Planning and Environment Act 1987 GREATER BENDIGO PLANNING SCHEME

Notice of Amendment to a Planning Scheme Amendment L51

The Greater Bendigo City Council has prepared Amendment L51 to the Greater Bendigo Planning Scheme. The amendment will replace all existing urban controls in the Greater Bendigo Planning Scheme. The amendment will replace many of the similar but conflicting zones with a substantially smaller number of state zones and draft state overlay controls and definitions. Where state provisions are unavailable, versions of existing controls have been carried through.

The amendment is essentially a transfer of existing planning controls into a new rationalised format. However, it has also involved the deletion of a number of site

specific controls which are no longer required given the development which has taken place on the particular sites. Except for a small number of cases there has effectively been no rezonings from one category of zone to another. The approach has involved:

- A comparison of planning controls within the existing schemes in order to group like controls.
- A review and identification of relevant guidelines, codes and policies.
- A translation of zones, overlays and reserved land to the closest state zone or overlay, or otherwise locally derived control.
- The consolidation of relevant policies, codes and reports into a strategic framework to drive the application of planning proposals.
- Deletion of site specific controls or back zoning where those controls are no longer required as a result of recent developments on those sites.
- Consolidation of existing incorporated documents to be retained.

This process has resulted in 12 business zones reduced to 4; 21 industrial zones reduced to 1; 28 residential zones reduced to 7 and 6 township zones reduced to 1. A number of flood management and floodway provisions have been replaced by 1 flood management overlay control.

Where there is no State zone or provision, existing zones have been retained and may be replaced when suitable state provisions are developed. These include the Environmental Living Zone, Particular Use and Development Provisions and overlays like the various native vegetation protection provisions.

The amendment can be inspected at The City of Greater Bendigo, Planning and Building Business Unit, 34 Mundy Street, Bendigo 3550; The Office of Planning and Infrastructure, Ground Floor, Olderfleet Building, 477 Collins Street, Melbourne 3000 and The Office of Planning and Infrastructure, 426 Hargreaves Street, Bendigo 3550.

You may make a submission for or against the amendment in writing to The Chief Executive Officer, City of Greater Bendigo, P.O. Box 733, Bendigo 3550.

Submissions must be received by 12 December 1996.

Amendment RL141 proposes to alter the Regional and Local Sections of the Greater Geelong Planning Scheme by rezoning approximately 17.5 hectares of land at the corner of Thacker Street and Wallington Road, Ocean Grove. MORELAND PLANNING SCHEME
Notice of Amendment
Amendment L29**

The Moreland City Council has prepared Amendment L29 to the Moreland Planning Scheme.

The amendment affects land at 1 to 27 Little Gold Street, 3 to 15A Union Street (south side), and 6 to 28 Wilson Street (north side), Brunswick.

The amendment proposes to change the Local Section of the Moreland Planning Scheme by rezoning the land from the Light Industrial Zone to a Mixed Use Zone.

The purpose of this amendment is to provide for a range of residential, commercial and industrial uses which currently co-exist in the area. There are many uses in the area that enjoy existing use rights as they pre-date planning and zoning controls. The rezoning would legitimise these uses as well as allow current uses to continue. Any site that is converted from industrial to residential will require an environmental audit prior to the commencement of the residential use.

The amendment can be inspected free of charge during office hours at the following locations: Town Planning Unit, Moreland City Council, Coburg Offices, 90 Bell Street, Coburg 3058 and the Department of Planning and Development, Ground Floor, Olderfleet Building, 477 Collins Street, Melbourne 3000.

EXEMPTION
Application No. 46 of 1996

The Anti-Discrimination Tribunal constituted by the President pursuant to Section 83 (5) (a) (ii) of the **Equal Opportunity Act 1995** ("the Act") has considered an application pursuant to Section 83 of the Act by Terry Sheahan, Acting Manager, Organisation and Classification, Corporate Resources Division on behalf of the Department of Human Services to advertise for and employ a woman of African origin and/or descent as a Community Development Worker for the National Education Program on Female Genital Mutilation.

Upon reading the material tendered in support of this application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to advertise for and employ a woman of African origin and/or descent as a Community Development Worker for the National Education Program on Female Genital Mutilation.

In granting this exemption the Tribunal noted:

- The applicant administers in Victoria the National Education Program on Female Genital Mutilation (FGM).
- The Community Development Worker's work includes the development of the Victoria component of that program.
- A major strategy of the National Program involves working with the communities that have traditionally practised FGM.
- Initial research indicates that the affected communities identified in Victoria are predominantly immigrants from the Horn of Africa and Sudan and that a detailed knowledge of African culture and society is vital to be able to approach the affected groups from an informed and sensitive position.
- Consultation with members of African communities have indicated that only a woman of African origin and/or descent would be appropriate in the position.

The Tribunal grants an exemption from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995**, to advertise for, and employ a woman of African origin and/or descent as a Community Development

Worker for the National Education Program on Female Genital Mutilation, this exemption to remain in force until 30 October 1999.
