times of commencement and conclusion of Peak Periods and Off-Peak Periods to Summer Time and back to Standard Time each year, subject to the customer paying the Supply Authority's costs. Unless advised otherwise for a particular Customer installation, these costs shall be taken to be the relevant charge in the Schedule of Fixed Charges, as published by the Supply Authority from time to time.

## STATE ELECTRICITY COMMISSION OF VICTORIA SUPPLEMENTARY TARIFF CONDI- TIONS FOR PARALLEL OPERATION LOW VOLTAGE CONNECTION TO SUPPLY SYSTEM

### 1 APPLICATION

The following conditions apply to Customers taking supply at low voltage, who have private Generation Plant operating in parallel with the Supply Authority's electricity supply system.

These conditions are supplementary to the *Standard Conditions for Supply of Electricity* and the *Supplementary Conditions for Contract Demand Tariffs L and H* as published from time to time by the State Electricity Commission of Victoria (the "SECV").

### 2 SUPPLY TO THE CUSTOMER

- 2.1 Pricing of Supply to the Customer  
Pricing of electricity supplied to a Customer's installation which includes parallel Generation Plant shall be in accordance with the schedule of *Electricity Prices* published from time to time by the SECV.

## 3 PRIVATELY GENERATED SUPPLY FROM THE CUSTOMER

### 3.1 Permission to Generate in Parallel

The Customer may operate Generation Plant in parallel with the Supply Authority supply system only with the written permission of the Supply Authority and subject to compliance with any conditions stipulated by the Supply Authority.

### 3.2 Payment of Export Metering Costs

The Customer shall pay the Supply Authority's costs incurred in the supply and installation of any equipment required for the control, protection and metering of electricity exports from the Customer's installation.

### 3.3 Amount of Export Purchased

If the Supply Authority agrees in writing to purchase electricity exported to the supply system from the Customer's installation then the maximum rate of electricity exports from the Customer's installation to the supply system for which the Customer is entitled to payment shall be limited to the amount nominated in the Supply Contract as the Buyback Contract Demand (BBCD)

### 3.4 Purchase Price for Electricity Exports

Where the Supply Authority agrees to purchase electricity exported to the supply system as per item 3.3, it shall pay the Customer for any electricity exported up to the BBCD in accordance with the scale of prices published from time to time by the SECV as Buyback Rates, Tariff S Option 4.

## 4 PERIODS FOR PRICING PEAK AND OFF-PEAK ELECTRICITY EXPORTED TO THE SUPPLY SYSTEM

### 4.1 Periods for Tariff S Option 4

The periods for application of Peak and Off-Peak buyback prices shall be the same as stated for Tariff L in the schedule of *Electricity Prices* published by the SECV from time to time.

4.2 Summer Time not Normally Applied

Periods for pricing are normally set by Standard Time (that is by Australian Eastern Standard time) without adjustment for Summer Time (that is, daylight saving time).

However, if suitable metering is available the Supply Authority may agree to adjust the times of commencement and conclusion of Peak Periods and Off-Peak Periods to Summer Time and back to Standard Time each year, subject to the Customer paying the Supply Authority's costs. Unless advised otherwise, these costs shall be taken to be the relevant charge in the Schedule of Fixed Charges, as published by the Supply Authority from time to time

EXEMPTION

Application No. 4 of 1992

On 19 February 1992, the Equal Opportunity Board considered an application pursuant to section 40 (1) of the *Equal Opportunity Act 1984* ("the Act") by Mr R. Mason, Director, Napier Youth Services, a Division of The Anglican Mission to the Streets and Lanes, for an exemption from the provisions of the Act for the purpose of employing a female Youth Support Worker.

Upon reading the material in support of this application, the Board is satisfied that it is appropriate to grant an exemption from sections 21 and 59 of the Act.

