State Electricity Commission Act 1958  
ELECTRICAL APPROVAL  
REGULATIONS 1994  
Notice of Regulatory Impact Statement**

In accordance with the provisions of the Subordinate Legislation Act 1962, notice is given of the proposal to make the above Regulations.

A regulatory impact statement has been prepared in respect of the proposed Regulations. The Regulations will be made under the powers of the State Electricity Commission Act 1958.

The key purpose of the proposed Regulations is to ensure that prescribed electrical equipment is electrically safe and suitable for connection to the electricity supply. The Regulations make provision in relation to—

- applications for approval of prescribed electrical equipment; and
- conditions of approval of that equipment; and
- the marking of that equipment; and
- appeals in respect of decisions relating to that equipment; and

- a register of approved electrical equipment; and
- fees payable in respect of applications for approval and in respect of the register.

The regulatory impact statement concludes that the proposed Regulations provide the most cost effective means of achieving the objectives.

The draft Regulations and the regulatory impact statement setting out the anticipated impact of the proposed Regulations may be inspected at the Office of the Chief Electrical Inspector, Ground Floor, 29–31 Market Street, Melbourne.

A copy of each may be obtained at the above location or by telephoning (03) 691 4473.

Public comments and submissions are invited and should be sent no later than 21 days from the date of publication of this notice to Ms Dianne I. Bryans, Manager, Legal and Licensing, Office of the Chief Electrical Inspector, PO Box 262, Market Street Post Office, Melbourne 3000.
