Planning and Environment Act
NOTICE OF AMENDMENT TO A
PLANNING SCHEME

The Shire of Pakenham has prepared Amendment No. L57 to the Pakenham Planning Scheme.

The amendment proposes to change the Planning Scheme by allowing a "family flatette" (maximum area 50 square metres) subject to the condition that it is not more than twenty metres from the principal house on site, in the following zones:

- Agricultural 1, 2 and 3 zones;
- Conservation 1 and 2 zones;
- Landscape;
- Highway 1 and 2 zones;
- Residential 4 zone;
- and Country Residential 1 and 2 zones;

without the need for a planning permit.

If the "family flatette" is located further than twenty metres from the principal house, a planning permit is proposed to be required.

In the above zones, a flat (maximum area 70 square metres) for the exclusive use of family relatives of the owners of the land is currently permitted subject to certain conditions, otherwise it is prohibited.

It is proposed to allow a flat not attached to or under the roofline of the principal house on site as a discretionary use (i.e. planning permit required).

The amendment can be inspected at Shire of Pakenham, Municipal Offices, Henty Way, Pakenham; Department of Planning and Environment, Plan Inspection Section, The Olderfleet Buildings, 477 Collins Street, Melbourne.

Submissions about the amendment must be sent to Shire of Pakenham, PO Box 7, Pakenham 3810 by 26 July 1993.

Dairy Industry Act 1992

PROPOSED DAIRY INDUSTRY CODE OF PRACTICE

The current regulations covering quality assurance within the Victorian dairy industry expire in December 1993.

The Victorian Dairy Industry Authority (VDIA), in collaboration with dairy industry organisations, has developed a proposed "Code of Practice for the Quality Assurance of Milk and Dairy Produce" to replace these regulations.

The objectives of the proposed Code of Practice are to ensure that standards which safeguard public health and protect the consumer are maintained in the Victorian dairy industry. The Code sets standards for hygienic production, storage, handling and treatment of milk and dairy produce, and for the testing of milk.

The Code will effect dairy farms, milk carriers, milk distributors, factories and milk processors.

The Code minimises legislative requirements within the dairy industry and deregulates wherever possible. The Code adopts national standards and documents by reference where these are available.

The VDIA invites any interested person to make a submission in writing on the proposed Code by 6 August 1993.

Requests for copies of the proposed Code and submissions on the Code should be made to the Code of Practice, Victorian Dairy Industry Authority, 651 Victoria Street, Abbotsford; PO Box 548, Richmond, 3121. Telephone (03) 429 1600.