In granting the exemption the Board noted—

The Napier Project of The Mission to the Streets and Lanes is an intensive youth support pilot program funded by Community Services Victoria;

The Intensive Youth Support Service workers will be responsible for the provision of intensive levels of support to young women who are most "at risk" in the community. The primary focus will be 13-16 year-old young women who are subject to statutory orders and who are identified as displaying several of the following characteristics:

extreme "at risk" behaviour, including: significant drug abuse; involvement in dangerous or potentially self-destructive activities; involvement in exploitative relationships either sexually or emotionally, which significantly threaten their emotional development;

difficult to manage behaviours, including: extreme forms of verbal abuse and threatened physical aggression and/or forms

G 8 26 February 1992 473

of oppositional, disturbed and anti-social behaviour patterns which would traditionally isolate them from other forms of youth support;

multiple placements due to young woman's ability to negotiate placement boundaries or placements inability to deal with the young woman's behaviour;

transient (across regional) movement which limits young women's access to traditional services due to lack of geographic links;

lack of success or appropriateness of services in engaging young women through traditional methods of support.

The Board determined that in these circumstances it was desirable that persons employed to provide the above services be women.

The Board hereby grants an exemption to Napier Youth Services from the operation of sections 21 and 59 of the *Equal Opportunity Act 1984* to advertise for and employ a female Youth Support Worker, this exemption to remain in force until 19 February 1995.

Local Road Funding

In pursuance of section 14 of the *Victoria Grants Commission Act 1976*, No. 8887, the Minister for Ethnic, Municipal and Community Affairs, the Hon. Caroline Hogg MLC, hereby gives notice of making a submission to the Victoria Grants Commission on 18 December 1991. The submission to be tabled in both Houses of the Parliament is a letter addressed to the Chairman of the Victoria Grants Commission and reads as follows:

*Victoria Government Gazette*

"I enclose copies of letters from the Commonwealth Minister for Transport and Communications, the Hon. Bob Brown, and the Acting Minister, the Hon. Kim Beazley, pointing out that the allocation of Commonwealth funds for local roads in Victoria requires funds to be allocated to provide equitable treatment for aboriginal communities. These were addressed to the Victorian Minister for Transport, the Hon. Peter Spyker, who in turn has written to me drawing attention to a letter from the Shire of Tambo regarding the rehabilitation of Rules Road at Nowa Nowa which is the only access road into the Lake Tyers Aboriginal Trust property. This has been raised as a matter of urgency and I am advised that recent rains have worsened the situation to a point where the community is cut off.

In view of the circumstances I regard this as a matter of special significance and request that the Commission take whatever action is possible within the parameters of its powers and responsibilities to recognise the problem."

Dangerous and Unightly Property Local Law  
1992

(No. 2 of 1992)

Notice is given that at a meeting of the Council of the City of Melbourne held on 17 February 1992, the Council made a Local Law titled "Dangerous and Unightly Property Local Law 1992" (No. 2 of 1992) pursuant to the provisions of the *Local Government Act 1989*.

The objectives of the Local Law are to—

- (a) provide for the peace, order and good government of the municipal district;
- (b) provide for the prevention of fire; and
- (c) control and remove dangerous and unsightly material and rubbish on property.

The Local Law makes the owner and occupier responsible for ensuring that their property—

- (a) is kept free of undergrowth or other material which may constitute a source of fuel for any fire or a fire menace to any property; and
- (b) does not by way of excavation or waste material be unsightly, dangerous or destructive to the amenity of the neighbourhood and is suitably fenced and screened or landscaped.

The Council or delegate may, if it or he or she is of the opinion that a property does not comply with the requirements of this Local Law, forward a notice in writing to the owner or occupier stating works required to be done to fulfil the requirements of this Local Law and specifying a time by which the works are required to be carried out.

The Council or delegate may if after forwarding a notice under this Local Law and the works required in that notice have not been done to the satisfaction of the Council or delegate, take whatever action is necessary to ensure the notice is complied with.

The Local Law also provides for any costs incurred by the Council to be paid by the owner or occupier of the property or remain a charge on the land and the issuing of infringement notices and has offence and penalty clauses.

A copy of the Local Law can be inspected at or purchased from the Management Services Division, 3rd Floor, Town Hall, Swanston Street,

Gaming Venues Local Law

Notice is given that at a meeting of the Council of the City of Melbourne held on 17 February 1992, the Council resolved to propose to make a Local Law titled "Gaming Venues Local Law" pursuant to the provisions of the *Local Government Act 1989*.

