**BUILDING PRACTITIONERS INSURANCE  
MINISTERIAL ORDER**

I, Robert Maclellan, Minister for Planning, pursuant to section 135 of the **Building Act 1993** hereby make the following order requiring Building Practitioners in the class specified below to be covered by liability insurance of the kind and to the extent specified.

<i>Column 1</i>	<i>Column 2</i>
Category and class of Building Practitioner	Kind of Insurance
Builder—Class 1— Construction	An indemnity insurance policy of the kind specified hereunder

A. Builders who exclusively undertake or engage in building work which does not involve the construction of or which is not in relation to structural works as defined in paragraph B.2.4 hereof are exempt from compliance with this Order.

B. The policy—

1. shall indemnify the Building Practitioner against legal liability resulting from any claim or claims first made against the Building Practitioner during the period of insurance or during the period of any run off cover and first notified to the insurer during such period and

arising out of any act, error or omission on the part of the Building Practitioner in the conduct of the Building Practitioner's business as a builder or in relation to the conduct of the business as a builder of a company or firm of which the Building Practitioner is a director, principal, partner or employee;

2. may provide that indemnity be limited to circumstances where—

2.1 such act, error or omission results in a structural defect; and

2.2 such structural defect is discovered after the date of issue of the occupancy permit in respect of the building work (whether or not the occupancy permit is subsequently cancelled or varied) or, if an occupancy permit is not issued, the date of issue under Part 4 of the **Building Act 1993** of the certificate of final inspection of the building work or, if an occupancy permit is not required to be issued under the **Building Act 1993**, the date upon which the building work reaches practical completion; and

2.3 "structural defect" is defined to mean any defect in the structural works which is attributable to defective design, defective or faulty workmanship and/or defective materials and which:

2.3.1 results in a regulatory authority (ies) closing or prohibiting the use of the building or any part thereof; or

2.3.2 does or would prevent the continued practical use of the building or any part thereof; or

2.3.3 results in destruction of the building or physical damage to the building or any part thereof; or

2.3.4 results in threat of imminent collapse that may reasonably be considered to cause destruction of the building or physical damage to the building or any part thereof; and

2.4 "structural works" is defined to mean:

2.4.1 all internal and/or external load-bearing structures essential to the stability or strength of the building or any part thereof including, but not limited to, foundations, floors, walls, roofs, columns and beams; and

2.4.2 all other works forming part of external walls and roofing but excluding weatherproofing works not designed to add strength or support to the building, moveable elements of external windows, doors and skylights;

3. may exclude indemnity for:

3.1 fines, penalties, exemplary or punitive damages awarded by a court or in respect of such component in any settlement of a claim; or

3.2 liability to pay compensation in respect of indirect or consequential loss of any nature except for damages that represent reimbursement for direct financial loss covered by the policy;

3.3 liability to pay compensation in respect of bodily injury (which expression includes death and illness);

3.4 claims arising out of any work undertaken on domestic buildings;

4. shall contain at least one automatic reinstatement extension;

5. shall, subject to paragraphs B.1 and 2 hereof, provide indemnity against legal liability in respect of claims for damages or compensation made against the Building Practitioner for misleading or deceptive conduct or conduct which is likely to mislead or deceive under Section 52, Section 53, Section 53A and Section 74 of the Trade Practices Act 1974 (Commonwealth) or Section 11 of the Fair Trading Act 1985 (Vic) or the equivalent provision of similar legislation in other States and/or Territories but excluding any claims arising from dishonest, fraudulent, malicious or criminal conduct;

6. may name as the insured either the Building Practitioner or the company or firm of which the Building Practitioner is a director, principal, partner or employee provided that where the insured is a firm or company the policy shall provide indemnity to:

6.1 persons who are at the commencement of or who become during the period of insurance principals, partners, directors or employees of the firm or company and are registered Building Practitioners in the category of builder; and

6.2 persons who are former principals, partners, directors or employees of the firm or company and who have been,

but no longer are, registered Building Practitioners in the category of builder;

7. shall contain a run-off provision which:

7.1 automatically operates to continue cover available to any Building Practitioner insured under the policy who during the period of insurance ceases to be registered as a Building Practitioner;

7.2 does not contain any requirement for such Building Practitioner, at the time of cessation of registration, to request such cover nor pay any additional premium for the provision of such cover; and

7.3 shall not apply to an insured who held an indemnity insurance policy which was current prior to 1 April 1995 which otherwise complies with this order if the insurer refuses by way of mutual agreement with its insured to cancel its policy or amend the policy to accord with paragraphs B 7.1, 7.2, 8.1 and 8.2 of this Order and confirms such refusal in writing provided always that this exemption to the requirement of this Order shall not apply after the expiration of twelve months from the inception of such a policy;

