Regulatory Impact Statement

Notice is given of the proposal to make the above regulations.

The prime objective of the regulations is to ensure the more efficient allocation of public sector resources through the reduction of Government subsidy for private houseboat owners on Lake Eildon.

The regulations will:

1. Prescribe annual licence fees for owners of houseboats on Lake Eildon; and
2. Prescribe application, inspection, and transfer fees in respect of houseboats.

A Regulatory Impact Statement has been prepared in accordance with the *Subordinate Legislation Act 1962*.

The results of the statement are as follows:

1. The major cost impact will be on the users of the services, who will be required to pay a greater proportion of the cost of providing the services.

2. Adopting any of the major alternatives will result in either a greater economic loss to the State or an increased burden on houseboat owners.