The objectives of this Local Law are to—

- (a) provide for the peace, order and good government of the municipal district;
- (b) control nuisances and in particular prevent annoyance to persons by the activity generated by gaming machines; and
- (c) require the operators of venues for gaming machines to provide for the security and safety of patrons of those premises.

The Local Law provides for—

- (a) authorised officers to inspect and report on proposed and existing venues; and
- (b) the Council or delegate to issue a notice requiring concern things be carried out.

The Local Law also has clauses relating to, the Council carrying out works, costs, offences, penalties, and infringement notices.

A copy of the Local Law can be obtained from the Management Services Division, 3rd Floor, Town Hall, Swanston Street, Melbourne, free of charge, during office hours (i.e. 8.00 a.m. to 5.00 p.m. daily from Monday to Friday).

Any person affected by the proposed Local Law may make a submission relating to the proposed Local Law under section 223 of the *Local Government Act 1989*. Only submissions received by the Council within 14 days of publication of this notice shall be considered.

The Council has determined that the City Planning and Development Committee will consider any written submissions received within the designated period of time, and hear any persons who may wish to be heard in support of their written submission, at a meeting to be held at 5.30 p.m. Monday, 23 March 1992, on the 2nd Floor, Town Hall, Swanston Street, Melbourne. Persons making written submissions, should clearly state whether they wish to be heard in support of their submission.

Submissions should be addressed to the Town Clerk, Town Hall, Swanston Street, Melbourne

##### Open Air Burning and Incinerator Local Law 1992 (No. 1 of 1992)

Notice is given that at a meeting of the Council of the City of Melbourne held on 17 February 1992, the Council made a Local Law titled "Open Air and Incinerator Local Law 1992" (No. 1 of 1992) pursuant to the provisions of the *Local Government Act 1989*.

The objectives of the Local Law is to—

- (a) reduce the amount of airborne pollution discharged to the atmosphere;
- (b) reduce local nuisances by the use of incinerators and to regulate the extent of burning in the open;
- (c) improve fire prevention and protection;
- (d) prevent and abate nuisances; and
- (e) prevent the disposal of wastes by burning.

The Local Law specifies that a person must not in the open air or in an incinerator:

- (1) light or allow to remain alight a fire except in accordance with a permit granted under the Local Law or unless the fire is authorised or directed to be lit under the provisions of any legislation;
- (2) burn any matter, material or substance in such a manner or to such extent as to—
  - (a) cause any nuisance; or
  - (b) be liable to be injurious or prejudice to human health; or
  - (c) be offensive to any person.
- (3) Unless expressly permitted to do so under any other legislative enactment, burn any—
  - (a) rubber or plastic substance; or
  - (b) petroleum oil or material containing petroleum oil or similar substance; or
  - (c) receptacle which contains or has contained paint; or
  - (d) manufactured chemical or similar substance; or
  - (e) food waste of any type.

The Local Law details how and application for a permit must be made, conditions which may be applied and clauses covering the operation of the permit system.

Victoria Government Gazette

The Local Law makes it the duty of the owner, occupier or person in charge of land on which a fire is lit, maintained or controlled or exists otherwise than in accordance with the Local Law and any permit to immediately take all steps necessary to extinguish the fire.

The Local Law empowers authorised officers, provides for infringement notices and has offence and penalty clauses.

A copy of the Local Law can be inspected at or purchased from the Management Services Division, 3rd Floor, Town Hall, Swanston Street, Melbourne, during office hours (i.e. 8.00 a.m. to 5.00 p.m. daily from Monday to Friday).

##### Proposed Local Law

##### Control of Toy Vehicles Local Law

Notice is given that at a meeting of the Council of the City of Melbourne held on 17 February 1992 the Council resolved to propose to make a Local Law titled "Control of Toy Vehicles Local Law" pursuant to the provisions of the *Local Government Act 1989*.

The objectives of this Local Law are to—

- (a) provide for the peace, order and good government of the municipal district;
- (b) provide a safe, attractive and accessible pedestrian network and environment; and
- (c) regulate the use of toy vehicles within the municipal district.

The Local Law defines "toy vehicle" as a vehicle other than a bicycle or pedicab, designed to be propelled by human power and includes a skateboard, scooter, roller skates and roller blades.