8. shall not contain any term which limits the continuity of run-off cover to any time earlier than the earliest of the following:

8.1 the expiry date of the policy should the insurer cease to provide insurance for that class of Building Practitioner; or

8.2 the date when the insurer lawfully cancels the policy;

provided always that the policy shall provide that it shall be a condition precedent to the limitation or cessation of run-off cover that in each case the insurer shall have first given to the Building Practitioner, including Building Practitioners who are covered by the policy and who have been, but no longer are, registered Building Practitioners in the category of Builder advance notice of one month of its intention to limit or cease the continuity of run-off cover;

9. shall not, save and except as provided in paragraphs B.1 and 2 hereof, exclude liability for loss or damage arising out of or concerning building work as defined in the Building Act 1993 (Vic) in the State of Victoria, unless such

liability would otherwise have been excluded by the insurer's standard wording for professional indemnity insurance for other categories of Building Practitioners at the time of this Ministerial Order or, if the insurer has no such standard wording at that time, by the wording of a type of professional indemnity insurance policy normally available for other categories of Building Practitioners within the insurance industry at that time, provided always that the policy pursuant to this Order shall not contain any term which:

9.1 requires as a prerequisite to cover for there to have been a breach of professional duty; or

9.2 excludes cover for defective design, defective or faulty workmanship and/or defective materials;

10. shall have a retroactive date:

10.1 where the insured is a sole practitioner, not later than the date at which the Building Practitioner was first registered as a Building Practitioner; and

10.2 where the insured is a firm or company, for each principal, partner, director or employee of the firm or company not later than the date at which the principal, partner, director or employee, as the case may be, was first registered as a Building Practitioner;

11. shall require the insurer to give notice of any proposed cancellation by the insurer of the policy to the Registrar, Building Practitioners Board of the State of Victoria on the same day that the notice is given to the insured;

12. shall require the Insurer to give immediate notice to the Registrar, Building Practitioners Board of the State of Victoria of any notice of cancellation of the policy received from the Insured;

13. shall provide a limit of indemnity, for any one claim and in the aggregate during any one period of insurance, of not less than the lesser of:

13.1 twice the turnover of the insured for commercial building work undertaken during the period of insurance or \$1 million, whichever is the greater; or

13.2 \$10 million;

14. shall include, in addition to the limit of indemnity payment of the costs and expenses incurred by the insured with the consent of the insurer in defending or settling any claim and, in

respect of any one claim, the policy may limit this sum to \$100,000.00 or 20% of the limit of indemnity, whichever is the greater;

15. shall not, unless specifically authorised otherwise by the Minister, include any provision which requires that the insured shall bear an excess at the insured's own risk in any amount in respect of any one claim exceeding 2% of the value of the contract out of which the claim arises and provided always that:

- 15.1 the policy may provide that the minimum excess for any one claim covered by the policy shall be \$25,000.00;
- 15.2 the insured may apply in writing to the Minister for permission to bear an excess greater than the specified amounts; and
- 15.3 in deciding whether to authorise or reject any application made pursuant to sub-paragraph B.15.2, the Minister may request such further material, documents, financial or other information from the insured as the Minister deems necessary in order to reach a decision.

This Order shall have effect from 20 April 1995.

**REGULATORY IMPACT STATEMENT**  
Department of Justice Victoria  
Supreme Court (Fees)  
(Further Amendment) Regulations

A Regulatory Impact Statement has been prepared in relation to the proposed Supreme Court (Fees) (Further Amendment) Regulations 1995.

The major objective of the proposed regulations is to revise the terminology used in the scale of fees payable in the Office of the Registrar of Probates.

This has become necessary to accommodate the revised terminology and procedural requirements established by revised Rules of Court which are expected to come into operation shortly. Those Rules make the procedures in the Probate jurisdiction of the Supreme Court more consistent with applications in other areas of the Court.

The regulations reflect the changes in terminology and procedures occasioned by the revised Rules and apply the existing scale of fees. Several fees relating to Orders Nisi have been consolidated to provide for efficiency in their payment and collection. The statement discusses implications that would flow from not amending the existing scale.

Public comments and submissions on the Regulatory Impact Statement are invited. Copies of the Regulatory Impact Statement may be obtained by telephoning Mr John Isaacs on (03) 603 2519.

Written submissions on the Regulatory Impact Statement and the accompanying draft regulations will be received up to 28 days from the date of publication of this notice. All submissions will be treated as public documents.

Submissions should be addressed to: Mr John Isaacs, Courts & Tribunals Services Division, Department of Justice, Level 11/167 Queen Street, Melbourne 3000.
