**Planning and Environment Act 1987**  
**ST KILDA PLANNING SCHEME**  
Notice of Amendment to a Planning Scheme  
Amendment L36

The Port Phillip City Council has prepared Amendment L36 to the St. Kilda Planning Scheme.

The amendment affects land at 61-63 Brighton Road, Elwood.

The amendment proposes to rezone land in Brighton Road, Elwood from a Residential C Zone (R1) to a Local Business Zone (B3). The amendment comprises only a change to the St. Kilda Planning Scheme Map No. 4 to reflect the change in zoning.

The land which is subject to this amendment is part of the property known as 61-63 Brighton Road, Elwood. More particularly it is part of Lot 2 on Plan of Subdivision No. 222313F. It has a frontage of 33.73 metres to Brighton Road and an abuttal of 17.64 metres to Hennessy Avenue.

The amendment is proposed because the planning authority considers that the Residential C Zone is no longer appropriate to the existing activities which are established on the affected portion of the land.

The rezoning to Local Business will be consistent with the existing zoning of the adjoining commercial centre and will remove the present split zoning of the site.

It will also provide flexibility in the future to allow commercial uses to service the local community.

The rezoning satisfies metropolitan policies in that it does not reduce established housing stock and it concentrates commercial development on the edge of existing activity centres.

The amendment results in positive social and economic effects in that it enhances local services, it reflects economic potential, it does not require additional public infrastructure and it satisfies metropolitan planning strategies.

Amendment L36 may be inspected at the Department of Planning and Development, Ground Floor, Olderfleet Buildings, 477 Collins Street, Melbourne; Port Phillip City Council, St. Kilda Office, Urban Planning Branch, 5 Martin Street, St. Kilda and South Melbourne Office, Urban Planning Branch, Bank Street, South Melbourne.

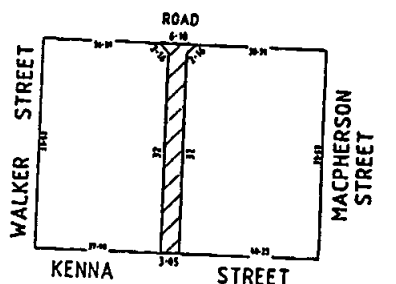

Submissions about the amendment must be sent to the Manager Urban Planning, Urban Planning Branch, Port Phillip City Council, St. Kilda Office, 5 Martin Street, St. Kilda 3182 by 26 February 1995.

The purpose of the Statewide Disabled Persons Parking Scheme is to provide people with significant ambulatory or intellectual disabilities with equality of opportunity to access facilities and services throughout the State. Permits issued under this Scheme are also recognised in other States under reciprocal arrangements.

The Scheme will be administered by individual municipal Councils in accordance with the guidelines in this Code, to ensure consistent administrative practices and eligibility criteria.

### 2. Categories of Permits

#### *Category One*

A permit holder (driver/passenger) is entitled to park a vehicle in a bay reserved for disabled motorists only, for the specified time only, or may park a vehicle in any ordinary area or bay for twice the specified time (upon payment of an initial parking fee, if applicable).

#### *Category Two*

A permit holder (driver/passenger) may park a vehicle in any ordinary area or bay for twice the specified time (upon payment of any initial parking fee, if applicable).

### 4. Eligibility Criteria

#### *Category One*

- (a) A person may hold only one disabled person's parking permit and be eligible for it:

- \* A complex walking aid is defined as an aid which has more than one contact point with the ground.

A significant long-term ambulatory disability is a disability that is not likely to improve within six months (Code D);

An organisation providing transport for people with disabilities on an occasional basis (ie for a day or weekend trip) will be eligible for a trip specific permit

(Code C). An organisation may hold more than one permit but must justify in writing to the Council the number of permits required or any increase in the number of permits required.

*Category Two*

A person may only hold one disabled person's parking permit and will be eligible for it:

- if a medical practitioner indicates that he/she has a significant ambulatory disability or severe illness which does not affect their ability to walk distances but will require rest breaks when continuous walking is undertaken (Code A, B or D).

5. Disputed Eligibility

A Council must consult its Medical Officer of Health, the applicant's medical practitioner, specialist medical practitioner or clinical psychologist in the event of Council disputing an applicant's eligibility for a permit. When an applicant is refused a permit, Council must give reasons for its decision in writing and reconsider the application if the applicant seeks a second opinion from another medical practitioner, specialist medical practitioner or clinical psychologist.

6. Confidentiality

A Council must treat with strict confidentiality any information of a medical nature supplied for the purpose of this Code but may disclose the information in accordance with Section 27 (5) of the Road Safety Act 1986.

Application forms will be provided by Councils. To be a valid application the form must contain the information asked for in the sample form included in Appendix B.

If any permit is lost/stolen/damaged or otherwise rendered unusable, the applicant or the applicant's agent must submit a statutory declaration to the Council, giving details as to why the permit needs to be replaced and accompanied by supportive proof wherever possible. 10. Permit Cancellation

A permit is automatically cancelled after the expiry date and may be cancelled at any time for wilful misuse or breach of the Conditions of Use. The issuing Council will notify the permit holder in writing of such cancellation and will require that the permit be returned within seven (7) days.

11. Phasing in of Revised Disabled Persons Parking Scheme

I, Bill McGrath, Minister for Agriculture give notice pursuant to section 12 (3) of the Subordinate Legislation Act 1994 as follows—

The proposed Agricultural and Veterinary Chemicals (Fertilisers) Regulations 1995 have been the subject of a Regulatory Impact Statement.

As the requirements of the Regulatory Impact Statement were completed under section 12 (1) (a) of the Subordinate Legislation Act 1962, section 34 of Subordinate Legislation Act 1994 provides that the corresponding requirements of that Act are deemed to have been complied with.

Public comments and submissions were invited in accordance with section 12 of the Subordinate Legislation Act 1962 and twenty submissions were received and considered. As a result of the submissions received several changes were made to the proposed regulations. However, the proposed regulations remain the same in substance, and these changes have not altered the key provisions of the regulations that were the subject of the Regulatory Impact Statement.

I have decided that the proposed Agricultural and Veterinary Chemicals (Fertilisers) Regulations 1995, with some modifications should be made.