The Local Law empowers the Council, by resolution from time to time, to designate areas and times in which toy vehicles must not be used and makes it an offence for any person to use a toy vehicle in such areas and between such times.

The Council intends establishing as a designated area under the Local Law, the area bounded by and including Flinders Street, Queen Street, Victoria Street and Russell Street, between the hours of 7.00 a.m. and 10.00 p.m. Monday to Sunday.

The Local Law provides for—

- (a) a verbal warning for a first offence;
- (b) a seizure and retention for seven days for a second offence; and
- (c) a seizure and retention for fourteen days and a redemption fee of \$25 for a third and subsequent offence. Should the owner

not redeem the skateboard within ninety days of the day of seizure an officer authorised by the Council may sell or dispose of the goods.

A copy of the Local Law can be obtained from the Management Services Division, 3rd Floor, Town Hall, Swanston Street, Melbourne, free of charge, during office hours (i.e. 8.00 a.m. to 5.00 p.m. daily from Monday to Friday).

Any person affected by the proposed Local Law may make a submission relating to the proposed Local Law under section 223 of the *Local Government Act 1989*. Only submissions received by the Council within 14 days of publication of this notice shall be considered.

The Council has determined that the City Works and Services Committee will consider any written submissions received within the designated period of time, and hear any persons who may wish to be heard in support of their written submission, at a meeting to be held at 5.30 p.m. Wednesday, 25 March 1992, on the 2nd Floor, Town Hall, Swanston Street, Melbourne. Persons making written submissions, should clearly state whether they wish to be heard in support of their submission.

Submissions should be addressed to the Town Clerk, Town Hall, Swanston Street, Melbourne, 3000 and must be lodged at the Town Hall by no later than 5.00 p.m. Wednesday, 10 March 1992.

Persons making submissions will be notified in writing of the Council's decision following consideration of the submissions.

Proposed Local Law  
Pedestrian Service Signs Local Law

Notice is given that at a meeting of the Council of the City of Melbourne held on 17 February 1992, the Council resolved to propose to make a Local Law titled "Pedestrian Service Signs Local Law" pursuant to the provisions of the *Local Government Act 1989*.

The objectives of this Local Law are to—

- (a) provide for the peace, order and good government of the municipal district;
- (b) provide for the installation and maintenance of pedestrian service signs within the municipal district; and
- (c) specify requirements for the design, approval and installation of pedestrian service signs within the municipal district.

The Local Law defines "pedestrian service signs" as signs for the benefit of pedestrians and includes—

- (1) identification signs—indicating names of areas and precincts;
- (2) directional signs—indicating directions to areas, attractions, features;
- (3) civic maps—maps of an area; and
- (4) historical signs—historical plaques, walks and information panels.

The Council or delegate will approve the design, standards and nominate sites for the installation of pedestrian service signs.

The Local Law provides for—

- (a) a notice to be forwarded to the owner of the building nominated for the installation of a sign; and
- (b) an objection and hearing process.

The Local Law also has clauses relating to installation and maintenance, costs, offences, penalties, infringement notices and the removal of unlawful signs.

A copy of the Local Law can be obtained from the Management Services Division, 3rd Floor, Town Hall, Swanston Street, Melbourne, free of charge, during office hours (i.e. 8.00 a.m. to 5.00 p.m. daily from Monday to Friday).

Any person affected by the proposed Local Law may make a submission relating to the proposed Local Law under section 223 of the *Local Government Act 1989*. Only submissions received by the Council within 14 days of publication of this notice shall be considered.

The Council has determined that the City Planning and Development Committee will consider any written submissions received within the designated period of time, and hear any persons who may wish to be heard in support of their written submission, at a meeting to be held at 5.30 p.m. Monday, 23 March 1992, on the 2nd Floor, Town Hall, Swanston Street, Melbourne. Persons making written submissions, should clearly state whether they wish to be heard in support of their submission.

Submissions should be addressed to the Town Clerk, Town Hall, Swanston Street, Melbourne 3000 and must be lodged at the Town Hall by no later than 5.00 p.m. Wednesday, 10 March 1992.

Persons making submissions will be notified in writing of the Council's decision following consideration of the submissions.
