To ensure that material received can be reproduced, and that errors are minimised, the following guidelines are to be observed when submitting material by fax.

Fax Number (03) 242 4630

Use this fax number only for material for the Government Gazette.

Fax resolution

Material sent by fax should be transmitted using Fine resolution (200 dots per inch by 200 dpi). Normal resolution is unacceptable.

Font Size

Use 12 point (10 pitch) or larger.

Font Style

Clear plain font styles, such as Helvetica, should be used.

Graphics

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine resolution provide a good quality for reproduction.

Avoid

Italics, underlining, and full justification.

Ensure document is square when sending

Documents that are sent skewed are difficult to read and process.

If material does not meet above requirements your advertisement may not be published.

**Planning and Environment Act 1987
Melbourne Planning Scheme
Amendment L 160**

Notice of Amendment

Amendment L 160 has been prepared by the City of Melbourne and includes changes to the Local Section of the Melbourne Planning Scheme.

The amendment affects land included in the Carlton Stadium, Princes Park, Carlton North. The amendment allows the affected land to be developed for a new grandstand at the eastern end of the stadium to accommodate a net increase of 10 500 spectators. The length of the playing field is to be increased by six (6) metres. A proportion of the existing Princes Park adjacent to the new grandstand will be excised as part of the development. The amendment also allows for the construction of light towers in order to utilise the stadium at night. The proposal will include provision for additional use of John Elliott Stand facilities than is currently permitted. The amendment provides for site specific planning controls which exempts the proposal from the normal provisions of the Melbourne Planning Scheme, including Urban Conservation Area controls. The amendment includes a Concept Plan with numerous conditions. Detailed Development Plans for all buildings and works must be approved by the responsible authority before buildings and works can commence and be generally in accordance with the Concept Plan and conditions. This process allows the development to be staged.

The amendment is accompanied by a detailed report of the relevant planning and environmental issues regarding impacts and effects of the proposal.

A copy of the amendment may be inspected during office hours at: City of Melbourne, Strategic Planning Branch, 7th Floor, 200 Little Collins Street, Melbourne 3000 and Department of Planning and Development, Ground Floor, Olderfleet Building, 477 Collins Street, Melbourne 3000.

Submissions about the amendment must be sent to: The Manager, Strategic Planning Branch, City of Melbourne, GPO Box 1603M, Melbourne 3001 by Monday, 24 October 1994.

ST KILDA PLANNING SCHEME
Notice of Amendment
Amendment L32**

The City of Port Phillip has prepared Amendment L32 to the St Kilda Planning Scheme.

The amendment affects land at 625 St Kilda Road, Windsor.

The amendment proposes to change the Planning Scheme by introducing a site specific clause in the Residential and Office zone for land at 625 St Kilda Road, Windsor. A new control allows for a fence with a maximum height of 2 metres to be constructed for the entire length of the sites St Kilda Road and Punt Road frontages, plus part of the Union Street and Henry Street boundaries.

The site is proposed to be used and developed by Wesley College as a pre-preparatory and preparatory school. The current provisions of the Planning Scheme would not allow a fence higher than 0.3 metres along all boundaries which is inadequate for the safety and security of the future school children.

Employee Relations Act 1992
MINISTERIAL REFERENCE
NOMINATION OF INDUSTRY SECTORS

On Tuesday, 9 August 1994, the Minister for Industry and Employment, the Honourable Phillip Gude MP announced a number of changes to the Victorian employee relations framework.

By letter dated 9 September 1994 the Minister referred a number of matters to the Employee Relations Commission of Victoria. The letter states (in part):

"The Government has announced that the 238 expired awards and the Victorian Public Service Determinations and Regulations, will be abolished and consolidated into 10-15 Industry Sectors.

It is envisaged that the Industry Sectors will include work classifications and minimum rates of pay applicable to employees covered by the Sector. Ideally, each Industry Sector will contain between one and six classifications. The minimum wage will represent a base rate of pay exclusive of loadings and allowances except loadings paid to compensate workers for the casual or piece rate nature of their employment.

The Industry Sectors, work classifications and minimum wages will initially be set by the Commission on the authorisation of the Minister pursuant to a Section 113 Ministerial Reference.

Thereafter, the Commission will be empowered to set and adjust the minimum wages by compulsory arbitration on the application of an employee, employer or recognised association or employees or employers or pursuant to a Section 113 Ministerial Reference."

The Commission has been requested to provide the Minister with a report nominating a small number of Industry Sectors by Friday, 7 October 1994.

The President has referred the matter to the Commission in Full Session comprising President Zeitz, Deputy President Garlick, Deputy President Lane, Commissioner Pimm and Commissioner Hastings. The Commission

in Full Session has requested the President to investigate this aspect of the Ministerial Reference and report back to it.

The Commission in Full Session will receive written submissions until 5.00 p.m. Wednesday, 28 September 1994. There will be no public hearing regarding this aspect of the Ministerial Reference. All written submissions received and material to be considered will be in the public domain. Written submissions should be addressed to Chief Commission Administration Officer, Employee Relations Commission of Victoria, Level 17, Nauru House, 80 Collins Street, Melbourne.

Any further information can be obtained by telephoning the Associate to the President, Mr Shane Ellard, Employee Relations Commission of Victoria on 655 6097.

**TRANSPORT (TOW TRUCK)
REGULATIONS 1994**

In accordance with the provisions of the Subordinate Legislation Act 1962, notice is given of the proposal to make regulations to be known as the Transport (Tow Truck) Regulations 1994.

A Regulatory Impact Statement has been prepared as required under the Subordinate Legislation Act.

The objectives of the proposed Regulations are to:

- (a) ensure a safe and orderly towing service to the community; and
- (b) for accident towing in particular, provide prompt clearance of accident sites to restore traffic flow and provide protection to accident victims and their vehicles.

The Regulatory Impact Statement concludes that the proposed Regulations provide the most cost effective means of achieving the objectives.

Comments and submissions are invited from interested parties and should be forwarded to Manager—Regulatory Reform, Roads Corporation, 2nd Floor, 60 Denmark Street, Kew 3101.

Agricultural and Veterinary Chemicals Act 1992

**REGULATORY IMPACT STATEMENT
FERTILISERS REGULATIONS 1994**

In accordance with the provisions of the Subordinate Legislation Act 1962 notice is given of the proposal to make the above regulations.

A Regulatory Impact Statement has been prepared in respect of the proposed Regulations. The Regulations will be made under the powers of the Victorian Agricultural and Veterinary Chemicals Act 1992.

The proposed Regulations will ensure that the labelling of fertilisers is an accurate statement of content enabling consumers to determine which product will be the most suitable for their requirements. The proposed Regulations will ensure quality, safety and efficacy of fertilisers which in turn will protect Australia's clean food exports; prevent contamination of land through use of fertilisers; and avoid public health risks from consumption of food contaminated as a result of use of impure fertilisers.

The Regulatory Impact Statement concludes that the proposed Regulations provide the best option for fulfilling the requirements for fertiliser selection and use, that the benefits outweigh the costs and that these proposed Regulations are the best means of obtaining the stated objectives.
